"Flying Parson" Continues to Lead in Great Coast to Coast Air Race

LT. MAYNARD FLIES 1123 MILES

Goes From Mineola to Des Moines, Ia., in 26 Hours, 59 Minutes

Poor Weather Holds Up West Bound Fliers—Another Accident

MINESOTA, N. Y., Oct. 9.—Lieut. H. W. Maynard, the "flying parson," led all other aviators today in distance covered in the army's transcontinental race. He flew from Chicago to Rock Island, Ill., this morning and thence to Des Moines, Ia., 1123 miles, in 26 hours and 59 minutes, allowing for the difference in time. Capt. H. C. Brayton left Bryan, Ohio, in the rain bound west, although poor weather held up virtually all other west-bound fliers at the control stations in Rochester, Buffalo, Bryan and Cleveland. Weather conditions around Chicago had sufficiently improved at noon to allow the west bound fliers to resume.

East bound fliers encountered better weather and three pilots were enabled to leave Salt Lake City, Utah, early today for Green River, Wyo., 137 miles distant and 753 miles from the starting point at San Francisco.

Thirty of the 45 machines leaving here had arrived at Buffalo before noon today. A number of others were held up at Birmingham and Rochester. Capt. John Marquette, who landed near

FACED SERIOUS CHARGE

But Police Did Not Have Any Evidence on Which to Hold Prisoner

Arrested late yesterday on suspicion in connection with the murder of a game warden in Utah five years ago, George Zombanek, alias Angelos, for the past six months a resident of this city, was called before Judge Fisher in police court today and ordered discharged after Deputy Downey informed the court that there was no evidence to hold him in connection with the shooting.

Zombanek was arrested by Officer Reiss and Lieut. Maher as the result of information received that he had been telling his friends of his presence at the scene at the time of the murder.

When quizzed by the police at the station he said that he and four other men had been hunting on the day the shooting occurred, and that they had got into an altercation with the warden. He was unarmed, he said, but the others all had rifles and someone had shot the warden.

into Larceny Charge

Heading not guilty to stealing an automobile, valued at \$1000, from an unknown person, Silva Breault of Manchester, N. H., who was present in police court on suspicion of larceny of the car, was held in \$1500 for hearing next Tuesday.

Found guilty of the illegal sale of liquor, Mohammed Ahmed paid a fine of \$50.

ACTION TO FOLLOW THE TREATY RATIFICATION

PARIS, Oct. 9.—Ratification of the Versailles treaty by three allied powers and its consequent coming into effect will necessitate the appointment of a number of boundary and administrative commissions and various positive measures provided for in the treaty within a short time.

Germany must immediately surrender all German surface war vessels outside German ports and demilitarize warships now under construction, the evacuation of the parts of Schleswig, whose future ownership is to be determined by a plebiscite, must be carried out within 10 days after the completion of the treaty and the administration turned over to an international commission created by the allied and associated powers together with Norway and Sweden.

JURY SUSTAINS WILL OF ALFRED BROWN

The case of Bert L. Sanford vs. Henry Brown et als., an action to bring about the annulment of the will of the late Alfred Brown, who died in Billerica in 1915, on the ground of the deceased not having been of sound mind when he made his last will and testament, which was started at the civil session of the superior court in this city last Monday, was brought to a close late yesterday afternoon.

The main issue in the will was to determine whether or not deceased was of sound mind when he made his will and this morning the jury returned a verdict in the affirmative or in other words they sustained the will as it stands.

The next case to go to trial was that of Dr. Edward G. Dawolfe vs. Frank A. McAllister et al., all of Malden. This is an action of tort in the sum of \$4,000 by which the plaintiff seeks to recover damages for alleged annoyance and loss of business through what he calls a straw lease executed between the owner of the house he occupied at 629 Main street, Malden, Carrie E. Roberts and Frank A. McAllister, a constable in Malden. The plaintiff alleges that the lease was made for the purpose of carrying a conspiracy to quickly eject and evict him from the premises, causing inconvenience and loss of business.

McAllister, one of the defendants in his answer, claims that his services have been retained by the owner of the house, Carrie E. Roberts, and that as a result of a lease made to him, and upon advice of his counsel, he served an eviction notice upon the plaintiff, but that the latter left the premises before the execution became in force.

Carrie E. Roberts in her answer states that she hired Constable McAllister to eject the plaintiff from her property for non-payment of rent and that she executed a lease in favor of McAllister for that purpose.

NOTICE

A meeting of the Sparks Campaign Committee will be held in Elks Hall, 43 Middle street, on FRIDAY EVENING, OCT. 10, at 7.30 o'clock.

\$30,000 MORE APPROPRIATED

Council Gives Two-Thirds to Street Dept. and One-Third to Com. Marchand

Com. Murphy Also Voted \$10,000 on Paving Loan, the Mayor Opposing

Gone is the \$30,000 which remained as the amount the city council might appropriate for any department during the balance of the year. It was wiped off the books this morning when the four commissioners and Mayor Thompson voted \$20,000 of it to Commissioner Murphy for street maintenance and \$10,000 to Commissioner Marchand of the public property department.

In addition to his \$20,000 for maintenance, Commissioner Murphy was voted \$10,000 through a loan for permanent paving. The loan order was previously presented on Tuesday and again today called for \$20,000, but was cut in half on motion of Mr. Marchand. According to Mr. Murphy part of this money will be used to finish the work at the new Pawtucket bridge and part to fix up Thorndike street near Dutton. The vote on the loan order this morning showed the four commissioners in favor and Mayor Thompson opposed.

The meeting of the council today ostensibly was for the purpose of approving monthly bills, but that routine process was completely overshadowed.

KITTREDGE TO BUY McCARTY PROPERTY

Negotiations are under way for the sale of the McCarty property at the corner of Palmer and Middle streets to Harry C. Kittredge, the well known Central street business man. It is expected that the final papers will be signed within a few days and then it is understood Mr. Kittredge will make necessary changes in the building to adapt it for immediate occupancy.

The property is centrally located and consists of a four-story brick building with a floor area of about 3,000 square feet, while the land area is close to 3,000 square feet. It is assessed for over \$29,000.

CHICAGO, Oct. 9.—A forecast of showers, with moderate temperature, caused uncertainty this morning about the eighth world series game. Cheered by the second successive victory, the White Sox returned to Chicago today to make a determined effort to draw abreast the Reds.

Needing but a single game to bring his team the championship, Pat Moran was expected to send "Red" Eilers to the mound today. Eiler established the world series record of six successive strikeouts when he held the Sox to three hits, one 2 seach, in the game here Monday when Cincinnati won, 5 to 0. Claude "Lefty" Williams, twice defeated by the Red legs, but holding them to an aggregate of eight hits in the two games, was expected to be Gleason's selection for mound duty.

Williams' pitching was of high order, but each time he opposed twisters before whom the White Sox heavy hitters virtually were powerless. With the assertion that "his boys" had recovered their battling eyes and fighting spirit, as was evidenced yesterday and Tuesday when they batted from the box Ruchter and Salce, who overcame them in the first two battles, Gleason was confident his star left-hander would pitch a comeback game as did Cicotte yesterday.

Moran expects End Today

Moran seemed confident today would end the series, making unnecessary the ninth game tomorrow at Cincinnati.

Interest in the series at Chicago was renewed by the comeback the White Sox staged and the prospect was that a capably crowd would be out.

"Red" Faber, hero of the 1917 world's series, was mentioned as a White Sox pitching possibility today, but the consensus of opinion was that Williams would be given the honor. Faber is said to have recovered form though he was virtually on the retired list all season.

Pans Loyal to Sox

In their renewed hope that the White Sox yet would win the series, local enthusiasts began to cast about for precedents. In no world's series has a club won four straight games when its opponents needed but a single contest. In 1907, Frank Chance's old Chicago Cub machine took four straight from Detroit after the first game ended in a tie, and four straight victories by the Boston Nationals over the Philadelphia Americans and four straight by the Boston Americans over the Philadelphia Nationals were found.

The probable batting order:

Chicago
1. E. Collins
2. B. Weaver
3. J. Jackson
4. F. Felsch
5. G. Gandil
6. S. Risher
7. S. Senick
8. B. Bariden
9. E. Eiler

LARCENY CASE RESUMED

Trial of Railway Conductors Charged With Larceny Not Yet Completed

The cases against the three Lowell street car conductors, J. J. Kelley, Camille Chicoine and J. E. Wallace, accused of stealing fares from the Eastern Massachusetts Street Railway Co. on various dates in September, were resumed before Judge Burleigh this morning, and took up the greater part of the day. Indications were that the trial would not be taken up again until next Tuesday, when the defense will present its case, the case of the prosecution, represented by Attorney Wier, having been practically completed at the close of today's sessions.

All five "operators" of the Railway Auditing and Inspecting Co., of Philadelphia, who were employed by the local street car company to investigate alleged cases of fare stealing by its employees, testified today in the complaints against J. J. Kelley. Some were able to give their testimony without reference to their notes.

The prosecution at this morning's session took up the case against John J. Kelley, charged with stealing various amounts from the local street railway on various dates in September, the evidence in the cases of the other two conductors, Camille Chicoine and J. E. Wallace having been completed by Attorney Wier at yesterday's sessions.

The first complaint charged Kelley with holding out fares on a trip from Merrimack square to Billerica at 12.35 p. m. on Sept. 7.

Operator Barcus took the stand and said that he had made this trip on Conductor Kelley's car. A lady boarded the car at the square and gave Conductor Kelley a quarter. The lady received 15 cents in change and no fare was deposited in the fare box by Kelley.

At the postoffice, three men got on the car. One man gave Wallace half a dollar, paying for three. Wallace returned 20 cents in change, but only one dime was dropped in the fare box, he declared.

At Davis square two men boarded the car. One gave Wallace a quarter, paying for two. Five cents change was returned, and one dime was deposited in the box, he said.

At North Billerica postoffice a man boarded the car and gave Kelley 10 cents. No deposit was made, he testified. Another man gave the conductor a dollar bill, ninety cents was returned by Kelley and one nickel only placed in the box.

Operator Barcus gave the entire testimony of this trip without referring to his notes.

Cross-Examination

"How many trips does this testimony cover?" asked Atty. Tierney.

"Only one," replied Operator Barcus.

"What kind of a car was it?"

"Closed."

"How many people got on at the

square with you?"

"About four."

"Where did you sit?"

"I didn't sit."

"Where did you stand?"

"On the rear platform."

"Do you know how much money the conductor put in the cash box all together during the time the car was at the square?"

"No."

"Which of the three men who boarded the car at the postoffice gave the conductor fifty cents?"

"The first man."

"How do you know that it was fifty cents?"

"I saw him pass the coin to the conductor."

"Did the conductor have a money belt around his waist?"

"I don't recall."

"How many people boarded the car at Davis Square?"

"I don't recall."

"Then you don't know how much money was deposited at that point?"

"No, not all told."

"How many people boarded the car at North Billerica?"

"Two."

"How much money was deposited by the conductor for the two men who paid fares at this point?"

"Five cents."

"As a matter of fact it's very difficult to see the denomination of a coin as it passes from hand to hand, isn't it?"

"Not very."

"Have you any recollection of the looks of that car at all?"

"Only that it was a closed car."

"Did Kelley use a Rooke register on that trip?"

"In the Billerica section he did."

"Where did you first see the conductor use the Rooke register?"

"I can't say just where."

"Was it a new car or an old one?"

"An old one, I think."

Operator Spayde

Operator Spayde, who said he accompanied Barcus on this trip, said that he had only a faint recollection of the trip, without referring to his notes.

Using his notes he then gave substantially the same testimony as his co-worker.

"What sort of a car was this car?" asked Mr. Tierney.

"I can't recall."

"Was it open or closed?"

"Closed."

"How many people got on at the square before or after you did, you don't know, do you?"

"No."

"Did the conductor use a Rooke register on this trip?"

"I can't recall."

"Do you know where the controller box was on that car?"

"No."

"How far were you from Kelley when passengers boarded this car?"

"Just a few feet."

"Where was Barcus?"

"I don't know; I don't watch Barcus."

"Can you give any explanation of both you and Barcus making the same observations, when you say that the shifting of passengers and the conductor made it difficult to observe all transactions?"

"No, I made my own observations."

Other Complaints

The second complaint against Kelley was then taken up, charging him with stealing fares on a trip from Merrimack square to North Billerica at 5.52 p. m. on Sept. 7.

Operator Webster said that he made this trip. The only instance of "knocking down" he observed was when a man boarded the car on upper Gorman street and gave the conductor a quarter. Change was made, but no fare was deposited, he said.

The third count against Kelley, having to do with a trip from Merrimack square to Billerica Centre at 6.17 p. m. on the same date, was taken up, and Operator Whitmarsh took the stand.

Testifying from memory he said that he had made this trip on Conductor Kelley's car in company with Operator Risher. Several fares were held out on this trip, he said.

"How far were you from the fare box when you made these observa-

PROPOSALS MADE AT CONFERENCE

Representatives of Public and Labor Present Proposals at Washington

Call for Labor Truce for 3 Months and Immediate Arbitration of Steel Strike

WASHINGTON, Oct. 9.—An immediate industrial truce to continue three months, creation of an arbitration board by the president and congress and immediate arbitration of the nation-wide steel strike were among proposals made today to the industrial conference here. The first two were presented by representatives of the public and the last by the labor group.

Bernard M. Baruch, chairman of the public group, made the proposal for the industrial truce, while Samuel Gompers, president of the American Federation of Labor, and chairman of the labor group, proposed arbitration of the steel strike. Mr. Gompers' plan contemplated immediate return of the steel strikers to work, pending the outcome of efforts to arbitrate the dispute.

ions?" asked Mr. Tierney.

"Just a few feet; about as far as I stand from you."

Operator Risher who accompanied Whitmarsh on this trip, then gave his version of the trip, which was the same as that of his co-workers.

He had given the conductor a quarter when he boarded the car, paying for two, but only one nickel had been deposited. He also told of other instances in which fares had been held out on the trip. Risher also gave his testimony from memory in regard to this trip.

"What's the first thing that happened after the car left Merrimack square?" asked Mr. Tierney.

"I don't know."

He then said that he could remember the various alleged larcenies, but couldn't recall just what was the first thing that happened after he left the square.

"How many people were on the car?"

"Can't say without referring to my notes."

Looking at his notes he said that 43 people got on the car after he did.

"Was the car crowded?"

"I don't know."

"It was a Boston car?"

"I believe it was."

"FIGHT TO THE DEATH"

Turkish Nationalists Demand Application of Pres. Wilson's Principles

PARIS, Oct. 8.—A Turkish nationalist government has been constituted at Ikonier, Asia Minor, according to a despatch from Smyrna and has issued a proclamation demanding the application of President Wilson's principles to Turkey and declaring the supporters of the government will fight to the death to resist foreign intervention. The proclamation was signed "Patriotic committee."

25 STRIKING POLICEMEN RESTORED TO FORCE

BOSTON, Oct. 9.—Having renounced their affiliations with the Boston Police-men's union, 25 former members of the police department have been restored to duty. Charges of one kind or another have been made against these men and an effort is being made to adjust their cases as speedily as possible. Some have already been tried and others are going to trial daily.

The men restored to duty come under various classifications. Some were on vacation before the vacations were suspended on the morning of the day of the strike; others were on sick leave, but did not go on strike although members of the union, while more joined the union after working for a couple of days subsequent to the strike.

No list of names of the policemen returning to work has been given out by police officials, but it is admitted that a way is being found to restore a considerable number of the policemen to the force as fast as they renounce their union affiliation in strictly union form.

Among those reinstated thus far are Henry Myers of Station 12, West Roxbury, Edwin P. Briggs, Thomas J. Quinn, William B. Quinn, John J. Macuire, Charles M. Montgomery and John J. Gallagher of the Brighton station. These men surrendered their police property and quit their jobs as individuals the day following the strike, after having performed their work on the night of the strike.

Sullivan Resolution Rejected

By a vote of 6 to 1, the executive council refused yesterday to pass a resolution offered last week by Councilman Lewis R. Sullivan calling for a report from Police Commissioner Edwin U. Curtis on certain phases of the police strike. The resolution requested that Commissioner Curtis state whether his expenses for counsel have exceeded the amount fixed by statute; to tell why he desired changes in the civil service regulations relative to applicants for the police department and called for a conference between the civil service commission and the attorney general about the power of the police commissioner to take back the striking policemen.

City to Defend Policemen

Mayer Peters yesterday sent a letter to Messrs. Vahey and Feeney, counsel for the Police-men's union, informing them that he had directed the corporation counsel to defend Patrick J. Coyne, one of the striking policemen in a civil suit instituted while Coyne was a member of the department and also that such others as may arise will be defended. The letter follows:

"I have your letter of Oct. 6 in which you call my attention to the case of one Patrick J. Coyne, a former member of the police force.

"In response to your request I have directed the corporation counsel to defend Coyne's case and such others as may arise under similar circumstances."

Post Wants Men Reinstated

Resolutions calling for the reinstatement of the 1200 striking policemen have been adopted by Thomas J. Roberts Post 216, American Legion, at its meeting at Codman square, Dorchester.

"Resolved, That we, veterans of the world war, express our disapproval of the action taken by the governor and the police commissioner and that we declare our resentment against the application of 'disorders' to our comrades and others who are still fighting to make secure the application of the principles for which they fought as soldiers of the nation, and furthermore be it

"Resolved, That we believe the best interests of our city can be served by immediately reinstating the 1200 striking policemen who for so long have patiently protected our city while patiently bearing conditions that the public now know are a disgrace to our boasted superior culture."

Fresh Fruit Desserts—2c

Jiffy-Jell desserts, rich and fruity, cost but 2 cents per serving.

Each package contains a vial of fruit essence, made from condensed fruit juice.

Add boiling water, then this flavor, and you have a fresh-fruit dainty.

Compare Jiffy-Jell with the old-style quick gelatine desserts. You will find it five times better, yet it costs no more.

Millions now enjoy it.

SEN. WILLIAMS REPLIES URGES RATIFICATION OF TO SEN. BORAH TREATY AND LEAGUE

WASHINGTON, Oct. 9.—Attacks on League to Enforce Peace were continued today in the senate. Senator Borah, republican, Idaho, charged that the league was sending out "doctored" propaganda designed to speed up ratification of the peace treaty, unnamed.

Referring to a statement by Senator Borah that the League to Enforce Peace was calling for and getting large working funds, Senator Williams, democrat, Mississippi, said people who lived in glass houses should not throw stones, adding that somebody might come along and ask who was putting up the money for traveling expenses of certain gentlemen who are going about the country attacking the league.

Senator Borah said he wanted it understood that he paid his own way, his one regret being that he was not able to travel further and keep on speaking to the people about the treaty.

DETROIT, Oct. 9.—Resolutions appealing to the United States senate to ratify the peace treaty with Germany and the covenant of the League of Nations were introduced today in the house of deputies of the general convention of the Protestant Episcopal church and given a place on the calendar.

KING TO SIGN TREATY TOMORROW

LONDON, Oct. 9.—The "king's copy" of the German peace treaty will probably be signed by King George tomorrow and forwarded to Paris. It is expected that the signing by the king will be followed by his peace proclamation. This will complete Great Britain's ratification of the treaty.

The vacuum process of condensing milk was originated in 1835.

Delivery of Freight Prohibited

NEW YORK, Oct. 9.—Delivery of all freight by lighter to steamers in New York port was prohibited today by W. N. Pollack, marine director for the United States railroad administration as a result of the longshoremen's strike.

Hood's Sarsaparilla

Take this good old family medicine For Scrupula, Catarrh, Rheumatism, Kidney Complaint, Dyspepsia.

Having superlative merit it has given entire satisfaction to three generations. Fine purifier and tonic.

BEGINS FLIGHT FROM NEWFOUNDLAND TO N.Y.

HALIFAX, N. S., Oct. 9.—Rear Admiral Mark Kerr's big Handley-Page bombing plane which was wrecked at Parrsboro, last summer on its flight from Newfoundland to New York, resumed its journey from Parrsboro at 11:55 o'clock this morning.

The machine, christened the "Atlantic" when it was entered for a trans-ocean flight last spring, climbed into the air and swung off across the Bay of Fundy for St. John, N. B. From that city it will lay its course down the New England coast over Portland and Boston in its journey to New York—425 miles in an air line from its starting field at Parrsboro.

Flight to ten hours are estimated as the length of the Atlantic's flight, which is to be non-stop.

DEAN OF EPISCOPAL THEOLOGICAL SCHOOL

CAMBRIDGE, Oct. 9.—The election of Rev. Charles L. Slattery, rector of Grace church, New York, as dean of the Episcopal Theological school, was announced by the board of trustees today. The position was made vacant by the death last May of Dean George Hodges, who had held the office since 1894.

Rev. Mr. Slattery was graduated from the school in 1891. Subsequently he was master of Groton school, dean of the cathedral at Fairbank, Minn., and rector of Christ church, Springfield. He has been rector of Grace church since 1910.

IRISH QUESTION IS DISCUSSED

LONDON, Oct. 9.—The Irish question occupied the attention of the cabinet today. Premier Lloyd George presided and Sir Edward Carson was summoned to the meeting.

Before the meeting it was announced that the cabinet committee appointed to find a solution of the Irish problem would meet today and hold frequent sessions in order that its work might be completed before the conclusion of the peace treaty with Turkey, as otherwise the home rule act, suspended for the war, would then come into force.

RACES POSTPONED
LEXINGTON, Ky., Oct. 9.—Today's grand circuit races were postponed because of rain.

OPEN FRIDAY NIGHTS

Take Advantage of Our Friday
Night Four-Hour Cash Specials

Take Your Choice of 2 Ways to Buy Your Fall Clothes:

(1)—to look around until you find the lowest price.

(2)—to go, first, where you'll find the highest quality.

The first way you'll save a few dollars at the start; then in a few months you'll have to have new clothes; AND you'll discover that what you saved on the price was taken out of the quality of the clothes; ---and you'll be sorry!

The second way will bring you here for guaranteed MERRIMACK Clothes. They'll wear so long, give such good service that you'll save money in the long run, for you won't buy clothes so often;---and you'll be satisfied.

WHICH IS YOUR WAY? TAKE YOUR CHOICE!

DISCUSS PEACE TREATY
PARIS, Oct. 9.—Discussion of the peace treaty with Germany began in the French senate this afternoon.

SUES UNIVERSITY

FOR \$115,000

NEW YORK, Oct. 9.—Prof. J. McKeon Cattell, who was suspended as head of the department of psychology of Columbia university, Oct. 3, 1917, for alleged seditious remarks, today filed suit for \$115,000 against the university.

He denies the charges which were preferred by the trustees of the university and asks to be compensated for the "loss of his position and the deprivation for the remainder of his

life of the opportunity to earn a livelihood in his chosen calling," and for the "loss of social and professional prestige."

NOSE STUCK IN MUD
ELMHURST, N. Y., Oct. 9.—The transcontinental plane of Capt. John Macquette was reported today down 15 miles from this city, near Waverly, with its nose stuck in the mud.

International Union Head
Sees I. W. W. Behind N. Y.
Longshoremen

NEW YORK, Oct. 9.—The unexpected strike of thousands of longshoremen, which threatens to tie up the port of New York, yesterday was attributed directly to I. W. W. agitation by T. V. O'Connor, president of the International Longshoremen's union, who declared that the waterfront, unauthorized, would not receive the support of the international.

Between 15 and 20 I. W. W. organizers have been at work on the waterfront for weeks, declared Mr. O'Connor, who asked Police Commissioner David for adequate police protection for the men who remained at work. John Kelly, president of the district council of longshoremen, was beaten by a man whom he tried to persuade to return to work.

Eight hundred longshoremen and 100 others employed on the Pennsylvania railroad's piers at Jersey City, struck yesterday in sympathy with the New York wharf workers and for the same terms, \$1 an hour for the longshoremen and \$7 a day for the checkers.

The Cunard liner *Carnegie* was held up for five hours because of the strike, but finally sailed for Liverpool just before dark. The ship was obliged to leave behind about 500 tons of her 4700-ton cargo of freight and also gave up the plan to take aboard 100 additional tons of bunker coal for the return trip. Clerks helped get baggage aboard and many second cabin and steerage passengers volunteered to bring their own trunks from the pier to the ship.

The White Star liner *Battle* sailed on time for Liverpool with 1239 passengers despite the strike, but only because heads of departments, clerks and others from the company's Broad-

way offices "pitched in" and moved 1500 pieces of baggage.

Representatives of 40 steamship lines formally informed the decision of the wage adjustment board at a meeting yesterday. The board announced Tuesday decided that longshoremen were to receive a 5-cent and 10-cent an hour increase in wages for day and night work, respectively effective October 1. The decision has been rendered void by the strike, according to an opinion expressed by Frederick Topping, vice president of the International Mercantile Marine.

Fifteen hundred steamship office clerks, members of a union affiliated with the longshoremen, struck yesterday for a minimum of \$40 and a maximum of \$50 a week.

Striking longshoremen declared last night that the thing would be complete at Hoboken by Friday, when all of the men would be called out at the Scandinavian-American Line Piers and at the army base.

OBJECTIONS TO BRIDGE ARE OVERRULED

BOSTON, Oct. 9.—The objections of Holyoke, Chicopee, Westfield and certain towns in western Massachusetts to the construction of a bridge across the Connecticut river between Springfield and West Springfield, were overruled today by the supreme court, which approved the plans of a commission appointed by the court two years ago. The commission consisted of John J. Bates, former governor; Joseph H. O'Neil, former congressman; and Joseph V. Worcester, a civil engineer.

BIG HUN GUNS HIDDEN IN FORTRESSES

PARIS, Oct. 9.—(French wireless service) Where are the big guns with which the Germans bombarded Paris during the last few months of the war, is a question that is being frequently asked both in Germany and outside of it.

A recent issue of the Berlin *Tageblatt* shows that this question was propounded by one of its representatives to Major Trepper, formerly attached to the German war ministry, and a participant in the armistice parleys. He also was asked whether Germany had pledged herself to hand over these guns. He is quoted as replying that Germany had given no such pledge and as adding: "If the French newspapers want to know where these guns are they can be told that they are well hidden and guarded in our fortresses on the coast."

"It is the news, the truth and fit to print." This is the standard *Lowell Sun* follows in printing city, state and national news.

SUPPLIES FOR 2 YEARS

Noted Non-Magnetic Ship
Carnegie Ready for Big
Ocean Trip

WASHINGTON, Oct. 9.—With enough provisions aboard to last two years and outfitted for a voyage of 5500 miles, the noted non-magnetic ship *Carnegie* was ready today to leave Washington on a task of tracing through the bottom spaces of the South Atlantic and Pacific oceans the devious courses which the magnetic pole lays out for the compass needle to follow.

This is the fifth and probably the last trip of the *Carnegie* on this errand, which has already taken her 40,000 miles of ocean during the last 10 years and has resulted in much information that is incorporated in the magnetic charts which sailors use. She was built by the Carnegie Institution especially for the work and has neither steel or iron in her hull or fittings.

Older apples wanted at Boyle Bros.

MINERS VISIT PREMIER

Call on Lloyd George to
Press for Complete Na-
tionalization of Mines

LONDON, Oct. 9.—With the country not yet fully recovered from the railroad strike, a deputation of miners planned to call on Premier Lloyd George today to press for complete nationalization of mines. The deputation consisted of members of the parliamentary committee of the Trades union congress which met recently in Glasgow and members of the executive committee of the miners' federation.

If Lloyd George refuses to accept nationalization as it is assumed he will, a special trades union congress will be convened.

The *Mall's* labor correspondent writes: "Should the government prove obdurate, it is quite possible the nation will find itself in a few days in a position of even greater menace than it faced last week."

EPISCOPAL CHURCH CONVENTION
DETROIT, Mich., Oct. 9.—Committees of the general convention of the Protestant Episcopal church today took under consideration the plan for revision of the Book of Prayer, an extensive Americanization program on which it is proposed to expend \$1,500,000, and the program for extension of the church's work to be financed by a nation-wide campaign.

Women of the church, at a thanksgiving service today, presented a uni-

ALTERATION SALE OSTROFF'S

Starts Friday Morning, Oct. 10

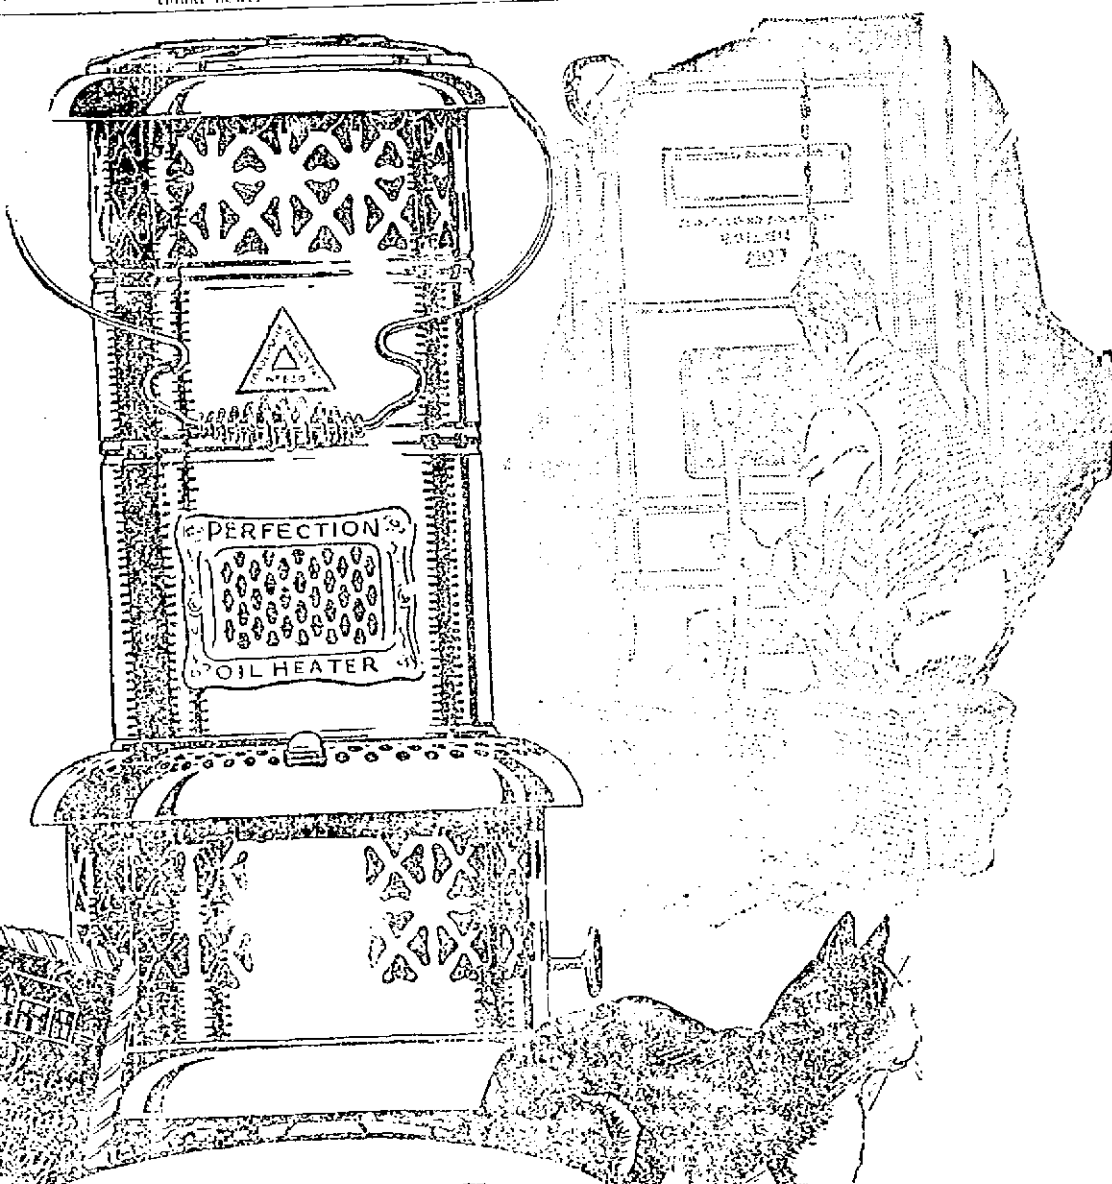

AT 930 A. M.

We have outgrown our present store and so we are adding about 2500 square feet of floor space. Part of our enormous stock must be reduced to make room for the builders. Therefore, it will be worth your while to attend this sale.

Newspaper space is so expensive, and it would easily take from two to three full pages to itemize every article and price. We will just mention what we have in this sale. With a guarantee that every article you buy at this sale will be first quality merchandise.

We don't carry any seconds nor do we buy any job lots. Most of our stock consists of national brand goods, and it must be from 25 to 75 per cent. cheaper than you can buy elsewhere or your money cheerfully refunded.

TWO SHOT IN STRIKE RIOT

Negro Workers and Foreign
Born Strikers Clash at
Donora

Other Steel Plants to Reopen
Following Break in Ranks
of Strikers

PITTSBURGH, Oct. 8.—A clash between negro workers and foreign born strikers at Donora, today, resulted in two men being shot and wounded and a number injured. The crowd was scattered by the state police.

White reports from company sources indicated that many strikers were returning to work and that the strikers were holding firm and were prepared for a long siege.

According to the Carnegie Steel Co. about 500 more men are reporting to its mills daily.

First Break in Ranks

YOUNGSTOWN, Ohio, Oct. 8.—Coupled with the announcement that differences between employees and the Trumbull Steel Co., at Warren had been adjusted, it was reported today that the Brer Hill Steel Co. and the Youngstown Sheet & Tube Co. were preparing to start departments.

The agreement with the Trumbull Co. is the first break in the ranks of the Mahoning valley strikers.

Running at 50 Per Cent.

CHICAGO, Oct. 9.—Steel mills at Gary, East Chicago and Indiana Harbor, Ind., and South Chicago, Ill., reported today that they were running on a 50 per cent. scale or were ready to resume immediately at a reduced capacity.

Military control continued at Gary as did martial law at East Chicago and Indiana Harbor.

JURY TO TRY GEORGE A. LONG COMPLETED

MONTPELIER, Vt., Oct. 9.—A jury to try George A. Long on the charge of murdering Mrs. Lucia C. Broadwell in Barre, the night of May 3, 1919, was completed in Washington county court today; the state presented an outline of its case, and the jury and court adjourned this afternoon to Barre to look over the locations to be mentioned in the testimony.

The jury is largely made up of farmers and all of the 12 are married except Juror Ira H. Edson, who is a widower. The jury is composed of the following: Maynard King, 32, Catala, a road patrolman; Ira H. Edson, 40, Montpelier, a janitor; Thomas J. Ferris, 66, Moretown, an undertaker; Frank W. Nichols, 51, Montpelier, an automobile liveryman; Raymond E. Campbell, 23, Fayston, a farmer; Charles W. Collins, 31, East Montpelier, a farmer; John W. Alexander, 33, Middlesex, a farmer; John L. Baird, 53, Waitsfield, a retired farmer; M. C. Barber, 60, Waterbury, a farmer; A. J. Patterson, 62, Middlesex, a farmer; Walter D. Ordway, 54, Montpelier, a salesman; Edward E. Kellogg, 61, Montpelier, a property caretaker.

The drawing of the jury was completed just before noon. On the opening of court this afternoon, the outline of the state's case was presented, after which the trip to Barre was taken to look over the scene alleged to be connected with the death of Mrs. Broadwell.

MATRIMONIAL

Mr. Edouard Dubois and Miss Agathe Montblanc were married yesterday afternoon at Notre Dame de Lourdes rectory, the ceremony being performed by the pastor, Rev. Leon Lamotte, O. M. I. The witnesses were Messrs. Edouard Hubert and Albert Proulx.

Dubois-Ryan

The marriage of Mr. Antonio Dubois and Miss Marie Alice Ryan took place yesterday afternoon at Notre Dame de Lourdes rectory, the officiating clergyman being Rev. Leon Lamotte, O. M. I. pastor. The couple were attended by Messrs. Alfred Ryan and Napoleon Dubois, brother and father of the bride and bridegroom respectively.

Laporte-Henault

Mr. Philippe Laporte and Miss Lea Benoit were married yesterday afternoon at 1 o'clock at St. Joseph's rectory, the officiating clergyman being Rev. Louis N. Bachand, O. M. I. The bride wore a blue velvet traveling suit with hat to match and carried a bouquet of roses. The bridesmaid, Miss Evelyn Benoit, a sister of the bride, was attired in a brown traveling suit with hat to match and carried a bouquet of lilies. The best man was Mr. Arthur Tremblay, a cousin of the bridegroom. At the close of the ceremony a wedding supper was served at the home of the bride, 35 Varney street. Later Mr. and Mrs. Laporte, who were the recipients of numerous wedding gifts left on a honeymoon trip to New York and Niagara Falls, and upon their return they will make their home in this city.

Sayers-Dolan

Mr. John T. Sayers, a well known conductor on the electric cars and Miss Margaret C. Dolan were married yesterday afternoon at 5 o'clock, the ceremony being performed at St. Peter's rectory by Rev. Fr. Linahan. The bride wore white georgette with bridal veil and carried lilies of the valley. She was attended by her cousin, Miss Catherine E. Flynn, who was attired in pink georgette and carried pink roses. The best man was Mr. John Dolan, a brother of the bride. At the close of the ceremony a reception was held at the home of the bride, 125 Summer street. Later in the evening the happy couple left on a wedding trip to New York and upon their return they will make their home at 125 Summer street.

Lowell, Thursday, Oct. 9, 1919

U. S. STEEL ATTACKED AND DEFENDED

WASHINGTON, Oct. 8.—The United States Steel corporation was attacked and defended during the second day of arguments in the supreme court, which is considering the government's anti-trust suit against that organization. C. B. Ames, assistant to the attorney general, appearing for the government, declared the corporation was organized for the purpose of eliminating the possibility of competition, while Richard V. Lindabury, for the defense, urged the court to sustain lower court decrees dismissing the proceedings.

Replying to inquiries by Justices Van de Venter and Pitney, Judge Ames told the court that aside from asking for the breaking up of the corporation into competitive units, the government had no plan to suggest.

"But don't you pray for the dissolution of several of the subsidiaries?" inquired Justice Pitney.

"Our thought as to that," replied the government attorney, "was that the court might not care for a complete plan, if you grant that relief, but that a complete plan could be worked out later, as was done in the tobacco case."

Mr. Lindabury asserted the action of the corporation organizers in acquiring control of various steel plants back in the 90's was more one of salvage than monopoly, owing to the prevailing depressed financial conditions which resulted in the failure of about 100 steel companies. He also referred to the extensive investigation made several years ago by a congressional committee.

"They found no fault with the organization of any of them. They found no illegal practices,"

Despite this, he said, the supreme court was asked to find iniquities 22 years after the corporation was formed.

To combat government arguments that the corporation is a monopoly Mr.

Lindabury said it never controlled more than 51 per cent of the steel manufactured in this country and the production had fallen so that when the testimony in these proceedings was taken it produced 15 per cent of the steel sold to the world and only about 10 per cent of the domestic trade.

Justice McKeen and Brandeis are taking no part in the case, the former being disqualified because of having been attorney general during earlier proceedings, while the latter retired because of public expressions of opinion regarding the corporation before his appointment.

ARREST COUNT POTOCKI

Was About to Leave Montreal for Great Britain—Woman Companion Held

MONTREAL, Oct. 9.—Count Maximilian Egon Potocki, on his arrival here from New York was arrested yesterday while preparing to depart for Great Britain on the steamer Empress of France and sent to the Naupaka sing internment camp. A woman with him was sent to New York.

Investigators for the report of alien enemies, announced that they had found incriminating papers in the possession of the count. One was a letter from Dr. Friedrich Adler, Spartacist leader in Vienna, commenting on the "wonderful work" the count's mother was doing in southern Europe, with a eulogy of Rosa Luxemburg and Karl Liebknecht.

In the findings of his hat and overcoat were found addresses of men and women in many parts of Europe whose names were on government files as persons of radical tendencies. Count Potocki was traveling as "James Dunn" and his passport showed him to be a British subject who was general manager of a large corporation. He had more than \$50,000 with him in letters of credit, cash and jewelry.

CHILD SAVED BY MOTHER

Gertrude Lamarre, six-year-old daughter of Mr. and Mrs. Anselme Lamarre, 25 Main Street, Sanford, Maine, was saved from fits by the prompt action of her mother who administered Dr. True's Elixir.

Mrs. Lamarre wrote the following to Dr. J. P. True & Co.: "My daughter, Gertrude, had dizzy spells and could not even go out for she always complained of being sick. She used your elixir (Dr. True's Elixir, the Family Laxative and Worm Expeller). She never had any fits since. I feel very grateful to you."

Symptoms of worms: Constipation, deranged stomach, swollen upper lip, sour stomach, offensive breath, hard and full belly, with occasional gripings and pains about the navel, pale face of leaden tint, eyes heavy and dull, twitching eyelids, itching of the nose, itching of the rectum, short dry cough, grinding of the teeth, little red points sticking out on the tongue, starting during sleep, slow fever.

Dr. True's Elixir has been faithful in its duties as a family laxative and Worm Expeller, since 1851—over 65 years reputation. Every one can improve their health by simply looking after the bowels—a pure herb, laxative which Dr. True's Elixir is, will promptly relieve all worry and disorders. AT ALL DEALERS—Adv.

Encouragement For Those Who Have Indigestion

New Hampshire Man Tells How Dr. Williams' Pink Pills Restored His Health

"There is hope for every sufferer from stomach trouble," declares Mr. William Kelly, who lives at No. 62 Dover Street, Manchester, N. H. "I have this belief on my own experience. I suffered two years from acute indigestion pains which seemed to be growing more severe with each attack. Food soured in my stomach and distressed me. This caused sleeplessness and nervousness. I had to be very careful what I ate and even with this care the attacks occurred."

"One day I saw a newspaper announcement of Dr. Williams' Pink Pills and decided to give the remedy a trial. An improvement was noticeable in two weeks and as I continued the treatment I grew stronger and better by the day. I no longer have attacks of indigestion and can eat a hearty meal of substantial food without fear of pain. I have gained strength and weight and feel better than I have in a long time. Dr. Williams' Pink Pills did it and I have recommended the remedy to many others."

Your own druggist can supply you with Dr. Williams' Pink Pills or you can order direct from the Dr. Williams' Medicine Co., Schenectady, N. Y., enclosing fifty cents for one box or \$2.50 for six boxes. Write today for the free booklet, "What to Eat and How to Eat."—Adv.

JAPS TO CO-OPERATE WITH AMERICANS IN SIBERIA

TOKIO, Oct. 9.—Orders have been issued by General Oi, commanding Japanese forces in eastern Siberia, directing his men to effectively co-operate with American authorities in the operation of the Trans-Siberian railroad. This is a result of strong representations made by the United States to the Japanese government claiming that in sections guarded by Japanese troops the lives and property of Americans have not been adequately protected. In the event that co-operation by the Japanese troops could not be secured, it is said, the note hinted American forces would be withdrawn from Siberia.

Reports state the American note expressed the fear, by inference, that the policy of Japan in Siberia might be open to criticism as being opposed to the "new idea of international co-operation."

Japanese officials seem inclined to minimize the gravity of the situation and declare they have not been supporting General Semenov, anti-Bolshevik leader, whose activities have occasioned concern in allied circles.

POSSE SEEK MURDERERS

"Man Hunt" With a Woman as One of the Fugitives in Progress in Georgia

MACON, Ga., Oct. 9.—A "man hunt" with a woman as one of the fugitives was in progress today. Sheriff Hicks of Bibb county, with a posse of about 100 men was searching the woods near Camp Harris for a man and a woman charged with killing A. J. Elkins and probably fatally injuring Tom Sanders, victims here late yesterday.

The victims, both well to do farmers, were driving toward home from Macon, each in his own wagon, when they overtook a man and a woman walking. Elkins gave the man a lift and Sanders did likewise for the woman.

After riding a short distance the man gave Elkins a death blow with a hammer he had concealed on his person and the woman assaulted Sanders in the same manner. Sanders was robbed of \$50, after which the couple took refuge in the forest.

Hammers similar to those with which farmers were struck down were found in a Crawford county hanking house shortly after a safe blowing. The police expressed the belief that the two fugitives were yeggs who had operated in this section recently.

MATRIMONIAL

Mr. Daniel P. Callahan and Miss Elizabeth E. O'Neill were married yesterday afternoon, the ceremony being performed at 5 o'clock at the Sacred Heart rectory by Rev. Fr. Mahon, O. M. I. The bride wore white crepe net with veil carried up with orange blossoms and carried bridal roses. The bridesmaid, Miss Anna O'Neill, a sister of the bride, was attired in pink crepe de china with hat to match and carried Ophelia roses. The best man was Mr. Edward Callahan, a brother of the

Become Slender

A Simple, Guaranteed Method

If you would like to lose weight, from one to five pounds of burdensome fat while eating and drinking all you need, also enjoying life far better than at present, just follow this advice:

Take seven deep breaths of fresh air each morning and evening; after each meal take a little oil of lemon; eat all you need, but chew thoroughly, and follow other simple directions of the guaranteed Klean system.

Men and women who were wasting around with heavy, sluggish bodies have, in many cases, reported a gradual, agreeable reduction of thirty to eighty pounds, with wonderful benefit to health and figure. This very reason is the time to become slender, attractive, vigorous and healthier, very easily. Get oil of lemon at the drugist's; it comes in capsules, convenient to use and is now sold at below-warfare price. Weigh and measure yourself week to week. You can scarcely realize the joy that awaits you in normal symmetrical figure, with good health and longer life. Show others this advertisement.

bridegroom. At the close of the ceremony a reception was held at the home of the bride, 29 Crowley street, and later the couple left on a honeymoon trip and upon their return they will make their home at 10 Sidney street.

Doyle—Mogulman

The marriage of Mr. Anthony A. Doyle and Miss Mary Eleanor Mogulman took place Tuesday at the immaculate Conception chapel, the ceremony being performed by the pastor Rev. Lawrence P. Tierce, O.M.I. The bridesmaid was Miss Margaret Mogulman, a sister of the bride, while the best man was Mr. John Shea.

STABLE SANITATION—

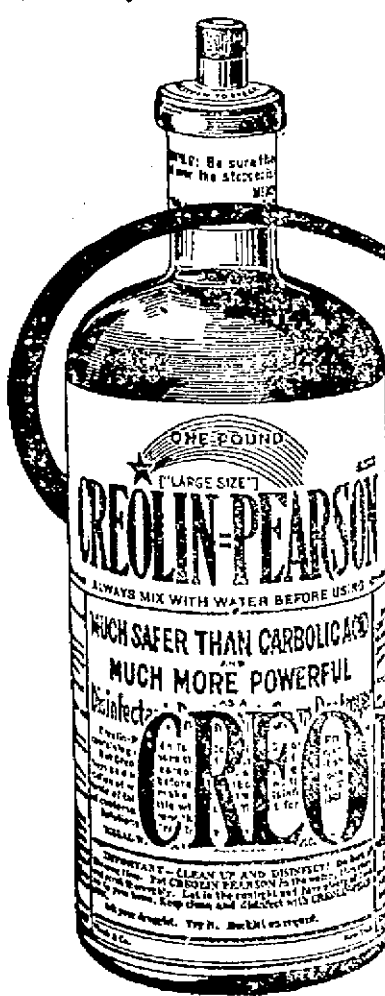

Disinfectant, powerful antiseptic and purifying agent

CREOLIN-PEARSON

DISINFECTANT

Is the perfect preparation for use in your stable and outbuilding. The horse says "Thank you" for his regular washdown with a CREOLIN-PEARSON solution. It helps to heal gall spots and hoof troubles, and to keep away flies.

Pigs, chickens and other domestic animals all are kept in better condition when CREOLIN-PEARSON is used liberally.

CREOLIN-PEARSON

CREOLIN-PEARSON has a wide range of usefulness in your home, on the farm, in stable and factory. It is both antiseptic and disinfectant. CREOLIN-PEARSON is much more powerful than carbolic acid, having a coefficient of 3 to 10, which indicates marked superiority for your protection. CREOLIN-PEARSON is safe to handle as directed; it is neither caustic nor corrosive. CREOLIN-PEARSON always makes a milky solution with water. This and its light odor are characteristic.

At Your Druggist's 25c, 50c and \$1.00 Bottles

\$30,000 More Appropriated

Continued

by the passage of the two orders and the allied discussions which attended each action.

The money voted to Commissioner Murphy this morning raises the total amount of money given to the department of streets and highways this year to \$461,000, of which \$216,000 is maintenance and \$245,000 loans. Mayor Thompson again voiced his disapproval of the voting of any more money through loans as the city stood only \$26,000 away from the borrowing limit and said that a loan practically would actually imperil the city's credit. The \$10,000 voted brings the margin down to \$26,000.

Commissioner Morse fought for a slice of the \$29,000 appropriation for a time, but later withdrew in favor of Mr. Murphy, saying that he would try to get along somehow.

The council came to order at 9.20 o'clock.

A petition from Thomas B. Rafter and others for tar coating for Troy street and Putnam avenue was referred to the street department.

Frank C. Gilbert was given license to serve as a weigher of coal for the Thornlike Coal and Grain Co.

A hearing was set for October 28 on the petition of Lucy C. Gaudette for the erection of a garage and the housing of gasoline at 1117 Middlesex street.

The council accepted the reports and voted for the orders to lay sidewalks and edgestones on the following petitions: Chas. T. Kilpatrick, that Westminster street be accepted and edgestones and sidewalks be laid in portions of Stackpole, Fayette and Bartlett streets; M. A. Gage, that sidewalk be laid in front of the premises at 523 Pawtucket street; Louise P. Chippindale that sidewalks be laid in portions of B and Chaucey streets; James F. Hurley, that sidewalk be laid in front of the premises at 780-782-784 Moody street.

The council took up the approval of monthly bills at 9.30 o'clock.

Commissioner Murphy said he could not approve the bills of his department until he got some money from which to pay them. The bills amounted to \$3855.48.

Mayor Thompson said that it seemed that Commissioner Murphy found himself in a position to either hold up payment of bills or not meet his payroll and that before the discussion on approval ended some consideration should be given the amount of money available in order that the commissioner might have something to work on.

Morse and Murphy

Commissioner Morse asked Mr. Murphy if he could not withhold payment of the bill for a car of oats and the latter replied that he did not wish to hold up any bills.

"Well, something has got to be done," said Mr. Morse. "Are you working your men full time, Mr. Murphy?"

"No sir, I am not."

"When I had the street department I had to clip the force of sparrow men," "Sparrow men have never been clipped at this time of year," said Mr. Murphy.

"They have been," said Commissioner Morse, "twice to my knowledge."

"Well, I have been informed that they never have been," retorted Mr. Murphy.

"You have been wrongly informed," said Mr. Morse.

"There is \$30,000 available," said the mayor, "and it comes down to the simple question of which department needs it most. At the present time, perhaps it seems that Mr. Murphy has the most urgent need."

"I ought to have at least \$10,000," said Mr. Marchand. "I have got to pay \$5000 to contractors for the installation of three boilers."

"You all know my situation," said Commissioner Morse. "I want more motor apparatus for the fire department. One piece of apparatus will cost \$5000. I can't borrow one cent for the water department and I haven't got any money to put on new men."

"There is no comparison between your department and mine," replied Mr. Murphy. "I have so much work which has to be done, while the fire department is more or less stabilized. The fire apparatus you have may be a little old-fashioned, but, nevertheless it is sound."

"Did you say sound?" asked Commissioner Morse. "Go up and look at the engine at the Lawrence street house and see if you call that sound." **Honest Tax Rate**

Mr. Murphy continued: "During the first 40 weeks of this year I have worked on an average of eight men on the work of street maintenance."

"Mr. Morse employed during the same period in 1918, I say again here is something worse with our tax rate. I pleaded at the outset for a honest tax rate."

"Honest tax rate; we have an honest tax rate," replied Mr. Morse. "I worked all those men last year, as you say, and I paid them all. I got some way or other."

"That is all right," said Mr. Murphy, "but you must not forget, Mr. Morse, that I got only \$150,000 this year against an actual expenditure of \$205,000 and moreover, I had over bills to pay to the amount of \$11,000."

"Well, Mr. Murphy, what was left me to face when I took the water department?" asked Mr. Morse. "Nothing except a legacy of \$57,000 to meet."

Mayor Thompson broke in and ended the discussion by saying it was settling the council nowhere. "My department will not claim any part of the \$30,000."

"I can spend \$1000 right now for tires," said Mr. Morse, "but I think would be money thrown away, because in a year or two the fire department must be wholly motorized. However, if the money will do Mr. Murphy good, I'll withdraw claim to any of it and get along the best I can. Some more horses may die, but I have to take a chance."

Commissioner Murphy then estimated that he would need \$2000 a week for roll maintenance for the remainder of the year.

Mr. Morse asked how much money had left of his year's lot.

Clark Tuttle said \$700 remains of the paving loan; \$3000 of the macadam

**LOOK****A Tire for \$1****A Tube for \$1**

Last Two Days We Will Sell Guaranteed Tires for \$1.00 Each and Guaranteed Tubes for \$1.00 Each

Here is without question the most extraordinary tire and tube offer ever made in this or any other section of the country. To every customer purchasing one tire and one tube at the regular list price during this sale we will give an extra tire for \$1.00 and an extra tube for \$1.00. In other words, you practically get two tires for the price of one and two tubes for the price of one.

BUT—you must buy one tire and one tube because this is a "Combination tire and tube offer."

This Sensational Offer Includes

Guaranteed Tires Only

KEYSTONE**BATAVIA****SPEEDWAY (ALL FIRSTS)****FIRESTONE ' MAGRAW FISK**

AND MANY OTHERS (SECONDS)

We believe this offer to be unprecedented and we are making it only because we want to begin the month of October with record sales.

REMEMBER! Friday and Saturday Only

Come by all means. There will be crowds, but it will pay you well, for you save almost the entire price of a tire and tube.

FOR EXAMPLE:

The regular retail price for a Keystone Tire, size 30x3, is \$17.68 and the regular retail price for a Victor tube, size 30x3, is \$3.48. If you buy one of each at these prices, we give you an additional tire for \$1.00 and an additional tube for \$1.00. The same applies to other makes and all sizes of any tire or tube we carry in stock.

No purchaser can buy more than two tires and two tubes under this combination offer

IN A SALE LIKE THIS IT IS BEST TO COME EARLY AND GET THE FIRST CHOICE

TIRE PRICES ARE GOING UP

It is reported that an increase of probably 15 per cent. will become effective in the very near future and therefore it is decidedly to your advantage to buy NOW. Buy liberally for future use.

loan and \$6000 of the sewer loan.

Mayor Thompson asked Commissioner Murphy if he couldn't charge up some men to the \$5000 left of the paving loan, and the latter replied that he could not as the men could not do that sort of work.

The discussion petered out at this point and the city auditor presented an order authorizing the transfer of \$2000 from the claim department to the item of general expense. It was tagged with an emergency clause.

The mayor explained the reason for the order as being the extensive entertainment of service men and other incidental expenditures.

The order passed unanimously.

Asked Paving Loan

Commissioner Murphy introduced the order to borrow \$20,000 for permanent paving, which was held over from the meeting on Tuesday. He said some of the money would be used to finish up the paving at Pawtucket bridge and

part on the roadway adjacent to the new Thornlike street bridge.

Mayor Thompson again emphasized the consideration the council must make of how close the city is to the borrowing limit. "I am still opposed to it," he said, "and feel that the commissioner is impairing the credit of the city by asking for a loan at this time."

Commissioner Marchand moved that the order be reduced to \$13,000 and it was so voted. Just prior to the vote, the mayor protested against the habit of presenting orders for a certain amount and then putting them up for part and trade and reducing them or changing their texts.

On a roll call vote the council passed the order calling for a loan of \$13,000, the four commissioners voting in favor and the mayor against.

Commissioner Murphy presented additional bills to the amount of \$1644.75 to be charged against paving money.

The auditor was instructed to include them in his warrant.

The auditor presented a bill in the sum of \$152.00 from Mr. Derby, which he termed a running account since 1916 and asked the council to take some action on it. He was instructed to investigate the bill further and report back to the council at the next meeting.

A recess was taken at 10.50 o'clock for the purpose of re-framing the \$30,000 appropriation order presented by Commissioner Murphy, changing it in to two orders; one for \$20,000 for street maintenance and one for \$10,000 for the public property department.

The council convened again at 11.15 o'clock and both orders were unanimously passed.

Adjourned at 11.20 o'clock to Tuesday, next, at 10 a. m.

The first U. S. gold coin was placed in circulation December 6, 1932.

CROWDING THE TEACHERS

Possibly it was mere foolishness on the part of the teachers to expect that the school board would take any further action on their petition for an increase of salary after having refused their petition for a public hearing. The matter was not mentioned at the meeting held on Wednesday night.

That refusal showed an untair spirit on the part of the board, but still worse was the statement of Chairman Walsh that the teachers had voluntarily waived all claim to an increase this year, on condition that the number of years set for reaching the maximum salary should be changed from ten to seven.

In a letter from the salary committee of the Teachers' organization, this claim that any such waiver or agreement was made by anybody representing the teachers as a body or by anybody individually so far as they know, was emphatically denied. The teachers are very modest and polite in the terms used in branding the statement of Chairman Walsh as without foundation. They call it a "misunderstanding," but they say that had there been such an understanding as Mr. Walsh alleges, "the school board was not quite consistent in granting a hearing on the question of increased salaries in June last."

The salary committee represents the sentiment of the whole body of teachers when it says that it "is unwilling to rest under the implication that it was a party to an understanding with the school board not again to seek a salary increase within the year."

Moreover, the teachers' salary committee contends that had there been such an agreement as alleged, "the usual increases in all living expenses during the present year would have justified the teachers in asking the school board to consider a petition for salary increases." Thus the board has not only refused to grant the petition of the teachers for a public hearing but its chairman has given out a statement in which he endeavors to cast the blame on the teachers themselves by citing an alleged agreement, the existence of which they utterly deny.

Here then is a question of veracity between the teachers and the chairman of the school board, and as between both, the public will believe the teachers.

Chairman Walsh treats the question of an increase for the teachers this year as closed.

They have received the non possumus of the school board although no such answer has been given to any other class of municipal employees. They are told in effect that their claims will have no further consideration from the school board for the present year. People may talk against teachers joining labor unions, but is not this treatment calculated to drive the teachers to follow the example of those of other cities that have sought the aid of labor organizations in securing justice? There is another feature to this question which is not known to the public. It is alleged that any teacher who takes a prominent part in agitating for an increase of salary will be marked for discrimination when the shift comes in opening the junior high schools. When any class of city employees is thus held in subjection through fear, it is no at all strange that they have recourse to some organization with sufficient pull to aid them in getting fair play. We do not advise the teachers to join a labor union but we are free to say that if their claims were put forward by a branch of the American Federation of Labor, the school board would not refuse to grant them a public hearing.

While teachers elsewhere are receiving substantial increases which give them much higher salaries than are paid for like service in Lowell, we believe that the best interests of the schools demand that the teachers be granted a reasonable increase without undue delay, and that the curt refusal of their petition by the school board is shortsighted, unjust and indefensible on the ground alike of truth and sound public policy.

The teachers should now present their case to the municipal council.

you can use it as you now use an automobile? You often wonder.

The answer is, yes, according to W. J. Beach, New York inventor of a vertically-rising airplane. Has the flying flivver finally been invented? Amazing as have been the spectacular stunts of flying men, it has been apparent that the airplane cannot come into common use as long as six acres are needed for the gliding along the ground incident to starting or alighting.

The Beach airplane does not require such space. By a system of propellers at the bottom of the machine, it rises directly into the air or lands by dropping like a cork into a bottle.

Beach's demonstration model works. Whether or not his finished product is a success, it emphasizes that the conquest of the air is going on faster than most of us realize.

Here is a Curtiss flier, Roland Kohns. He makes a new altitude record of 34,610 feet above sea level. Ask grandpa what he would have thought, as a boy, of a man flying more than six miles overhead.

In London the Great Northern Aerial Syndicate is organized. It announces that it will begin next May the world's first international aerial passenger service. It will take you to New York, Liverpool, San Francisco, Buenos Aires, Cape-town, Peking.

One hundred and fifty passengers will be carried on one airship. Here is a flying Pullman. Will it be a reality before the flying flivver?

Roy U. Conger, a New York business man, daily makes the trip back and forth between home and office in his private airplane. He is the world's first "air commuter."

It is only 10 years since the United States government became the proud possessor of the world's first military airplane.

Now we celebrate the first anniversary of air mail service. It has carried 7,720,810 letters in one year. The cost of the service was \$137,900.06—less than two cents a letter.

How about the upkeep? In flying one death occurs for every 240,000 miles of travel, so the owner of a flying flivver will live long enough to be interested in costs.

Good airplanes can be purchased as low as \$2500. An air chauffeur can be hired for \$50 a week; his mechanic for \$35. In flying you get about 12 miles out of a gallon of gasoline. Practically no fire expense in flying. Costs are favorable to the popularizing of aerial flights.—N. E. A.

AS TO STATE RIGHTS

Once the war shall have been declared over, there will come a reassertion of state rights where during the war for the best of reasons, the federal government assumed control.

During the past few years, the intervention of federal authority in all the activities of life became so all-pervading that the people will wonder at the change, once the national government shall have withdrawn its directive authority where the states had previously exercised undivided control.

At the present time several states find it necessary to call in federal troops in order to suppress violence or prevent outbreaks of serious character. That is an extraordinary proceeding, but it is necessary where the states fail to protect life and property or where they allow any interference with the transmission of the mails.

During the war, the national government managed the railroads, controlled the distribution of the food supply, regulated exports and imports, fixed prices and supervised the ordinary activities of life, but in the near future this close supervision of state affairs by federal authority will cease and the states will once more resume the normal exercise of their sovereign rights. It is well, therefore, to remember that the sovereign states have lost their prerogatives through able increase without undue delay, and that the curt refusal of their petition by the school board is shortsighted, unjust and indefensible on the ground alike of truth and sound public policy.

The teachers should now present their case to the municipal council.

FLYING FLIVVERS

Will the airplane be developed in your lifetime to the point where

STAMP OUT THE I. W. W.

The department of justice at Washington is now in possession of

information that proves quite conclusively that the I. W. W. leaders driven from other haunts, have laid plans to stir up the negroes of the south to a state of mind in which they will engage in race riots under the belief that they are being persecuted.

The evidence of this plot is said to be unmistakable. It is another example of the persistent efforts of this organization to precipitate open revolt, revolution and anarchy. Congress is now in session and is cognizant that these things are going on. It is necessary without further delay to make the laws against such offenses more severe so that when the I. W. W. leaders are found to be spreading their revolutionary propaganda, they shall be either imprisoned or deported without any undue delay. There has been altogether too much leniency for the leaders of this band of marauders whose policy is to overturn organized government and bring about a reign of terror such as now afflicts Russia. The unsuspecting negroes naturally become an easy prey to this form of propaganda with the result that they get into trouble and are blamed for the entire disturbance, whereas, they are merely tools in the hands of the conspirators in the background.

The people of Weirton, West Virginia, have driven out a band of I. W. W. leaders found plotting treason and rebellion. They made them kiss the flag before passing out, but that will not make them loyal citizens nor punish them for what they have been doing. The supposed leaders against whom the evidence lies, will be tried and punished according to law. Many citizens would prefer to set them out in front of a firing squad to be riddled with bullets, but that would savor too much of the lawless methods favored by the I. W. W. organization.

Now that the secret of most of the race riots is out, it is the duty of the government to deal most rigorously with the plotters who have been inciting trouble by sowing the seeds of prejudice and hatred between the negroes and the whites. The I. W. W. must be stamped out.

So far as can be judged the managers of the South End Welcome Home celebration are determined to outdo anything yet attempted by any other part of the city. Already the decorations along the route of parade are quite elaborate and the people in general seem to be thoroughly interested in the success of the celebration as a whole and of each and every feature. The committee certainly has planned a great carnival of entertainment. Chairman Cosgrove and Commissioner Donnelly are the leading spirits of the movement.

The high honors being paid our Belgian guests, the heroic Cardinal Mercier and the beloved King Albert and the queen are well deserved. They were royally honored in Boston and not the least notable episode of their visit occurred at the state dinner in the Touraine when Bishop Hughes of the Methodist Episcopal church in the course of his speech said that Cardinal Mercier was "God's son in the war." For men who suffered so much during the terrible struggle, expressions like this from members of different religious belief and so far from their own land must indeed be a great source of delight.

SEEN AND HEARD

The shortage of booze doesn't seem to have any effect on the color of the old toper's nose.

Highland cars via Sutton street, but not a word about the Fletcher street car. Gone, but not forgotten.

Here's hoping that Henry Ford makes good that threat of his to establish steamers to Ireland. Henry's prices are usually very reasonable and he might cut the fare so that we could all afford to take a trip across and set foot on the old sod. Henry is probably seeking a new field for his flivvers and it will be the first time on the Emerald Isle the whole day long.

Always First

At a recent convention of editors a delegate told about the first editor he was asked under. "Right or wrong, he was always right. I recall on one occasion where the paper announced the death of William H. Jones, who, it turned out, was not dead. Accordingly next day the paper printed the following note: 'Yesterday we were the first newspaper to publish the death of William H. Jones. Today we are the first to deny the report. The Morning Star is always in the lead.'—London Opinion.

Why They Crow

Mr. Balfour Brown, K.C., of the parliamentary bar, tells this one in his "Forty Years at the Bar." "There was a legend in existence at one time that whenever a life was told a cock crow. The derivation of the tradition is obvious. Upon one occasion this legend was being mentioned, and some one

said: 'If that is so, how do you account for the fact that cocks mostly crow about 3 or 4 o'clock in the morning?' 'That'—and the answer is ascribed to Mr. Chamberlain—is owing to the fact that at that hour the morning papers are being published.'—Scottish American.

Dodging Shop

They struck up a conversation in the hotel lobby and finally one man suggested a trip to the movies. The other politely declined.

"Don't you want to see Viola Yam-pire?"

"Nope."

"Nor Torick Hamm in his latest comedy?"

"Nope."

"What's the matter, my friend? Aren't you interested in the various stars?"

"Not this evening. I'm an astronomer taking a night off."—Kansas City Journal.

Best Praise for Film Star

When Katherine MacDonald, the film star, had completed her first picture she invited the studio janitor to witness the review, and afterward asked him what he thought of the story.

"Gosh," he ejaculated, "I was so interested watching you that I forgot all about the plot!"

This heartfelt praise reminded her manager, Sam Hork, of a story. Junior had not been in the best of health, and when he seemed well on the way to recovery, his mother took extra precaution to guard him against possibilities of an influenza attack.

One evening the anxious mother was startled, when she entered Junior's room, to find the little chap in bed, sniffling, with eyes red and watery.

"Goodness gracious!" she cried, "do you feel sick, dearie?"

"No, mamma," Junior replied.

"But you seem to have caught a dreadful cold."

"I haven't any cold."

"But your nose, and your eyes!"

From under the covers Junior produced a book.

"It is 'Uncle Tom's Cabin,' mamma," he said, "and I have just been reading about poor little Eva."—Los Angeles Times.

Bills

(Copyright, 1913, N.E.A.)

Speaking of thrills
And rages,
Ofague chills
At intermittent stages,
Do you ever lie awake at night
Facing the fight
Of trying to condense your bills
Inside your wages?

See where they're
A never-ending row
Of shoe bills
Of bills, new bills,
And over-due bills,
Of ice bills,
Legal advice bills,
And higher price bills,
Of beef bills,
Of heat bills
Of eat bills,
And other cheat-bills,
Of light bills,
Of eight bills,
And do-you-right bills,
Of war bills,
Of cigar bills,
But no—no bar bills,
Of wear bills,
Repair bills,
And heated air bills,
Of fire bills,
Of tire bills,
And phoney wire bills,
Of fax bills,
Of quack's bills,
And breaking-back bills,
Of show bills,
Of new bills,
And head-to-toe bills,
Of teeth bills,
And funeral-wreath bills,
Of ill bills,
Of pill bills,
And just plain bill bills.

Now, every psych-
chologist,
bi-of-guy-
ologist,
Other high-
collegist
Will tell you strong
To fret yourself along
In such a way,
But say!
You do, you do!
Now, isn't it true?
Me, too!
—EDMUND VANCE COOKE.

MAN ABOUT TOWN

One of the particularly inspiring events just prior to each recurring Columbus Day is the communion of Bishop Delaney assembly, fourth degree. Knights of Columbus which takes place next Sunday at St. Michael's church at 8 o'clock mass. I am told that extraordinary plans are being made for the biggest attendance in years. Last year the communion was abandoned in view of the then raging influenza. I am told that every Sir Knight is planning to be in line on Sunday and a musical program of great excellence is now being arranged for the mass. At the breakfast which is to follow the mass Sir Knight William E. Wood and Sir Knight Peter A. Clune will speak on their experiences overseas. The former was in the thick of the fray at the Argonne and Sir Knight Clune served as K. of C. secretary in and around the lines.

One of the most energetic members of the local Knights of Columbus that I know is Andrew Molloy, who was recently appointed head of the Fourth Degree assembly here. Mr. Molloy has been the leading spirit in many a praiseworthy undertaking in the annals of the local council, and previously served as its grand knight. He has shown himself vitally interested in every affair in which the council has had a share and has shouldered more than his share of the work and responsibilities. His election as faithful navigator of Bishop Delaney assembly is an undoubted tribute to his worth and his untiring zeal in the interests of the local council.

I have a friend who is never lonesome for he has a kind neighbor. This friend is not lonesome because he is never alone, for practically every evening when at home his neighbor calls on him and does not leave until his host is ready to retire and sometimes long after the time set by the master of the house to get to bed. "He is a stickler of the worst kind," said my friend, and in order to make his statement stronger he related the following incident which occurred a couple of nights ago. "I had made up my mind to retire early, but in the early part of the evening my neighbor came in with his usual salutations. I offered him a chair, but he thanked me

saying he was going to remain but a minute, and that minute proved the longest I ever heard of. We talked baseball a while, then we shifted to the weather. Later we discussed the possibilities of fishing through the ice and then we talked about women's gowns. All the while I was watching the clock hands turn around. We shifted over to music and then we had quite an argument on the high cost of living. We also talked about the Humane society and the part taken by Agent Gilmore in his endeavor to exterminate cats and finally we discussed the League of Nations, and still my neighbor was to remain but a minute. We talked about the possibilities of the ban being lifted, of the return of the five-cent fare, the excellent work performed by the vice squad during the war, the coming South End welcome home celebration, the financial condition of the city and the moulders' strike which has been going on since last May. We also spoke about the work of the Lowell men who are doing police duty in Boston and commented on the quick and great work already accomplished by the auditorium commission. Finally, glancing at the clock I saw the hands registered 11.30. I wound my watch, set the clock ahead 15 minutes. I yawned and gave up smoking, but nothing had any effect on my visitor. Finally I requested my "wife" to retire, and then my "visitor" woke "up" and bade us goodnight. What a blessing to have such neighborly neighbors.

More and more is Lowell's traffic problem becoming a thing of general and serious discussion. That it must undergo a thorough renovation and change within the next few years seems certain, as does the fact that new streets must be opened up for the accommodation of business.

Business men and others who have informally interested themselves in the problem which faces the city have taken into consideration the peculiar arrangement of streets in Lowell's downtown section and realize that whatever transpires in the future in attempts to obviate traffic jams and congestion at certain crossings and intersections must be pushed through despite this barrier.

There is one alleviating step which might be taken and that is to make Prescott street a one-way thoroughfare. However, every time this measure has been whispered it has been met with storms of protest from retailers doing business there, although persons who have advanced this idea have never been able to see how business could be seriously affected by the one-way rule.

"We must open up new streets for retail trade in the near future," say

the men who have interested themselves in the problem and Paige street has been one of the streets generally mentioned. Several persons very recently have remarked as to the new area which would be opened up between Central street extended to cross Merrimack and continued toward the mills as far as French or even Canal street.

It is understood that Mayor Thompson enthusiastically favors one or two mounted policemen for the downtown streets and it would not be surprising to see provisions made for such additions to the force next year. The marking of street crossings for pedestrians by white paint lines has been spoken of during the past few days. Many cities have done this, feeling that some markings must take the place of the new defunct flagstone crossings.

We're helping to feed Germany here in Lowell—at least, on a small scale. Since the removal of restrictions last July when parcel post packages were accepted at the postoffice on the same basis as preceding the restrictions of April, 1917, several packages have gone through the local postoffice each week. I am told, sent by Lowell folks to their relatives in Germany. Land and bacon almost exclusively are what the Lowell people are sending to the old country, although rice and chocolate are sent in some instances. People sending these packages do so at their own risk, but this does not seem to deter them as the parcel post line are now operated without restriction.

The fatal accident on Bridge street at Merrimack square the other day is said to have been due in a measure to the cross-over track at that point. Drags and other cars come to the end of Paige street on the right hand track and then switch to the left in a manner that often brings great danger of collision. The same condition is met in front of the Y.M.C.A. building of Merrimack street where the Broadway and depot cars switch to the left to go on the Dutton street tracks. These cross-over tracks in the busy street are very dangerous and unless the utmost care is exercised by the conductors, accidents will result.

Cured His Rupture

I was badly ruptured while lifting a trunk several years ago. Doctors said my only hope of cure was an operation. Trusses did me no good. Finally I got hold of something that quickly and completely cured me. Years have passed and the rupture has never returned, although I am doing hard work as a carpenter. There was no operation, no lost time, no trouble, have nothing to sell, but will give full information about how you may find a complete cure without operation. You write to me, Eugene M. Fuller, carpenter, 125F Marcellus avenue, Massagan, N. J. Better cut out this notice and show it to any others who are ruptured—you may save a life at least stop the misery of rupture and the worry and danger of an operation.—Adv.

SEES CHINA AS GREAT
MARKET FOR U. S.

BOSTON, Oct. 8.—That China is a great future market for American merchandise, that Japan is not unfriendly to the United States, and that the reported Korean atrocities had no foundation in fact, were among the statements made by Clarence L. Bosworth, ex-United States trade commissioner to the far east, in an interesting address at a Boston Shoe Trade club luncheon yesterday.

Pres. Everett R. Terhune presided. Mr. Bosworth said that during his recent visit he found that even the Japanese and the native Maoris of New Zealand are beginning to develop an interest in American footwear. The Maoris, 60,000 of whom volunteered during the war and rendered valuable service at the French front, are particularly fond of Yankee shoes.

Australia, whose tanners made some very poor leather during the war, but are today producing very good side leather and fine quality kid leather in large quantities, and commencing to make patent leather, is not likely to develop in the near future as a market for American shoes, partly because it has such a large supply of materials and an increasing quantity of skilled labor in its shoe factories, and in part because of the general movement now in progress for a self-contained British empire.

Some Australian merchants even announce that they do not wish to have any American goods in their stores. This idea is likely to rest on the Australians, the speaker said. It is traceable to the tremendous accumulation of wool and wheat in that country during the war.

Mr. Bosworth stated that the so-called Japanese atrocities in Korea hinged wholly on the missionary situation in that country. The trouble started, he said, at the time the Japanese government compelled the numerous mission schools in Korea to

LADY
DROGHEDA

FAIR AND TITLED LONDON STRIKEBREAKER

LONDON.—On the job at four in the morning driving a motor transport isn't just what one expects of a titled woman. But Drogheeda, one of Britain's beauties, has been doing just that for the food administration. She's one of the many volunteer workers helping to relieve the congestion caused by the British rail strike.

Ukrainians and Russians in Fierce Battle

PARIS, Wednesday, Oct. 8.—Ukrainian troops have been surprised and attacked by a Russian volunteer army and violent fighting is in progress, according to the Ukrainian press bureau at Basle. It is believed that this encounter is the first to follow the reported declaration of war on General Denikin, anti-Bolshevik commander in South Russia, by General Simon Petlura, the Ukrainian military leader. A coalition ministry has been formed in Ukraine, with M. Maseppi as premier.

Court Martial von der Goltz's Officer

BERLIN, Oct. 9.—Gustav Noske, minister of defense, told the German national assembly yesterday that Major Bischof, an officer under the command of General von der Goltz in the Baltic provinces, would be court martialled for urging his troops to remain there notwithstanding directions from Berlin that they return to Germany.

adopt the same curriculum as the Japanese part of the missionaries. It was really an act of rebellion in that country, and a revolution at all. Some of the missionaries caused the prohibition of religious instruction to be sent to the United States, and they were published in leading magazines as evidence of Japanese atrocities. During the Russian-Japanese war, about 11 years ago, that story has gone all over the United States and the world, and there is not a scintilla of truth in it.

Mr. Bosworth also alleged that there has been an active anti-Japanese propaganda carried on during the last

Gray Hair Tells
Tales—Tint it!

TRIAL PACKAGE SENT FREE
Gray hair is a battle-axe. Don't endure it until you are really old. If you take the trouble to look young, then it is just as easy to keep your hair youthful and beautiful as to retain your youthful interest in life and people. Tint the gray, faded, streaked strands with "Brownatone" as thousands of women have done.

"Brownatone is My Best Friend."
This wonderful preparation does not rub or wash off. If you want a delightful surprise, just brush or comb a little "Brownatone" through your gray, streaked, or bleached hair and you'll change like magic to golden, soft or deep rich brown, or black—any shade desired—the exact color to set off your complexion.

Absolutely Harmless
"Brownatone" is odorless, greaseless, and positively non-injurious. Guaranteed to contain no lead, sulphur, silver, mercury, zinc, antimony, or coal tar products. Used for switches as well as growing hair. Two colors: "Light to Medium Brown" and "Dark Brown to Black." Two sizes, 35c and \$1.15 at all leading druggists.

four years, and that the missionaries have been swept into this current of hate.

In the opinion of the speaker, the Japanese are not ambitious to control China, nor are they endeavoring to subvert the American people out of the Chinese market. "We will soon have to decide in this country," he said, "whether it is better for us to establish our own intricate system of marketing in China or to keep on doing it as at present in the simpler way through Japan. What we Americans should do is to regard China as a clearing house for our merchandise and look to China as a market for it."

Mr. Bosworth stated that there is now being erected in Shanghai, with Chinese and American capital, a modern shoe factory, equipped with American machinery, with a capacity of 20,000 pairs a day.

SERVICE MEN AND
STATE GRATUITY

An explanation of the reason why a large number of Lowell service men have not received their state gratuity of \$100 was made this morning by Rep. Thomas J. Corbett. According to Mr. Corbett, at the time the legislators were given bonus application blanks to distribute to their friends they were told that men who had already received their 1917 bonus money of \$10 a month from the state need not again send their discharge papers with the application to secure the \$100 bonus, as a record of their service already was on file.

Now, says Rep. Corbett, the treasurer is holding up the bonus money of these men until discharge papers are sent. How many local boys are affected by this misunderstanding is not known, but it is believed there are quite a few.

No such exception was made by Mayor Perry D. Thompson when he distributed the blanks from his office at city hall and every applicant who called there was told particularly that discharge papers must accompany the blanks.

The 1917 bonus money, spoken of above, was paid to every service man in the state on application, with the exception of commissioned men who were not included in the order. The bonus consisted of \$10 a month for every month served during 1917.

URGES HALF-FARE
FOR CHURCHGOERS

BOSTON, Oct. 9.—The permanent appointment by the Elevated trustees of Edward Dana to be general manager instead of acting manager, a statement by Mr. Dana as to what is being done to improve the South Boston service, and an announcement that a movement is on foot to petition the trustees for a 5-cent fare for churchgoers on Sundays are the chief items of news in regard to the Elevated.

General Manager Dana in his statement announces that careful attention is being given to the operation of the change in the South Boston service, expresses the appreciation of the trustees "of the spirit of co-operation shown by South Boston patrons in adapting themselves to the new service" and states that in line with further improved service these changes will be made at the earliest possible date.

Before taking your train home from Boston, get The Sun at either newsstand in the North Station.

N. H. GOVERNOR FREES
HAZEL MARSHALLCONCORD, N. H., Oct. 8.—After an
extended hearing favorable action was
taken yesterday by the governor and
council on a petition for the pardon
of Hazel Marshall of Concord from the
state industrial school. Concord in-
dustrial has been taken in the case be-
cause of charges that the 16-year-old
girl was "railroaded" to the institution
by J. Edwin Wright, ex-secretary of the
New Hampshire Child Welfare as-
sociation.Col. Stephen S. Jewett of Concord ap-
peared as counsel for the petitioners,
who included the three trustees of the
town of Concord and a considerable
number of the residents of the town,
who took the position that the com-
mitment of the girl was without
justification and that she did not have
a fair trial at the time her commit-
ment was ordered.

CARRANZA WITH CABINET ON INDEPENDENCE DAY

MEXICO CITY.—President Carranza and his cabinet officiated at gala exercises on Mexican Independence Day, Sept. 16. The day marks the anniversary of the freeing of Mexico from Spanish rule. Carranza sits in the arm chair.

WOMEN TEACHERS SEEK SAME PAY AS MEN

BOSTON, Oct. 9.—As a part of the campaign being waged by Boston school teachers for an increase in their salaries, a movement has been started by women high school teachers to secure for themselves equal salaries with the men teachers who are performing the same duties.

A group of high school women teachers stated last night that they feel that the positions, regardless of whether they are filled by men or women, should pay certain salaries, and that either a man or a woman who was capable of filling that position should receive that salary. They think that this should apply right up through all grades of teachers to the principals of

high schools. At present, they stated, there are about an equal number of women and men teaching the same subjects in the high schools of Boston, yet there is a minimum difference of \$105 yearly and a difference of \$340 in the maximum pay of men and women teachers doing exactly the same work.

Inasmuch, they said, as the principle of equal pay for men and women who are doing the same work is being so widely recognized outside of Boston schools, they feel that it should be made to apply here. They point out, too, that more than 60 per cent of the women teachers of Boston high schools have relatives dependent upon them for support, and also that it has cost the women teachers, and especially the high school teachers, just as much to get the education necessary to occupy positions in the high schools as it did the men.

\$150,000 FIRE LOSS AT NORTH WOBURN

WOBURN, Oct. 9.—The leather district in North Woburn was threatened last night by a fire which was not brought under control until an early hour today. Damage estimated at \$150,000 was caused to the James Z. Haley Co. and Andrew Peterson & Sons' plants, which were destroyed and to the buildings of the Foucher Leather Co. The fire was believed to have been caused by spontaneous combustion.

MINISTERS GET WAGE INCREASE

CHICAGO, Oct. 9.—More than 1000 Methodist ministers of the Rock River conference will not close their bibles and go on a strike. They had demanded increased wages, but appear satisfied with working conditions. They are well organized in a brotherhood. The conference quickly granted the demands. Dr. Victor Thrall of the Chicago district led the victory. Hereafter no private in the ranks shall receive less than \$1500 a year. This is the minimum wage. Some ministers have been working for less than \$1000. It was pointed out that saving souls is the least profitable industry in the United States.

AMERICAN LEGION MEETING
An important meeting of the American Legion will be held at the state armory in Westford st. this evening, the object of the meeting being to elect delegates to the state convention, which will be held at Worcester, Oct. 15 and 16. The nominations of delegates will be made from the floor between 8 and 9 o'clock and the voting will take place between 9 and 12. The legion has 555 members in this city and it is expected that this number will be increased to 1000 this evening in order to enable the local post to send 10 delegates to the convention.

HORLICK'S THE ORIGINAL MALTED MILK

See all limitations and read the fine print.

Change of life helped by RED PILLS for Pale and Weak Women.

During my married life, I have had twelve children, but nevertheless, I had enjoyed the best of health until the change of life which left me in a critical state of health and in a weakened condition. I had been advised by friends to try RED PILLS, which were sold at a very reasonable price. I did as I was told, and after using about six boxes, I was astonished to see how much better I was feeling; therefore I continued to take them regularly until I was completely recovered. Without any outside help, I attend to all the household duties, cooking, and sewing for eight people, and still I enjoy perfect health.

MRS. JULIE SEVIGNY,
146 Myrtle Street,
Manchester, N. H.

RED PILLS are for women only.

They are always sold in boxes of fifty pills, 50 cents a box, 6 boxes for \$2.50. See that the name of the "Franco American Chemical Company Limited" is on every box.

WORK OF THE SOCIAL SERVICE LEAGUE

Over two thousand Lowell families received help and assistance from the Social Service League during the past twelve months, according to a report made by Miss Harriet Coburn, clerk of the organization, at the annual meeting of the league held last yesterday. She also stated that 1934 inquiries were registered at the confidential exchange.

Plans for a money raising campaign, to help in defraying the expenses of the league for the ensuing year were thoroughly discussed, and it was decided to open the drive immediately. In this connection the report of the treasurer was read, showing the total receipts for the past year to be \$2563.55. The cash balance at the close of the fiscal year, August 31, was \$409.15.

Election of officers for the ensuing year resulted in the appointment of Larry G. Pollard, treasurer and Miss Harriet Coburn, clerk. The nine directors, elected to serve until 1922, are as follows: Rev. James "Concroft, Mrs. Thomas B. Doe, Dr. G. Forrest Martin, John H. Murphy, Mrs. L. A. Olney, D. L. Page, Harry G. Pollard, Miss Emily F. Skilton, Mrs. Alvah Sturges. The directors whose terms expire in 1920 are: Rev. Herbert B. Bunton, Miss Harriet Coburn, Rev. Appleton Grannis, Rev. Alfred R. Hussey, Otto Hockmeyer, Miss Mary E. P. Lowney, Robert F. Marston, A. T. Safford, Edward F. Slatery.

Directors whose terms expire in 1921: Donald M. Cameron, Hon. Frederic A. Fisher, Robert Friend, Mrs. John Gatsopoulos, Miss Winifred C. Haggerty, Charles H. Hobson, Mrs. J. A. Nesmith, Hon. John J. Rogers, George Stevens.

STATE ELECTION REGISTRATION

Ward 6 again led the voting districts of the city yesterday in the total number of new voters registered at the sessions of the board of registrars. By wards, the registrations follow: Ward 1, six; ward 2, four; ward 3, 15; ward 4, three; ward 5, one; ward 6, 20; ward 7, eight; ward 8, 10; ward 9, eight. Total, 52.

Following the session this afternoon the board will receive registrations tonight between 7 and 9 o'clock.

Puts new pleasure into washing

—"rested up" and comfortable all over
—face and hands refreshed
—skin glowing

—that's how you want to feel after you "wash up". And to-day men of all professions and trades are getting this clean, stimulated feeling every time they wash, by using Lifebuoy Health Soap.

You're glad to roll up your sleeves and hear the water running when you wash with Lifebuoy. You know how "fine" your face and hands will feel in a few minutes.

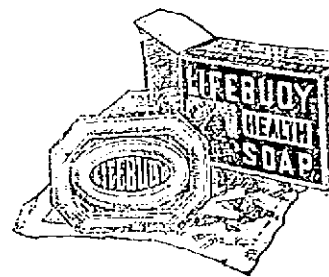

The big creamy lather of Lifebuoy Soap does more than cleanse rapidly. It carries down into the pores of your skin a mild, healthful antiseptic. It keeps your skin glowing with health. The clean, pure odor of Lifebuoy tells you instantly why it benefits your skin.

When you use Lifebuoy regularly you can see your skin growing clearer and fresher every day. Soon it will take on that healthy "out-door" look, so many Lifebuoy users have.

Start using Lifebuoy today for the face, hands and bath. Buy it at any grocery, drug or department store. Lever Brothers Company, Cambridge, Mass.

THE IRISH QUESTION

London Paper Says Home Rule Act Operative When Treaty is Signed

LONDON, Oct. 9.—The government's Irish policy is rapidly taking shape under the pressure of recently developed circumstances which surprised the cabinet, says the Daily Mail. The law officers of the crown, the Daily Mail states discovered, after careful examination of the "suspension act"—an act carried during the war to postpone the operation of the home rule act—that under its terms the home rule act becomes operative automatically when the day the peace treaty is signed by Turkey, the last belligerent to sign.

It has been generally assumed, the newspaper adds, that the suspension act would operate six months longer, when other measures, such as the defense of the realm act would terminate, but the ruling of the law officers upset this view.

The government, therefore, according to the newspaper, is under urgent necessity of formulating Irish proposals and the carrying of them as amendments to the home rule act unless the latter is to become operative as it stands on the books. The Daily Mail points out that for this purpose the government has only six weeks as it is expected that parliament will adjourn a fortnight hence, so there will be only one month of parliamentary time in which to carry what will be highly controversial proposals.

It has not been fixed definitely, but the ministers, the Mail says, have decided to offer nationalist Ireland what they describe as a very generous proposal indeed. It will undoubtedly take the form of a wide measure of home rule. The pledges given to Ulster are held as binding and the exclusion of all counties where Ulster men predominate is contemplated.

Clemenceau Not to Seek Re-election

PARIS, Oct. 9.—Premier Clemenceau has informed a delegation of former soldiers that he will not be a candidate for re-election either for the senate or for the chamber of deputies, according to his newspaper l'Homme Libre.

One Shot, Stones Hurlled in Chicago Riot

CHICAGO, Oct. 9.—One man was shot and perhaps fatally wounded by the police yesterday in breaking up a riot at the stockyards where members of rival labor unions clashed and numerous shots were fired, stones thrown and blows exchanged.

Italian Regulars May Occupy Fiume

ROME, Wednesday, Oct. 8.—Occupation of Fiume by Italian regular troops is suggested by the Italian council of ministers, pending a decision by the peace conference as to the disposition of the city, according to the Epoca. The newspaper says that this solution of the problem is conditional on Italy being given a mandate to supervise administration of Fiume under the League of Nations.

Pile Sufferers! Clever Ohio Chemist

Says This Great Prescription Taken Internally Has Never Failed

Even chronic cases of 20 to 30 years' standing, with profuse bleeding, have been completely cured in from three to ten days.

No discovery of recent years in the field of medicine has caused such a stir amongst the medical profession as the recent discovery that piles can be successfully treated and cured at home by a wonderful prescription known to druggists as Miro Pure Remedy. It has been proved that so called external remedies applied or inserted into the rectum cannot cure piles and at the best can only give temporary relief. This is also true of surgical operations which simply remove them after formation, but in no wise act on the source of the trouble. This prescription, although taken internally, is not digested in the stomach, but is rapidly passed on unchanged to the intestines in a short time, reaching the exact place where by its soothing, healing action, it first attacks all inflammation and then by direct contact with all ulcers and piles causes them to heal and disappear forever.

It is positively marvelous how easily it acts. Increased relief often comes in two or three days at most, even cases with profuse bleeding that resisted all modern treatments and operations, really wonderful results have been accomplished. The author of this amazing discovery desires all patients to know that he does not want a cent of anyone's money unless Miro Pure Remedy has cured them even in the worst cases. He has instructed druggists all over the country to guarantee it in cases of blind bleeding or protruding piles. IMPORTANT—What is known as itching piles are not piles in the sense of the word, although this condition may accompany a true case of piles. For this condition Miro Pure Remedy has been prepared as it is not necessary to take internal prescription. If your druggist cannot supply it, we will gladly send either of the two mail charges paid, in receipt of \$1.00 Internal Treatment \$1.00, War Tax \$1.00, Total \$3.00, plus extra. Wanted Remedies Co., Elvira, Ohio.

CONDITIONS IN SIBERIA

A. E. F. Member Speaks of Russians—Annual "Open House" at Y. M. C. A.

An address on conditions in Siberia, where he spent several months with the American Expeditionary Force, was given by Christopher Knapp, a former physical director at the Lowell Y. and now connected with the Worcester organization, at the annual "open house" held by the local organization last evening. The event this year was in the form of a general reception to the public, and a large number of members, prospective members, and friends of the organization attended a splendid program of athletic and entertainment numbers, including exhibitions of "gym" work, training stunts and a field ball game by the seniors; calisthenics and games by the juniors; and a splendid musical program given by Cushman's orchestra and the Mendelssohn male quartet.

The Russian is a peace-loving, visionary sort of person. Mr. Knapp said, "who has been imposed upon by the Japanese for a long time. At first they acclaimed the coming of the American soldiers but when they found that the Americans had not

HAVE COLOR IN CHEEKS

Be Better Looking—Take Olive Tablets

If your skin is yellow—complexion pallid—tongue coated—appetite poor—you have a bad taste in your mouth—a lazy, no good feeling—you should take Olive Tablets. Dr. Edwards' Olive Tablets—a substitute for calomel—were prepared by Dr. Edwards after 17 years of study. Dr. Edwards' Olive Tablets are purely vegetable compound mixed with olive oil. You will know them by their olive color. To have a clear, pink skin, bright eyes, no pimples, a feeling of buoyancy like childhood days you must get at the cause. Dr. Edwards' Olive Tablets act on the liver and bowels like calomel—yet have no dangerous after effects. They start the bile and overcome constipation. Millions of boxes are sold annually at 10c and 25c. Take one or two nightly and note the pleasing results.

WILL TAKE OVER OLD BURYING GROUND

An old and practically abandoned burying ground between Varnum avenue and the boulevard will be taken over by the public cemetery trustees and put in proper shape just as soon as a written release of all claims to it can be secured from the town officers of Dracut. This was voted at a meeting of the trustees held yesterday afternoon after hearing the report of Chairman Rigby relative to his fruitless efforts to have Dracut relinquish its rights in the Hildreth and Hamblett cemeteries.

While Dracut will not relinquish its rights to these two burying grounds, it does not lay claim to the one in Varnum avenue, which has received no care since 1872. In as much as the town does not wish to take care of it, Chairman Rigby suggested that the trustees look after it. It is near the old Durkee house in a section which was annexed to the city in 1872. There was buried there Rev. Thomas Parker, the first pastor of the First Baptist church, who died in 1765. His body was later removed to what is now Woodbine cemetery. Col. Varnum also was buried there and Mr. Rigby believes that undoubtedly many other old settlers are buried there.

The chairman reported that Supt. Thomas Duckworth has asked for an increase in salary. He now receives \$1500 a year. No action was taken. Suggestion was made that a general foreman be hired in addition to the superintendent, but the entire matter was held over to the November meeting.

GOT DOUBLE BUMP

An automobile owned and operated by Harry H. Davis of Tewksbury crashed into a pole at the corner of Main and North streets in the Centre village Tuesday night, and as a result the machine was stalled on the electric car tracks. A few minutes later an electric cable along and crashed into the auto, causing more damage. No one was injured.

REFUSAL FROM MEXICO

Turns Down Request of "Executive Committee of League of Nations"

MEXICO CITY, Oct. 8.—(United Press.)—The request of the "Executive Committee of the League of Nations" that the Mexican government furnish it a complete collection of all the laws now in force together with information concerning industrial development in the country has not been granted, according to Mexican City newspapers. Two reasons are assigned for the refusal. First, Mexico not being invited to become a member of the league, does not feel she is called upon to extend any favors to that body; second, the league is not in force.

AUTOS AND MOTOR CYCLES IN MIXUP

A young woman was slightly injured and two automobiles and a motorcycle were badly damaged in a mix-up which occurred in Merrimack street near Worthen street, last evening. The injured is Lillian McDonald of 19 Lowell street, this city, who was slightly cut over the eye when thrown out of the motorcycle, her companion, Miss Agnes Desvelles, who was in the sidecar with her escaped without injury.

One of the automobiles, a National touring car, is owned by Thomas Boulger of 71 Wentworth avenue and was being operated by Wilbur T. Boulger of the same address. The other auto, a Ford touring car, was being operated by Herbert D. Merrill of Manchester, N. H. The motorcycle, which is owned by N. J. Pontaine of 152 Manchester street, Manchester, N. H., was standing near the curbstone in Merrimack street near the corner of Worthen street.

As far as could be learned Merrill was proceeding up Merrimack street in his Ford closely followed by Boulger in his National. When the corner of Worthen st. was reached Merrill was turning to the left and Boulger's machine crashed into the Ford, tearing off its left rear wheel, while the right rear tire of the National was also taken off. The National then continued to the left and crashed into the motorcycle near the curbstone. The two young women who were in the

ASPIRIN FOR HEADACHE

Name "Bayer" is on Genuine Aspirin—say Bayer

Directions for Colds, Pain, Headache, Neuralgia, Lumbago, and Rheumatism. Name "Bayer" means genuine Aspirin prescribed by physicians for nineteen years. Handy tin boxes of 12 tablets cost few cents. Aspirin is trade mark of Bayer Manufacture of Monacette, Suedstadt of Salzig, Germany.

EMBARGO ON FREIGHT FOR EUROPE NEAR

NEW YORK, Oct. 9.—An embargo on freight for transatlantic shipment loomed as a possibility today as the longshoremen's strike entered its third day, apparently spreading rapidly.

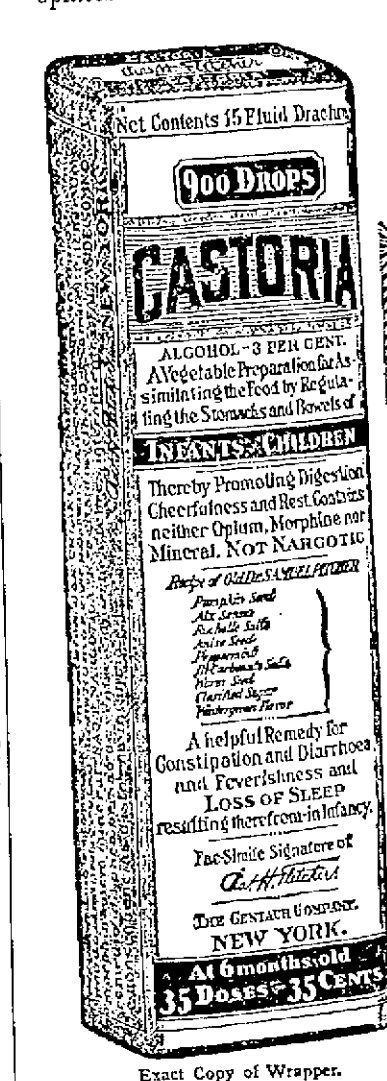

It was estimated that between 30,000 and 35,000 had quit work and that the number might grow to 60,000. One thousand freight checkers employed on the piers of the large steamship companies have also gone on strike.

The strikers are demanding \$1 an hour and \$1.50 for overtime, having refused an award of the national adjustment commission of 70 cents an hour with \$1 for overtime. "It is the news, the truth and it is printed." This is the standard The Sun follows in printing city, state and national news.

Save the Babies.

INFANT MORTALITY is something frightful. We can hardly realize that of all the children born in civilized countries, twenty-two per cent., or nearly one-quarter, die before they reach one year; thirty-seven per cent. or more than one-third, before they are five, and one-half before they are fifteen!

We do not hesitate to say that a timely use of Castoria would save many of these precious lives. Neither do we hesitate to say that many of these infantile deaths are occasioned by the use of narcotic preparations. Drops, tinctures and soothing syrups sold for children's complaints contain more or less opium or morphine. They are, in considerable quantities, deadly poisons. In any quantity, they stupefy, retard circulation and lead to congestions, sickness, death. There can be no danger in the use of Castoria if it bears the signature of Chas. H. Fletcher as it contains no opiates or narcotics of any kind.

Children Cry For Fletcher's CASTORIA

Let's Think It Over. There is such a thing as saying too much on any subject, and the "grand-stand" talker sooner or later becomes a bore. The truth is always welcomed, and the truth reiterated and confirmed is more than welcome—it reaches your innermost soul.

Fletcher's Castoria is all its advertising has claimed for it. Scrutinized by the microscope of public opinion and used for over thirty years it stands without a peer in the hearts of thoughtful, cautious, discerning Mothers. And once used, mother love—there is no substitute for mother love—will scorn to try a "substitute" or a "just-as-good".

Masquerading under many names drugs that are injurious to the tender babe have found their way into some households, but the light of experience soon casts them out. Are they cast out before it is too late?

MOTHERS SHOULD READ THE BOOKLET THAT IS AROUND EVERY BOTTLE OF FLETCHER'S CASTORIA

GENUINE CASTORIA ALWAYS Bears the Signature of

Chas. H. Fletcher THE CENTAUR COMPANY, NEW YORK CITY.

"It's the Bean"

A Secret Known Only to a Handful of Men

MANY of the most famous things of the world are made from formulas. Steel is made from formulas. Gunpowder, automobile tires—even bread and those delicious cakes and pies for which New England is justly celebrated. And the most talked about, most carefully guarded La Touraine formula is the reason for the complete coffee satisfaction that comes to you in every pound bag of La Touraine Coffee. It is the hidden secret of La Touraine fragrance; its body, its changeless quality, its real coffee-goodness. Behind this La Touraine formula is the selection of coffee beans from plantations that produce the choicest crops of the coffee world. These coffee beans are carefully roasted and scientifically blended into La Touraine Coffee-goodness, so that every cup of La Touraine you drink is coffee at perfection.

The Perfect Coffee

La Touraine Tea is just as attractive to all lovers of quality. Ask your grocer.

OUTDOOR ADVERTISING HEARING THURSDAY
(Special to The Sun.)
STATE HOUSE, Boston, October 9.—Outdoor advertising, especially by the bill board and sign method, is to be the subject of a public hearing at the state house next Thursday morning. The last legislature, heeding the many protests that have been made against bill boards, created a special commission to investigate the subject and to report to the next general court. This commission consists of Attorney General Henry A. Wyman, Chairman, William D. Schier of the Massachusetts highway commission, and Chief John H. Plunkett of the Massachusetts district police. Several other states have regulated the use of bill boards, the main arguments against which may be summarized as follows:— They increase the fire risk, since they are usually constructed in whole or in part of wooden material. This danger is increased by the accumulation of paper and rubbish often found behind them. Being often of flimsy construction, they are liable to be blown down by a heavy gale, endangering life and property. This is especially true of roof signs. The space in the rear of a bill board serves as a dumping ground for the filth and rubbish of a neighborhood, and accordingly may serve as a breeding place for flies and mosquitoes. They serve as a shelter for immoral practices and often accentuate the "corner nuisance" thus lowering the moral tone of a neighborhood. Posters on bill boards, though much improved in design over those of former days, must still be large and startling in order to attract attention. They are for the most part brightly colored and are never designed to harmonize with adjoining boards, which results in an unpleasant contrast of colors and paints. They are generally constructed in open places where they cut off a desirable vista from public observation. The unsightliness of bill boards almost invariably results in an impairment of the value of neighboring property, this being especially true in residential districts. Bill board encroachment into a locality of homes is always an offence to the surrounding community. HOYT.

AMUSEMENT NOTES.
Below is what the press agents of the different theatres say of the current attractions and of others to come:

B. F. KEITH'S THEATRE.
"Shoes," a fantastic little play, is the leader on the bill at the B. F. Keith theatre, this week, with Raynne Whipple and Walter Huston playing the leading parts in it. It is splendidly done and will meet with very general approval. Tall Charlie Semon, who wears kilts part of the time, is present for laughing purposes, and J. J. Brown and Bert Rule sing their own songs in an inimitable way. The Four Mayakos sing and dance and entertain, and prove wonderfully successful. The Dumb Sisters are makers of melody and fun. Johnson, Baker & Johnson wind up the show by throwing hats about, and Countess Vera opens with a performance on the exhibition.

OPERA HOUSE.
John Meehan, leading man with the Lowell Players at the Opera House, who is making such a pronounced hit in this week's presentation of the big American drama, "The Great Divide," as well as actor, may not show it, but Mr. Meehan has written several plays, some of which have been accepted by New York concerns. With the most few seasons he is interested in the play in one of his efforts to the extent that the New York producer bought it on option and is now making it for the coming time to present it to Broadway. He has another under way at the present time which may be presented for the first time by the Lowell company. Mr. Meehan's talent in emotional and dramatic effort was never better demonstrated than in this week's production. See it, also, the famous "The Great Divide," in Marguerite Bellis is also showing in the course of the week. Both carry the play through in a most successful and satisfying manner. Next week the "Tale" will be shown. Order your tickets early. Better still have your names placed on the subscription list.

THE STRAND.
An entirely new photographic program is to be given at the Strand today, in conjunction with the "Four Revue" feature, which is in charge of Miss Irene, "Carnegie" will have a new showing of four orations, including the "Great Divide" and other modern in the most recent and popular plays and New York styles. You won't want to miss seeing this big triple bill, and the prices remain the same.

THEA BARR. Screen vampire, appearing in the latest Theda dark subject, "The Great Divide," will be the star of the big feature. It is said to be the best of this star's film offerings. In it she uses a very novel camera feat. She steps out of her own frame to take part in her own play. The great star plays a dual role in this thrilling picture of feminine intrigue—a film version of the "Great Divide" play. It is seen as a magnificent picture of a woman who, in her own right, is a poverty-stricken girl, but who, by her own efforts, becomes a wealthy woman. She also plays the part of the villainess, a twin sister, a magnificent but utterly wicked woman. In one startling scene, the villainess kills her twin sister, confronting each other. Besides presenting a magnificent piece of acting, it is a masterpiece of photography, and a masterpiece of the "Thea" contrast a story of mother-love and self-sacrifice with the story of a woman's heartless ambition.

"Heartbreak," the new Goldwyn offering, featuring Tom Moore, is an uncommonly appealing play inasmuch as it is a romantic love drama, as far removed from the ordinary run of photography as the character of the hero is different from Tom Moore's usual delineations. A new comedy and weekly will also be shown.

ANNIVERSARY WEEK. One of the big features will be Douglas Fairbanks in "The Majesty of the American," his newest million dollar screen creation.

WILL CLOSE AT NOON ON COLUMBUS DAY
All grocery stores and markets will close at noon on Columbus day, according to a vote taken at the regular meeting of the Grocers and Butchers' association held last evening in its rooms in Elks' building. Among the speakers were Daniel Cosgrove, Alan Gray, E. S. Fitzpatrick and J. J. Allard. A buffet lunch was served.

SERVICE STAR LEAGUE
National War Mothers Change Name
BALTIMORE, Oct. 9.—The national war mothers, in convention here have voted to change the name of the organization to Service Star League.

Over 30,000 Moravian peasants gathered for the festival at Uh Hradiste in the Carpathians, the first held in five years.

Child's health
It is a fact which many mothers have been obliged to admit, that their children, otherwise perfectly healthy, are often taken from worms, which cause the child to be thin, nervous, restless and to look for many the safe and proper remedy, "L. E. F." Atwood's Medicine. The following testimonials were unsolicited from mothers who have had their children taken from worms and who had been keeping them from the "L. E. F." Atwood's Medicine. I had a sure and excellent remedy for worms with which so many children are tormented.

John C. A. Threlkell, Naples, Mo.
"I would be sick three or four days at a time. I can't use the true 'L. E. F.' Medicine and she got it in a spell since."

Miss Ida M. Nason, Clinton, Mo.
"Get a bottle for 50 cents from your dealer (Loring's) or from the nearest drug store."

Miss L. E. F. Atwood's Medicine Co., Portland, Me.

Promised Match With
Champion O'Dowd

Paul Reed of Boston and Paul Dixon of Brooklyn who will meet in the main bout of 12 rounds at the Crescent rink tonight, according to their managers, are in perfect condition and ready for a hard battle. Reed's ability is well known here where he defeated George Rived, the Canadian champion several months ago. He is considered one of the best middleweights in this section and possesses such class that few of the all-around boxers care for his game. Dixon, too, has the reputation of being a hard hitter and rugged fighter. He has been promised to match with Champion Mike O'Dowd if successful here tonight. Consequently he is out to win. Reed, however, would like nothing better than a crack at the title holder and feels confident of winning tonight and getting the chance. There is much interest in tonight's semi-final between Young Leonard of Chelsea and Kid Thomas of Lawrence. The pair fought here a few weeks ago at the South End benefit performance and were

game against Worcester Academy. The Lowell boys have come along very fast and Coach Hudson feels sure the setback received in Worcester.

The probable lineup for today's game is: Left end, Captain Precourt; left tackle, Stevens; left guard, Goose; right guard, Scott; right tackle, Cockcroft; right tackle, Lombard; right end, Goulet; quarterback, Snyder; left halfback, Pierce; right halfback, Walker; fullback, Marcher. A squad of 24 men made the trip including Scott who was injured in last week's game and who will not act as line man.

ALL SET FOR OPENING OF POLO SEASON

The stage is all set for the opening of the 1919-20 season of the American Roller Polo League on next Saturday night. While no game will be played in Lowell on that night, other teams will make their start this week. The first home game in this city will be played next Tuesday night, with the Worcester club opposing the Harkins crew.

The league will open with but seven teams, owing to the inability of the officials to get the rink at Jopkaton, the other teams which will start Saturday night are: Lawrence, Worcester, New Bedford, Salem, Providence and Fall River.

But one new face will appear in the Lowell lineup in the person of Davies as first rush. Capt. Harkins, Bob Griffin, "Premier" Asquith and Freddie Jones, all members of last year's championship team will again wear well-earned uniforms.

The staff of umpires is considered a very good one with Keeney, Graham, Burckett, Knowlton and Carroll, all well experienced men.

In the Worcester lineup on next Tuesday night will appear the famous "Jigger" Higgins, Lee Taylor, Pat Doyle, world war veteran, "Red" Donnelly and "Thousand Legs" Mallory.

Lowell games will be in former years, he played at the Crescent rink on Tuesday and Friday evenings.

There is much more interest in the pennant race this season than previous ones owing to the additional incentive of \$1000 in money prizes. The team winning the championship will be awarded \$500, the one finishing second \$200 and third \$100.

RICH CASTLETON PURSE TO ROYAL MAC

LEWISTON, N.Y., Oct. 3.—The Castleton, for trotters of the 2:07 class, and the future of the races yesterday, went to Royal Mac, after a grueling contest, in which the favorite and Hollywood Kase fought out to the finish, with Murphy outdriving Dodge, the owner of the mare. The time of the race was slow, the weather being cold with a slight mist falling.

The first race, the first division of the 2:05 trot, was won by Tommy Direct, who took the first and second prizes. The second division was a drawn-out affair, Harrod's Creek, the extreme outsider, winning the second and fourth prizes in slow time, outstriking his field. Paroness Edgewood won the 2:13 class for pacers easily in slow time.

Before taking your train home from Boston, get The Sun at either newsstand in the North station.

BELMONT GOLFERS WIN IN VESPER PLAY

J. W. Small and Miss A. A. Nilsson from the Belmont Country club swept the Vesper golf links yesterday in the open mixed foursome tournament, but because of the ruling which permitted only one prize to go to a pair, took back only the award for the best gross score. Mr. Small and Miss Nilsson shot an 83, which with their handicap of 7 gave them a net score of 76. Their gross of 83 was seven strokes better than the score of 90 made by J. A. Wood and Dr. Mary Dover of the home club, who were awarded first prize in the net.

The field was large and the day ideal for good golf. The scores follow:

Miss A. A. Nilsson	83	7	76
J. W. Small, Belmont	83	7	76
Dr. Mary Dover	90	12	78
J. A. Wood, Vesper	90	12	78
Mrs. C. M. Forrest	94	14	80
C. M. Forrest, Vesper	94	14	80
Miss H. E. Brigham	96	14	82
Irving Small, Belmont	96	14	82

PRINCE ALBERT

Talk about smokes!

PRINCE Albert is geared to a jollyhandout standard that just lavishes smokehappiness on every man game enough to make a bee line for a tidy red tin, and, a jimmy pipe—old or new!

Get it straight that what you've hankered for in pipe or cigarette makin's smokes you'll find aplenty in P. A. I never yet fell short for any other man, and, it'll hand you such smokesatisfaction you'll think it's your birthday every

time you fire up! That's because P. A. has the quality!

You can't any more make Prince Albert bite your tongue or parch your throat than you can make a horse drink when he's off the water! Bite and parch are cut out by our exclusive patented process!

You just lay back like a regular fellow and puff to beat the cards and wonder why in samhill you didn't nail a section in the P. A. smokepasture longer than you care to remember back!

Buy Prince Albert everywhere tobacco is sold. Tappy red bags, tidy red tins, handsome pound and half pound tin humidors—and that clever, practical pound crystal glass humidor with sponge moistener top that keeps the tobacco in such perfect condition.

R. J. Reynolds Tobacco Company, Winston-Salem, N. C.

TEXTILE ELEVEN PLAYS DEAN TODAY

The Lowell Textile school football team left for Franklin, Mass., this noon to play the Dean Academy eleven in the second game on the local team's schedule. Since last Saturday's

United States Tires are Good Tires

Most Economical

Wear—life—service—mileage—safety—comfort. These are the things that count in a tire.

These are exactly what you get in United States Tires,—general all-round tire satisfaction.

This greater total of tire values means greater economy—less cost of maintenance—less repairs and depreciation.

Car owners who do their own thinking prefer United States Tires. Their merit is recognized everywhere.

We have them—a type and size for every car.

WE KNOW UNITED STATES TIRES ARE GOOD TIRES. THAT'S WHY WE SELL THEM

FISH AND GAME CLUB ENDORSE GRAHAM

At its regular meeting held Tuesday evening the Lowell Fish and Game association endorsed the name of George H. Graham of Springfield for the Massachusetts Fish and Game commission. The report of the outing committee was read and the committee was given on a favorable vote of thanks for the very capable manner in which the outing was arranged and carried out. It was spoken of as an event of which the association may well feel proud. In connection with the report of the outing a letter was read from Chairman Adams of the Fish and Game commission commending the association on the success of its outing.

The meeting voted favorably upon the names of several applicants for membership and discussed, pro and con, the new law and game law, the text of which was published in The Sun yesterday.

REDS WIN TONN

REDMAN FIELD, Cincinnati, Oct. 8.—The ninth game of the American League series of 1919, if it becomes a contest, will be played at Redland field, where the home team has a record of 10-10. The game was postponed yesterday because of rain. The Reds had won the first game of the series, but lost the second and third. The game was postponed yesterday because of rain. The Reds had won the first game of the series, but lost the second and third.

TEACH THRIFT AT HOME

Langtry Says Thrift is Best Weapon With Which to Defeat Bolshevism

Asserting that thrift is the best weapon in demolishing the programs of the bolsheviks and ultra-radicals and that people now-a-days are more or less money crazy, Secretary of State Albert B. Langtry concluded a strenuous denunciation of all things bordering upon syndicalism in Memorial hall last evening. He came to Lowell at the solicitation of the Historical society and spoke before its members and friends.

Mr. Langtry's subject was "Thrift" as announced by Alfred P. Sawyer, president of the society, who introduced him.

The speaker cited the cases of Abraham Lincoln, Jay Gould and Henry Ford, who began life's work with nothing and worked themselves up into places of great influence as instances of sovereignty of opportunity and the effort of the individual. He called Benjamin Franklin one of the wisest men that this country ever has known when he offered the sage declaration that a penny saved is a penny earned.

"Thrift must be taught in the home," said the speaker. "Just as it is practiced in business. The socialist and bolshevik stand against thrift and there are ten times more of them in the country today than people allow themselves to believe. Even teachers are instilling the ethics of bolshevism into the minds of people in some instances and there have been college professors who openly lost their support to its wars and purposes."

"If you were successful in teaching the bolshevik, go on and teach, preach and practice thrift. It is your first weapon and bolshevism's worst enemy. In Boston, conservatism, self-reliance, thousands of people rather were steady at private homes for centuries. So bolshevism is a one-sided thing. It is a thing that the bolsheviks of today will be forced to do when the people will be taught the virtues of thrift and a love of the government and a love of the nation."

TAG DAY IN DRAW

The action in which the tag day was held last Saturday, a contest for the title of the champion has been postponed until the 15th of the month. The contest will be held at the other end of the track. The contest will be held at the other end of the track.

Priest Who Played With Reds in 1869 Converts \$50 for Games to Church Fund

MARIETTA, Ohio, Oct. 3.—The Rev. P. M. Woosman, pastor of St. Mary's Catholic church here, who as a college student was utility outfielder for the Cincinnati Reds when the team won its first championship in 1869, vowed that he would never attend a World Series contest until the Reds were contenders.

When Cincinnati won the National league pennant this year, he set aside \$50 and eagerly anticipated seeing as

many of the World Series games as possible, but to date he has not witnessed a single contest. Just when he was ready to leave for the opening game, he decided that the church needed the \$50 more than he needed to see the ball games, and he converted the amount to the cemetery fund.

Members of the church then started to raise a fund by popular subscription, but it picked my conscience to use the money so empty when the church needed it to help pay for the cemetery work now being done. All I can do now is to hope and pray the Reds will win."

Before taking your train home from Boston, get The Sun at either newsstand in the North station.

THE ROOSEVELT MEMORIAL.
A nation-wide campaign to raise funds for a great memorial to Theodore Roosevelt will be conducted from October 20 to October 27. Ex-President Taft, Charles E. Hughes, Senator Lodge, and many other prominent men are sponsors for the movement.

Hon. Michael J. Murray of Boston is the chairman for Massachusetts. William F. Garcelon of Newton is chairman for Middlesex county.

It is hoped that the fund will be swelled by many small contributions of working men and school children who may wish to have a part in this great plan. Committees are needed in every Middlesex city and town. The enthusiastic admirers of the great American (men and women) who are willing to aid in the campaign are urged to at once send in their names when they will be supplied with literature and instructions.

THE SWEETEST ROOM IN ALL BRITAIN

LIVERPOOL, Oct.—Sixteen boys paid fines for smearing the walls of their schoolroom with jam. That was their revenge when a teacher ordered them not to eat jam at lunch hour.

RECORD IN FLYING MADE IN BRITAIN

LONDON, Oct.—The Royal Aero club has certified the speed of 129.3 miles an hour attained by Captain Gatherron when he won the aerial derby with a Napier-engined Alceo machine as a British record for a closed circuit.

DIDN'T GET HER ANNUAL BLACK EYE

LONDON, Oct.—Describing a number of assaults by her husband, a woman at Tottenham told the magistrate she took the precaution of staying away from him last May when she was due to get her annual black eye. He had blacked her eye the three preceding Mays.

BURTON'LL BE BACK FOR 1920 CAMPAIGN

TOKIO, Oct.—Senator Theodore Burton, New York banker and former republican United States senator from Ohio, is now touring the orient, but announces he'll return to America to take part in the 1920 presidential campaign.

For the Woman Who Cares

Every normal young woman cares for her personal appearance. Begin with the skin and complexion—for a poor complexion is the deadly foe of beauty. Palmer's SKIN-SUCCESS Soap was made especially for women who feel a proper pride in their personal appearance. It is more than a Soap—it is an antiseptic cleanser—extremely pleasant to use, both during and after.

Your dealer will tell you.

DELEGATE TO WORLD LABOR CONFERENCE

MONTREAL.—First of British labor leaders to arrive on this side of the Atlantic for the International Labor conference, Ben Tillett is one of the picturesque characters in the British labor movement. He is secretary of the Dockers' union, and has been one of the leaders in some of the biggest strikes England has experienced.

CROP PRODUCTION

WASHINGTON, Oct. 5.—Crop production this year, based on October 1 indications was announced by the department of agriculture yesterday as follows:

Spring wheat 203,170,000 bushels; all wheat 515,471,000; corn 2,300,511,000; oats 1,215,521,000.

Barley, 125,235,000; buckwheat, 17,250,000; white potatoes, 350,070,000; sweet potatoes, 59,413,000; flax, 10,452,000; rice, 44,201,000; tobacco, 1,278,052,000 pounds; peaches, 151,237,000; apples (total crop) 156,721,000 bushels; apples (commercial) 23,177,000 barrels; sugar beets, 7,508,000 tons; kaffirs, 127,053,000 bushels; beans, 12,000,000; condition of the crops October 1 was: Corn 81.3 per cent. of a normal; buckwheat 58.1; white potatoes, 67.9; sweet potatoes, 53.9; flax, 52.6; rice 51.3; tobacco 73.6; sugar beets, 79.1; kaffirs 58.3.

FOR HANGING PICTURES

When a wall is so soft that it will not hold a picture nail, mix a little plaster of paris in a teacup; enlarge the hole to a fair size and insert the plaster—and a minute after, the nail—and let it dry. The nail will be perfectly secure after it has dried.

WATCHES OVER DEAD CALF

LONDON, Oct.—A Bedfordshire cow, whose calf was knocked down in the dark and killed by a vehicle, remained all night in the road by the carcass. The owner found the animal in the road in the morning, when he missed her from the barn.

WHAT D'YOU THINK THEY THINK OF THE PRINCE?

VANCOUVER, B. C.—Shushwap Indians who met the Prince of Wales here donned all their finery of their hereditary rank for the presentation. And they met a young man in dress and manner just like the other young white men they knew. Perhaps they think someone is spoofing them, as they give him the once over.

DEATHS

WELCH—Joseph Welch, a veteran of the Civil war, died last night at his home, 112 Chestnut street, at the age of 89 years and 11 months. He was a member of Lowell lodge 21, Knights of Pythias. He leaves his wife, Clara E. Welch, and one niece, Mrs. E. J. Welch, who was born in New York city. The body was removed to the rooms of Undertaker William H. Saunders, 217 Appleton st.

SHERVOOD—Mrs. Catherine Shervood died yesterday at the home of her son, Edwin L. Shervood, 11 Columbus avenue, aged 85 years, 8 months and 12 days. She is survived by four children, Edwin L. Shervood, Mrs. Adeline M. Burgess, Mrs. Mary L. Stephens and Mrs. Emma C. Foster; also four grandchildren and nine great grandchildren.

HUNTER—Mrs. Maude Hunter, wife of James F. Hunter, died at her home, 111 Liberty street, Tuesday evening, aged 47 years, 8 months, 2 days. Besides her husband she leaves five children, Paul H. W. of Washington, D. C.; Francis E. and Arthur J. and Alice M., all of Lowell.

CARL—Died October 9th, in this city, Mrs. Emma C. Carl, in the 73rd year of her age, at her home, 373 Westford street. Mrs. Carl was the widow of the late Francis Carl and was survived by one sister, Mrs. H. C. Worcester, of Suncook, N. H., and one granddaughter, Mrs. F. H. Fielding of Haverhill, Mass.

MENALLEY—Michael Menalley, an old resident of Lowell and a devout attendant of St. Peter's church, died yesterday at his late home, 139 Summer street. The deceased was a member of the Holy Name of St. Peter's church for many years. He leaves one son, James Menalley, of Lowell; two daughters, Mrs. William H. Mahon and Mrs. John McLaughlin.

ROGERS—The many friends of Mrs. Margaret (Daly) Rogers, wife of Michael H. Rogers, an overseer at the U. S. Cartridge Company, will regret to learn of her death, which occurred yesterday afternoon, after a short illness at her home, 23 Humphrey street. Besides her husband, she leaves her mother, Mrs. T. McElmurry, three brothers, Martin and Thomas Daly of New York,

and Peter Daly of Lowell; five daughters, Louise, Margaret, Martha, Agnes and Henrietta; four sons, Francis J., Edward J. and William H., and Thomas Rogers.

MARION—Mrs. Alexandre Marion nee Eva Proulx, aged 27 years, three months and nine days, died last night at her home, a Racine place. She leaves her husband, five children, Alice, Louis, Bertha, Ernest and William; her father, Samuel Proulx, a sister, Jessie Proulx and two brothers, William Proulx of this city and Moise Proulx of Stockton, Cal.

RICHARDS—Henri Albert, aged five months, infant son of Manville and Jennie Richards, died this morning at the home of his parents, 50 Ford street.

FUNERALS

GLYNN—The funeral of John P. Glynn took place this morning at 10 o'clock from the home of his sister, Ellen M. Glynn, 429 Worthen street. At St. Patrick's church at 1 o'clock a requiem mass was sung by Rev. Francis Keenan. The choir, under the direction of Mr. Daniel S. O'Brien. The soloists were Miss Alice Murphy and Daniel S. O'Brien. Michael J. Johnson, organist. There was a large number of floral offerings and spiritual bouquets. The funeral was largely attended by sorrowing relatives and friends. The bearers were Charles McLaughlin, Severin, Fred Whitney, Philip Mulcahy, Burial took place in the family lot in St. Patrick's cemetery, where the final prayers were read by Rev. Francis Keenan. The funeral was under the direction of Undertakers Chas. H. Molloy's Sons.

McLELLAN—The funeral of Robert McLeellan took place yesterday afternoon from the rooms of C. H. Molloy's Sons in Market street and was largely attended. The body was sent to Grand River, Prince Edward Island, where services will be held and burial will take place. The bearers were five brothers of the deceased, John and Alexander of Framingham, John of Newton, Augustin of Winnipeg, Man. and Cyrille McLeellan of Prince Edward Island. There were numerous floral offerings.

Services at St. Stephen's church and burial at St. Stephen's cemetery, Grand River, P. E. I. The funeral was under the direction of Undertakers Chas. H. Molloy's Sons.

BARRY—The funeral of Mrs. Edith A. Barry was held from the home of

her brother, George A. Crawford, 47 Highland avenue yesterday afternoon. The services were conducted by Rev. Asa Reed Dicks, pastor of the Calvary Baptist church. The funeral offerings were numerous and beautiful. The bearers were William Sullivan, John Baxter, Benjamin S. White and Albert Carroll. Burial was in the family lot in the Edison cemetery. The funeral arrangements were in charge of Undertaker George W. Healey.

HUDSON—Mr. William Hudson, a well known resident of this city, passed away this morning at his home, 112 Westford street, at the age of 82 years, 2 months and 23 days. Mr. Hudson was born in Scotland and had been a resident of this city for the past 37 years. He has held the position of second hand in the Dress room of the Hamilton Manufacturing Co. for the past 23 years. He is survived by his wife, Sarah E. Hudson; one son, J. B. Alfred Hudson and a daughter, Mrs. R. S. Beazley, all of this city, also by two brothers and two sisters living in England. Mr. Hudson was affiliated with Chevelier-Middlesex lodge K. of C. No. 25, P. C. Post, Grand of Integrity lodge, I. O. O. F. M. U. Lowell Commandery, K. of M. and as Major of the Uniformed Rank of I. O. O. F. M. U. He was also a member of the Fish and Game association. Funeral notice later.

LEDOUX—The funeral of Mrs. Marguerite Ledoux took place this morning from her home, 33 Clark street. Solemn high mass of requiem was celebrated at St. Jean Baptiste church at 10 o'clock by Rev. L. A. Noll, O. M. I., assisted by Rev. Joseph Bolding, O. M. I., as deacon and Rev. J. A. Noll, O. M. I., as sub deacon. The choir, under the direction of L. N. Guilbault, who also presided at the organ, rendered the Gregorian chant. The bearers were Donald Joyal, Donald Armand, Adrien LeClerc, Armand Boivert and Hector Heroux. Burial was in St. Joseph's cemetery. There were the committal prayers were read by Rev. Francis Keenan. O. M. I. Funeral arrangements were in charge of Undertakers Amodeo Archambault & Sons.

IN MEMORIAM

In loving memory of my dear mother. I think of her in silence, No eye can see me weep, But treasured in my inmost heart I'll never forget her. BY HIGH DAUGHTER, MRS. KATE BUTTERFIELD.

IN MEMORIAM

Day by day we all do miss him. Words would fail, our loss to tell, But in heaven we hope to meet him, Evermore with him to dwell.

In loving remembrance of LILLIAN A. MURPHY. A precious one from us has gone. The voice we loved is stilled. A place is vacant, Which never can be filled. We think we see her loving smile, Although one year has passed. But to our grief she is And will be to the last. MOTHER AND SISTERS.

Old apples wanted at Doyle Bros. Between 25,000 and 25,000 boxes of cotton are destroyed every year in this country by fire.

An embroidery machine that fits into a handbag is the latest aid to womanhood. California grapes dipped in glucose before they are dried for raisins keep their nutritive value best.

NOTICE TO Property Owners

You are hereby required on or before December 1, 1919, to destroy the gypsy and brown tail moths on all your property in this city.

This notification is in accordance with Chapter 381, Acts of 1905, as amended by Chapter 263, Acts of 1906, which reads: "The city and towns to destroy the gypsy and brown tail moths under heavy penalty for failure to comply with the provision of the law."

If a property owner fails to destroy such eggs caterpillars, pupae and nests, then the city or town is required to destroy the same, and the cost of the work, in whole or in part, according to the value of the land, is assessed upon and becomes a lien on the land.

Full instructions as to the best method of work against the moths may be obtained from the local superintendent, John G. Reed, City Hall, or from the State Forester, Room 105, State House, Boston, Mass.

WORK DONE BY CONTRACTORS SHOULD BE INSPECTED AND APPROVED BY THE LOCAL SUPERINTENDENT BEFORE PAYMENT FOR THE SAME IS MADE.

EDWARD E. MARCHAND, Commissioner of Public Property and Licenses.

EVERETT TRUE

BY BETTY BROWN

NEW YORK, October 9—The afternoon frock shown today is the smartest thing imaginable. It is built of velvet cutted on the side front, over the hips, and in the back of the slightly gathered skirt, making six cuffs in all. These cuffs are designed to give the broad effect so desirable in skirts this season, and are lined with satin of some brilliant shade. The model sketched was of sapphire velvet. The cuffs on skirt and sleeves were lined with a dark green-gold satin. Heavy black tassels finished the lower ends of the cuffs while the braiding on waist and skirt was also in black. The elbow sleeves with which long gloves are worn, together with the high crushed collar, are notable features of this stunning dress. The hat worn with this costume is a big flat pancake affair of velvet to match the gown, trimmed in shawls of uncurled ostrich.

SO. END CELEBRATION

Big Bonfire Tomorrow

Night—Hon. R. H. Long and Col. Herbert to Speak

With the entire district in gala attire, the good people of the South End tomorrow will inaugurate the four day welcome-home celebration for their service men. The festivities will formally open with the touching off of a huge bonfire on the old fair grounds in upper Gorham street and a band concert.

Today the outstanding feature of the celebration is the elaborate system of decoration which has been followed out on practically all streets between Tower's corner and the fair grounds and extending on either side to include Lawrence street and Thorndike. Nothing has been done on a retail plan. The celebration itself is the biggest thing of its kind ever planned in the city and every incidental feature by necessity had to be correspondingly pretentious.

Up Gorham street as far as the eye can see, on either side of the thoroughfare the fronts of stores, houses and buildings are riots of color. The national colors of red, white and blue predominate, with the flags of the allies intermingling in pleasing harmony. No expense has been spared to beautify the line of march the parade of Monday will follow and it is safe to say that the marchers will pass through solid stretches of varied colored bunting, flags and flowers.

As the time for launching the event approaches the general committee and others who have assisted in the arrangements look back upon a set of plans which contain no flaw. Only good weather is needed to make the occurrence one of lasting memory, both to those who do honor and to those whose deeds of valor and sacrifice the celebration plans to glorify.

Following the bonfire and concert tomorrow evening, Saturday will be a day of sport and recreation. The children will join in races and games on the Chambers st. playground in the forenoon, while in the afternoon events for men will be held on the South common.

Societies and clubs included in the district will attend Sunday worship in different churches in bodies and band concerts will be given on the South common Sunday afternoon and evening.

The banner event of the celebration, the parade, will occur on Monday morning, Columbus day. It will be participated in by hundreds of service men, social, civic and fraternal organizations and will be enlivened by many bands and adorned by scores of floats. Chief Marshal James E. Donnelly feels certain of a large turnout and one of the best exhibitions ever given in the city streets.

Bonfire Program

The opening event of the great welcome home reception to the fighting sons of the South End, the bonfire and concert on the fair grounds tomorrow night promises to be one of the most enjoyable features of the celebration.

This part of the program is in charge of the Manhattan Social club, and each and every member of the organization has worked untiringly, night and day, to make the event one of the most notable in the history of the city.

The huge pile of wood, etc., will be over 50 feet before the torch is applied and with a clear night it is expected that the entire district will be illuminated. John Baxter, secretary of the club, with the various committees says the surrounding program will be one of the best obtainable and already plans are being made to handle a tremendous crowd. Music will be furnished by a band and there will be singing by several talented artists.

Richard H. Long, democratic candidate for governor, and several other prominent speakers will be on the program. The acceptance of this invitation will prevent Mr. Long from appearing at the rally announced to be held in the downtown district tomorrow night. Mr. Long is particularly interested in the service men and

to assist in any event honoring the world war heroes, he says, is more important than to speak at a rally. Consequently when he was asked to attend the opening event of the big celebration, he immediately notified his manager to call off the proposed rally.

The exercises will open at 8 o'clock and will be as follows: Opening address, Charles Dillon, presiding officer, William H. Sullivan, Mayor Thompson, Col. John F. Herbert, of Worcester, Hon. Richard H. Long, John J. Gilbride, and Charles H. Burns, of Lynn.

Flies 1123 Miles

Continued

Williamsport, Pa., yesterday, because of trouble with his compass, resumed his journey to Binghamton today.

Lieut. D. B. Gish, who with Capt. De Lavergne, air attaché of the French embassy was forced to descend at Canagage, N. Y., yesterday when his plane caught fire, arrived at Mineola today to re-enter the contest in another machine. Neither he nor his passenger was injured. Capt. De Lavergne was taken aboard a Martin bombing machine by Capt. Roy Francis, at Rochester, today. Lieut. Gish expected to overtake the bomber and transfer Capt. De Lavergne to his machine.

The mystery of airplane "No. 55," described as the "phantom ship" by officials of the American Flying club, was still unsolved. The machine suddenly descended from the sky yesterday, touched its wheels to the ground, and continued without stopping or "checking out" at the official tent. Flying officials today communicated with all control stations east of Chicago in an effort to clear up the mystery.

The second accident on Roosevelt occurred this morning when a New-York machine piloted by Lieut. T. Hayes, crashed to earth from a height of 100 feet while attempting to get away in the race. The plane was wrecked, but the pilot was uninjured.

Three Killed First Day

MINNEOLA, N. Y., Oct. 9.—Three aviators had been killed; four of the 62 originally entered planes had been put definitely out of the running, and the status of several others remained unknown early today when the army's great transcontinental air race over a 5400 mile course between Mineola and San Francisco was resumed.

Undismayed by the fate that befell their comrades yesterday on the first day of the great speed, endurance and reliability test, pilots of planes scattered over the course from Mineola as far west as Chicago and from San Francisco east to Salt Lake City, were up today with the dawn, eager to start the second day's grueling test.

Given flying weather as good as that of yesterday, the leading planes from the east and those from the west should cross trails shortly after noon. Yesterday Lieut. B. W. Maynard, the "flying parson" who led throughout the first lap, covered the 510 miles that separate Mineola and Chicago at a two-minute margin. Eleven flyers from San Francisco covered the 617 miles from San Francisco to Salt Lake City. Thus, the leading flyers from east and west covered a total of 1524 miles and were separated this morning by only 1105 miles.

The Dead

The men killed yesterday were Major D. H. Chrissy and his observer, Sergeant Virgil Thomas, who met almost instant death in a crash at Salt Lake City, and Sergeant W. H. Nevitt, observer for Col. Gerald Brandt, whose plane crashed at Deposit, N. Y. Col. Brandt was slightly injured.

Two other planes put definitely out of the race were those driven by Air Commodore L. E. O. Charlton, British aviation attaché in the United States, and Lieut. D. B. Gish, Commodore Charlton's plane fell at Ovid, N. Y., while Lieut. Gish's crashed in flames at Canagage, N. Y.

One Airman Missing

Lieut. J. G. Williams, who left Mineola at 10.15 a. m. yesterday had not been heard from this morning.

Three contestants who were obliged to make forced landings yesterday hoped to get back in the race today. They are Lieut. Ross Kirkpatrick, who descended at Vernon, N. Y., Lieut.

A COAT SALE THAT WILL BE A HUMMER

A Remarkable Purchase From Two New York Makers

SALE COMMENCES FRIDAY MORNING

500 Women's and Misses' New Fall and Winter Coats, Regular \$35, \$40 and \$45 Values at \$29.50

This is a most exceptional opportunity and one that we hope the ladies of Lowell and vicinity will take advantage of while these unusual coat values are on sale. Spot cash did the trick. We are unpacking the coats today. A dozen of the season's most fashionable models to select from.

The Materials—
SILVERTONE, KERSEY, POLO CLOTH and VELOUR. The seasons' most wanted fabrics for warmth and style without weight.

OSGOOD RESIDENCE SOLD

The old residence of Charles H. Osgood at 53 Mt. Hope street was recently purchased by John B. Boudreau, a former councillor, whose home is in Crawford street. The sale was made at a public auction conducted by Walter E. Guyette through the office of Thomas H. Elliott. The property consists of an eight-room up-to-date house with a large tract of land. Mr. Boudreau intends to occupy the premises within a short time.

Commonwealth of Massachusetts

Probate Court. To all persons interested in the estate of Andrew J. Rodger, late of Lowell, in said County, died seized of said County, notice is hereby given that a petition representing that said Rodger is the widow of said deceased, and is entitled to dower in his said lands, and to have the same as assigned, praying that the same may be assigned to her by said Court, as provided by law.

You are hereby cited to appear at a Probate Court, to be held at Cambridge, in said County of Middlesex, on the twenty-fourth day of October, A. D. 1919, at nine o'clock in the forenoon, to show cause, if any you have, why the same should not be granted. And said petitioner is ordered to serve this citation by delivering a copy thereof to each person interested, fourteen days, at least, before said Court, or by publishing the same once in each of three successive weeks, in week, for three successive weeks, in the Lowell Sun, a newspaper published in Lowell, the last publication to be on a day, at least, before said Court. First Justice of said Court, this eighth day of October, in the year one thousand nine hundred and nineteen.

F. M. EASTY, Register.

FURTHER IMPROVEMENT BY PRES. WILSON

WASHINGTON, Oct. 9.—President Wilson had another good night and apparently showed further improvement today.

President Wilson continues to hold the noted improvement in his condition sight yesterday, said a bulletin issued by Rear Admirals Grayson and Smith.

The bulletin follows: "White House, Oct. 9, 11.30 a. m. "While there is no material change in the president's condition, the slight improvement noted yesterday continues."

"GRAYSON" "SMITH"

Fire Prevention

Continued

urged adherence to the common precautions against fire, including accumulation of waste matter, carelessness with matches, etc.

In hundreds of homes housewives answered the proclamation by destroying all superfluous papers, rags and other refuse which is easy prey to fire once ignited. The outside of houses also were polished in many instances and yards which had become refuse dumps through neglect were given a thorough cleaning.

It is not the Intent of Fire Prevention

PLAN NEW HIGHWAY

Plans for the construction of a state highway between Littleton and Groton are being prepared by the highway commissioners and it is expected the job will be started early in the spring. The new road, which will be a connecting link of the state highway between Boston and Keene, N. H., and which will be of great value to numerous residents of this city, will extend from the Littleton common to the Groton line, a distance of about 5 1/2 miles and will cost approximately \$35,000 a mile.

POSTAL CLERK DISPELS DOUBT

"I Will be Glad to Aid Sufferers From Rheumatism," Says Cambridge Man

Henry C. Hackett is a postman of Cambridge, Mass. There is not a more active mail deliverer in this college city. He is pointed out as a man who can give a positive proof of how Var-Ne-Sis conquers rheumatism. One would not suppose to look at Mr. Hackett that he had ever known a sick day in his life, and yet his own case is proof of how Var-Ne-Sis conquers rheumatism.

"I was delivering mail," says Mr. Hackett, "when I was overcome with an attack of rheumatism so bad that I had to quit. My doctor told me that he could not cure me. I had heard from others who had been benefited by Var-Ne-Sis. The druggist of whom I purchased it said that it would not injure me in any way, because it was made from nature's own remedies of roots and herbs.

"At the time I began taking it, I was obliged to walk on the toe of my left foot as a result of the pain, and could not straighten the joints of my knees. It required only a few bottles of Var-Ne-Sis to relieve that trouble, so that I was able to parade with the band in the Liberty Loan parade. Today I am entirely well. I have not the slightest symptoms of rheumatism, as you can see. And I will only be too glad to have anyone write to me and I will give them my endorsement of Var-Ne-Sis."

Var-Ne-Sis is in liquid form or tablet form, at druggists, or you can get it direct from W. A. Varney, Lynn, Mass.—Adv.

WILL DISTRIBUTE VICTORY BUTTONS

Capt. Angell of the main recruiting station in Boston will be at 117 Merrimack street, this city, from noon to 6 p. m. tomorrow for the purpose of issuing victory buttons to all ex-soldiers holding honorable discharge papers. Those who find it impossible to reach the office at the hours above stated may leave their discharge papers there and Capt. Angell will see to it that they get their buttons.

EVERY ELECTRIC SOCKET IS

A Little Furnace

—ready to bring warmth and comfort to your home the instant you attach an Electric Heater to it.

Push-Button Warmth

—is an every-day necessity in the Fall with its frosty mornings and chilly evenings.

The Electric Heater will not take the place of a stove or steam radiator but is excellent where a little additional warmth is required.

Laborer Murdered and Robbed

LINCOLN, N. H., Oct. 9.—County authorities today were investigating the death last night of John O'Brien, a laborer in a construction camp here, who was killed and robbed. The man's body, shot through the head and heart and with the head beaten, was found beside a road, an hour after O'Brien had been seen in company with two men. His watch was taken, but \$48 which he had placed in a bag around his neck, was overlooked.

Airplane Falls Into Lake Erie

ASHTABULA, Ohio, Oct. 9.—Airplane No. 45 in the transcontinental aerial derby fell into Lake Erie three miles east of Ashtabula harbor this morning. The two occupants were rescued. An attempt will be made to salvage the plane.

"Flying Parson" Continues to Lead in Great Coast to Coast Air Race

LT. MAYNARD
FLIES 1123 MILES

Goes From Mineola to Des
Moines, Ia., in 26 Hours,
59 Minutes

Poor Weather Holds Up
West Bound Flyers—An-
other Accident

MINNEOLA, N. Y., Oct. 9.—Lieut. J. W. Maynard, the "flying parson," led all other aviators today in distance covered in the army's transcontinental race. He flew from Chicago to Rock Island, Ill., this morning, and thence to Des Moines, Ia., 1123 miles from his starting place. His total elapsed time between Mineola and Des Moines was 25 hours and 59 minutes, allowing for the difference in time. Capt. H. C. Brayton left Bryan, Ohio, in the rain bound west, although poor weather held up virtually all other west-bound flyers at the control stations in Rochester, Buffalo, Bryan and Cleveland. Weather conditions around Chicago had sufficiently improved at noon to allow the west bound flyers to resume.

East bound flyers encountered better weather and three pilots were enabled to leave Salt Lake City, Utah, early today for Green River, Wyo., 137 miles distant and 755 miles from the starting point at San Francisco.

Thirty of the 48 machines leaving here had arrived at Buffalo before noon today. A number of others were held up at Birmingham and Rochester. Capt. John Macquette, who landed near

ACTION TO FOLLOW THE \$30,000 MORE
TREATY RATIFICATION APPROPRIATED

PARIS, Oct. 9.—Ratification of the Versailles treaty by three allied powers and its consequent coming into effect will necessitate the appointment of a number of boundary and administrative commissions and various positive measures provided for in the treaty within a short time.

Germany must immediately surrender all German surface war vessels outside German ports and demilitarize ships now under construction, the evacuation of the parts of Schleswig, whose future ownership is to be determined by a plebiscite, must be carried out within 10 days after the completion of the treaty and the administration turned over to an international commission created by the allied and associated powers together with Norway and Sweden.

SHIP APPEALS FOR AID

U. S. Shipping Board Steamer
Yaklok in Distress off
Coast

HALIFAX, N. S., Oct. 9.—An appeal for aid was received today in a wireless message from the United States shipping board steamer Yaklok, intercepted by the radio station at Harrington, N. S. The message said that the Yaklok was totally disabled and drifting helplessly in latitude 41.57 north, longitude 66.21 west. The steamer Anacortes reported that she was about 20 miles from the disabled ship and proceeding to her relief.

The position of the Yaklok as given in the wireless message was 200 miles east of New York. The steamer, 4641 tons, sailed from Norfolk on Oct. 2 for Naples.

BOSTON, Oct. 9.—The guard cutter Osprey was ordered to proceed from Portsmouth, N. H., today to the assistance of the shipping board steamer Yaklok, which was reported in distress off the coast. The Osprey had returned only last night from a three days' cruise to assist other distressed vessels.

MAY HAVE FALLEN INTO LAKE
CLEVELAND, Ohio, Oct. 9.—Lieut. H. D. Norris, who made a forced landing at Wickliffe, 10 miles east, said Lieut. J. P. Bonette might have fallen into Lake Erie, as he was having trouble when Norris left him.

Council Gives Two-Thirds
to Street Dept. and One-
Third to Com. Marchand

Com. Murphy Also Voted
\$10,000 on Paving Loan,
the Mayor Opposing

One of the \$30,000 which remained as the amount the city council might appropriate for any department during the balance of the year. It was wiped off the books this morning when the four commissioners and Mayor Thompson voted \$20,000 of it to Commissioner Murphy for street maintenance and \$10,000 to Commissioner Marchand of the public property department.

In addition to his \$20,000 for maintenance, Commissioner Murphy was voted \$10,000 through a loan for permanent paving. The loan order as previously presented on Tuesday and again today called for \$20,000, but was cut in half on motion of Mr. Marchand. According to Mr. Murphy part of this money will be used to finish the work at the new Pavetucket bridge and part to fix up Thorndike street near Dutton. The vote on the loan order this morning showed the four commissioners in favor and Mayor Thompson opposed.

The meeting of the council today ostensibly was for the purpose of approving monthly bills, but that routine process was completely overshadowed.

LARCENY CASE RESUMED

Trial of Railway Conductors
Charged With Larceny Not
Yet Completed

The cases against the three Lowell street car conductors, J. J. Kelley, Camille Chicino and J. E. Wallace, accused of stealing fares from the Eastern Massachusetts Street Railway Co. on various dates in September, were resumed before Judge Baright this morning, and took up the greater part of the day. Indications were that the trial would not be taken up again until next Tuesday, when the defense will present its case, the case of the prosecution, represented by Attorney Wier, having been practically completed at the close of today's sessions.

All five "operators" of the Railway Auditing and Inspecting Co. of Philadelphia, who were employed by the local street car company to investigate alleged cases of fare stealing by its employees, testified today in the complaints against J. J. Kelley. Some were able to give their testimony without reference to their notes.

The prosecution at this morning's session took up the case against John J. Kelley, charged with stealing various amounts from the local street railway on various dates in September, the evidence in the cases of the other two conductors, Camille Chicino and J. E. Wallace having been completed by Attorney Wier at yesterday's sessions.

The first complaint charged Kelley with holding out fares on a trip from Merrimack square to Billerica at 12.35 p. m. on Sept. 7.

Operator Marcus took the stand and said that he had made this trip on Conductor Kelley's car. A lady boarded the car at the square and gave Conductor Kelley a quarter. The lady received 15 cents in change and no fare was deposited in the fare box by Kelley.

At the postoffice, three men got on the car. One man gave Wallace half a dollar, paying for three. Wallace returned 20 cents in change, but only one dime was dropped in the fare box, he declared.

At Davis square two men boarded the car. One gave Wallace a quarter, paying for two. Five cents change was returned, and one dime was deposited in the box, he said.

At North Billerica postoffice a man boarded the car and gave Kelley 10 cents. No deposit was made, he testified. Another man gave the conductor a dollar bill, ninety cents was returned by Kelley and one nickel only placed in the box.

Operator Marcus gave the entire testimony of this trip without referring to his notes.

Williams Knocked Out of the Box In the First Inning-- James and Eller Pitch

COMISKY PARK, Chicago, Oct. 9.—

The sun broke through the clouds shortly before noon today, but a high wind sprang up.

When the Sox began practice clouds of dust were raised by the wind sweeping down on the diamond and gave promise of difficult work on the part of the infielders.

Faher served up the headers for the Sox while Williams took his regular position in the batting practice.

Eller batted in his regular position when the Reds went on the field. The wind grew stronger and both infielders and outfielder had a hard time.

Both left and right field bleachers were packed to capacity and the pavilions almost so.

In anticipation of Williams working for the Sox, Manager Moran sent Bresler to serve up southpaw batters to the Reds.

Eller and Williams

At 1.40 p. m., the Reds indulged in a sharp fielding practice with Rariden handling the ball at the plate.

The Sox took the field for final fielding practice at 1.47.

Both Williams and Eller began warming up.

The umpires made their appearance on the field at 1.55.

The batteries for today's game: Cincinnati, Eller and Rariden; Chicago, Williams and Schalk.

Moran Expects End Today

Moran seemed confident today would end the series, making unnecessary the ninth game tomorrow at Cincinnati.

Interest in the series at Chicago was renewed by the comeback the White Sox staged and the prospect was that a capably crowd would be out.

Paul Loyd to Sox

In their renewed hope that the White Sox yet would win the series, local enthusiasts began to cast about for precedents. In no world's series has a club won four straight games

when its opponents needed but a single contest. In 1907, Frank Chance's old Chicago Cub machine took four straight from Detroit after the first game ended in a tie, and four straight victories by the Boston Nationals over the Philadelphia Americans and four straight by the Boston Americans over the Philadelphia Nationals were found.

The batting order:

Cincinnati
Rath 2b
Daubert 1b
Groh 3b
Roush of
Duncan 1c
Kopf ss
Neale rf
Rariden c
Eller p

First Inning

First half: Rath up. The first ball pitched by Williams split the plate but Rath did not make a bid for it. Rath opened the contest with a pop fly that Risberg got in short left. Daubert singled to center. It was a line drive that Liebold made a great effort for, but could not quite reach before it touched the ground. Groh fouled the first one off. Groh fouled the third ball into the left field pavilion. Groh singled to right. It was a short hit that cleared over first base, and Daubert held second. Roush doubled past first base to the right field pavilion fence, scoring Daubert and putting Groh on third. Pamos is warming up for Chicago. Duncan doubled to left field, scoring Groh and Daubert. It was a line drive that went over Weaver's head and Jackson fielded in the extreme left field corner. This was enough for Williams and "Big Bill" James went into the box for Gleason's team. James could not locate the plate and walked Kopf. Duncan still on second. Neale fanned, the third ball being called on him. James almost made a wild pitch but Schalk recovered the ball before any damage could be done. Rariden lifted a Texas

league hit over first base, scoring Duncan and putting Kopf on third.

The crowd gave Eller a handclap ovation when he went into the batter's box. Rariden stole second. Eller ended the inning by flying out to Felsch. Four runs, five hits, no errors.

Second half: The Reds displayed the most consecutive hitting of the series in this inning. Their waiters off Williams were all clean hits. Liebold up. Eller's first pitch was over the pan. Liebold started for the Sox with a clean single and Duncan held fast and prevented him from stretching it into a double. Ed Collins doubled to left, Liebold going to third. Ring was warming up for Cincinnati. Weaver fanned. Eller got his first victim when he slipped the third strike over on Weaver. Jackson lifted a puny fly that Kopf captured in back of third. Liebold holding third and Ed Collins second. Felsch tried to dodge the ball but it hit his bat, foul. Felsch fanned. The Sox hit Eller hard at the beginning of their batting but he lightened up on the third man and pitched himself out of a bad hole. No runs, two hits, no errors.

Second Inning

First half: Rath struck out. James got Rath in the three and two hole and slipped the third strike over on him. Daubert fled out to Jackson who got the ball after a short run. Groh called for the ball and examined it, but the umpire ruled it was O. K. Groh singled to Gandell. The latter got the ball back of first, but could not get up in time. Groh turned his ankle when he stepped on first base and play was delayed for a few minutes, but he resumed and took his position on first base. Roush doubled to left field, scoring Groh on the hit, but Roush was caught between second and third when Liebold threw to Risberg and in the run down, Schalk and Weaver got assists, while E. Collins finally put the ball on him. One run, two hits, no errors.

Would Declare Immediate Labor Truce and Arbitrate Great Nation Wide Steel Strike

FRANCE DECORATES
MAJ. GEN. EDWARDS

BOSTON, Oct. 9.—Major General Clarence R. Edwards, commanding the Northeastern department, today received the decoration of Commander of the Legion of Honor from the French

government. The decoration was conferred upon him, according to the accompanying citation signed by General Delain, as commander of the 26th (Yankee) division. General Edwards had previously been awarded the Croix de Guerre.

KITTREDGE TO BUY

MCCARTY PROPERTY

Negotiations are under way for the sale of the McCarty property at the corner of Palmer and Middle streets to Harry C. Kittredge, the well known Central street business man. It is expected that the final papers will be signed within a few days and then it is understood Mr. Kittredge will make necessary changes in the building to adapt it for immediate occupancy.

THE PROPERTY IS CENTRALLY LOCATED and consists of a four-story brick building with a floor area of about 3000 square feet, while the land area is close to 2000 square feet. It is assessed for over \$25,000.

\$50 REWARD OFFERED

BROCKTON, Oct. 9.—Ralph Kirkland of Roxbury, who was serving an eight months' sentence for escaping from the Hingham lockup last July, escaped from Plymouth Jail this morning. A reward of \$50 for his recapture has been offered by Sheriff Earl P. Blake.

"FIGHT TO THE DEATH"

Turkish Nationalists Demand

Application of Pres. Wilson's Principles

PARIS, Oct. 5.—A Turkish nationalist government has been constituted at Konier, Asia Minor, according to a despatch from Smyrna and has issued a proclamation demanding the application of President Wilson's principles to Turkey and declaring the supporters of the government will fight to the death to resist foreign intervention. The proclamation was signed "Patriotic committee."

25 STRIKING POLICEMEN RESTORED TO FORCE

BOSTON, Oct. 9.—Having renounced their affiliations with the Boston Police-men's union, 25 former members of the police department have been restored to duty. Charges of one kind or another have been made against these men and an effort is being made to adjust their cases as speedily as possible. Some have already been tried and others are going to trial today.

The men restored to duty come under various classifications. Some were on vacations during the vacations were suspended on the morning of the day of the strike; others were on sick leave, but did not go on strike although members of the union, while more joined the union after working for a couple of days subsequent to the strike.

No list of names of the policemen returning to work has been given out by police officials, but it is admitted that a way is being found to restore a considerable number of the policemen to the force as fast as they renounce their union affiliation in strictly union form.

Among those reinstated thus far are Henry Myers of Station 19, West Roxbury, Edwin F. Briggs, Thomas J. Quinn, William B. Quinn, John J. Maguire, Charles M. Montgomery and John J. Gallagher of the Brighton station. These men surrendered their police property and quit their jobs as individuals the day following the strike, after having performed their work on the night of the strike.

Sullivan Resolution Rejected

By a vote of 6 to 1, the executive council refused yesterday to pass a resolution offered last week by Councilor Lewis R. Sullivan calling for a report from Police Commissioner Edwin U. Curtis on certain phases of the police strike. The resolution requested that Commissioner Curtis state whether his expenses for counsel have exceeded the amount fixed by statute; to tell why he desired changes in the civil service regulations relative to applicants for the police department and called for a conference between the civil service commission and the attorney general about the power of the police commissioner to take back the striking policemen.

City to Defend Policemen

Mayor Peters yesterday sent a letter to Messrs. Vanhey and Freney, counsel for the Police-men's union, informing them that he had directed the corporation counsel to defend Patrick J. Coyne, one of the striking policemen. In a civil suit instituted while Coyne was a member of the department and also that such others as may arise will be defended. The letter follows:

"I have your letter of Oct. 6 in which you call my attention to the case of one Patrick J. Coyne, a former member of the police force.

"In response to your request I have directed the corporation counsel to defend Coyne's case and such others as may arise under similar circumstances."

Post Wants Men Reinstated

Resolutions calling for the reinstatement of the 1200 striking policemen have been adopted by Thomas J. Roberts Post 216, American Legion, at its meeting at Colman square, Dorchester.

"Resolved, That we, veterans of the world war, express our disapproval of the action taken by the governor and the police commissioner and that we declare our resentment against the application of 'deserters' to our comrades and others who are still fighting to make secure the application of the principles for which they fought as soldiers of the nation, and furthermore let it be known."

"Resolved, That we believe the best interests of our city can be served by immediately reinstating the 1200 striking policemen who for so long have efficiently protected our city while patiently bearing conditions that the public now know are a disgrace to our boasted superior culture."

Fresh Fruit Desserts—2c

Jiffy-Jell desserts, rich and fruity, cost but 2 cents per serving.

Each package contains a vial of fruit essence, made from condensed fruit juice.

Add boiling water, then this flavor, and you have a fresh-fruit dainty.

Compare Jiffy-Jell with the old-style quick gelatin desserts. You will find it five times better, yet it costs no more.

Millions now enjoy it.

If It's Hosiery You Want—the Kind You Want Is Here

SEN. WILLIAMS REPLIES
TO SEN. BORAH

WASHINGTON, Oct. 9.—Attacks on League to Enforce Peace were continued today in the senate. Senator Borah, republican, Idaho, charged that the league was sending out "doctored" propaganda designed to speed up ratification of the peace treaty, unamended.

Referring to a statement by Senator Borah that the League to Enforce Peace was calling for and getting large working funds, Senator Williams, democrat, Mississippi, said people who lived in glass houses should not throw stones, adding that somebody might come along and ask who was putting up the money for traveling expenses of certain gentlemen who are going about the country attacking the league.

Senator Borah said he wanted it understood that he paid his own way, his one regret being that he was not able to travel further and keep on speaking to the people about the treaty.

URGE RATIFICATION OF
TREATY AND LEAGUE

DETROIT, Oct. 9.—Resolutions appealing to the United States senate to ratify the peace treaty with Germany and the covenant of the League of Nations were introduced today in the house of deputies of the general convention of the Protestant Episcopal church and given a place on the calendar.

KING TO SIGN
TREATY TOMORROW

LONDON, Oct. 9.—The "king's copy" of the German peace treaty will probably be signed by King George tomorrow and forwarded to Paris. It is expected that the signing by the king will be followed by his peace proclamation. This will complete Great Britain's ratification of the treaty.

The vacuum process of condensing milk was invented in 1835.

Delivery of Freight Prohibited

NEW YORK, Oct. 9.—Delivery of all freight by lighter to steamers in New York port was prohibited today by W. N. Pollack, marine director for the United States railroad administration as a result of the longshoremen's strike.

Scientists say that more houses have to be rebuilt or repaired because of rot and decay than because of loss by fire.

INSURE YOUR HOME WITH
GOOD PAINT

You insure your home against damage by fire, although fire is only a possibility. Be just as careful in insuring against decay, for decay of unpainted wood is a certainty. The best assurance of protection lies in using the paints sold by C. B. Coburn Co.

Queen Anne Paint, Regular Shades, Gal. \$3.45
Town & Country Paint, Regular Shades, Gal. \$4.75

They protect against exposure to heat and cold, wind and wet.

Hood's Sarsaparilla

Take this good old family medicine For Scrofula, Catarrh, Rheumatism, Kidney Complaint, Dyspepsia. Having superlative merit it has given entire satisfaction to three generations. Fine purifier and tonic.

BEGINS FLIGHT FROM
NEWFOUNDLAND TO N.Y.

HALIFAX, N. S., Oct. 9.—Rear Admiral Mark Kerr's big Handley-Page bombing plane which was wrecked at Parrsboro, last summer on its flight from Newfoundland to New York, resumed its journey from Parrsboro at 11.55 o'clock this morning.

The machine, christened the "Atlantic" when it was entered for a trans-ocean flight last spring, climbed into the air and swung off across the Bay of Fundy for St. John, N. B. From that city it will lay its course down the New England coast over Portland and Boston in its journey to New York—625 miles in an air line from its starting field at Parrsboro.

Flight to ten hours are estimated as the length of the Atlantic flight, which is to be non-stop.

DEAN OF EPISCOPAL
THEOLOGICAL SCHOOL

CAMBRIDGE, Oct. 9.—The election of Rev. Charles L. Slattery, rector of Grace church, New York, as dean of the Episcopal Theological school, was announced by the board of trustees today. The position was made vacant by the death last May of Dean George Hodges, who had held the office since 1894.

Rev. Mr. Slattery was graduated from the school in 1894. Subsequently he was master of Groton school, dean of the cathedral at Fairbairn, Minn., and rector of Christ church, Springfield. He has been rector of Grace church since 1910.

IRISH QUESTION
IS DISCUSSED

LONDON, Oct. 9.—The Irish question occupied the attention of the cabinet today. Premier Lloyd George presided and Sir Edward Carson was summoned to the meeting.

Before the meeting it was announced that the cabinet committee appointed to find a solution of the Irish problem would meet today and hold frequent sessions in order that its work might be completed before the conclusion of the peace treaty with Turkey, as otherwise the home rule act, suspended for the war, would then come into force.

RACES POSTPONED

LEXINGTON, Ky., Oct. 9.—Today's grand circuit races were postponed because of rain.

PARIS, Oct. 9.—Discussion of the peace treaty with Germany began in the French senate this afternoon.

SUES UNIVERSITY

FOR \$115,000

NEW YORK, Oct. 9.—Prof. J. McKean Cattell, who was suspended as head of the department of psychology of Columbia university, Oct. 5, 1917, for alleged seditious remarks, today filed suit for \$115,000 against the university.

He denies the charges which were preferred by the trustees of the university and asks to be compensated for the "loss of his position and the deprivation for the remainder of his

life of the opportunity to earn a livelihood in his chosen calling," and for the "loss of social and professional prestige."

NOSE STUCK IN MUD

ELMIRA, N. Y., Oct. 9.—The trans-continental plane of Capt. John Marquette was reported today down 18 miles from this city, near Waverly, with its nose stuck in the mud.

International Union Head
Sees I. W. W. Behind N. Y.
Longshoremen

NEW YORK, Oct. 9.—The unexpected strike of thousands of longshoremen, which threatens to tie up the port of New York, yesterday was attributed directly to I. W. W. agitation by T. V. O'Connor, president of the International Longshoremen's union, who declared that the walkout, unauthorized, would not receive the support of the international.

Between 15 and 20 I. W. W. organizers have been at work on the waterfront for weeks, declared Mr. O'Connor, who asked Police Commissioner Enright for adequate police protection for the men who remained at work. John Kelly, president of the district council of longshoremen, was beaten by a man when he tried to persuade a return to work.

Eight hundred longshoremen and 100 checkers employed on the Pennsylvania railroad's piers at Jersey City, struck yesterday in sympathy with the New York wharf workers and for the same terms, 11 an hour for the longshoremen and 17 a day for the checkers.

The Cunard liner *Coronilla* was held up for five hours because of the strike, but finally sailed for Liverpool just before dark. The ship was obliged to leave behind about 500 tons of her 4,000-ton cargo of freight and also gave up the plan to take aboard 1,000 additional tons of bunker coal for the return trip. Clerks helped get baggage aboard and many second cabin and steerage passengers volunteered to bring their own trunks from the pier to the ship.

The White Star liner *Baltic* sailed on time for Liverpool with 1,200 passengers despite the strike, but only because heads of departments, clerks and others from the company's Broad-

way offices "pitched in" and moved 1500 pieces of baggage. Representatives of 40 steamship lines formally endorsed the decision of the wage adjustment board at a meeting yesterday. The award announced Tuesday decreed that longshoremen were to receive a 6-cent and 10-cent an hour increase in wages for day and night work, respectively, effective October 1. The decision has been rendered void by the strike, according to an opinion expressed by Frederick Topping, vice president of the International Mercantile Marine.

Fifteen hundred steamship office clerks, members of a union affiliated with the longshoremen, struck yesterday for a minimum of \$10 and a maximum of \$50 a week.

Striking longshoremen declared last night that the tieup would be complete at Hoboken by Friday, when all of the men would be called out at the Scandinavian-American Line Piers and at the army base.

OBJECTIONS TO BRIDGE ARE OVERRULED

BOSTON, Oct. 9.—The objections of Holyoke, Chicopee, Westfield and certain towns in western Massachusetts to the construction of a bridge across the Connecticut river between Springfield and West Springfield, were overruled today by the supreme court, which approved the plans of a commission appointed by the court two years ago. The commission consisted of John L. Bates, former governor, Joseph H. O'Neill, former congressman, and Joseph P. Worcester, a civil engineer.

BIG HUN GUNS HIDDEN IN FORTRESSES

PARIS, Oct. 9.—(French wireless service) Where are the big guns with which the Germans bombarded Paris during the last few months of the war, is a question that is being frequently asked both in Germany and outside of it.

A recent issue of the Berlin Tageblatt shows that this question was propounded by one of its representatives to Major Trepper, formerly attached to the German war ministry, and a participant in the armistice parleys. He also was asked whether Germany had pledged herself to hand over these guns. He is quoted as replying that Germany had given no such pledge and as adding: "If the French newspapers want to know where these guns are they can be told that they are well hidden and guarded in our fortresses on the coast."

"It is the news, the truth and fit to print." This is the standard The Sun follows in printing city, state and national news.

SUPPLIES FOR 2 YEARS

Noted Non-Magnetic Ship
Carnegie Ready for Big
Ocean Trip

WASHINGTON, Oct. 9.—With enough provisions aboard to last two years, and outfitted for a voyage of 6500 miles, the noted non-magnetic ship Carnegie was ready today to leave Washington on a task of tracing through the long spaces of the South Atlantic and Pacific oceans the devious curves which the magnetic pole lays out for the compass needle to follow. This is the fifth and probably the last trip of the Carnegie on this errand, which has already taken her through 200,000 miles of ocean during the last 10 years and has resulted in much information that is incorporated in the magnetic charts which sailors use. She was built by the Carnegie Institute especially for the work and has neither steel or iron in her hull or fittings.

MINERS VISIT PREMIER

Call on Lloyd George to
Press for Complete Na-
tionalization of Mines

LONDON, Oct. 9.—With the country not yet fully recovered from the railroad strike, a deputation of miners planned to call on Premier Lloyd George today to press for complete nationalization of mines. The deputation consisted of members of the parliamentary committee of the Trades union congress which met recently in Glasgow and members of the executive committee of the miners' federation.

If Lloyd George refuses to accept nationalization as it is assumed he will, a special trades union congress will be convened.

The Mail's labor correspondent writes: "Should the government prove obdurate, it is quite possible the nation will find itself in a few days in a position of even greater menace than it faced last week."

EPISCOPAL CHURCH CONVENTION
DETROIT, Mich., Oct. 9.—Committees of the general convention of the Protestant Episcopal church today took under consideration the plan for revision of the Book of Prayer, an extensive Americanization program on which it is proposed to expend \$1,500,000, and the program for extension of the church's work to be financed by a nation-wide campaign.

Women of the church, at a thanksgiving service today, presented a uni-

ALTERATION SALE

AT

OSTROFF'S

Starts Friday Morning, Oct. 10

AT 9.30 A. M.

We have outgrown our present store and so we are adding about 2500 square feet of floor space. Part of our enormous stock must be reduced to make room for the builders. Therefore, it will be worth your while to attend this sale.

Newspaper space is so expensive, and it would easily take from two to three full pages to itemize every article and price. We will just mention what we have in this sale. With a guarantee that every article you buy at this sale will be first quality merchandise.

We don't carry any seconds nor do we buy any job lots. Most of our stock consists of national brand goods, and it must be from 25 to 75 per cent. cheaper than you can buy elsewhere or your money cheerfully refunded.

TWO SHOT IN STRIKE RIOT

Negro Workers and Foreign
Born Strikers Clash at
Donora

Other Steel Plants to Reopen
Following Break in Ranks
of Strikers

PITTSBURG, Oct. 9.—A clash between negro workers and foreign born strikers at Donora, today, resulted in two men being shot and wounded and a number injured. The crowd was scattered by the state police.

While reports from company sources indicated that many strikers were returning to work, union leaders announced today that the strikers were holding firm and were prepared for a long siege.

According to the Carnegie Steel Co., about 500 more men are reporting to its mills daily.

First Break in Ranks

YOUNGSTOWN, Ohio, Oct. 9.—Coupled with the announcement that differences between employees and the Trumbull Steel Co., at Warren had been adjusted, it was reported today that the Brier Hill Steel Co. and the Youngstown Sheet & Tube Co. were preparing to start departments.

The agreement with the Trumbull Co. is the first break in the ranks of the Mahoning valley strikers.

Running at 50 Per Cent.

CHICAGO, Oct. 9.—Steel mills at Gary, East Chicago and Indiana Harbor, Ind., and South Chicago, Ill., reported today that they were running on a 50 per cent. scale or were ready to resume immediately at a reduced capacity.

Military control continued at Gary as did martial law at East Chicago and Indiana Harbor.

JURY TO TRY GEORGE A. LONG COMPLETED

MONTPELIER, Vt., Oct. 9.—A jury to try George A. Long on the charge of murdering Mrs. Lucia C. Broadwell in Barre, the night of May 3, 1919, was completed in Washington county court today; the state presented an outline of its case, and the jury and court attaches went this afternoon to Barre to look over the locations to be mentioned in the testimony.

The jury is largely made up of farmers and all of the 12 are married except Juror Ira H. Edson, who is a widower. The jury is composed of the following: Maynard King, 35, Calais, a road patrolman; Ira H. Edson, 60, Montpelier, a janitor; Thomas J. Ferris, 60, Moretown, an undertaker; Frank W. Nichols, 31, Montpelier, an automobile liveryman; Raymond J. Campbell, 28, Fayston, a farmer; Charles W. Coddling, 31, East Montpelier, a farmer; John W. Alexander, 30, Middlesex, a farmer; John L. Baird, 53, Waitsfield, a retired farmer; M. C. Barber, 60, Waterbury, a farmer; A. J. Patterson, 62, Middlesex, a farmer; Walter D. Ordway, 51, Montpelier, a salesman; Edward E. Kellogg, 61, Montpelier, a property caretaker.

The drawing of the jury was completed just before noon. On the reopening of court this afternoon, the outline of the state's case was presented, after which the trip to Barre was taken to look over the scene alleged to be connected with the death of Mrs. Broadwell.

MATRIMONIAL

Mr. Edouard Froulx and Miss Agathe Montblanc were married yesterday afternoon at Notre Dame de Lourdes rectory, the ceremony being performed by the pastor, Rev. Leon Lamotte, O. M. I. The witnesses were Messrs. Edouard Hubert and Albert Froulx.

Dubois—Ryan

The marriage of Mr. Antonio Dubois and Miss Marie Alice Ryan took place yesterday afternoon at Notre Dame de Lourdes rectory, the officiating clergyman being Rev. Leon Lamotte, O. M. I., pastor. The couple were attended by Messrs. Alfred Ryan and Napoleon Dubois, brother and father of the bride and bridegroom respectively.

Laporte—Heriot

Mr. Philippe Laporte and Miss Lea Benoit were married yesterday afternoon at 4 o'clock at St. Joseph's rectory, the officiating clergyman being Rev. Louis N. Bachand, O. M. I. The bride wore a blue velvet travelling suit with hat to match and carried bridal roses. The bridesmaid, Miss Evelyn Benoit, a sister of the bride, was attired in a brown travelling suit with hat to match and carried chrysanthemums. The best man was Mr. Arthur Tremblay, a cousin of the bridegroom. At the close of the ceremony a wedding supper was served at the home of the bride, 95 Varney street and later Mr. and Mrs. Laporte, who were the recipients of numerous wedding gifts left on a honeymoon trip to New York and Niagara Falls, and upon their return they will make their home in this city.

Sayers—Dolan

Mr. John T. Sayers, a well known conductor on the electric cars and Miss Margaret C. Dolan were married yesterday afternoon at 5 o'clock, the ceremony being performed at St. Peter's rectory by Rev. Fr. Lihahan. The bride wore white georgette with bridal veil and carried lilies of the valley. She was attended by her cousin, Miss Catherine E. Tivnan, who was attired in pink georgette and carried pink roses. The best man was Mr. John Dolan, a brother of the bride. At the close of the ceremony a reception was held at the home of the bride, 125 Summer street. Later in the evening the happy couple left on a wedding trip to New York and upon their return they will make their home at 125 Summer street.

U. S. STEEL ATTACKED AND DEFENDED

WASHINGTON, Oct. 9.—The United States Steel corporation was attacked and defended during the second day of arguments in the supreme court, which is considering the government's anti-trust suit against that organization. C. H. Ames, assistant to the attorney general, appearing for the government, declared the corporation was organized for the purpose of eliminating the possibility of competition, while Richard V. Lindabury, for the defense, urged the court to sustain lower court decrees dismissing the proceedings.

Replying to inquiries by Justices Van deanter and Pitney, Judge Ames told the court that aside from asking for the breaking up of the corporation into competitive units, the government had no plan to suggest.

"But don't you pray for the dissolution of several of the subsidiaries?" inquired Justice Pitney.

"Our thought as to that," replied the government attorney, "was that the court might not care for a complete plan. If you grant that relief, but that a complete plan could be worked out later, as was done in the tobacco case."

Mr. Lindabury asserted the action of the corporation organizers in acquiring control of various steel plants back in the 90's was more one of salvage than monopoly, owing to the prevailing depressed financial conditions, which resulted in the failure of about 100 steel companies. He also referred to the extensive investigation made several years ago by a congressional committee.

"They found no fault with the organization of any of them. They found no illegal practices,"

Despite this, he said, the supreme court was asked to find iniquities 22 years after the corporation was formed.

To combat government arguments that the corporation is a monopoly Mr.

CHILD SAVED BY MOTHER

Gertrude Lapierre, six-year-old daughter of Mr. and Mrs. Anselme Lapierre, 29 Main Street, Sanford, Maine, was saved from fits by the prompt action of her mother who administered Dr. True's Elixir.

Mrs. Lapierre wrote the following for Dr. J. P. True & Co.: "My daughter, Gertrude, had fits since she was born and could not even go out for she always complained of being sick. She used your Elixir (Dr. True's Elixir, the Family Laxative and Worm Expeller). She never had any fits since. I feel very grateful to you."

Symptoms of worms: Constipation, deranged stomach, swollen upper lip, sour stomach, offensive breath, hard and full belly, with occasional gripings and pains about the navel, pale face of leaden tint, eyes heavy and dull, twitching eyelids, itching of the nose, itching of the rectum, short dry cough, grinding of the teeth, little red points sticking out on the tongue, starting during sleep, slow fever.

Dr. True's Elixir has been faithful in its duties as a family laxative and Worm Expeller, since 1881—over 38 years reputation. Every one can improve their health by simply looking after the bowels—a pure herb, laxative which Dr. True's Elixir is, will promptly relieve all worry and disorders. AT ALL DEALERS—Adv.

Encouragement For Those Who Have Indigestion

New Hampshire Man Tells How
Dr. Williams' Pink Pills Re-
stored His Health

"There is hope for every sufferer from stomach trouble," declares Mr. William Kelly, who lives at No. 69 Doyer street, Manchester, N. H. "I base this belief on my own experience. I suffered two years from acute indigestion pains which seemed to be growing more severe with each attack. Food soured in my stomach and distressed me. This caused sleeplessness and nervousness. I had to be very careful what I ate and even with this care the attacks occurred."

"One day I saw a newspaper announcement of Dr. Williams' Pink Pills and decided to give the remedy a trial. An improvement was noticeable in two weeks and as I continued the treatment I grew stronger and better by the day. I no longer have attacks of indigestion and can eat a hearty meal of substantial food without fear of pain. I have gained strength and weight and feel better than I have in a long time. Dr. Williams' Pink Pills did it and I have recommended the remedy to many others."

Your own druggist can supply you with Dr. Williams' Pink Pills or you can order direct from the Dr. Williams Medicine Co., Schenectady, N. Y., enclosing fifty cents for one box or \$2.50 for six boxes. Write today for the free booklet, "What to Eat and How to Eat."—Adv.

ARREST COUNT POTOCKI

Was About to Leave Montreal
for Great Britain—Woman
an Companion Held

MONTREAL, Oct. 9.—Count Maximilian Egon Potocki, on his arrival here from New York was arrested yesterday while preparing to depart for Great Britain on the steamer Empress of France and sent to the Naupoksing internment camp. A woman with him was sent to New York.

Investigators for the report of alien enemies, announced that they had found incriminating papers in the possession of the count. One was a letter from Dr. Friedrich Adler, Sparran leader in Vienna, commenting on the "wonderful work" the count's mother was doing in southern Europe, with a eulogy of Rosa Luxembourg and Karl Liebknecht.

In the findings of his hat and overcoat were found addresses of men and women in many parts of Europe whose names were on government files as persons of radical tendencies. Count Potocki was travelling as "James Dunn" and his passport showed him to be a British subject who was general manager of a large corporation. He had more than \$50,000 with him in letters of credit, cash and jewelry.

CHILD SAVED BY MOTHER

\$5,000,000 SUIT
Boston Lawyer Sues the Paul
Keith Estate

BOSTON, Oct. 9.—John F. Cronan, a Boston lawyer, has brought a second suit against the estate of the late Paul Keith, for \$5,000,000 for services he claims to have rendered in preventing the late B. F. Keith from disinheriting his son, Paul.

An earlier bill filed was one in equity. The present one is an action at law. Mr. Cronan alleges he made it possible for Paul Keith to succeed to his father's \$15,000,000 estate and that he did it on an oral agreement with Paul Keith and Edward A. Albee that he should have a one-third interest in the property if he succeeded in inducing the father to transfer his enterprises to the son and to Mr. Albee.

The declaration contains 246 items of service, including one of inducing B. F. Keith's widow to accept \$500,000 and not to contest her husband's will.

JAPS TO CO-OPERATE WITH AMERICANS IN SIBERIA

TOKIO, Oct. 9.—Orders have been issued by General OI, commanding Japanese forces in eastern Siberia, directing his men to effectively co-operate with American authorities in the operation of the Trans-Siberian railroad. This is a result of strong representations made by the United States to the Japanese government claiming that in sections guarded by Japanese troops the lives and property of Americans have not been adequately protected. In the event that co-operation by the Japanese troops could not be secured, it is said, the note hinted American forces would be withdrawn from Siberia.

Reports state the American notes expressed the fear by inference, that the policy of Japan in Siberia might be open to criticism as being opposed to the "new idea of international co-operation."

Japanese officials seem inclined to minimize the gravity of the situation and declare they have not been supporting General Semenov, anti-Bolshevik leader, whose activities have occasioned concern in allied circles.

POSSE SEEK MURDERERS

"Man Hunt" With a Woman
as One of the Fugitives in
Progress in Georgia

MACON, Ga., Oct. 9.—A "man hunt" with a woman as one of the fugitives was in progress today. Sheriff Hicks of Bibb county, with a posse of about 100 men was searching the woods near Camp Harris for a man and a woman charged with killing A. J. Elkins and probably fatally injuring Tom Sanders, near here late yesterday.

The victims, both well to do farmers, were driving toward home from Macon, each in his own wagon, when they overtook a man and a woman walking. Elkins gave the man a lift and Sanders did likewise for the woman.

After riding a short distance the man gave Elkins a death blow with a hammer he had concealed on his person and the woman assailed Sanders in the same manner. Sanders was robbed of \$50, after which the couple took refuge in the forest.

Hammers similar to those with which farmers were struck down were found in a Crawford county banking house shortly after a safe blowing. The police expressed the belief that the two fugitives were yeggs who had operated in this section recently.

MATRIMONIAL

Mr. Daniel F. Callahan and Miss Elizabeth E. O'Neil were married yesterday afternoon. The ceremony being performed at 5 o'clock at the Sacred Heart rectory by Rev. Fr. Mahan, O. M. I. The bride wore white crepe de chine with veil caught up with orange blossoms and carried bridal roses. The bridesmaid, Miss Anna O'Neil, a sister of the bride, was attired in pink crepe de chine with hat to match and carried Ophelia roses. The best man was Mr. Edward Callahan, a brother of the

Become Slender

A Simple, Guaranteed Method

If you would like to lose, weekly, from one to five pounds of burdensome fat while eating and drinking all you need, also enjoying life far better than at present, just follow this advice:

Take seven deep breaths of fresh air each morning and evening; after each meal take a little oil of kerosene; eat all you need, but chew thoroughly; and follow other simple directions of the guaranteed Korrin system.

Men and women who were wasting around with heavy, sluggish bodies have, in many cases, reported a gradual, agreeable reduction of thirty to eighty pounds, with wonderful benefit to health and figure. This very reason is the time to become slender, attractive, vivacious and healthier, very easily. Get oil of kerosene at the drugists; it comes in capsules, convenient to use and is now sold at before-war low price. Weigh and measure yourself week to week. You can scarcely realize the joy that awaits you in normal symmetrical figure, with good health and longer life. Show others this advertisement

Austrian Assembly to Act on Treaty

VIENNA, Oct. 9.—When the national assembly of the Austrian republic meets next Tuesday, the treaty of peace between Austria and the allied powers will be submitted for ratification.

Two Killed, 25 Injured by Tornado

HOISINGTON, Kan., Oct. 9.—With two persons known to be dead and 25 injured, several seriously, as the result of a tornado late yesterday, officials today were making efforts to learn whether there had been any casualties in outlying districts. The storm swept a wide path through business and residential districts here, causing a loss estimated at \$250,000.

STABLE SANITATION—

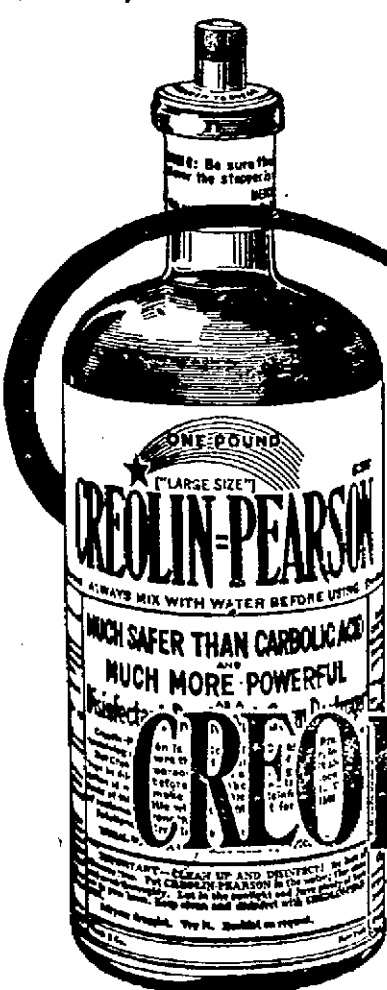

Disinfectant, powerful antiseptic and purifying agent

CREOLIN-PEARSON

DISINFECTANT

Is the perfect preparation for use in your stable and out-buildings. The horse says "Thank you" for the regular washdown with a CREOLIN-PEARSON solution. It helps to heal gall spots and hoof troubles, and to keep away flies.

Pigs, chickens and other domestic animals all are kept in better condition when CREOLIN-PEARSON is used liberally.

CREOLIN-PEARSON has a wide range of usefulness in your home, on the farm, in stable and factory. It is both antiseptic and disinfectant. CREOLIN-PEARSON is much more powerful than carbolic acid, having a coefficient of 9 to 10, which is clearly marked on the label for your protection. CREOLIN-PEARSON is safe to handle as directed; it is neither caustic nor corrosive. CREOLIN-PEARSON always makes a milky solution with water. This and its slight odor are characteristic.

At Your Druggist's

\$30,000 More Appropriated
Continued

by the passage of the two orders and the allied discussions which attended each action.

The money voted to Commissioner Murphy this morning raises the total amount of money given to the department of streets and highways this year to \$401,000, of which \$216,900 is maintenance and \$244,000 loans. Mayor Thompson again voiced his disapproval of the voting of any more money through loans as the city stood only \$25,000 away from the borrowing limit and said that a loan at this time actually impairs the city's credit. The \$10,000 voted brings the margin down to \$25,000.

Commissioner Morse fought for a slice of the \$30,000 appropriation for a time, but later withdrew in favor of Mr. Murphy, saying that he would try to get along somehow.

The council came to order at 9:20 o'clock.

A petition from Thomas B. Rafter and others for tar coating for Troy street and Putnam avenue was referred to the street department.

Frank C. Gilbert was given license to serve as a weigher of coal for the Thorndike Coal and Grain Co.

A hearing was set for October 25 on the petition of Lucy C. Gaudette for the erection of a garage and the housing of gasoline at 1117 Middlesex street.

The council accepted the reports and voted for the orders to lay sidewalks and edgestones on the following petitions: Chas. T. Kilpatrick, that Westminster street be accepted and edgestones and sidewalks be laid; St. John's hospital, that concrete and granolithic sidewalks be laid in portions of Backpole, Fayette and Bartlett streets; M. A. Gage, that sidewalk be laid in front of the premises at 523 Pawtucket street; Louise P. Chippindale, that sidewalks be laid in portions of B and Chauncey streets; James F. Hurley, that sidewalk be laid in front of the premises at 730-732-734 Moody street.

The council took up the approval of monthly bills at 9:30 o'clock.

Commissioner Murphy said he could not approve the bills of his department until he got some money from which to pay them. The bills amounted to \$3535.45.

Mayor Thompson said that it seemed that Commissioner Murphy found himself in a position to either hold up payment of bills or not meet his payroll and that before the discussion on approval ended some consideration should be given the amount of money available in order that the commissioner might have something to work on.

Morse and Murphy

Commissioner Morse asked Mr. Murphy if he could not withhold payment of the bill for a car of oats and the latter replied that he did not wish to hold up any bills.

"Well, something has got to be done," said Mr. Morse. "Are you working your men full time, Mr. Murphy?"

"No sir, I am not."

"When I had the street department I had to clip the force of sparrow men," said Mr. Morse. "Sparrow men have never been clipped at this time of year," said Mr. Murphy.

"They have been," said Commissioner Morse, "twice to my knowledge."

"Well, I have been informed that they never have been," retorted Mr. Murphy.

"You have been wrongly informed," said Mr. Morse.

"There is \$30,000 available," said the mayor, "and it comes down to the simple question of which department needs it most. At the present time, perhaps it seems that Mr. Murphy has the most urgent need."

"I ought to have at least \$10,000," said Mr. Marchand, "I have got to pay \$5000 to contractors for the installation of three boilers."

"You all know my situation," said Commissioner Morse. "I want more motor apparatus for the fire department. One piece of apparatus will cost \$5500. I can't borrow one cent for the water department and I haven't got any money to put on new men."

"There is no comparison between your department and mine," replied Mr. Murphy. "I have so much work which has to be done, while the fire department is more or less stabilized. The fire apparatus you have may be little old-fashioned, but, nevertheless, it is sound."

"Did you say sound?" asked Commissioner Morse. "Go up and look at the engine at the Lawrence street house and see if you call that sound."

Conestoga Tax Rate

Mr. Murphy continued: "During the last 40 weeks of this year I have worked on an average of eight men on the work of street maintenance. Mr. Morse employed during the same period in 1918, I say again, here is something wrong with our tax rate. I pleaded at the outset for a honest tax rate."

"Honest tax rate? We have an honest tax rate," replied Mr. Morse. "I worked all those men last year, as you say, and I paid them all. I got some way or other."

"That is all right," said Mr. Murphy, "but you must not forget, Mr. Morse, that I got only \$180,000 this year against an actual expenditure of \$205,000 and moreover, I left over bills to pay to the amount of \$11,500."

"Well, Mr. Murphy, what was left to me to face when I took the water department?" asked Mr. Morse. "Nothing except a legacy of \$57,600 to meet."

Mayor Thompson broke in and ended the discussion by saying it was asking the council nowhere. "My department will not claim any part of the \$3000."

"I can spend \$1000 right now for rats," said Mr. Morse, "but I think would be money thrown away, because in a year or two the fire department must be wholly re-equipped. However, if the money will do Mr. Murphy any good, I'll withdraw claim to any part of it and get along the best I can. Some more horses may die, but I have to take a chance."

Commissioner Murphy then estimated that he would need \$3000 a week for payroll maintenance for the remainder of the year.

Mr. Morse asked how much money had left of his year's loans.

Clark Tuttle said \$200 remains of the paying loan; \$5000 of the macadam

loan and \$5000 of the sewer loan.

Mayor Thompson asked Commissioner Murphy if he couldn't charge up some men to the \$5000 left of the paying loan, and the latter replied that he could not as the men could not do that sort of work.

The discussion petered out at this point and the city auditor presented an order authorizing the transfer of \$2000 from the claim department to the item of general expense. It was tagged with an emergency clause.

The mayor explained the reason for the order as being the extensive entertainment of service men and other incidental expenditures.

The order passed unanimously.

Asked Paying Loan

Commissioner Murphy introduced the order to borrow \$20,000 for permanent paving, which was held over from the meeting on Tuesday. He said some of the money would be used to finish up the paving at Pawtucket bridge and

LOOK
A Tire for \$1
A Tube for \$1

Last Two Days We Will Sell Guaranteed Tires for \$1.00 Each and Guaranteed Tubes for \$1.00 Each

Here is without question the most extraordinary tire and tube offer ever made in this or any other section of the country. To every customer purchasing one tire and one tube at the regular list price during this sale we will give an extra tire for \$1.00 and an extra tube for \$1.00. In other words, you practically get two tires for the price of one and two tubes for the price of one.

BUT—you must buy one tire and one tube because this is a "Combination tire and tube offer."

This Sensational Offer Includes

Guaranteed Tires Only

KEYSTONE BATAVIA

SPEEDWAY (ALL FIRSTS)

FIRESTONE MAGRAW FISK

AND MANY OTHERS (SECONDS)

We believe this offer to be unprecedented and we are making it only because we want to begin the month of October with record sales.

REMEMBER! Friday and Saturday Only

Come by all means. There will be crowds, but it will pay you well, for you save almost the entire price of a tire and tube.

FOR EXAMPLE:

The regular retail price for a Keystone Tire, size 30x3, is \$17.68 and the regular retail price for a Victor tube, size 30x3, is \$3.48. If you buy one of each at these prices, we give you an additional tire for \$1.00 and an additional tube for \$1.00. The same applies to other makes and all sizes of any tire or tube we carry in stock.

No purchaser can buy more than two tires and two tubes under this combination offer

IN A SALE LIKE THIS IT IS BEST TO COME EARLY AND GET THE FIRST CHOICE

TIRE PRICES ARE GOING UP

It is reported that an increase of probably 15 per cent. will become effective in the very near future and therefore it is decidedly to your advantage to buy NOW. Buy liberally for future use.

SEES CHINA AS GREAT
MARKET FOR U. S.

BOSTON, Oct. 9.—That China is a great future market for American merchandise, that Japan is not unfriendly to the United States, and that the reported Korean atrocities had no foundation in fact, were among the statements made by Clarence E. Bosworth to the far east, in an interesting address at a Boston Shoe Trade club luncheon yesterday.

Pres. Everitt B. Torburn presided. Mr. Bosworth said that during his recent visits he found that even the Japanese and the native Maoris of New Zealand are beginning to develop an interest in American footwear. The Maoris, 60,000 of whom volunteered during the war and rendered valuable service at the French front, are particularly fond of Yankee shoes.

Australia, whose tanners made some very poor leather during the war, but are today producing very good side leather and fair quality kid leather in large quantities, and commencing to make patent leather, is not likely to develop in the near future as a market for American shoes, partly because it has such a large supply of materials and an increasing quantity of skilled labor in its shoe factories, and in part because of the general movement now in progress for a self-contained British empire.

Some Australian merchants even announced that they do not wish to have any American goods in their stores. This idea is likely to react on the Australians, the speaker said. It is traceable to the tremendous accumulation of wool and wheat in that country during the war.

Mr. Bosworth stated that the so-called Japanese atrocities in Korea, tinged wholly on the missionary situation in that country. The trouble started, he said, at the time the Japanese government compelled the numerous mission schools in Korea to

FAIR AND TITLED LONDON STRIKEBREAKER

LONDON.—On the job at four in the morning driving a motor transport isn't just what one expects of a titled woman. But Drogfeda, one of Britain's beauties, has been doing just that for the food administration. She's one of the many volunteer workers helping to relieve the congestion caused by the British strike.

Ukrainians and Russians in Fierce Battle

PARIS, Wednesday, Oct. 8.—Ukrainian troops have been surprised and attacked by a Russian volunteer army and violent fighting is in progress, according to the Ukrainian press bureau at Basle. It is believed that this encounter is the first to follow the reported declaration of war on General Denikin, anti-Bolshevik commander in South Russia, by General Simon Petlura, the Ukrainian military leader. A coalition ministry has been formed in Ukraine, with M. Masiepi as premier.

Court Martial von der Goltz's Officer

BERLIN, Oct. 9.—Gustav Noske, minister of defense, told the German national assembly yesterday that Major Bischof, an officer under the command of General von der Goltz in the Baltic provinces, would be court martialled for urging his troops to remain there notwithstanding directions from Berlin that they return to Germany.

adopt the same curriculum as the Japanese schools in that country, including the prohibition of religious instruction. This was done by the Japanese in pursuance of their policy of introducing their own educational system into Korea, and was not with the intention of controlling the religion of the Koreans. The restrictions apply only to school hours. The speaker continued:

"This was the inception of the so-called revolution stimulated by an active printing press propaganda on the

Gray Hair Tells
Tales—Tint it!

TRIAL PACKAGE SENT FREE
Gray hair is a battle-tale. Don't let it tell you that you are old. If you take the trouble to look young, for to look and feel young is to be young. It is just as easy to keep your hair young and beautiful as to retain your youthful interest in life and people. Tint the gray, faded, streaked strands with "Brownstone," as thousands of women have done.

"Brownstone is My Best Friend."
This wonderful preparation does not rub or wash off. If you want a delightful surprise, just brush or comb a little "Brownstone" through your gray, streaked, or bleached hair and see it change to a rich, golden, soft or deep rich brown, or black—any shade desired—the exact color to set off your complexion.

Absolutely Harmless
"Brownstone" is odorless, greaseless, and positively non-injurious. Guaranteed to contain no lead, sulphur, silver, mercury, zinc, aniline, or coal tar products. Used for switches, as well as growing hair. Two colors: "Light to Medium Brown" and "Dark Brown to Black." Two sizes, 35c and \$1.15, at all leading druggists.

four years, and that the missionaries have been swept into this current of hate.

In the opinion of the speaker the Japanese are not ambitious to control China, nor are they endeavoring to shut the American people out of the Chinese market.

"We will soon have to decide in this country," he said, "whether it is better for us to establish our own intricate system of marketing in China or to keep on doing it as at present in the simpler way through Japan. What we Americans should do is to regard China as a clearing house for our merchandise and look to China as a market for it."

Mr. Bosworth stated that there is now being erected in Shanghai, with Chinese and American capital, a modern shoe factory, equipped with American machinery, with a capacity of 20,000 pairs a day.

SERVICE MEN AND
STATE GRATUITY

An explanation of the reason why a large number of Lowell service men have not received their state gratuity of \$100 was made this morning by Rep. Thomas J. Corbett. According to Mr. Corbett, at the time the legislators were given bonus application blanks to distribute to their friends they were told that men who had already received their 1917 bonus money of \$10 a month from the state need not again send their discharge papers with the application to secure the \$100 bonus, as a record of their service already was on file.

Now, says Rep. Corbett, the treasurer is holding up the bonus money of these men until discharge papers are sent. How many local boys are affected by this misunderstanding is not known, but it is believed there are quite a few.

No such exception was made by Mayor Perry D. Thompson when he distributed the blanks from his office at city hall and every applicant who called there was told particularly that discharge papers must accompany the blanks.

The 1917 bonus money, spoken of above, was paid to every service man in the state on application, with the exception of commissioned men who were not included in the order. The bonus consisted of \$10 a month for every month served during 1917.

URGES HALF-FARE
FOR CHURCHGOERS

BOSTON, Oct. 9.—The permanent appointment by the Elevated trustees of Edward Dana to be general manager instead of acting manager, a statement by Mr. Dana as to what is being done to improve the South Boston service, and an announcement that a movement is on foot to petition the trustees for a 5-cent fare for churchgoers on Sundays are the chief items of news in regard to the Elevated.

General Manager Dana in his statement announces that careful attention is being given to the operation of the changes in the South Boston service, expresses the appreciation of the trustees "of the spirit of co-operation shown by South Boston patrons in adapting themselves to the new service" and states that in line with further improved service these changes will be made at the earliest possible date.

Before taking your train home from Boston, get The Sun at either newsstand in the North station.

N. H. GOVERNOR FREES
HAZEL MARSHALL

CONCORD, N. H., Oct. 9.—After an
extended hearing favorable action was
taken yesterday by the governor and
council on a petition for the pardon
of Hazel Marshall of Meredith from the
state industrial school. Unusual in-
crease of charges that the 16-year-old
girl was "railroaded" to the institution
by J. Edwin Wright, ex-secretary of the
New Hampshire Child Welfare association.

Col. Stephen S. Jewett of Laconia ap-
peared as counsel for the petitioners,
who included the three selectmen of
the town of Meredith and a considerable
number of the residents of the town,
who took the position that the commit-
ment of the girl was without
justification and that she did not have
a fair trial at the time her commit-
ment was ordered.

The policeman who made the arrest

testified that he had never observed anything wrong about the girl's actions during the three months she was in Meredith, and that he had noticed her going regularly to and from her work in the linen factory.

Mr. Wright stated that he did not oppose the pardon and would have any rights he thought he might have as guardian of the girl.

Cider apples wanted at Boyle Bros. 37,285 PAID-UP MEMBERS IN BAY STATE POSTS OF LEGION

BOSTON, Oct. 9.—Massachusetts Branch, American Legion, had 27,985 paid-up members recorded at headquarters at 2 yesterday afternoon.

Peter E. Constant, a Boston Greek who served in the war, brought in a list of 150 men of his nationality and their membership fees. He said that nearly 70 other Greeks were already members of various Greater Boston posts.

A separate charter for a Greek post was not desired, he stated, and the state officers will immediately assign

each man to membership in the post nearest his home.

Lawrence J. Flaherty Post of East Boston will have an entertainment after a special meeting Friday night at its headquarters, Meridian street, to elect delegates to the state convention.

WOMEN TEACHERS SEEK SAME PAY AS MEN

BOSTON, Oct. 9.—As a part of the campaign being waged by Boston school teachers for an increase in their salaries, a movement has been started by women high school teachers to secure for themselves equal salaries with the men teachers who are performing the same duties.

A group of high school women teachers stated last night that they feel that the positions, regardless of whether they are filled by men or women, should pay certain salaries, and that either a man or a woman who was capable of filling that position should receive that salary. They think that this should apply right up through all grades of teachers to the principals of

high schools. At present, they stated, there are about an equal number of women and men teaching the same subjects in the high schools of Boston, yet there is a minimum difference of \$100 yearly and a difference of \$340 in the maximum pay of men and women teachers doing exactly the same work. Inasmuch, they said, as the principle of equal pay for men and women who are doing the same work is being so widely recognized outside of Boston schools, they feel that it should be made to apply here. They point out, too, that more than 60 per cent. of the women teachers of Boston high schools have relatives dependent upon them for support, and also that it has cost the women teachers, and especially the high school teachers, just as much to get the education necessary to occupy positions in the high schools as it did the men.

\$150,000 FIRE LOSS AT NORTH WOBURN

WOBURN, Oct. 9.—The leather district in North Woburn was threatened last night by a fire which was not brought under control until an early hour today. Damage estimated at \$150,000 was caused to the James Z. Haley Co., and Andrew Peterson & Sons' plants, which were destroyed and to the buildings of the Pioneer Leather Co. The fire was believed to have been caused by spontaneous combustion.

MINISTERS GET WAGE INCREASE

CHICAGO, Oct. 9.—More than 1000 Methodist ministers of the Rock River conference will not close their bibles and go on a strike. They had demanded increased wages, but appear satisfied with working conditions. They are well organized in a brotherhood.

The conference quickly granted the demands. Dr. Victor Thrall of the Chicago district led the victors hereafter no private in the ranks shall receive less than \$1500 a year. This is the minimum wage. Some ministers have been working for less than \$1000. It was pointed out that saving souls is the least profitable industry in the United States.

AMERICAN LEGION MEETING

An important meeting of the American Legion will be held at the state armory in Westford at this evening, the object of the meeting being to elect delegates to the state convention, which will be held at Worcester, Oct. 15 and 16. The nominations of delegates will be made from the floor between 8 and 9 o'clock and the voting will take place between 9 and 12. The legion has 955 members in this city and it is expected that this number will be increased to 1000 this evening in order to enable the local post to send 10 delegates to the convention.

BURRICK'S THE ORIGINAL MALTED MILK

Change of life helped by RED PILLS for Pale and Weak Women.

During my married life, I have had twelve children, but nevertheless, I had enjoyed the best of health until the change of life which left me in a critical state of health and in a weakened condition. I had been advised by friends to try RED PILLS, which were sold at a very reasonable price. I did as I was told, and after using about six boxes, I was astonished to see how much better I was feeling; therefore I continued to take them regularly until I was completely recovered. Without any outside help, I attend to all the household duties, cooking, and sewing for eight people, and still I enjoy perfect health.

MRS. JULIE SEVIGNY,
146 Myrtle Street,
Manchester, N. H.

RED PILLS are for women only.

They are always sold in boxes of fifty pills, 50 cents a box, 6 boxes for \$2.50. See that the name of the "Franco American Chemical Company Limited" is on every box.

WORK OF THE SOCIAL SERVICE LEAGUE

Over two thousand Lowell families received help and assistance from the Social Service league during the past twelve months, according to a report made by Miss Harriet Coburn, clerk of the organization, at the annual meeting of the league held late yesterday. She also stated that 4895 inquiries were registered at the confidential exchange.

Plans for a money raising campaign, to help in defraying the expenses of the league for the ensuing year were thoroughly discussed, and it was decided to open the drive immediately. In this connection the report of the treasurer was read, showing the total receipts for the past year to be \$4653.58. The cash balance at the close of the fiscal year, August 31, was \$409.45. Election of officers for the ensuing year resulted in the appointing of Larry G. Holard, treasurer and Miss Harriet Coburn, clerk. The nine directors, elected to serve until 1922, are as follows: Rev. James Macroft, Mrs. Thomas B. Doe, Dr. G. Forrest Martin, John H. Murphy, Mrs. L. A. Olney, D. L. Page, Harry G. Pollard, Miss Emily P. Skilton, Mrs. Alvah Sturgees. The directors whose terms expire in 1920 are: Rev. Herbert E. Benton, Miss Harriet Coburn, Rev. Appleton Grannis, Rev. Alfred R. Huxley, Otto Hoekmeyer, Miss Mary E. P. Lowney, Robert P. Marlan, A. T. Safford, Edward F. Slattery.

Directors whose terms expire in 1921: Donald M. Cameron, Hon. Frederic A. Fisher, Robert Friend, Mrs. John Gatsopoulos, Miss Winifred C. Haggerty, Charles H. Hobson, Mrs. J. A. NeSmith, Hon. John J. Rogers, George Stevens.

STATE ELECTION REGISTRATION

Ward 6 again led the voting districts of the city yesterday in the total number of new voters registered at the sessions of the board of registrars. By wards, the registrations follow: Ward 1, six; ward 2, four; ward 3, 13; ward 4, five; ward 5, one; ward 6, 20; ward 7, eight; ward 8, 10; ward 9, eight. Total, 83.

Following the session this afternoon the board will receive registrations tonight between 7 and 9 o'clock.

THE IRISH QUESTION

London Paper Says Home Rule Act Operative When Treaty is Signed

LONDON, Oct. 9.—The government's Irish policy is rapidly taking shape under the pressure of recently developed circumstances which surprised the cabinet, says the Daily Mail. The law officers of the crown, the Daily Mail states discovered, after careful examination of the "suspension act"—an act carried during the war to postpone the operation of the home rule act—that under its terms the home rule act becomes operative automatically on the day the peace treaty is signed by Turkey, the last belligerent to sign.

It has been generally assumed, the newspaper adds, that the suspension act would operate six months longer, when other measures, such as the defense of the realm act would terminate, but the pulling of the law of officers upset this view.

The government, therefore, according to the newspaper, is under urgent necessity of formulating Irish proposals and the carrying of them as amendments to the home rule act unless the latter is to become operative as it stands on the books. The Daily Mail points out that for this purpose the government has only six weeks as it is expected that parliament will adjourn a fortnight hence, so there will be only one month of parliamentary time in which to carry what will be highly controversial proposals.

It has not been fixed definitely, but the ministers, the Mail says, have decided to offer nationalist Ireland what they describe as a very generous proposal indeed. It will undoubtedly take the form of a wide measure of home rule. The pledges given to Ulster are held as binding and the exclusion of all counties where Ulster men predominate is contemplated.

Clemenceau Not to Seek Re-election

PARIS, Oct. 9.—Premier Clemenceau has informed a delegation of former soldiers that he will not be a candidate for re-election either for the senate or for the chamber of deputies, according to his newspaper l'Homme Libre.

One Shot, Stones Hurlled in Chicago Riot

CHICAGO, Oct. 9.—One man was shot and perhaps fatally wounded by the police yesterday in breaking up a riot at the stockyards where members of rival labor unions clashed and numerous shots were fired, stones thrown and blows exchanged.

Italian Regulars May Occupy Fiume

ROME, Wednesday, Oct. 8.—Occupation of Fiume by Italian regular troops is suggested by the Italian council of ministers, pending a decision by the peace conference as to the disposition of the city, according to the Epoca. The newspaper says that this solution of the problem is conditional on Italy being given a mandate to supervise the administration of Fiume under the League of Nations.

Pile Sufferers! Clever Ohio Chemist Says This Great Prescription Taken Internally Has Never Failed

Even chronic cases of 20 to 30 years' standing, with profuse bleeding, have been completely cured in from three to ten days.

No discovery of recent years in the field of medicine has caused such a stir amongst the medical profession as the recent discovery that piles can be successfully treated and cured at home by a wonderful prescription known to our ancestors as Miro Pile Remedy.

It has been proved that so called external remedies applied or inserted into the rectum cannot cure piles and at the best can only give temporary relief. This is also true of surgical operations which simply remove them after formation, but in no wise act on the source of the trouble.

It's positively true that this new specialty of medicine has cured thousands of cases of hemorrhoids, piles, and rectal diseases with a minimum of trouble and expense. For this reason, Miro Pile Remedy has been called the "Miro Pile Remedy" by the medical profession.

IMPORTANT!—What is known as "Miro Pile Remedy" is a prescription of the world, although this action may accompany a trip case. For this reason, Miro Pile Remedy has been called the "Miro Pile Remedy" by the medical profession.

Many cannot drink coffee within four hours of bedtime and get their natural sleep. . . . But bear this in mind, when a cheery evening table drink is wanted —

You can drink

WHO SAYS WOMEN LACK BUSINESS BRAINS?

SAN FRANCISCO, Oct.—"Nature never meant women to be less capable than men in business."

So says Miss Florence Sterling, whose head contains the executive brains that organized an \$8,000,000 oil corporation.

Certainly Miss Sterling, now visiting in this city, is a living proof of her own statement. She personally organized a company that is now one of the wealthiest producers in Texas. It is a closed corporation and its stock is listed at \$600 a share on the New York market.

A street car company, a few real estate tracts and a couple of railroads are but sidelines to Miss Sterling. What she is mostly interested in is oil. Not as a "wildcatter" or oil gambler, though. The feminine cast to her business brains shows if at all, in her caution. Withal, she believes the "oil game" is the greatest game going, and declares a woman can play it as capably as a man.

"The main thing," she says, "is to avoid wildcatting. It's better to hold two shares in a producing company than a controlling interest in all the wildcat schemes in the world."

"I always watch the wildcatting," she adds, "but I never invest with them. I sometimes lease land near to where wildcatting is drilling, and await results; but I never buy except in proven fields. Our company has taken over many small producing concerns, officials and all, giving them stock in return for their holdings. Now we have holdings in every proven field in Texas, and have reached out into Oklahoma and Wyoming."

Miss Sterling organized this company herself, and was given the post of secretary and treasurer. She didn't know a drill from a hole in the ground, and felt somewhat awkward at O. K. lag bills for hundreds of small mechanical parts.

So she went out into the fields and studied the science of oil producing. Then she ran the company on an efficiency basis. Later she quit the

D'ANNUNZIO COMMANDS

ROME.—Complete devotion is the attitude of the officers attached to Gabriel D'Annunzio. Here is the poet commander, who has taken possession of Fiume and plans invasion of Dalmatia, issuing orders to two young officers.

detailed management and undertook the larger executive work.

"I'd say to the woman who has to support herself: Get into business for yourself. Don't waste your life working for wages. Run your own concern. If it is only a peanut stand."

That is Miss Sterling's advice, and she adds:

"A woman in business must cultivate personality deliberately. Sunshine and success are closely linked together in this world."

"More than anything else, a woman needs to study detail. Her brains are just as good as a man's, but tradition has prevented her from using them as well. If the business woman will study her business—master all its details—instead of dancing or puffing cigarette smoke, she will make good in as large a way as any man."

With this idea in mind he consulted physicians, made experiments and finally compounded a prescription that quickly and completely banished every sign and symptom of rheumatism from his system.

He freely gave his discovery to others who took it, with what might be called marvelous success. After years of urging he decided to let sufferers everywhere know about his discovery through the newspapers. A. W. Dow & Co. have been appointed agent for Allenbury in this vicinity with the understanding that they will freely return the purchase money to all who state they received no benefit.

WHIST AND ENTERTAINMENT

About 200 men and women attended the whist and entertainment at St. Louis' hall last evening. The event was the second in a series to be given by the church societies and was under the auspices of the Third Order of St. Francis. The receipts of the evening will be turned over to the church fund.

In the early part of the evening whist was played under the direction of J. A. Gervais and later while the points were being counted by the judges, Mrs. Theodore Harnois and Mrs. Henri Chaput, vocal and instrumental numbers were given by Wilfrid Lajeunesse, Miss Blanche Larue, George Hebert, Mr. Lambert and E. Coutu. The committee in charge consisted of the following: Napoleon Dinelle, Mrs. Calixte Lequin and Mrs. Theodore Harnois. The scorers were Mrs. Servile Renaud, Mrs. Theodore Fortin, Mrs. George Dion, Mrs. Alex Gervais, Mrs. Benjamin Lajeunesse and Mrs. Thos. Savard.

Girls in England are said to have grown larger during the war. Waists now measure on an average 26 to 28 inches, while 1½ in gloves and sizes 7 in shoes are sold.

POLICE CHARGE "RED" MOB ON FIFTH AVE. N. Y.

NEW YORK, Oct. 9.—Heads were broken on Fifth avenue yesterday when mounted police charged a mob of several thousand radicals who attempted to parade up the avenue without a permit. Banners, which bore a number of incendiary slogans, were confiscated by the police and half a dozen arrests were made. The police said the parade was organized by a Russian newspaper published here entitled "New York."

Devices on the banners read: "Bloody hounds of Russia! Report us all to the Soviets!" "You want to give us democracy, but keep it to yourselves!" and "Open the jail!"

The riot started after the procession had gone only two or three blocks. Refusing the request of a policeman to see their permit for the parade the officer was forced to call for aid, and before the melee ended, the services of a score of mounted policemen and 10 reserves were required. The mounted officers charged into the crowd and 100 or more of the paraders were injured.

Four men and a young woman, all of them aliens, were taken to police headquarters from the headquarters of the Russian Soviet bureau by detectives from the "bomb squad." Considerable radical literature was said to have been found on them, but they were not placed under arrest. The police detained them pending an opinion from the district attorney's office as to whether they could be held for distributing Bolshevik literature. A fifth man, who gave his name as Anthony Topolski, was arrested by detectives later as one of the ringleaders.

LAWRENCE CITY COUNCIL GRANTS MILL GRADU CROSSING

LAWRENCE, Oct. 7.—The city council yesterday granted local mills the privilege of maintaining a cable crossing along the southern bank of the North canal, where the approach to the new Central bridge crosses it, provided the mills will stand all the expenses of building the tracks to a grade. This will cost in the vicinity of \$30,000, it is estimated. The mills agreed to this proposition and also agreed to waive all pending suits for damages caused by the inconvenience and interruptions by the building of the bridge and its approaches.

HOLDERS STILL ON STRIKE
An important meeting of the members of the Molders' union was held last evening with President John B. Wellman in the chair. The strike committee reported that the strike in this city, which was started last May 11 still on. It also reported that another shop in Worcester whose employees were out on the same issue as that of Lowell had come to terms and it was expected two more would line up next week. Routine business was transacted.

CONDITIONS IN SIBERIA

A. E. F. Member Speaks of Russians—Annual "Open House" at Y. M. C. A.

An address on conditions in Siberia, where he spent several months with the American Expeditionary Force was given by Christopher Scaife, a former physical director at the Lowell "Y" and now connected with the Worcester organization, at the annual "open house" held by the local organization last evening. The event this year was in the form of a general reception to the public, and a large number of members, prospective members, and friends of the organization witnessed a splendid program of athletic and entertainment numbers, including exhibitions of "arm" work, training stunts and a field ball game by the seniors; callisthenics and games by the juniors; and a splendid musical program given by Cushman's orchestra and the Mendelssohn male quartet.

The Russian is a peace-loving, visionary sort of person. Mr. Scaife said, "who has been imposed upon by the Japanese for a long time. At first they acclaimed the coming of the American soldiers but when they found that the Americans had not

HAVE COLOR IN CHEEKS

Be Better Looking—Take Olive Tablets

If your skin is yellow—complexion pallid—tongue coated—appetite poor—you have a bad taste in your mouth—a lazy, no-good feeling—you should take Olive Tablets.

Dr. Edwards' Olive Tablets—a substitute for calomel—were prepared by Dr. Edwards after 17 years of study. Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil. You will know them by their olive color. To have a clear, pink skin, bright eyes, no pimples, a feeling of buoyancy like childhood days—you must get at the cause. Dr. Edwards' Olive Tablets act on the liver and bowels like calomel—yet have no dangerous after effects.

They start the bile and overcome constipation. Millions of boxes are sold annually at 10c and 25c. Take one or two nightly and note the pleasing results.

come to protect them from marauding bands of Manchurian Chinese and other lawless bandits they soon lost their regard for the boys from Yankeeland.

The "open house" or reception—whichever is the correct term—was in charge of T. R. Williams and his assistant, W. R. Gumb. The committee from the Ladies Auxiliary, which looked after refreshments, also had a large share in making the event the successful occasion that it was.

WILL TAKE OVER OLD BURYING GROUND

An old and practically abandoned burying ground between Varnum avenue and the boulevard will be taken over by the public cemetery trustees and put in proper shape just as soon as a written release of all claims to it can be secured from the town officers of Dracut. This was voted at a meeting of the trustees held yesterday afternoon after hearing the report of Chairman Rigby relative to his fruitless efforts to have Dracut relinquish its rights in the Hildreth and Hamblett cemeteries.

While Dracut will not relinquish its rights to these two burying grounds, it does not lay claim to the one in Varnum avenue, which has received no care since 1872. In as much as the town does not wish to take care of it, Chairman Rigby suggested that the trustees look after it. It is near the old Burke house in a section which was annexed to the city in 1872. There was buried there Rev. Thomas Parker, the first pastor of the Pawtucket church, who died in 1765. His body was later removed to what is now Woodbine cemetery. Col. Varnum also was buried there and Mr. Rigby believes that undoubtedly many other old settlers are buried there.

The chairman reported that Supt. Thomas Duckworth has asked for an increase in salary. He now receives \$1500 a year. No action was taken. Suggestion was made that a general foreman be hired in addition to the superintendent, but the entire matter was held over to the November meeting.

GOT DOUBLE BUMP

An automobile owned and operated by Harry Briggs of Tewksbury crashed into a pole at the corner of Main and North streets in the Centre Village Tuesday night, and as a result the machine was stalled on the electric car tracks. A few minutes later an electric car came along and crashed into the auto, causing more damage. No one was injured.

REFUSAL FROM MEXICO

Turns Down Request of "Executive Committee of League of Nations"

MEXICO CITY, Oct. 2.—(Correspondence of the Associated Press).—A request by the "Executive Committee of the League of Nations" that the Mexican government furnish it a complete collection of all the laws now in force, together with information concerning industrial development in the country, has not been granted, according to Mexican City newspapers.

Two reasons are assigned for the refusal: First, Mexico not being invited to become a member of the league, does not feel she is called upon to extend any favors to that body; second, the league is not in force.

AUTOS AND MOTOR CYCLES IN MIXUP

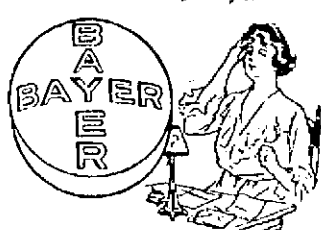

A young woman was slightly injured and two automobiles and a motorcycle were badly damaged in a mix-up which occurred in Merrimack street, near Worthen street, last evening. The injured is Lillian McDonald of 49 Lowell street, this city, who was slightly cut over the eye when thrown out of the motorcycle, her companion, Miss Agnes Descelles, who was in the sidecar with her escaped without injury.

One of the automobiles, a National touring car, is owned by Thomas Boulger of 74 Wentworth avenue and was being operated by Wilbur T. Boulger of the same address. The other auto, a Ford touring car, was being operated by Herbert D. Merrill of Manchester, N. H. The motorcycle, which is owned by N. J. Fontaine of 162 Manchester street, Manchester, N. H., was standing near the curbstone in Merrimack street near the corner of Worthen street.

As far as could be learned Merrill was proceeding up Merrimack street in his Ford closely followed by Boulger in his National. When the corner of Worthen st. was reached Merrill swung to the left and Boulger's machine crashed into the Ford, tearing off its left rear wheel while the right rear tire of the National was also taken off. The National then semicircular to the left and crashed into the motorcycle near the curb. The two young women who were in the

ASPIRIN FOR HEADACHE

sidecar of the cycle were thrown out and the cycle was thrown across the sidewalk, the wheel on the sidecar being demolished and the oil tank crushed in.

The Ford had its rear wheel, fender, shock absorber and other accessories demolished, while the National had a tire torn off, a broken fender and a bent axle. Officer Martin Crowe was soon on the scene of the accident and he escorted the three men to the police station, where each told his story.

EMBARGO ON FREIGHT FOR EUROPE NEAR

NEW YORK, Oct. 9.—An embargo on freight for transatlantic shipment loomed as a possibility today as the longshoremen's strike entered its third day, apparently spreading rapidly.

It was estimated that between 30,000 and 35,000 had quit work and that the number might grow to 50,000. One thousand freight checkers employed on the piers of the large steamship companies have also gone on strike.

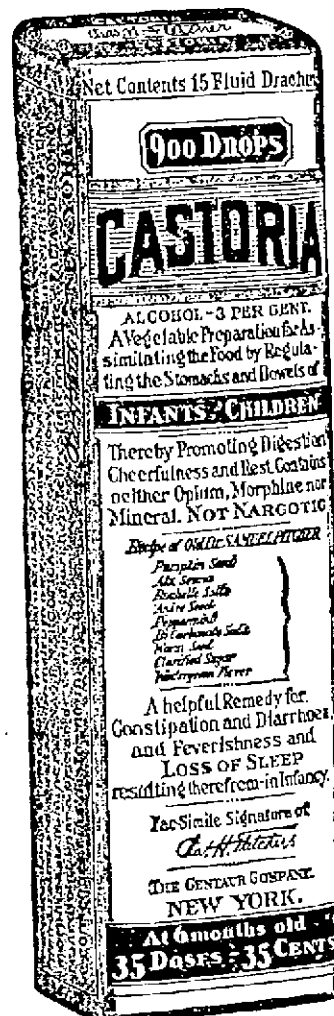

The strikers are demanding \$1 an hour and \$1.50 for overtime, having refused an award of the national adjustment commission of 70 cents an hour with \$1 for overtime.

"It is the news, the truth and it to print." This is the standard The Sun follows in printing city, state and national news.

Save the Babies.

INFANT MORTALITY is something frightful. We can hardly realize that of all the children born in civilized countries, twenty-two per cent., or nearly one-quarter, die before they reach one year; thirty-seven per cent., or more than one-third, before they are five, and one-half before they are fifteen!

We do not hesitate to say that a timely use of Castoria would save many of these precious lives. Neither do we hesitate to say that many of these infantile deaths are occasioned by the use of narcotic preparations. Drops, tinctures and soothing syrups sold for children's complaints contain more or less opium or morphine. They are, in considerable quantities, deadly poisons. In any quantity, they stupify, retard circulation and lead to congestions, sickness, death. There can be no danger in the use of Castoria if it bears the signature of Chas. H. Fletcher as it contains no opiates or narcotics of any kind.

Exact Copy of Wrapper.

Children Cry For Fletcher's CASTORIA

Let's Think It Over.

There is such a thing as saying too much on any subject, and the "grand-stand" talker sooner or later becomes a bore. The truth is always welcomed, and the truth reiterated and confirmed is more than welcome—it reaches your innermost soul.

Fletcher's Castoria is all its advertising has claimed for it. Scrutinized by the microscope of public opinion and used for over thirty years it stands without a peer in the hearts of thoughtful, cautious, discerning Mothers. And once used, mother love—there is no substitute for mother love—will scorn to try a "substitute" or a "just-as-good".

Masquerading under many names drugs that are injurious to the tender babe have found their way into some households, but the light of experience soon casts them out. Are they cast out before it is too late?

MOTHERS SHOULD READ THE BOOKLET THAT IS AROUND EVERY BOTTLE OF FLETCHER'S CASTORIA

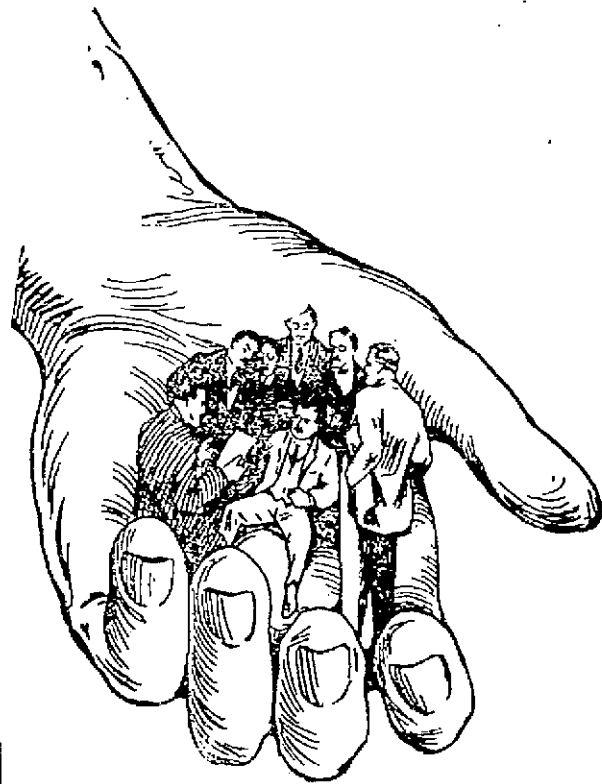

GENUINE CASTORIA ALWAYS

"It's the Bean"

A Secret Known Only to a Handful of Men

MANY of the most famous things of the world are made from formulas.

Steel is made from formulas. Gunpowder, automobile tires—even bread and those delicious cakes and pies for which New England is justly celebrated.

And the most talked about, most carefully guarded La Touraine formula is the reason for the complete coffee satisfaction that comes to you in every pound bag of La Touraine Coffee.

It is the hidden secret of La Touraine fragrance; its body, its changeless quality, its real coffee-goodness.

Behind this La Touraine formula is the selection of coffee beans from plantations that produce the choicest crops of the coffee world.

These coffee beans are carefully roasted and scientifically blended into La Touraine Coffee-goodness, so that every cup of La Touraine you drink is coffee at perfection.

OUTDOOR ADVERTISING HEARING THURSDAY

(Special to The Sun.)

STATE HOUSE, Boston, October 9.—

Outdoor advertising, especially by the bill board and sign method, is to be the subject of a public hearing at the state house next Thursday morning.

The last legislature, heeding the many protests that have been made against bill boards, created a special commission to investigate the subject and to report to the next general court. This commission consists of Attorney General Henry A. Wyman, Chairman, William D. Sahler of the Massachusetts highway commission, and Chief John H. Plunkett of the Massachusetts district police.

Several other states have regulated the use of bill boards, the main arguments against which may be summarized as follows:

They increase the fire risk, since they are usually constructed in whole or in part of wooden material. This danger is increased by the accumulation of paper and rubbish often found behind them.

Being often of flimsy construction, they are liable to be blown down by a heavy gale, endangering life and property. This is especially true of roof signs.

The space in the rear of a bill board serves as a dumping ground for the filth and rubbish of a neighborhood, and accordingly may serve as a breeding place for flies and mosquitoes.

They serve as a shelter for immoral practices and often accentuate the "corner nuisance," thus lowering the moral tone of a neighborhood.

Posters on bill boards, though much improved in design over those of former days, must still be large and startling in order to attract attention. They are for the most part brightly colored and are never designed to harmonize with adjoining boards, which results in an unpleasant contrast of colors and patterns. They are generally constructed in open places where they

out off a desirable vista from public observation.

The unsightliness of bill boards almost invariably results in an impairment of the value of neighboring property, this being especially true in residential districts. Bill board encroachment into a locality of homes is always an offence to the surrounding community. HOYT.

AMUSEMENT NOTES.

Below is what the press agents of the different theatres say of the current attractions and of others to come:

H. F. KEITH'S THEATRE

"Shoes," a fantastic little play, is the leader on the bill at the H. F. Keith theatre, this week, with Bayonne Whipple and Walter Huston playing the leading parts in it. It is splendidly done and will meet with very general approval. Tall Charlie Semon, who wears kilts part of the time, is present for laughing purposes, and J. Keith Brunna and Bert Hule sing their own songs in an inimitable way. The Four Meyakos sing and dance and contort, and prove wonderfully attractive, while the Dunn Sisters are makers of melody and fun. Johnson, Baker & Johnson wind up the show by throwing hats about, and Countess Verona opens with a performance on the zymbalom.

OPERA HOUSE

John Meehan, leading man with the Lowell Players at the Opera House, who is making such a pronounced hit in this week's presentation of the big American drama, "The Great Divide," is branching out as a successful author as well as actor. You may not know it, but Mr. Meehan has written several plays, some of which have been accepted by New York concerns. Within the past few seasons he has written "L'Amour Belasco" in one of his efforts to the extent that the New York producer bought it on option and is now looking it for the opportunity to present it to Broadway. He has another under way at the present time which may be presented for the first time by the Lowell company. Mr. Meehan's talent in emotional and dramatic effort was never better demonstrated than in this week's production. See it. Miss Marguerite Fields is also sharing in the honors of the week. Both carry the play through in a most successful and satisfying manner. Next week the big Belasco success, "L'Amour Belasco," will be given. Order your tickets early. Better still have your names placed on the subscription list.

THE STRAND

An entirely new play program is to be given at The Strand today, in conjunction with the "Fur Revue." The latter which is in charge of Miss Rose G. Galt, will have a broad new showing of fur creations, including the new fabric wrap, and other models in the most recent and popular fashions and New York styles. You can't afford to miss seeing this big triple bill, and the prices remain the same.

Theda Bara, screen vampire, appearing in the latest Theda Bara super-production, "La Belle Russe," will be one of the big film features. It is said to be the greatest of this star's film creations. In it she does a very wonderful feat. She steps out of herself and stands face to face with her other self. The new play, "The Great Divide," is a film version of the great Belasco play. She is seen as a graceful ballerina, who leaves dire poverty for her husband's sake. She also plays the part of the ballerina's twin sister—a magnificent but utterly wicked woman. In one startling scene the poor ballerina and her selfish sister confront each other. Besides presenting a wonderful piece of acting, it also reflects advanced photography of a most artistic nature. "La Belle Russe" contrasts a story of mother-love and self-

sacrifice with the story of a woman's heartless ambition.

"Heartsease," the new Goldwyn offering, featuring Tom Moore, is an uncommonly appealing play inasmuch as it is a romantic love drama, as far removed from the ordinary run of photoplay dramas as the character of the hero is different from Tom Moore's usual delineations. A new comedy and weekly will also be shown. Don't forget next week is Anniversary Week, and one of the big features will be Douglas Fairbanks in "His Majesty the American," his newest million dollar screen creation.

WILL CLOSE AT NOON ON COLUMBUS DAY

All grocery stores and markets will close at noon on Columbus day, according to a vote taken at the regular meeting of the Grocers and Butchers association held last evening in its rooms in Elks' building. Among the speakers were Daniel Cosgrove, Alanson Gray, E. S. Fitzpatrick and J. J. Allard. A buffet lunch was served.

SERVICE STAR LEAGUE

National War Mothers Change Name

BAITMORE, Oct. 9.—The national war mothers, in convention here have voted to change the name of the organization to Service Star Legion. Over 38,000 Moravian peasants gathered for the festival at Unghrad, in the Carpathians, the first held in five years.

Child's health

It is a fact which many mothers have been obliged to admit, that their children, otherwise perfectly healthy, are suffering from worms, which cause distressing symptoms familiar to parents: if your child is thin, nervous, restless, or delays using the safe and proper remedy, "L. F. Atwood's Medicine," the following testimonials were unsolicited: "I have raised seven children to manhood and womanhood keeping them well by using the True 'L. F.' Atwood's Medicine. I find it a sure and excellent remedy for worms with which so many children are tormented."

Mrs. C. A. Trudwell, Naples, Mo. My little girl used to have worms and would be sick three or four days at a time. I used the true 'L. F.' Atwood's Medicine and she was not a day the worse.

Mrs. Ida M. Nason, Clinton, Mo. Get a bottle for 50 cents from your dealer for stylish, careful doses of 'L. F. Atwood's Medicine' as it is called.

READY, FOR FAST BOUT

Winner of Tonight's Battle
Promised Match With
Champion O'Dowd

Paul Reed of Boston and Paul Dixon of Brooklyn who will meet in the main bout of 12 rounds at the Crescent rink tonight, according to their managers are in perfect condition and ready for a hard battle. Reed's ability is well known here where he defeated George Hivet, the Canadian champion several months ago. He is considered one of the best middleweights in this section and possesses such class that few of the alleged top notches care for his game. Dixon, too, has the reputation of being a hard hitter and rugged brawler. He has been promised to match with Champion Mike O'Dowd if successful here tonight. Consequently he is out to win. Reed, however, would like nothing better than a crack at the title holder and feels confident of winning tonight and getting the chance. There is much interest in tonight's semi-final between Young Leonard of Chelsea and Kid Thomas of Lawrence. The pair fought here a few weeks ago at the South End benefit performances and put on

game against Worcester Academy. The Lowell boys have come along very fast and Coach Hudson feels sure the eleven will alone for the unfortunate setback received in Worcester.

ALL SET FOR OPENING OF POLO SEASON

The stage is all set for the opening of the 1919-20 season of the American Roller Polo league on next Saturday night. While no game will be played in Lowell on that night, other teams will make their start this week. The first home game in this city will be played next Tuesday night, with the Worcester club opposing the Harkins crew.

The league will open with but seven teams, owing to the inability of the officials to get the rink at Brockton, the other teams which will start Saturday besides Lowell are Lawrence, Worcester, New Bedford, Salem, Providence and Fall River.

RICH CASTLETON PURSE TO ROYAL MAC

LEWISTON, Ky., Oct. 9.—The Castleton, for trotters of the 201 class, and the feature of the races yesterday, went to Royal Mac, after a grueling contest, in which the favorite and Hollywood Kate fought out to the finish, with Murphy outdriving Dodge, the owner of the mare. The time of the race was slow, the weather being cold with a slight mist falling.

The first race, the first division of the 208 trot, was won by Tommy Direct, who took the first and second heats. The substance winning the third. The second division was a drawn-out affair, Harold's Creek, the extreme outsider, winning the second and fourth heats in slow time, outstaying his field. Baroness Edgewood won the 113 class for pacers easily in slow time.

Before taking your train home from Boston, get The Sun at either newsstand in the North station.

BELMONT GOLFERS WIN IN VESPER PLAY

I. W. Small and Miss A. A. Nilsson from the Belmont Country club swept the Vesper golf links yesterday in the open mixed foursome tournament, but because of the ruling which permitted only one prize to go to a pair, took back only the award for the best gross score. Mr. Small and Miss Nilsson shot an 83, which with their handicap of 7 gave them a net score of 76. Their gross of 83 was seven strokes better than the score of 90 made by R. A. Wood and Dr. Mary Dover of the home club, who were awarded first prize in the net.

The field was large and the day ideal for good golf. The scores follow:

Miss A. A. Nilsson, Gross 83, Net 76		
I. W. Small, Belmont.... 83	7	76
Dr. Mary Dover, R. A. Wood, Vesper.... 90	12	78
Mrs. C. M. Forrest, C. M. Forrest, Vesper... 94	14	80
Miss H. E. Brigham, Irving Small, Belmont... 96	14	82
Mrs. W. C. Johnson, P. C. Harrington, Worcester... 97	13	84
Mrs. J. M. Abbott, Walter Clarkson, Vesper... 94	10	84

PRINCE ALBERT

Talk about smokes!

PRINCE Albert is geared to a joyhandout standard that just lavishes smokehappiness on every man game enough to make a bee line for a tidy red tin, and, a jimmy pipe—old or new!

Get it straight that what you've hankered for in pipe or cigarette makin's smokes you'll find aplenty in P. A. I. It never yet fell short for any other man, and, it'll hand you such smoke-satisfaction you'll think it's your birthday every

time you fire up! That's because P. A. has the quality!

You can't any more make Prince Albert bite your tongue or parch your throat than you can make a horse drink when he's off the water! Bite and parch are cut out by our exclusive patented process!

You just lay back like a regular fellow and puff to beat the cards and wonder why in samhill you didn't nail a section in the P. A. smokepasture longer than you care to remember back!

Buy Prince Albert everywhere tobacco is sold. Toppo red bags, tidy red tins, handsome pound and half pound tin humidors—and that clever, practical pound crystal glass humidur with sponge moistener top that keeps the tobacco in such perfect condition.

R. J. Reynolds Tobacco Company, Winston-Salem, N. C.

TEXTILE ELEVEN PLAYS DEAN TODAY

The Lowell Textile school football team left for Franklin, Mass., this morning to play the Dean Academy eleven in the second game on the local team's schedule. Since last Saturday's

United States Tires are Good Tires

Wear—life—service—mileage—safety—comfort. These are the things that count in a tire.

These are exactly what you get in United States Tires,—general all-round tire satisfaction.

This greater total of tire values means greater economy—less cost of maintenance—less repairs and depreciation.

Car owners who do their own thinking prefer United States Tires. Their merit is recognized everywhere.

We have them—a type and size for every car.

WE KNOW UNITED STATES TIRES ARE GOOD TIRES. THAT'S WHY WE SELL THEM

FISH AND GAME CLUB ENDORSE GRAHAM

At its regular meeting held Tuesday evening the Lowell Fish and Game association endorsed the name of George H. Graham of Springfield for the Massachusetts Fish and Game commission. The report of the outgoing committee was read and the committee was given a standing vote of thanks for the very capable manner in which the outgoing committee had carried out its work. Graham was chosen to succeed the outgoing committee. The meeting voted favorably upon the name of Graham for the commission. The meeting also discussed, and approved, the new fish and game law the text of which was published in The Sun yesterday.

REDS WIN TONN

REDLAND FIELD, Cincinnati, Oct. 9.—The ninth game of the world's series of 1919, if it becomes necessary, will be played at Redland field, here. The announcement was made by the National baseball commission at the end of yesterday's game, the stadium reading that Cincinnati had won the game and had chosen to play it here. If Cincinnati wins at Chicago today a ninth game will not be necessary.

BALL GAME SATURDAY

The second game of the championship series between the Knights of Columbus and Belvidere will be played at Spaulding park Saturday afternoon. The Knights won the first game, a victory Saturday will mean the title. The Belvidere, however, are out to even up the count and will present their strongest lineup.

TEACH THRIFT AT HOME

Langtry Says Thrift is Best Weapon With Which to Defeat Bolshevism

Asserting that thrift is the best weapon in demolishing the programs of the bolsheviks and ultra-radicals, and that people now-a-days are more or less money crazy, Secretary of State Albert P. Langtry concluded a strenuous denunciation of all things bordering upon syndicalism in Memorial hall last evening. He came to Lowell at the solicitation of the Historical society and spoke before its members and friends.

Mr. Langtry's subject was "Thrift" as announced by Alfred P. Sawyer, president of the society, who introduced him.

The speaker cited the cases of Abraham Lincoln, Jay Gould and Henry Ford, who began life's work with nothing and worked themselves up into places of great influence as instances of sovereignty of opportunity and the effort of the individual. He called Benjamin Franklin one of the wisest men that this country ever has known when he offered the sage declaration that "a penny saved is a penny earned."

"Thrift must be taught in the home," said the speaker, "just as it is practiced in business. The socialist and bolshevik stand against thrift and there are ten times more of them in the country today than people allow themselves to believe. Even teachers are insinuating the ethics of bolshevism into the minds of pupils in some instances and there have been college professors who openly lent their support to its plans and purposes."

"If you wage successful war against the bolshevik, go out and teach, preach and practice thrift. It is your best weapon and bolshevism's worst enemy. In Boston, conservative, sedate Boston, thousands of people rather every Friday at private homes for conferences on bolshevism. One speaker went so far as to say that the next Fourth of July will be the festival day for the bolsheviks of America, the day when the president will be killed, the governors dispatched and a rule of bolshevism set up."

TAG DAY IN DRACUT

The committee in charge of the tag day held last Saturday in Dracut for the benefit of the Catesville mission has announced that the proceeds of the day amounted to \$125, while by other means enough has already been raised to bring the total to about \$210. The campaign is for \$500 to finish alterations on the building, which were started several months ago.

Priest Who Played With Reds in 1869 Converts \$50 for Games to Church Fund

MARIETTA, Ohio, Oct. 9.—The Rev. F. M. Woessman, pastor of St. Mary's Catholic church here, who as a college student was utility outfielder for the Cincinnati Reds when the team won its first championship in 1869, vowed that he would never attend a World Series contest until the Reds were contenders.

When Cincinnati won the National league pennant this year, he set aside \$50 and eagerly anticipated seeing as

many of the World Series games as possible, but to date he has not witnessed a single contest. Just when he was ready to leave for the opening game, he decided that the church needed the \$50 more than he needed to see the ball games, and he converted the amount to the cemetery fund.

Members of the church then started to raise a fund by popular subscription, but the priest would not consent. "I'm just as well off and my conscience feels better," he said.

"I thought I wanted to see the games for the sake of olden times and the days when I was a baseball player, but it pricked my conscience to use the money so emptily when the church needed it to help pay for the cemetery work now being done. All I can do now is to hope and pray the Reds will win."

Before taking your train home from Boston, get The Sun at either newsstand in the North station.

SO. END CELEBRATION

Big Bonfire Tomorrow
Night—Hon. R. H. Long
and Col. Herbert to Speak

With the entire district in gala attire, the good people of the South End tomorrow will inaugurate the four day welcome-home celebration for their service men. The festivities will formally open with the torching off of a huge bonfire on the old fair grounds in upper Gorham street and a band concert.

Today the outstanding feature of the celebration is the elaborate system of decoration which has been followed out on practically all streets between Tower's corner and the fair grounds and extending on either side to include Lawrence street and Thordike. Nothing has been done on a retail plan. The celebration itself is the biggest thing of its kind ever planned in the city and every incidental feature by necessity had to be correspondingly pretentious.

Up Gorham street as far as the eye can see, on either side of the thoroughfare the fronts of stores, houses and buildings are riot of color. The national colors of red, white and blue predominate, with the flags of the allies intermingling in pleasing harmony. No expense has been spared to beautify the line of march the parade of Monday will follow and it is safe to say that the marchers will pass through solid stretches of varied colored bunting, flags and flowers.

As the time for launching the event approaches the general committee and others who have assisted in the arrangements look back upon a set of plans which contain no flaw. Only good weather is needed to make the occurrence one of lasting memory, both to those who do honor and to those whose deeds of valor and sacrifice the celebration plans to glorify.

Following the bonfire and concert tomorrow evening, Saturday will be a day of sport and recreation. The children will join in races and games on the Chambers st. playground in the forenoon, while in the afternoon events for men will be held on the South common.

Societies and clubs included in the district will attend Sunday worship in different churches in bodies and band concerts will be given on the South common Sunday afternoon and evening.

The banner event of the celebration, the parade, will occur on Monday morning, Columbus day. It will be participated in by hundreds of service men, social, civic and fraternal organizations and will be entwined by many bands and adorned by scores of floats. Chief Marshal James E. Donnelly feels certain of a large turnout and one of the best exhibitions ever given in the city streets.

Bonfire Program
The opening event of the great welcome home reception to the fighting sons of the South End, the bonfire and concert on the fair grounds tomorrow night promises to be one of the most enjoyable features of the celebration.

This part of the program is in charge of the Manhattan Social club, and each and every member of the organization has worked untiringly, night and day, to make the event one of the most notable in the history of the city.

The huge pile of wood, etc., will be over 50 feet before the torch is applied and with a clear light it is expected that the entire district will be illuminated. John Baxter, secretary of the club, with the various committees says the surrounding program will be one of the best obtainable and already plans are being made to handle a tremendous crowd. Music will be furnished by a band and there will be singing by several talented artists.

Richard H. Long, democratic candidate for governor, and several other prominent speakers will be on the program. The acceptance of this invitation will prevent Mr. Long from appearing at the rally announced to be held in the downtown district tomorrow night. Mr. Long is particularly interested in the service men and

to assist in any event honoring the world war heroes, he says, is more important than to speak at a rally. Consequently when he was asked to attend the opening event of the big celebration, he immediately notified his manager to call off the proposed rally. The exercises will open at 8 o'clock and will be as follows: Opening address, Charles Dillon, president officer, William H. Sullivan, Mayor Thompson, Col. John F. Herbert, of Worcester, Hon. Richard H. Long, John J. Gilbride, and Charles H. Burns, of Lynn.

Flies 1123 Miles

Continued

Williamsport, Pa., yesterday, because of trouble with his compass, resumed his journey to Birmingham today.

Lieut. D. B. Gish, who with Capt. De Lavergne, air attaché of the French embassy was forced to descend at Canagie, N. Y., yesterday when his plane caught fire, arrived at Mincola today to re-enter the contest in another machine. Neither he nor his passenger was injured. Capt. De Lavergne was taken aboard a Martin bombing machine by Capt. Roy Francis, at Rochester, today. Lieut. Gish expected to overtake the bomber and transfer Capt. De Lavergne to his machine.

The mystery of airplane "No. 55," described as the "phantom ship" by officials of the American Flying club, was still unsolved. The machine suddenly descended from the sky yesterday, touched its wheels to the ground and continued without stopping or "checking out" at the official trial flying officials today communicated with all control stations east of Chicago in an effort to clear up the mystery.

The second accident on Roosevelt occurred this morning when a Newport machine piloted by Lieut. T. Hayes, crashed to earth from a height of 100 feet while attempting to get away in the race. The plane was wrecked, but the pilot was uninjured.

Three Killed First Day

MINCOLA, N. Y., Oct. 9.—Three aviators had been killed; four of the 62 originally entered planes had been put definitely out of the running, and the status of several others remained unknown early today when the army's great transcontinental air race over a 5100 mile course between Mincola and San Francisco was resumed.

Undismayed by the fate that befell their comrades yesterday on the first day of the great speed, endurance and reliability test, pilots of planes scattered over the course from Mincola as far west as Chicago and from San Francisco east to Salt Lake City, were up today with the dawn, eager to start the second day's grueling test.

Given flying weather as good as that of yesterday, the leading planes from the east and those from the west should cross trails shortly after noon. Yesterday Lieut. B. W. Maynard, the "flying parson" who led throughout the first lap, covered the 510 miles that separate Mincola and Chicago at a two-mile a minute pace. Eleven flyers from San Francisco covered the 517 miles from San Francisco to Salt Lake City. Thus, the leading flyers from east and west covered a total of 1034 miles and were separated this morning by only 1105 miles.

The Dead
The men killed yesterday were Major D. H. Christy and his observer, Sergeant Virgil Thomas, who met almost instant death in a crash at Salt Lake City, and Sergeant W. H. Nevitt, observer for Col. Gerald Brandt, whose plane crashed at Deposit, N. Y. Col. Brandt was slightly injured.

Two other planes put definitely out of the race were those driven by Air Commodore L. E. O. Charlton, British aviation attaché in the United States, and Lieut. D. B. Gish. Commodore Charlton's plane fell at Ovid, N. Y., while Lieut. Gish's crashed in flames at Canagie, N. Y.

One Airman Missing

Lieut. J. G. Williams, who left Mincola at 10.15 a. m. yesterday had not been heard from this morning. Three contestants who were obliged to make forced landings yesterday hoped to get back in the race today. They are Lieut. Ross Kirkpatrick, who descended at Vernon, N. Y.; Lieut.

A COAT SALE THAT WILL BE A HUMMER

A Remarkable Purchase From Two New York Makers

SALE COMMENCES FRIDAY MORNING

500 Women's and Misses' New Fall and Winter Coats, Regular \$35, \$40 and \$45 Values at \$29.50

FURTHER IMPROVEMENT BY PRES. WILSON

WASHINGTON, Oct. 9.—President Wilson had another good night and apparently showed further improvement today.

President Wilson continues to hold the slight improvement in his condition noted yesterday, said a bulletin issued by Rear Admirals Grayson and Stitt.

The bulletin follows: "White House, Oct. 9, 11.30 a. m. "While there is no material change in the president's condition, the slight improvement noted yesterday continues."

"GRAYSON. "STITT."

Fire Prevention Continued

Increased adherence to the common precautions against fire, including accumulation of waste matter, carelessness with matches, etc.

In hundreds of homes housewives answered the proclamation by destroying all superfluous papers, rags and other refuse which is easy prey to fire once ignited. The outside of houses also were polished in many instances and yards which had become refuse dumps through neglect were given a thorough cleaning.

It is not the Intent of Fire Prevention

PLAN NEW HIGHWAY

Plans for the construction of a state highway between Littleton and Groton are being prepared by the highway commissioners and it is expected the job will be started early in the spring. The new road, which will be a connecting link of the state highway between Boston and Keene, N. H., and which will be of great value to numerous residents of this city, will extend from the Littleton common to the Groton line, a distance of about 6 1/2 miles and will cost approximately \$35,000 a mile.

POSTAL CLERK DISPELS DOUBT

"I Will be Glad to Aid Sufferers From Rheumatism," Says Cambridge Man

Henry C. Hackett is a postman of Cambridge, Mass. There is not a more active mail deliverer in this college city. He is pointed out as a man who can give positive proof of how Var-Ne-Sis conquers rheumatism. One would not suppose to look at Mr. Hackett that he had ever known a sick day in his life, and yet his own case is proof of how Var-Ne-Sis conquers rheumatism. "I was delivering mail," says Mr. Hackett, "when I was overcome with an attack of rheumatism so bad that I had to quit. My doctor told me that he could not cure me. I had heard from others who had been benefited by Var-Ne-Sis. The druggist of whom I purchased it said that it would not injure me in any way, because it was made from nature's own remedies of roots and herbs. "At the time I began taking it, I was obliged to walk on the toe of my left foot on account of the pain, and could not stretch the joints of my knees. It required only a few bottles of Var-Ne-Sis to relieve that trouble, so that I was able to parade with the band in the Liberty Loan parade. Today I am entirely well. I have not the slightest symptom of rheumatism as you can see. And I will only be too glad to have anyone write to me, and I will give them my endorsement of Var-Ne-Sis in liquid form or tablet form, at druggists, or you can get it direct from W. A. Varney, Lynn, Mass.—Adv.

LABORER MURDERED AND ROBBED

LINCOLN, N. H., Oct. 9.—County authorities today were investigating the death last night of John O'Brien, a laborer in a construction camp here, who was killed and robbed. The man's body, shot through the head and heart and with the head beaten, was found beside a road. An hour after O'Brien had been seen in company with two men. His watch was taken, but \$15 which he had placed in a bag around his neck, was overlooked.

Airplane Falls Into Lake Erie

ASHTABULA, Ohio, Oct. 9.—Airplane No. 45 in the transcontinental aerial derby fell into Lake Erie three miles east of Ashtabula harbor this morning. The two occupants were rescued. An attempt will be made to salvage the plane.

John F. Stevens Awarded D. S. Cross

VLADIVOSTOK, Thursday, Sept. 25.—(By the Associated Press)—Major General William S. Graves, commander of American forces in Siberia, today decorated John F. Stevens, head of the American Railway commission to Russia, with the Distinguished Service Medal.

WILL DISTRIBUTE VICTORY BUTTONS

Capt. Angell of the main recruiting station in Boston will be at 117 Merrimack street, this city, from noon to 3 p. m. tomorrow for the purpose of issuing victory buttons to all ex-soldiers holding honorable discharge papers. Those who find it impossible to reach the office at the hours above stated may leave their discharge papers there and Capt. Angell will see to it that they get their buttons.

"Flying Parson" Continues to Lead in Great Coast to Coast Air Race

LT. MAYNARD
FLIES 1123 MILES

MINNEOLA, N. Y., Oct. 9.—Lieut. E. W. Maynard, the "flying parson," led all other aviators today in distance covered in the Army's transcontinental race. He flew from Chicago to Rock Island, Ill., this morning and thence to Des Moines, Ia., 1123 miles from his starting place. His total elapsed time between Minneola and Des Moines was 25 hours and 59 minutes, allowing for the difference in time. Capt. H. C. Brayton left Bryan, Ohio, in the rain bound west, although poor weather held up virtually all other west-bound fliers at the control stations in Rochester, Buffalo, Bryan and Cleveland. Weather conditions around Chicago had sufficiently improved at noon to allow the west bound fliers to resume.

East bound fliers encountered better weather and three pilots were enabled to leave Salt Lake City, Utah, early today for Green River, Wyo., 137 miles distant and 755 miles from the starting point at San Francisco.

Thirty of the 48 machines leaving here had arrived at Buffalo before noon today. A number of others were held up at Birmingham and Rochester. Capt. John Marnette, who landed near

ACTION TO FOLLOW THE \$30,000 MORE
TREATY RATIFICATION

PARIS, Oct. 9.—Ratification of the Versailles treaty by three allied powers and its consequent coming into effect will necessitate the appointment of a number of boundary and administrative commissions and various positive measures provided for in the treaty within a short time.

Germany must immediately surrender all German surface war vessels outside German ports and demilitarize warships now under construction, the evacuation of the parts of Schleswig, whose future ownership is to be determined by a plebiscite, must be carried out within 10 days after the completion of the treaty and the administration turned over to an international commission created by the allied and associated powers together with Norway and Sweden.

SHIP APPEALS FOR AID

HALIFAX, N. S., Oct. 9.—An appeal for aid was received today in a wireless message from the United States shipping board steamer Yaklok, intercepted by the radio station at Harrington, N. S. The message said that the Yaklok was totally disabled and drifting helplessly in latitude 41.57 north; longitude 66.21 west. The steamer Anaerocis reported that she was about 70 miles from the disabled ship and proceeding to her relief.

KITTREDGE TO BUY

McCARTY PROPERTY

Negotiations are under way for the sale of the McCarty property at the corner of Palmer and Middle streets to Harry C. Kittredge, the well known Central street business man. It is expected that the final papers will be signed within a few days and then it is understood Mr. Kittredge will make necessary changes in the building to adapt it for immediate occupancy.

The property is centrally located and consists of a four-story brick building with a floor area of about 5600 square feet, while the land area is close to 2000 square feet. It is assessed for over \$22,000.

LARGENY CASE RESUMED

Trial of Railway Conductors Charged With Larceny Not Yet Completed

The cases against the three Lowell street car conductors, J. J. Kelley, Camille Chicoine and J. E. Wallace, accused of stealing fares from the Eastern Massachusetts Street Railway Co. on various dates in September, were resumed before Judge Baright this morning, and took up the greater part of the day. Indications were that the trial would not be taken up again until next Tuesday, when the defense will present its case, the case of the prosecution, represented by Attorney Wier, having been practically completed at the close of today's sessions.

All five "operators" of the railway auditing and inspecting Co. of Philadelphia, who were employed by the local street car company to investigate alleged cases of fare stealing by its employees, testified today in the complaints against J. J. Kelley. Some were able to give their testimony without reference to their notes.

The prosecution at this morning's session took up the case against John J. Kelley, charged with stealing various amounts from the local street railway on various dates in September. The evidence in the cases of the other two conductors, Camille Chicoine and J. E. Wallace, having been completed by Attorney Wier at yesterday's sessions.

The first complaint charged Kelley with holding out fares on a trip from Merrimack square to Billerica at 12.35 p. m. on Sept. 7.

Operator Marcus took the stand and said that he had made this trip on Conductor Kelley's car. A lady boarded the car at the square and gave Conductor Kelley a quarter. The lady received 15 cents in change and only one fare was deposited in the fare box by Kelley.

At the postoffice, three men got on the car. One man gave Wallace half a dollar, paying for three. Wallace returned 20 cents in change, but only one dime was dropped in the fare box, he declared.

At Davis square two men boarded the car. One gave Wallace a quarter, paying for two. Five cents change was returned, and one dime was deposited in the box, he said.

At North Billerica postoffice a man boarded the car and gave Kelley 10 cents. No deposit was made, he testified. Another man gave the conductor a dollar bill, ninety cents was returned by Kelley and one nickel only placed in the box.

Operator Marcus gave the entire testimony of this trip without referring to his notes.

COMISKEY PARK, Chicago, Oct. 9.

The sun broke through the clouds shortly before noon today, but a high wind sprang up.

When the Sox began practice clouds of dust were raised by the wind sweeping down on the diamond and gave promise of difficult work on the part of the infielders.

Faber served up the benders for the Sox while Williams took his regular position in the batting practice.

Eller batted in his regular position when the Sox went on the field. The wind blew stronger and both infielders and outfielders had a hard time.

Both left and right field bleachers were packed to capacity and the pavilion almost so.

In anticipation of Williams working for the Sox, Manager Moran sent Bresler to serve up southpaw benders to the Reds.

Eller and Williams
At 1.40 p. m., the Reds indulged in a sharp fielding practice with Rariden handling the ball at the plate.

The Sox took the field for final fielding practice at 1.47.

Both Williams and Eller began warming up.

The umpires made their appearance on the field at 1.55.

The batteries for today's game: Cincinnati, Eller and Rariden; Chicago, Williams and Schalk.

First inning
First half. Rath up. The first ball pitched by Williams split the plate but Rath did not make a bid for it.

Rath opened the contest with a pop fly that Schalk got in short left. Daubert singled to center. It was a fine drive that Liebold made a great effort for, but could not quite reach before it touched the ground. Rath fanned the first one off. Groh fouled the third ball into the left field pavilion.

Groh singled to right. It was a short hit that cleared over first base, and Daubert held second. Roush doubled past first base to the right field pavilion fence, scoring Daubert and putting Groh on third. James is warming up for Chicago. Duncan doubled to left field, scoring Groh and Roush.

It was a fine drive that went over Weaver's head and Jackson fanned in the extreme left field corner. This was enough for Williams and "Big Bill" James went into the box for Gleason's team. James could not locate the plate and walked Kopf. Duncan still on second. Neale fanned, the third ball being called on him. James almost made a wild pitch but Schalk recovered the ball before any damage could be done. Rariden lifted a Texas League hit over first base, scoring Duncan and putting Kopf on third.

The crowd gave Eller a handclap ovation when he went into the batter's box. Rariden stole second. Eller ended the inning by flying out to Felsch. Four runs, five hits, no errors.

Second half: The Reds displayed the most consecutive hitting of the series in this inning. Their wallows off Williams were all clean hits. Liebold up. Eller's first pitch was over the plate. Liebold started for the Sox with a clean single and Duncan fanned fast and prevented him from striding into a double. Felsch doubled to left. Liebold going to third. Ring was warming up for Cincinnati. Weaver fanned. Eller got his first victim when he slipped the third strike over to Weaver. Jackson lifted a puny fly that Kopf captured in back of third. Liebold holding third and Ed Collins second. Felsch tried to dodge the

ball but it hit his bat, foul. Felsch fanned. The Sox hit Eller hard at the beginning of their batting but he tightened up on the third man and pitched himself out of a bad hole. No runs, two hits, no errors.

Second inning
First half: Rath struck out. James got Rath in the three and two hole and then walked him by pitching one wide. This finished James and he was ordered from the box by Mgr. Gleason. Wilkinson relieving him on the mound. Wilkinson's first offering was extremely high but Schalk held onto it. Daubert attempted to sacrifice, but fouled it. Daubert bunted in front of the plate and Schalk threw wild to catch Eller at third. Eller reaching there safely. Rath taking second and Daubert first. Groh fanned. Roush singled over Ed Collins' head, bringing home Eller and Rath and putting Daubert on third. The infield was playing in for the play and the ball took a high bound just out of reach of Collins. Duncan singled to right, scoring Daubert and putting Roush on third. Duncan took second on the throw to catch Roush at third.

Kopf walked, filling the bases again. Neale forced Roush at the plate when Weaver grabbed his drive and threw to Schalk. Kopf was caught off second by a snap throw, Schalk to Roush. Three runs, three hits, one error.

Second half: Weaver singled over first, the ball taking a nasty bound and hitting Daubert on the shin. Jackson hoisted a long fly that Roush caught. Roush was playing extremely deep. Roush also took care of Felsch's high fly. Neale came under Gandil's fly and captured it. No runs, one hit, no errors.

Third inning
First half: Weaver took Duncan's high bound and threw him out at first. Weaver came over fast, getting Kopf's grounder and throwing to Gandil for the put out. Neale was passed. Neale was caught stealing. Schalk to E. Collins. No runs, no hits, no errors.

Second half: E. Collins fanned to Duncan. It was a hard hit ball but almost directly into the hands of the Red left fielder. Weaver hoisted a high fly that Rath made a circus catch of, going back and barely getting it. The outfield moved back for Jackson. He put one into the right field bleachers for a home run. It was the longest hit made during the series at the Sox park. Neale, who was playing deep, barked up to the fence and waited for the ball to go over his head. Kopf took Felsch's grounder and tossed to Daubert for the third out. One run, one hit, no errors.

Fourth inning
First half. The crowd gave Jackson a big hand as he took his place in left field. Rariden lined into Gandil's hands for the first out. Eller was hit by the first pitched ball and trotted to first. Rath attempted to sacrifice but the ball rolled foul. Rath singled to second base. Roush managing to stop it, but could not recover it in time for a put out. Eller taking second. Daubert singled to center and Eller was caught at the plate when Liebold made a wonderful throw to Schalk. Rath reached third and Daubert took second on the throw to the plate. Groh popped out to Ed Collins. No runs, two hits, no errors.

Second half: Gandil hoisted to Neale who caught the ball on a full strike being a foul tip that Rariden held on to. Groh gathered in Schalk's grounder and threw him out at first. No runs, no hits, no errors.

Fifth inning
First half. E. Collins got Roush's grounder and threw to Gandil for the put out. Duncan line fanned to Ed Collins. It was a wicked drive that Collins secured. Kopf tried to right the ball going over first base and reaching the extreme right field corner before Felsch retrieved it. Neale singled between third and short and Kopf scored. Rariden examined the ball and threw it back to James. Neale stole second. Schalk's throw being a little to the left of the bag. James almost caught Neale on a quick throw to second. Roush threw Rariden out at first. One run, two hits, no errors.

Second half: James fouled one that hit his foot and bounced on his ground. The umpire called it foul. James struck out. Kopf made a great stop of Liebold's grass cutter and got the ball over to first ahead of the runner. Kopf also took Ed Collins' grounder and threw to first for the putout. No runs, no hits, no errors.

Sixth inning
First half: Eller singled through the box. Every Cincinnati player has now made at least one hit. James got Rath in the three and two hole and then walked him by pitching one wide. This finished James and he was ordered from the box by Mgr. Gleason. Wilkinson relieving him on the mound. Wilkinson's first offering was extremely high but Schalk held onto it. Daubert attempted to sacrifice, but fouled it. Daubert bunted in front of the plate and Schalk threw wild to catch Eller at third. Eller reaching there safely. Rath taking second and Daubert first. Groh fanned. Roush singled over Ed Collins' head, bringing home Eller and Rath and putting Daubert on third. The infield was playing in for the play and the ball took a high bound just out of reach of Collins. Duncan singled to right, scoring Daubert and putting Roush on third. Duncan took second on the throw to catch Roush at third.

Kopf walked, filling the bases again. Neale forced Roush at the plate when Weaver grabbed his drive and threw to Schalk. Kopf was caught off second by a snap throw, Schalk to Roush. Three runs, three hits, one error.

Second half: Weaver singled over first, the ball taking a nasty bound and hitting Daubert on the shin. Jackson hoisted a long fly that Roush caught. Roush was playing extremely deep. Roush also took care of Felsch's high fly. Neale came under Gandil's fly and captured it. No runs, one hit, no errors.

Final score: Cincinnati 10, Chicago 5. See Next Edition for Official Box Score

Duncan took second on the throw to catch Roush at third.

"FIGHT TO THE DEATH"

Turkish Nationalists Demand

Application of Pres. Wilson's Principles

PARIS, Oct. 9.—A Turkish nationalist government has been constituted at Konier, Asia Minor, according to a despatch from Smyrna and has issued a proclamation demanding the application of President Wilson's principles to Turkey and declaring the supporters of the government will fight to the death to resist foreign intervention. The proclamation was signed "Patriotic committee."

25 STRIKING POLICEMEN RESTORED TO FORCE

BOSTON, Oct. 9.—Having renounced their affiliations with the Boston Police men's union, 25 former members of the police department have been restored to duty. Charges of one kind or another have been made against these men and an effort is being made to adjust their cases as speedily as possible. Some have already been tried and others are going to trial daily.

The men restored to duty come under various classifications. Some were on vacations before the vacations were suspended on the morning of the day of the strike; others were on sick leave, but did not go on strike although members of the union, while more joined the union after working for a couple of days subsequent to the strike.

No list of names of the policemen returning to work has been given out by police officials, but it is admitted that a way is being found to restore a considerable number of the policemen to the force as fast as they renounce their union affiliation in strictly union form.

Among those reinstated thus far are Henry Myers of Station 19, West Roxbury, Edwin P. Briggs, Thomas J. Quinn, William B. Quinn, John J. Maguire, Charles M. Montgomery and John J. Gallagher of the Brighton station. These men surrendered their police property and quit their jobs as individuals the day following the strike, after having performed their work on the night of the strike.

Sullivan Resolution Rejected

By a vote of 6 to 1, the executive council refused yesterday to pass a resolution offered last week by Councilor Lewis R. Sullivan calling for a report from Police Commissioner Edwin U. Curtis on certain phases of the police strike. The resolution requested that Commissioner Curtis state whether his expenses for counsel have exceeded the amount fixed by statute; to tell why he desired changes in the civil service regulations relative to appeals for the police department and called for a conference between the civil service commission and the attorney general about the power of the police commissioner to take back the striking policemen.

City to Defend Policemen

Mayor Peters yesterday sent a letter to Messrs. Vahey and Feeney, counsel for the Police men's union, informing them that he had directed the corporation counsel to defend Patrick J. Coyne, one of the striking policemen in a civil suit instituted while Coyne was a member of the department and also that such others as may arise will be defended. The letter follows:

"I have your letter of Oct. 6 in which you call my attention to the case of one Patrick J. Coyne, a former member of the police force.

"In response to your request I have directed the corporation counsel to defend Coyne's case and such others as may arise under similar circumstances."

Post Wants Men Reinstated
Resolutions calling for the reinstatement of the 1200 striking policemen have been adopted by Thomas J. Roberts Post 215, American Legion, at its meeting at Codman square, Dorchester.

"Resolved, That we, veterans of the world war, express our disapproval of the action taken by the governor and the police commissioner and that we declare our resentment against the application of 'deserters' to our comrades and others who are still fighting to make secure the application of the principles for which they fought as soldiers of the nation, and furthermore be it:

"Resolved, That we believe the best interests of our city can be served by immediately reinstating the 1200 striking policemen who for so long have efficiently protected our city while patiently bearing conditions that the public now know are a disgrace to our boasted superior culture."

Fresh Fruit Desserts—2c

Jiffy-Jell desserts, rich and fruity, cost but 2 cents per serving.

Each package contains a vial of fruit essence, made from condensed fruit juice.

Add boiling water, then this flavor, and you have a fresh-fruit dainty.

Compare Jiffy-Jell with the old-style quick gelatin desserts. You will find it five times better, yet it costs no more.

Millions now enjoy it.

If It's Hosiery You Want—the Kind You Want Is Here

SEN. WILLIAMS REPLIES URGES RATIFICATION OF TO SEN. BORAH TREATY AND LEAGUE

WASHINGTON, Oct. 9.—Attacks on League to Enforce Peace were continued today in the senate. Senator Borah, republican, Idaho, charged that the league was sending out "doctored" propaganda designed to speed up ratification of the peace treaty, unamended.

Referring to a statement by Senator Borah that the League to Enforce Peace was calling for and getting large working funds, Senator Williams, democrat, Mississippi, said people who lived in glass houses should not throw stones, adding that somebody might come along and ask who was putting up the money for traveling expenses "of certain gentlemen who are going about the country attacking the league."

Senator Borah said he wanted it understood that he paid his own way, his one regret being that he was not able to travel further and keep on speaking to the people about the treaty.

DETROIT, Oct. 9.—Resolutions appealing to the United States senate to ratify the peace treaty with Germany and the covenant of the League of Nations were introduced today in the house of deputies of the general convention of the Protestant Episcopal church and given a place on the calendar.

KING TO SIGN TREATY TOMORROW

LONDON, Oct. 9.—The "king's copy" of the German peace treaty will probably be signed by King George tomorrow and forwarded to Paris. It is expected that the signing by the king will be followed by his peace proclamation. This will complete Great Britain's ratification of the treaty.

The vacuum process of condensing milk was originated in 1835.

Delivery of Freight Prohibited

NEW YORK, Oct. 9.—Delivery of all freight by lighter to steamers in New York port was prohibited today by W. N. Pollack, marine director for the United States railroad administration as a result of the longshoremen's strike.

Hood's Sarsaparilla

Take this good old family medicine For Scrofula, Catarrh, Rheumatism, Kidney Complaint, Dyspepsia.

Having superlative merit it has given entire satisfaction to three generations. Fine purifier and tonic.

BEGINS FLIGHT FROM NEWFOUNDLAND TO N.Y.

HALIFAX, N. S., Oct. 9.—Rear Admiral Mark Kerr's big Handley-Page bombing plane which was wrecked at Parrsboro, last summer on its flight from Newfoundland to New York, resumed its journey from Parrsboro at 11.55 o'clock this morning.

The machine, christened the "Atlantic" when it was entered for a trans-ocean flight last spring, climbed into the air and swung off across the Bay of Fundy for St. John, N. B. From that city it will lay its course down the New England coast over Portland and Boston in its journey to New York—625 miles in an air line from its starting field at Parrsboro.

Eight to ten hours are estimated as the length of the Atlantic's flight, which is to be non-stop.

DEAN OF EPISCOPAL THEOLOGICAL SCHOOL

CAMBRIDGE, Oct. 9.—The election of Rev. Charles L. Slattery, rector of Grace church, New York, as dean of the Episcopal Theological school, was announced by the board of trustees today. The position was made vacant by the death last May of Dean George Hodges, who had held the office since 1884.

Rev. Mr. Slattery was graduated from the school in 1894. Subsequently he was master of Groton school, dean of the cathedral at Fairbairn, Minn., and rector of Christ church, Springfield. He has been rector of Grace church since 1910.

IRISH QUESTION IS DISCUSSED

LONDON, Oct. 9.—The Irish question occupied the attention of the cabinet today. Premier Lloyd George presided and Sir Edward Carson was summoned to the meeting.

Before the meeting it was announced that the cabinet committee appointed to find a solution of the Irish problem would meet today and hold frequent sessions in order that its work might be completed before the conclusion of the peace treaty with Turkey, as otherwise the home rule act, suspended for the war, would then come into force.

RACES POSTPONED
LEXINGTON, Ky., Oct. 9.—Today's grand circuit races were postponed because of rain.

WE SERVE OUR CUSTOMERS OPEN FRIDAY NIGHTS Take Advantage of Our Friday
BEST BY BEING Night Four-Hour Cash Specials

Take Your Choice of 2 Ways to Buy Your Fall Clothes:

(1)—to look around until you find the lowest price.

(2)—to go, first, where you'll find the highest quality.

The first way you'll save a few dollars at the start; then in a few months you'll have to have new clothes; AND you'll discover that what you saved on the price was taken out of the quality of the clothes; ---and you'll be sorry!

The second way will bring you here for guaranteed MERRIMACK Clothes. They'll wear so long, give such good service that you'll save money in the long run, for you won't buy clothes so often;---and you'll be satisfied.

GETS ONE YEAR FOR PERJURY

BOSTON, Oct. 9.—William J. O'Brien, president of the Boston Fish Market corporation who confessed to perjury during a federal suit against certain fish marketing firms and individuals last January, was sentenced today to serve one year in jail and pay a fine of \$500.

DISCUSS PEACE TREATY
PARIS, Oct. 9.—Discussion of the peace treaty with Germany began in the French senate this afternoon.

SUES UNIVERSITY FOR \$115,000

NEW YORK, Oct. 9.—Prof. J. McKean Cattell, who was suspended as head of the department of psychology of Columbia university, Oct. 5, 1917, for alleged seditious remarks, today filed suit for \$115,000 against the university.

He denies the charges which were preferred by the trustees of the university and asks to be compensated for the "loss of his position and the deprivation for the remainder of his

life of the opportunity to earn a livelihood in his chosen calling," and for the "loss of social and professional prestige."

International Union Head
Sees I. W. W. Behind N. Y.
Longshoremen

NEW YORK, Oct. 9.—The unexpected strike of thousands of longshoremen, which threatens to tie up the port of New York, yesterday was attributed directly to I. W. W. agitation by T. V. O'Connor, president of the International Longshoremen's union, who declared that the walkout, unauthorized, would not receive the support of the international.

Between 15 and 20 I. W. W. organizers have been at work on the waterfront for weeks, declared Mr. O'Connor, who asked Police Commissioner Enright for adequate police protection for the men who remained at work. John Kelly, president of the district council of longshoremen, was beaten by a man whom he tried to persuade to return to work.

Eight hundred longshoremen and 100 checkers employed on the Pennsylvania railroad's piers at Jersey City, struck yesterday in sympathy with the New York wharf workers and for the same terms, \$1 an hour for the longshoremen and \$1 a day for the checkers.

The Cunard liner Carmania was held up for five hours because of the strike, but finally sailed for Liverpool just before dark. The ship was obliged to leave behind about 500 tons of her 4700-ton cargo of freight and also gave up the plan to take aboard 1000 additional tons of bunker coal for the return trip. Clerks helped get baggage aboard and many second cabin and steerage passengers volunteered to bring their own trunks from the pier to the ship.

The White Star liner Baltic sailed on time for Liverpool with 1230 passengers despite the strike, but only because heads of departments, clerks and others from the company's Broad-

way offices "pitched in" and moved 1500 pieces of baggage. Representatives of 40 steamship lines formally endorsed the decision of the wage adjustment board at a meeting yesterday. The award announced Tuesday decreed that longshoremen were to receive a 5-cent and 10-cent an hour increase in wages for day and night work, respectively, effective October 1. The decision has been rendered void by the strike, according to an opinion expressed by Frederick Topping, vice president of the International Mercantile Marine.

Fifteen hundred steamship office clerks, members of a union affiliated with the longshoremen, struck yesterday for a minimum of \$40 and a maximum of \$50 a week.

Striking longshoremen declared last night that the deal would be complete at Hoboken by Friday, when all of the men would be called out at the Scandinavian-American Line Piers and at the army base.

OBJECTIONS TO BRIDGE ARE OVERRULED

BOSTON, Oct. 9.—The objections of Holyoke, Chelmsford, Westfield and certain towns in western Massachusetts to the construction of a bridge across the Connecticut river between Springfield and West Springfield, were overruled today by the supreme court, which approved the plans of a commission appointed by the court two years ago. The commission consisted of John I. Bates, former governor; Joseph H. O'Neil, former congressman; and Joseph P. Worcester, a civil engineer.

BIG HUN GUNS HIDDEN IN FORTRESSES

PARIS, Oct. 9.—(French wireless service) Where are the big guns with which the Germans bombarded Paris during the last few months of the war, is a question that is being frequently asked both in Germany and outside of it.

A recent issue of the Berlin Tageblatt shows that this question was propounded by one of its representatives to Major Trepper, formerly attached to the German war ministry, and a participant in the armistice parleys. He also was asked whether Germany had pledged herself to hand over these guns. He is quoted as replying that Germany had given no such pledge and as adding: "If the French newspapers want to know where these guns are they can be told that they are well hidden and guarded in our fortresses on the coast."

"It is the news, the truth and fit to print." This is the standard The Sun follows in printing city, state and national news.

SUPPLIES FOR 2 YEARS

Noted Non-Magnetic Ship
Carnegie Ready for Big
Ocean Trip

WASHINGTON, Oct. 9.—With enough provisions aboard to last two years, and outfitted for a voyage of 6500 miles, the noted non-magnetic ship Carnegie was ready today to leave Washington on a task of tracing through the long spaces of the South Atlantic and Pacific oceans the devious curves which the magnetic poles lay out for the compass needle to follow.

This is the fifth and probably the last trip of the Carnegie on this errand, which has already taken her through 200,000 miles of ocean during the last 10 years and has resulted in much information that is incorporated in the magnetic charts which sailors use. She was built by the Carnegie Institute especially for the work and has neither steel or iron in her hull or fittings.

MINERS VISIT PREMIER

Call on Lloyd George to
Press for Complete Nationalization of Mines

LONDON, Oct. 9.—With the country not yet fully recovered from the railroad strike, a deputation of miners planned to call on Premier Lloyd George today to press for complete nationalization of mines. The deputation consisted of members of the parliamentary committee of the Trades union congress which met recently in Glasgow and members of the executive committee of the miners' federation.

If Lloyd George refuses to accept nationalization as it is assumed he will, a special trades union congress will be convened.

The Mail's labor correspondent writes: "Should the government prove obdurate, it is quite possible the nation will find itself in a few days in a position of even greater menace than it faced last week."

EPISCOPAL CHURCH CONVENTION

DETROIT, Mich., Oct. 9.—Committees of the general convention of the Protestant Episcopal church today took under consideration the plan for revision of the Book of Prayer, an extensive Americanization program on which it is proposed to expend \$1,500,000, and the program for extension of the church's work to be financed by a nation-wide campaign.

Women of the church, at a thanksgiving service today, presented a national-

ALTERATION SALE

OSTROFF'S

AT

Starts Friday Morning, Oct. 10

AT 9.30 A. M.

We have outgrown our present store and so we are adding about 2500 square feet of floor space. Part of our enormous stock must be reduced to make room for the builders. Therefore, it will be worth your while to attend this sale.

Newspaper space is so expensive, and it would easily take from two to three full pages to itemize every article and price. We will just mention what we have in this sale. With a guarantee that every article you buy at this sale will be first quality merchandise.

We don't carry any seconds nor do we buy any job lots. Most of our stock consists of national brand goods, and it must be from 25 to 75 per cent. cheaper than you can buy elsewhere or your money cheerfully refunded.

TWO SHOT IN STRIKE RIOT

Negro Workers and Foreign
Born Strikers Clash at
Donora

Other Steel Plants to Reopen
Following Break in Ranks
of Strikers

PITTSBURG, Oct. 9.—A clash between negro workers and foreign born strikers at Donora, today, resulted in two men being shot and wounded and a number injured. The crowd was scattered by the state police.

While reports from company sources indicated that many strikers were returning to work union leaders announced today that the strikers were holding firm and were prepared for a long siege.

According to the Carnegie Steel Co. about 500 more men are reporting to its mills daily.

First Break in Ranks

YOUNGSTOWN, Ohio, Oct. 9.—Coupled with the announcement that differences between employees and the Trumbull Steel Co., at Warren had been adjusted, it was reported today, that the Brier Hill Steel Co. and the Youngstown Sheet & Tube Co. were preparing to start departments.

The agreement with the Trumbull Co. is the first break in the ranks of the Mahoning valley strikers.

Running at 50 Per Cent.

CHICAGO, Oct. 9.—Steel mills at Gary, East Chicago and Indiana Harbor, Ind., and South Chicago, Ill., reported today that they were running on a 50 per cent. scale or were ready to resume immediately at a reduced capacity.

Military control continued at Gary as did martial law at East Chicago and Indiana Harbor.

JURY TO TRY GEORGE A. LONG COMPLETED

MONTPELIER, Vt., Oct. 9.—A jury to try George A. Long on the charge of murdering Mrs. Lucina G. Broadwell in Barre, the night of May 3, 1919, was completed in Washington county court today; the state presented an outline of its case, and the jury and court attaches went this afternoon to Barre to look over the locations to be mentioned in the testimony.

The jury is largely made up of farmers and all of the 12 are married except Juror Ira H. Edson, who is a widower. The jury is composed of the following: Maynard King, 32, Calais, a road patrolman; Ira H. Edson, 59, Montpelier, a janitor; Thomas J. Ferris, 60, Moretown, an undertaker; Frank W. Nichols, 51, Montpelier, an automobile livestockman; Raymond L. Campbell, 23, Fayston, a farmer; Charles W. Codding, 31, East Montpelier, a farmer; John W. Alexander, 39, Middlesex, a farmer; John L. Baird, 58, Waitsfield, a retired farmer; M. C. Barber, 60, Waterbury, a farmer; A. J. Patterson, 62, Middlesex, a farmer; Walter D. Ordway, 54, Montpelier, a salesman; Edward E. Kellogg, 64, Montpelier, a property caretaker.

The drawing of the jury was completed just before noon. On the opening of court this afternoon, the outline of the state's case was presented, after which the trip to Barre was taken to look over the scene alleged to be connected with the death of Mrs. Broadwell.

MATRIMONIAL

Mr. Edouard Proulx and Miss Agathe Montblanc were married yesterday afternoon at Notre Dame de Lourdes rectory, the ceremony being performed by the pastor, Rev. Leon Lamotte, O. M. I. The witnesses were Messrs. Edouard Hubert and Albert Proulx.

Dubois—Ryan

The marriage of Mr. Antonio Dubois and Miss Marie Alice Ryan took place yesterday afternoon at Notre Dame de Lourdes rectory, the officiating clergyman being Rev. Leon Lamotte, O. M. I., pastor. The couple were attended by Messrs. Alfred Ryan and Napoleon Dubois, brother and father of the bride and bridegroom respectively.

Laporte—Benoit

Mr. Philippe Laporte and Miss Len Benoit were married yesterday afternoon at 4 o'clock at St. Joseph's rectory, the officiating clergyman being Rev. Louis N. Rachand, O. M. I. The bride wore a blue velvet travelling suit with hat to match and carried bridal roses. The bridesmaid, Miss Evelyn Benoit, a sister of the bride, was attired in a brown travelling suit with hat to match and carried chrysanthemums. The best man was Mr. Arthur Tremblay, a cousin of the bridegroom. At the close of the ceremony a wedding supper was served at the home of the bride, 95 Varney street and later Mr. and Mrs. Laporte, who were the recipients of numerous wedding gifts left on a honeymoon trip to New York and Niagara Falls, and upon their return they will make their home in this city.

Sayers—Dolan

Mr. John T. Sayers, a well known conductor on the electric cars and Miss Margaret C. Dolan were married yesterday afternoon at 5 o'clock, the ceremony being performed at St. Peter's rectory by Rev. Fr. Linehan. The bride wore white georgette with bridal veil and carried lilies of the valley. She was attended by her cousin, Miss Catherine E. Tivnan, who was attired in pink georgette and carried pink roses. The best man was Mr. John Dolan, a brother of the bride. At the close of the ceremony a reception was held at the home of the bride, 129 Summer street. Later in the evening the happy couple left on a wedding trip to New York and upon their return they will make their home at 129 Summer street.

U. S. STEEL ATTACKED AND DEFENDED

WASHINGTON, Oct. 9.—The United States Steel corporation was attacked and defended during the second day of arguments in the supreme court, which is considering the government's anti-trust suit against that organization. C. B. Ames, assistant to the attorney general, appearing for the government, declared the corporation was organized for the purpose of eliminating the possibility of competition, while Richard V. Lindabury, for the defense, urged the court to sustain lower court decrees dismissing the proceedings.

Replying to inquiries by Justices Van de Venter and Pitney, Judge Ames told the court that aside from asking for the breaking up of the corporation into competitive units, the government had no plan to suggest.

"But don't you pray for the dissolution of several of the subsidiaries?" inquired Justice Pitney.

"Our thought is to that," replied the government attorney, "was that the court might not care for a complete plan, if you grant that relief, but that a complete plan could be worked out later, as was done in the tobacco case."

Mr. Lindabury asserted the action of the corporation organizers in acquiring control of various steel plants back in the 90's was more one of salvage than monopoly, owing to the prevailing depressed financial conditions which resulted in the failure of about 100 steel companies. He also referred to the extensive investigation made several years ago by a congressional committee.

"They found no fault with the organization of any of them. They found no illegal practices."

Despite this, he said, the supreme court was asked to find infiquities 22 years after the corporation was formed.

To combat government arguments that the corporation is a monopoly Mr.

Lindabury said it never controlled more than 51 per cent of the steel manufactured in this country and the production had fallen so that when the testimony in these proceedings was taken it produced 45 per cent of the steel sold to the world and only about 40 per cent of the domestic trade.

Justice McReynolds and Brandeis are taking no part in the case, the former being disqualified because of having been attorney general during earlier proceedings, while the latter retired because of public expressions of opinion regarding the corporation before his appointment.

ARREST COUNT POTOCKI

Was About to Leave Montreal for Great Britain—Woman Companion Held

MONTREAL, Oct. 9.—Count Maximilian Egon Potocki, on his arrival here from New York was arrested yesterday while preparing to depart for Great Britain on the steamer Empress of France and sent to the Naupaka sing internment camp. A woman with him was sent to New York.

Investigators for the report of alien enemies, announced that they had found incriminating papers in the possession of the count. One was a letter from Dr. Friedrich Adler, Sparracan leader in Vienna, commenting on the "wonderful work" the count's mother was doing in southern Europe, with a eulogy of Rosa Luxembourg and Karl Liebknecht.

In the findings of his hat and overcoat were found addresses of men and women in many parts of Europe whose names were on government files as persons of radical tendencies. Count Potocki was traveling as "James Dunn" and his passport showed him to be a British subject who was general manager of a large corporation. He had more than \$50,000 with him in letters of credit, cash and jewelry.

CHILD SAVED BY MOTHER

Gertrude Lamarr, six-year-old daughter of Mr. and Mrs. Anselmus Lamarr, 29 Main Street, Sanford, Maine, was saved from fits by the prompt action of her mother who administered Dr. True's Elixir.

Mrs. Lamarr wrote the following to Dr. J. P. True & Co.: "My daughter, Gertrude, had dizzy spells and could not even go out for she always complained of being sick. She used your elixir (Dr. True's Elixir, the Family Laxative and Worm Expeller). She never had any fits since. I feel very grateful to you."

Symptoms of worms: Constipation, deranged stomach, swollen upper lip, sour stomach, offensive breath, hard and full belly, with occasional gripings and pains about the navel, pale face of leaden tint, eyes heavy and dull, twitching eyelids, itching of the nose, itching of the rectum, short dry cough, grinding of the teeth, little red points sticking out on the tongue, starting during sleep, slow fever.

Dr. True's Elixir has been faithful in its duties as a family Laxative and Worm Expeller, since 1851—over 65 years reputation. Every one can improve their health by simply looking after the bowels—a pure herb, laxative which Dr. True's Elixir is, will promptly relieve all worry and disorders. AT ALL DEALERS.—Adv.

Encouragement For Those Who Have Indigestion

New Hampshire Man Tells How Dr. Williams' Pink Pills Restored His Health

"There is hope for every sufferer from stomach trouble," declares Mr. William Kelly, who lives at No. 63 Dover street, Manchester, N. H. "I base this belief on my own experience. I suffered two years from acute indigestion pains which seemed to be growing more severe with each attack. Food soured in my stomach and distressed me. This caused sleeplessness and nervousness. I had to be very careful what I ate and even with this care the attacks occurred."

"One day I saw a newspaper announcement of Dr. Williams' Pink Pills and decided to give the remedy a trial. An improvement was noticeable in two weeks and as I continued the treatment I grew stronger and better by the day. I no longer have attacks of indigestion and can eat a hearty meal of substantial food without fear of pain. I have gained strength and weight and feel better than I have in a long time. Dr. Williams' Pink Pills did it and I have recommended the remedy to many others."

Your own druggist can supply you with Dr. Williams' Pink Pills or you can order direct from the Dr. Williams Medicine Co., Schenectady, N. Y., enclosing fifty cents for one box or \$2.50 for six boxes. Write today for the free booklet, "What to Eat and How to Eat."—Adv.

JAPS TO CO-OPERATE WITH AMERICANS IN SIBERIA

TOKIO, Oct. 9.—Orders have been issued by General OI, commanding Japanese forces in eastern Siberia, directing his men to effectively co-operate with American authorities in the operation of the Trans-Siberian railroad. This is a result of strong representations made by the United States to the Japanese government claiming that in sections guarded by Japanese troops the lives and property of Americans have not been adequately protected. In the event that co-operation by the Japanese troops could not be secured, it is said, the note hinted American forces would be withdrawn from Siberia.

Reports state the American note expressed the fear, by inference, that the policy of Japan in Siberia might be open to criticism as being opposed to the "new idea of international co-operation."

Japanese officials seem inclined to minimize the gravity of the situation and declare they have not been supporting General Semenov, anti-Bolshevik leader, whose activities have occasioned concern in allied circles.

POSSE SEEK MURDERERS

"Man Hunt" With a Woman as One of the Fugitives in Progress in Georgia

MACON, Ga., Oct. 9.—A "man hunt" with a woman as one of the fugitives was in progress today, Sheriff Hicks of Bibb county, with a posse of about 100 men was searching the woods near Camp Harris for a man and a woman charged with killing A. J. Elkins and probably fatally injuring Tom Sanders, near here late yesterday.

The victims, both well to do farmers, were driving toward home from Macon, each in his own wagon, when they overtook a man and a woman walking. Elkins gave the man a lift and Sanders did likewise for the woman.

After riding a short distance the man gave Elkins a death blow with a hammer he had concealed on his person and the woman assailed Sanders in the same manner. Sanders was robbed of \$50, after which the couple took refuge in the forest.

Hammers similar to those with which farmers were struck down were found in a Crawford county banking house shortly after a safe blowing. The police expressed the belief that the two fugitives were yeggs who had operated in this section recently.

MATRIMONIAL

Mr. Daniel F. Callahan and Miss Elizabeth E. O'Neill were married yesterday afternoon, the ceremony being performed at 5 o'clock at the Sacred Heart rectory by Rev. Fr. Mahan, O. M. I. The bride wore white crepe meteor with veil caught up with orange blossoms and carried bridal roses. The bridesmaid, Miss Anna O'Neill, a sister of the bride, was attired in pink crepe de chine with hat to match and carried Ophelia roses. The best man was Mr. Edward Callahan, a brother of the

Become Slender

A Simple, Guaranteed Method

If you would like to lose, weekly, from one to five pounds of burdensome fat while eating and drinking all you need, also enjoying life far better than at present, just follow this advice:

Take seven deep breaths of fresh air each morning and evening; after each meal take a little oil of korein; eat all you need, but chew thoroughly, and follow other simple directions of the guaranteed Kerein system.

Men and women who were waddling around with heavy, sluggish bodies have, in many cases, reported a gradual, agreeable reduction of thirty to eighty pounds, with wonderful benefit to health and figure. This very reason is the time to become slender, attractive, virginal and healthy. Very easily. Get oil of korein at the druggist's, it comes in capsules, convenient to use and is now sold at before-war low prices. Weigh and measure yourself week to week. You can scarcely realize the joy that awaits you in normal symmetrical figure, with good health and longer life. Show others this advertisement.

STABLE SANITATION—

Disinfectant, powerful antiseptic, and purifying agent

CREOLIN-PEARSON

DISINFECTANT

In the perfect preparation for use in your stable and out-buildings. The horse says "Thank you" for his regular washdown with a CREOLIN-PEARSON solution. It helps to heal gall spots and hoof troubles, and to keep away flies.

Pigs, chickens and other domestic animals all are kept in better condition when CREOLIN-PEARSON is used liberally.

Austrian Assembly to Act on Treaty

VIENNA, Oct. 9.—When the national assembly of the Austrian republic meets next Tuesday, the treaty of peace between Austria and the allied powers will be submitted for ratification.

Two Killed, 25 Injured by Tornado

HOISINGTON, Kan., Oct. 9.—With two persons known to be dead and 25 injured, several seriously, as the result of a tornado late yesterday, officials today were making efforts to learn whether there had been any casualties in outlying districts. The storm swept a wide path through business and residential districts here, causing a loss estimated at \$250,000.

CREOLIN-PEARSON has a wide range of usefulness in your home, on the farm, in stables and factory. It is both antiseptic and disinfectant. CREOLIN-PEARSON is much more powerful than carbolic acid, having a coefficient of 1 to 15, which is clearly marked on the label for your protection. CREOLIN-PEARSON is safe to handle as directed; it is neither caustic nor corrosive. CREOLIN-PEARSON always makes a milky solution with water. This and its slight odor are characteristic.

At Your Druggist's

25c, 50c and \$1.00 Bottles

\$30,000 More Appropriated
Continued

by the passage of the two orders and the allied discussions which attended each action.

The money voted to Commissioner Murphy this morning raises the total amount of money given to the department of streets and highways this year to \$461,000, of which \$216,000 is maintenance and \$245,000 loans. Mayor Thompson again voiced his disapproval of the voting of any more money through loans as the city stood only \$36,000 away from the borrowing limit and said that a loan given at this time actually imperils the city's credit. The \$10,000 voted brings the margin down to \$26,000.

Commissioner Morse fought for a slice of the \$30,000 appropriation for a time, but later withdrew in favor of Mr. Murphy, saying that he would try to get along somehow.

The council came to order at 9.20 o'clock.

A petition from Thomas B. Rafter and others for tar coating for Troy street and Putnam avenue was referred to the street department.

Frank C. Gilbert was given license to serve as a weigher of coal for the Thorndike Coal and Grain Co.

A hearing was set for October 28 on the petition of Lucy C. Gaudette for the erection of a garage and the housing of gasoline at 1117 Middlesex street.

The council accepted the reports and voted for the orders to lay sidewalks and edgelines on the following petitions: Chas. T. Kilpatrick, that Westminster street be accepted and cinder sidewalks and edgelines laid; St. John's hospital, that concrete and granolithic sidewalks be laid in portions of Stackpole, Fayette and Bartlett streets; M. A. Gage, that sidewalk be laid in front of the premises at 523 Pawtucket street; Louise P. Chippindale, that sidewalks be laid in portions of B and Conancey streets; James F. Hurley, that sidewalk be laid in front of the premises at 750-752-754 Moody street.

The council took up the approval of monthly bills at 9.30 o'clock.

Commissioner Murphy said he could not approve the bills of his department until he got some money from which to pay them. The bills amounted to \$3585.45.

Mayor Thompson said that it seemed that Commissioner Murphy found himself in a position to either hold up payment of bills or not meet his payroll and that before the discussion on approval ended some consideration should be given the amount of money available in order that the commissioner might have something to work on.

Morse and Murphy

Commissioner Morse asked Mr. Murphy if he could not withhold payment of the bill for a car of cats and the latter replied that he did not wish to hold up any bills.

"Well, something has got to be done," said Mr. Morse. "Are you working your men full time, Mr. Murphy?"

"No sir, I am not."

"When I had the street department I had to clip the force of sparrow men."

"Sparrow men have never been clipped at this time of year," said Mr. Murphy.

"They have been," said Commissioner Morse, "twice to my knowledge."

"Well, I have been informed that they never have been," retorted Mr. Murphy.

"You have been wrongly informed," said Mr. Morse.

"There is \$30,000 available," said the mayor, "and it comes down to the simple question of which department needs it most. At the present time, perhaps it seems that Mr. Murphy has the most urgent need."

"I ought to have at least \$10,000," said Mr. Marchand, "I have got to pay \$5000 to contractors for the installation of three boilers."

"You all know my situation," said Commissioner Morse. "I want more motor apparatus for the fire department. One piece of apparatus will cost \$9500. I can't borrow one cent for the water department and I haven't got any money to put on new men."

"There is no comparison between your department and mine," replied Mr. Murphy. "I have so much work which has to be done, while the fire department is more or less stabilized. The fire apparatus you have may be a little old-fashioned, but, nevertheless it is sound."

"Did you say sound?" asked Commissioner Morse. "Go up and look at the engine at the Lawrence street house and see if you call that sound."

Honest Tax Rate

Mr. Murphy continued: "During the first 40 weeks of this year I have worked on an average of eight men less on the work of street maintenance than Mr. Morse employed during the same period in 1918. I say again there is something wrong with our tax rate. I pleaded at the outset for an honest tax rate."

"Honest tax rate; we have an honest tax rate," replied Mr. Morse. "I worked all those men last year, as you say, and I paid them all. I got by some way or other."

"That is all right," said Mr. Murphy, "but you must not forget, Mr. Morse, that I got only \$180,000 this year against an actual expenditure last year of \$200,000 and moreover, I had left over bills to pay to the amount of \$11,000."

"Well, Mr. Murphy, what was left for me to face when I took the water department?" asked Mr. Morse. "Nothing except a legacy of \$57,000 to me!"

Mayor Thompson broke in and ended the discussion by saying it was getting the council nowhere. "My department will not claim any part of the \$30,000."

"I can spend \$1000 right now for horses," said Mr. Morse, "that I think it would be money thrown away, because in a year or two the fire department must be wholly motorized. However, if the money will do Mr. Murphy any good, I'll withdraw claim to any part of it and get along the best I can. Some more horses may die, but I'll have to take a chance."

Commissioner Murphy then estimated that he would need \$3000 a week for payroll maintenance for the remainder of the year.

Mr. Morse asked how much money he had left of his year's loans.

Clerk Tuttle said \$700 remains of the paving loan; \$3000 of the macadam

LOOK

A Tire for \$1

A Tube for \$1

Last Two Days We Will Sell Guaranteed
Tires for \$1.00 Each and Guaranteed
Tubes for \$1.00 Each

Here is without question the most extraordinary tire and tube offer ever made in this or any other section of the country. To every customer purchasing one tire and one tube at the regular list price during this sale we will give an extra tire for \$1.00 and an extra tube for \$1.00. In other words, you practically get two tires for the price of one and two tubes for the price of one.

BUT—you must buy one tire and one tube because this is a "Combination tire and tube offer."

This Sensational Offer Includes

Guaranteed Tires Only

KEYSTONE BATAVIA

SPEEDWAY (ALL FIRSTS)

FIRESTONE MAGRAW FISK

AND MANY OTHERS (SECONDS)

We believe this offer to be unprecedented and we are making it only because we want to begin the month of October with record sales.

REMEMBER! Friday and Saturday Only

Come by all means. There will be crowds, but it will pay you well, for you save almost the entire price of a tire and tube.

FOR EXAMPLE:

The regular retail price for a Keystone Tire, size 30x3, is \$17.68 and the regular retail price for a Victor tube, size 30x3, is \$3.48. If you buy one of each at these prices, we give you an additional tire for \$1.00 and an additional tube for \$1.00. The same applies to other makes and all sizes of any tire or tube we carry in stock.

No purchaser can buy more than two tires
and two tubes under this combination offer

IN A SALE LIKE THIS IT IS BEST TO COME EARLY AND
GET THE FIRST CHOICE

TIRE PRICES ARE GOING UP

It is reported that an increase of probably 15 per cent. will become effective in the very near future and therefore it is decidedly to your advantage to buy NOW. Buy liberally for future use.

loan and \$6000 of the sewer loan.

Mayor Thompson asked Commissioner Murphy if he couldn't charge up some men to the \$3000 left of the paving loan, and the latter replied that he could not as the men could not do that sort of work.

The discussion petered out at this point and the city auditor presented an order authorizing the transfer of \$2000 from the claim department to the item of general expense. It was tagged with an emergency clause.

The mayor explained the reason for the order as being the extensive entertainment of service men and other incidental expenditures.

The order passed unanimously.

Asked Paving Loan

Commissioner Murphy introduced the order to borrow \$20,000 for permanent paving, which was held over from the meeting on Tuesday. He said some of the money would be used to finish up the paving at Pawtucket bridge and

part on the roadway adjacent to the new Thorndike street bridge.

Mayor Thompson again emphasized the consideration the council must make of how close the city is to the borrowing limit. "I am still opposed to it," he said, "and feel that the commissioner is imperiling the credit of the city by asking for a loan at this time."

Commissioner Marchand moved that the order be reduced to \$10,000 and it was so voted. Just prior to the vote, the mayor protested against the habit of presenting orders for a certain amount and then putting them up for barter and trade and reducing them or changing their texts.

On a roll call vote the council passed the order calling for a loan of \$10,000, the four commissioners voting in favor and the mayor against.

Commissioner Murphy presented additional bills to the amount of \$1644.75 to be charged against paving money.

The auditor was instructed to include them in his warrant.

The auditor presented a bill in the sum of \$152.00 from Mr. Derby, which he turned a running account since he had asked the council to take some action on it. He was instructed to investigate the bill further and report back to the council at the next meeting.

A recess was taken at 10.50 o'clock for the purpose of re-framing the \$30,000 appropriation order presented by Commissioner Murphy, changing it to two orders; one for \$20,000 for street maintenance and one for \$10,000 for the public property department.

The council convened again at 11.15 o'clock and both orders were unanimously passed.

Adjourned at 11.20 o'clock to Tuesday, next, at 10 a. m.

The first U. S. gold coin was placed in circulation December 6, 1933.

CROWDING THE TEACHERS

Possibly it was mere foolishness on the part of the teachers to expect that the school board would take any further action on their petition for an increase of salary after having refused their petition for a public hearing. The matter was not mentioned at the meeting held on Wednesday night.

That refusal showed an unfair spirit on the part of the board, but still worse was the statement of Chairman Walsh that the teachers had voluntarily waived all claim to an increase this year, on condition that the number of years set for reaching the maximum salary should be changed from ten to seven.

In a letter from the salary committee of the Teachers' organization, this claim that any such waiver or agreement was made by anybody representing the teachers as a body or by anybody individually so far as they know, was emphatically denied. The teachers are very modest and polite in the terms used in branding the statement of Chairman Walsh as without foundation. They call it a "misunderstanding," but they say that had there been such an understanding as Mr. Walsh alleges, "the school board was not quite consistent in granting a hearing on the question of increased salaries in June last."

The salary committee represents the sentiment of the whole body of teachers when it says that it "is unwilling to rest under the implication that it was a party to an understanding with the school board not again to seek a salary increase within the year."

Moreover, the teachers' salary committee contends that had there been such an agreement as alleged, "the unusual increases in all living expenses during the present year would have justified the teachers in asking the school board to consider a petition for salary increases." Thus the board has not only refused to grant the petition of the teachers for a public hearing but its chairman has given out a statement in which he endeavors to cast the blame on the teachers themselves by citing an alleged agreement, the existence of which they utterly deny.

Here then is a question of veracity between the teachers and the chairman of the school board, and as between both, the public will believe the teachers.

Chairman Walsh treats the question of an increase for the teachers this year as closed.

They have received the non possumus of the school board, although no such answer has been given to any other class of municipal employees. They are told in effect that their claims will have no further consideration from the school board for the present year.

People may talk against teachers joining labor unions, but is not this treatment calculated to drive the teachers to follow the example of these other cities that have sought the aid of labor organizations in securing justice? There is another feature to this question which is not known to the public. It is alleged that any teacher who takes a prominent part in agitating for an increase of salary will be marked for discrimination when the shift comes in opening the junior high schools. When any class of city employees is thus held in subjection through fear, it is at all strange that they have recourse to some organization with sufficient pull to aid them in getting fair play. We do not advise the teachers to join a labor union but we are free to say that if their claims were put forward by a branch of the American Federation of Labor, the school board would not refuse to grant them a public hearing.

While teachers elsewhere are receiving substantial increases which give them much higher salaries than are paid for like service in Lowell, we believe that the best interests of the schools demand that the teachers be granted a reasonable and able increase without undue delay.

That the art refusal of their salary petition by the school board is a shortsighted, unjust and indefensible act on the ground of lack of funds and sound public policy.

The teachers should now present their case to the municipal council.

Will the airplane be developed in your lifetime to the point where

you can use it as you now use an automobile? You often wonder.

The answer is, yes, according to W. J. Beach, New York inventor of a vertically-rising airplane. Has the flying flivver finally been invented? Amazing as have been the spectacular stunts of flying men, it has been apparent that the airplane cannot come into common use as long as six acres are needed for the gliding along the ground incident to starting or alighting.

The Beach airplane does not require such space. By a system of propellers at the bottom of the machine, it rises directly into the air or lands by dropping like a cork into a bottle.

Beach's demonstration model works. Whether or not his finished product is a success, it emphasizes that the conquest of the air is going on faster than most of us realize.

Here is a Curtiss flyer, Roland Holth. He makes a new attitude record of 31,619 feet above sea level. Ask grandpa what he would have thought, as a boy, of a man flying more than six miles overhead.

In London the Great Northern Aerial Syndicate is organized. It announces that it will begin next May the world's first international aerial passenger service. It will take you to New York, Liverpool, San Francisco, Buenos Aires, Cape Town, Peking.

One hundred and fifty passengers will be carried on one airship. Here is a flying Pullman. Will it be a reality before the flying flivver?

Roy U. Croger, a New York business man, daily makes the trip back and forth between home and office in his private airplane. He is the world's first "air commuter."

It is only 10 years since the United States government became the proud possessor of the world's first military airplane.

Now we celebrate the first anniversary of air mail service. It has carried 7,720,810 letters in one year. The cost of the service was \$137,900.06—less than two cents a letter.

How about the upkeep? In flying one death occurs for every 240,000 miles of travel, so the owner of a flying flivver will live long enough to be interested in costs.

Good airplanes can be purchased as low as \$2500. An air chauffeur can be hired for \$50 a week; his mechanic for \$35. In flying you get about 12 miles out of a gallon of gasoline. Practically no fire expense in flying. Costs are favorable to the population of aerial flights.—N. E. A.

AS TO STATE RIGHTS

Once the war shall have been declared over, there will come a reassertion of state rights where during the war for the best of reasons, the federal government assumed control.

During the past few years, the intervention of federal authority in all the activities of life became so all-pervading that the people wonder at the change, once the national government shall have withdrawn its directive authority where the states had previously exercised undivided control.

At the present time several states find it necessary to call in federal troops in order to suppress violence or prevent outbreaks of a serious character. That is an extraordinary proceeding, but it is necessary where the state fails to protect life and property or where they allow any interference with the transaction of the state.

During the war, the national government nationalized the railroads, controlled the distribution of the food supply, regulated exports and imports, fixed prices and supervised the ordinary activities of life, but in the near future this close supervision of state affairs by federal authority will cease and the states will once more assume their proper position in the federal union.

Lowell, we believe that the best interests of the schools demand that the teachers be granted a reasonable and able increase without undue delay.

That the art refusal of their salary petition by the school board is a shortsighted, unjust and indefensible act on the ground of lack of funds and sound public policy.

Here is a Curtiss flyer, Roland Holth. He makes a new attitude record of 31,619 feet above sea level. Ask grandpa what he would have thought, as a boy, of a man flying more than six miles overhead.

In London the Great Northern Aerial Syndicate is organized. It announces that it will begin next May the world's first international aerial passenger service. It will take you to New York, Liverpool, San Francisco, Buenos Aires, Cape Town, Peking.

One hundred and fifty passengers will be carried on one airship. Here is a flying Pullman. Will it be a reality before the flying flivver?

Roy U. Croger, a New York business man, daily makes the trip back and forth between home and office in his private airplane. He is the world's first "air commuter."

It is only 10 years since the United States government became the proud possessor of the world's first military airplane.

Now we celebrate the first anniversary of air mail service. It has carried 7,720,810 letters in one year. The cost of the service was \$137,900.06—less than two cents a letter.

How about the upkeep? In flying one death occurs for every 240,000 miles of travel, so the owner of a flying flivver will live long enough to be interested in costs.

Good airplanes can be purchased as low as \$2500. An air chauffeur can be hired for \$50 a week; his mechanic for \$35. In flying you get about 12 miles out of a gallon of gasoline. Practically no fire expense in flying. Costs are favorable to the population of aerial flights.—N. E. A.

AS TO STATE RIGHTS

Once the war shall have been declared over, there will come a reassertion of state rights where during the war for the best of reasons, the federal government assumed control.

During the past few years, the intervention of federal authority in all the activities of life became so all-pervading that the people wonder at the change, once the national government shall have withdrawn its directive authority where the states had previously exercised undivided control.

At the present time several states find it necessary to call in federal troops in order to suppress violence or prevent outbreaks of a serious character. That is an extraordinary proceeding, but it is necessary where the state fails to protect life and property or where they allow any interference with the transaction of the state.

During the war, the national government nationalized the railroads, controlled the distribution of the food supply, regulated exports and imports, fixed prices and supervised the ordinary activities of life, but in the near future this close supervision of state affairs by federal authority will cease and the states will once more assume their proper position in the federal union.

Lowell, we believe that the best interests of the schools demand that the teachers be granted a reasonable and able increase without undue delay.

That the art refusal of their salary petition by the school board is a shortsighted, unjust and indefensible act on the ground of lack of funds and sound public policy.

The teachers should now present their case to the municipal council.

Will the airplane be developed in your lifetime to the point where

you can use it as you now use an automobile? You often wonder.

The answer is, yes, according to W. J. Beach, New York inventor of a vertically-rising airplane. Has the flying flivver finally been invented? Amazing as have been the spectacular stunts of flying men, it has been apparent that the airplane cannot come into common use as long as six acres are needed for the gliding along the ground incident to starting or alighting.

The Beach airplane does not require such space. By a system of propellers at the bottom of the machine, it rises directly into the air or lands by dropping like a cork into a bottle.

Beach's demonstration model works. Whether or not his finished product is a success, it emphasizes that the conquest of the air is going on faster than most of us realize.

SEES CHINA AS GREAT
MARKET FOR U. S.

BOSTON, Oct. 8.—That China is a great future market for American merchandise, that Japan is not unfriendly to the United States, and that the reported Korean atrocities had no foundation in fact, were among the statements made by Clarence E. Bosworth ex-United States trade commissioner to the far east, in an interesting address at a Boston Shoe Trade club luncheon yesterday.

Pres. Everitt B. Terhune presided. Mr. Bosworth said that during his recent visits he found that even the Pilgrims and the native Maoris of New Zealand are beginning to develop an interest in American footwear. The Maoris, 60,000 of whom volunteered during the war and rendered valuable service at the French front, are particularly fond of Yankee shoes.

Australia, whose tanners made some very poor leather during the war, but are today producing very good side-leather and fair quality kid leather in large quantities, and commencing to make patent leather, is not likely to develop in the near future as a market for American shoes, partly because it has such a large supply of materials and an increasing quantity of skilled labor in its shoe factories, and in part because of the general movement now in progress for a self-contained British empire.

Some Australian merchants even announce that they do not wish to have any American goods in their stores. This idea is likely to react on the Australians, the speaker said. It is traceable to the tremendous accumulation of wool and wheat in that country during the war.

Mr. Bosworth stated that the so-called Japanese atrocities in Korea hinged wholly on the missionary situation in that country. The trouble started, he said, at the time the Japanese government compelled the numerous mission schools in Korea to

LADY DRAGHEDA

FAIR AND TITLED LONDON STRIKEBREAKER

LONDON.—On the job at four in the morning driving a motor transport isn't just what one expects of a titled woman. But Dragheda, one of Britain's beauties, has been doing just that for the food administration. She's one of the many volunteer workers helping to relieve the congestion caused by the British rail strike.

Ukrainians and Russians in Fierce Battle

PARIS, Wednesday, Oct. 8.—Ukrainian troops have been surprised and attacked by a Russian volunteer army and violent fighting is in progress, according to the Ukrainian press bureau at Basle. It is believed that this encounter is the first to follow the reported declaration of war on General Denikin, anti-Bolshevik commander in South Russia, by General Simon Petlura, the Ukrainian military leader. A coalition ministry has been formed in Ukraine, with M. Maseppi as premier.

Court Martial von der Goltz's Officer

BERLIN, Oct. 9.—Gustav Noske, minister of defense, told the German national assembly yesterday that Major Bischof, an officer under the command of General von der Goltz in the Baltic provinces, would be court-martialed for urging his troops to remain there notwithstanding directions from Berlin that they return to Germany.

adopt the same curriculum as the Japanese schools in that country, including the prohibition of religious instruction. This was done by the Japanese in pursuance of their policy of introducing their own educational system into Korea, and was not with the intention of controlling the religion of the Koreans. The restrictions apply only to school hours. The speaker continued:

"This was the inception of the so-called revolution stimulated by an active printing press propaganda on the

Gray Hair Tells
Tales—Tint it!

TRIAL PACKAGE SENT FREE
Gray hair is a battle-axe. Don't endure it until you are really old. If take the trouble to look young, then to look and feel young is to be young. It is just as easy to keep your hair youthful and beautiful as to retain your youthful interest in life and people. Tint the gray, faded streaked strands with "Brownatone" as thousands of women have done.

"Brownatone is My Best Friend."
"This wonderful preparation does not rub or wash off. If you want a do-able tint, just brush or comb a little 'Brownatone' through your gray, streaked, or bleached hair and see it change like magic to golden soft or deep rich brown or black—any shade desired—the exact color to set off your complexion."

Absolutely Harmless
"Brownatone" is odorless, greaseless, and positively non-injurious. Guaranteed to contain no lead, sulphur, silver, mercury, zinc, arsenic, or coal tar products. Used for switches as well as growing hair. Two colors: "Light to Medium Brown" and "Dark Brown to Black." Two sizes, 35c and \$1.15, at all leading druggists.

Special Free Trial Offer.

four years, and that the missionaries have been swept into this current of hate.

In the opinion of the speaker the Japanese are not ambitious to control China, nor are they endeavoring to shut the American people out of the Chinese market.

"We will soon have to decide in this country," he said, "whether it is better for us to establish our own intricate system of marketing in China or to keep on doing it as at present in the simpler way through Japan. What we Americans should do is to regard China as a clearing house for our merchandise and look to China as a market for it."

Mr. Bosworth stated that there is now being erected in Shanghai, with Chinese and American capital, a modern shoe factory, equipped with American machinery, with a capacity of 20,000 pairs a day.

SERVICE MEN AND
STATE GRATUITY

An explanation of the reason why a large number of Lowell service men have not received their state gratuity of \$100 was made this morning by Rep. Thomas J. Corbett. According to Mr. Corbett, at the time the legislators were given bonus application blanks to distribute to their friends they were told that men who had already received their 1917 bonus money of \$10 a month from the state need not again send their discharge papers with the application to secure the \$100 bonus, as a record of their service already was on file.

Now, says Rep. Corbett, the treasurer is holding up the bonus money of these men until discharge papers are sent. How many local boys are affected by this misunderstanding is not known, but it is believed there are quite a few.

No such exception was made by Mayor Perry D. Thompson when he distributed the blanks from his office at city hall and every applicant who called there was told particularly that discharge papers must accompany the blanks.

The 1917 bonus money, spoken of above, was paid to every service man in the state on application, with the exception of commissioned men who were not included in the order. The bonus consisted of \$10 a month for every month served during 1917.

URGES HALF-FARE
FOR CHURCHGOERS

BOSTON, Oct. 9.—The permanent appointment by the Elevated trustees of Edward Dana to be general manager instead of acting manager, a statement by Mr. Dana as to what is being done to improve the South Boston service, and an announcement that a movement is on foot to petition the trustees for a 5-cent fare for churchgoers on Sundays are the chief items of news in regard to the Elevated.

General Manager Dana in his statement announces that careful attention is being given to the operation of the changes in the South Boston service, expresses the appreciation of the trustees "of the spirit of co-operation shown by South Boston patrons in adapting themselves to the new service" and states that in line with further improved service these changes will be made at the earliest possible date.

Before taking your train home from Boston, get The Sun at either newsstand in the North Station.

HAZEL MARSHALLCONCORD, N. H., Oct. 9.—After an
extended hearing favorable action was
taken yesterday by the governor and
council on a petition for the pardon
of Hazel Marshall of Meredith from the
state industrial school. Unusual in-
terest has been taken in the case be-
cause of charges that the 16-year-old
girl was "railroaded" to the institution
by J. Edwin Wright, ex-secretary of the
New Hampshire Civil Welfare asso-
ciation.

Col. Stephen S. Jewett of Laconia
appeared as counsel for the petitioners,
who included the three selectmen of
the town of Meredith and a considerable
number of the residents of the town,
who took the position that the com-
mitment of the girl was without
justification and that she did not have
a fair trial at the time her commit-
ment was ordered.

37,855 PAID-UP MEMBERS IN RAY

STATE POSTS OF
LEGIONBOSTON, Oct. 9.—Massachusetts
Branch, American Legion, had 37,855
paid-up members recorded at head-
quarters at 2 yesterday afternoon.

Peter E. Constant, a Boston Greek
who served in the war, brought in a
list of 110 men of his nationality and
their membership fees. He said that
nearly 10 other Greeks were already
members of various Greater Boston
posts.

A separate charter for a Greek post
was not desired, he stated, and the
state officers will immediately assign

each man to membership in the post
nearest his home.

Lawrence J. Flaherty Post of East
Boston will have an entertainment af-
ter a special meeting Friday night at
its headquarters, Meridian street, to
elect delegates to the state conven-
tion.

WHO SAYS WOMEN LACK BUSINESS BRAINS?

SAN FRANCISCO, Oct. 8.—"Nature never meant women to be less capable than men in business."

So says Miss Florence Sterling, whose head contains the executive brains that organized an \$8,000,000 oil corporation.

Certainly Miss Sterling, now visiting in this city, is a living proof of her own statement. She personally organized a company that is now one of the heaviest producers in Texas. It is a closed corporation and its stock is listed at \$500 a share on the New York market.

A street car company, a few real estate tracts and a couple of railroads are but sidelines to Miss Sterling. What she is mostly interested in is oil. Not as a "wildcatter" or oil gambler, though. The feminine cast to her business brains shows if at all, in her caution. What she believes the "oil game" is the greatest game going, and declares a woman can play it as capably as a man.

"The main thing," she says, "is to avoid wildcatter. It's better to hold two shares in a producing company than a controlling interest in all the wildcat schemes in the world."

"I always watch the wildcaters," she adds, "but I never invest with them. I sometimes lease land near to where wildcaters are drilling, and await results. But I never buy except in proven fields. Our company has taken over many small producing concerns, officials and all, giving them stock in return for their holdings. Now we have holdings in every proven field in Texas, and have reached out into Oklahoma and Wyoming."

Miss Sterling organized this company herself, and was given the post of secretary and treasurer. She didn't know a drill from a hole in the ground, and felt somewhat awkward at O. K. ing bills for hundreds of small mechanical parts.

So she went out into the fields and studied the science of oil producing. Then she ran the company on an efficiency basis. Later she quit the

D'ANNUNZIO COMMANDS

ROME.—Complete devotion is the attitude of the officers attached to Gabriele D'Annunzio. Here is the poet commander, who has taken possession of Fiume and plans invasion of Dalmatia, issuing orders to two young officers.

SAYS HIS PRESCRIPTION HAS POWERFUL INFLUENCE OVER RHEUMATISM

Discoverer Tells Druggists Not to Take a Cent of Anyone's Money Unless Allergic Completely Banishes All Rheumatic Pains and Twinges.

Mr. James H. Allen suffered for years with rheumatism. Many times this terrible disease left him helpless and unable to work.

He finally decided, after years of ceaseless study, that no one can be free from rheumatism until the accumulated impurities, commonly called uric acid deposits, were dissolved in the joints and muscles and expelled from the body.

With this idea in mind he consulted physicians, made experiments and finally compounded a prescription that quickly and completely banished every sign and symptom of rheumatism from his system.

He freely gave his discovery to others who took it, with what might be called marvelous success. After years of urging he decided to let sufferers everywhere know about his discovery through the newspapers. A. W. Dows & Co. have been appointed agent for Allen in this vicinity with the understanding that they will freely return the purchase money to all who state they received no benefit.—Adv.

WHIST AND ENTERTAINMENT

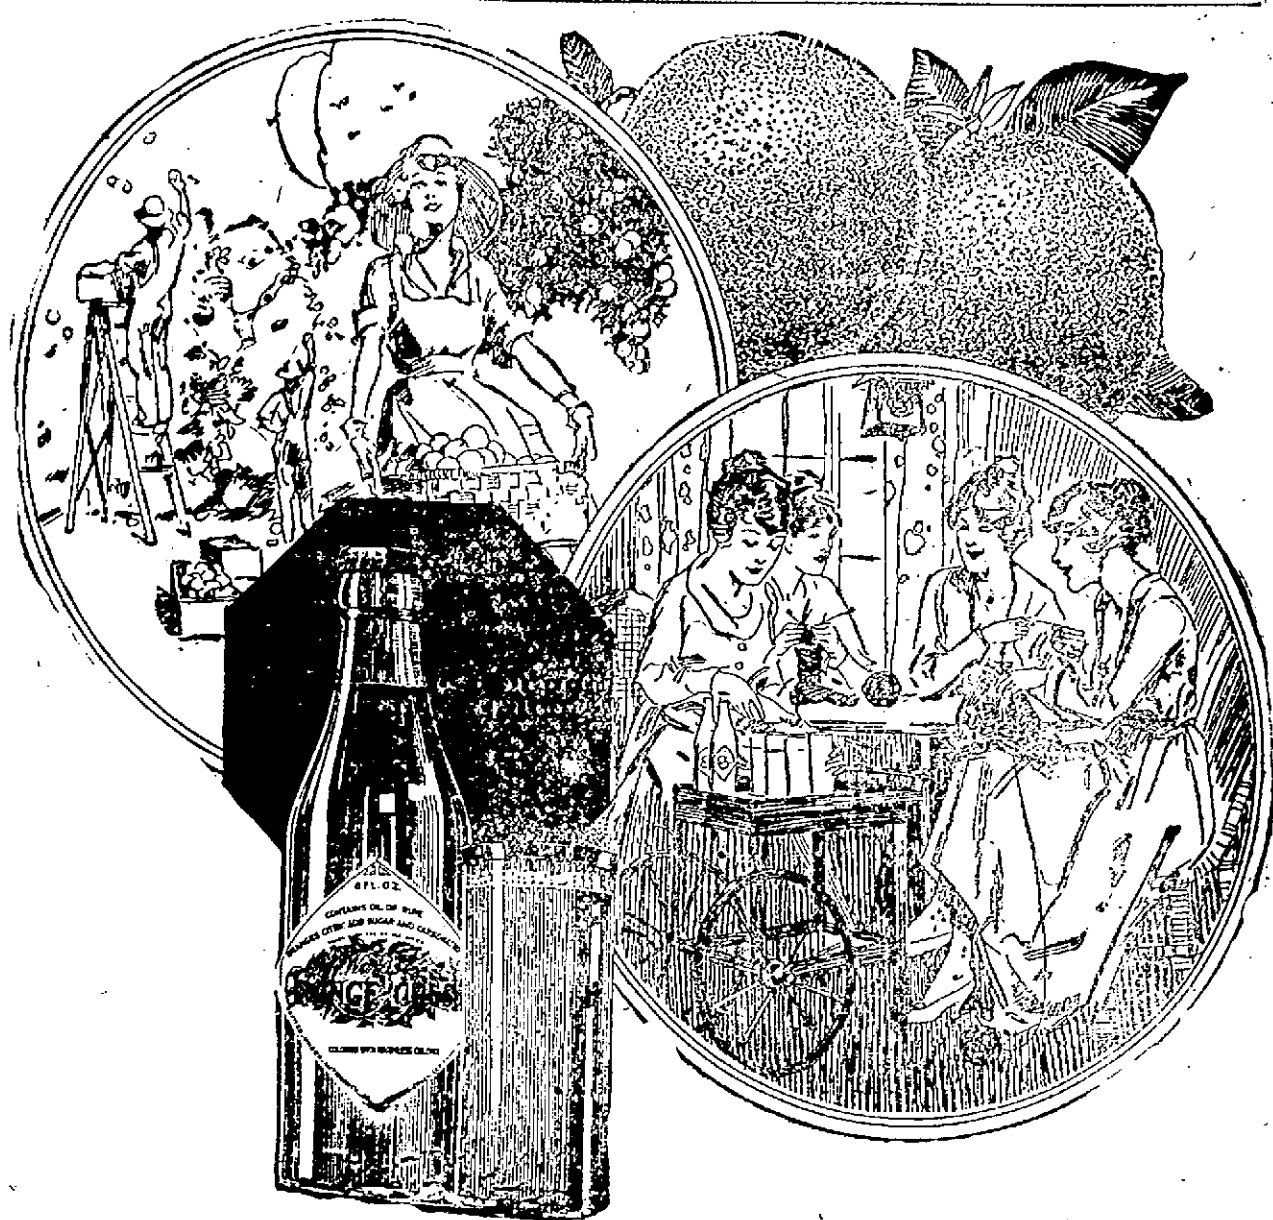

About 200 men and women attended the whist and entertainment at St. Louis' hall last evening.

The event was the second in a series to be given by the church societies and was under the auspices of the Third Order of St. Francis. The receipts of the evening will be turned over to the church fund.

In the early part of the evening whist was played under the direction of J. A. Gervais and later while the points were being counted by the judges, Mrs. Theodore Harrois and Mrs. Henri Chaput, vocal and instrumental numbers were given by Wilfrid Lajeunesse, Miss Blanche Larue, George Hebert, Mr. Lambert and E. Coutin.

The committee in charge consisted of the following: Napoleon Dinelle, Mrs. Calixte Lequin and Mrs. Theodore Harrois. The scores were Mrs. Servile Renaud, Mrs. Theodore Fortin, Mrs. George Dion, Mrs. Alex Gervais, Mrs. Benjamin Lajeunesse and Mrs. Thos. Savard.

Girls in England are said to have grown larger during the war. Waists now measure on an average 26 to 28 inches, while 24 in gloves and sizes 7 in shoes are sold.

POLICE CHARGE "RED" MOB ON FIFTH AVE. N. Y.

NEW YORK, Oct. 8.—Heads were broken on Fifth avenue yesterday when mounted police charged a mob of several thousand radicals who attempted to parade up the avenue without a permit. Banners, which bore a number of incendiary slogans, were confiscated by the police and half filled a patrol wagon. A number of arrests were made. The police said the parade was organized by a Russian newspaper published here entitled Novi Mir.

Devices on the banners read: "Moody hounds of Russia!"; "Depart us all to the Soviets!"; "You want to give us democracy, but keep it to yourselves!" and "Open the jails!"

The riot started after the procession had gone only two or three blocks. Refusing the request of a policeman to see their permit for the parade, the officer was forced to call for aid, and before the melee ended, the services of a score of mounted policemen and 30 reservists were required. The mounted officers charged into the crowd and 100 or more of the paraders were injured.

them allons, were taken to police headquarters from the headquarters of the Russian Soviet bureau by detectives from the "bomb squad." Considerable radical literature was said to have been found on them, but they were not placed under arrest. The police detained them pending an opinion from the district attorney's office as to whether they could be held for distributing Bolshevik literature. A fifth man, who gave his name as Anthony Topoleski, was arrested by detectives later as one of the ringleaders.

LAWRENCE CITY COUNCIL GRANTS MILL GRAB CROSSING RIGHTS

LAWRENCE, Oct. 8.—The city council yesterday granted local mills the privilege of maintaining a grade crossing along the southerly bank of the North canal, where the approach to the new Central bridge crosses it, provided the mills will stand all the expenses of bringing the tracks to a grade. This will cost in the vicinity of \$20,000, it is estimated. The mills agreed to this proposition and also agreed to waive all pending suits for damages caused by the inconvenience and interruptions by the building of the bridge and its approach.

Four men and a young woman, all of

MOLDERS STILL ON STRIKE
An important meeting of the members of the Molders' union was held last evening with President John R. Wellman in the chair. The strike committee reported that the strike in this city, which was started last May is still on. It also reported that another shop in Worcester whose employees were out on the same issue as that of Lowell had come to terms and it was expected two more would line up next week. Routine business was transacted.

Superfluous Hair DeMiracle

DeMiracle, the original sanitary hair cream, operates on an entirely different principle from any other method. It robs hair of its vitality by attacking it under the skin. Only genuine DeMiracle has a money-back guarantee in each package. At toilet counters in 60c, 50c and 25c sizes, or by mail from us in plain wrapper on receipt of price. **FREE** book with testimonials of highest authorities explains what causes hair on face, neck and arms, why it increases and how DeMiracle destroys it. Mailed in plain sealed envelope on request. DeMiracle, Park Ave. and 126th St., New York.

CONDITIONS IN SIBERIA

A. E. F. Member Speaks of Russians—Annual "Open House" at Y. M. C. A.

An address on conditions in Siberia, where he spent several months with the American Expeditionary Force, was given by Christopher Sealife, a former physical director at the Worcester organization, at the annual "open house" held by the local organization last evening. The event this year was in the form of a general reception to the public, and a large number of members, prospective members, and friends of the organization witnessed a splendid program of athletic and entertainment numbers, including exhibitions of "gym" work, training stunts and a field ball game by the seniors; calisthenics and games by the juniors; and a splendid musical program given by Cushman's orchestra and the Mendelssohn male quartet.

HAVE COLOR IN CHEEKS

Be Better Looking—Take Olive Tablets

If your skin is yellow—complexion pallid—tongue coated—appetite poor—you have a bad taste in your mouth—a lazy, no-good feeling—you should take Olive Tablets.

Dr. Edwards' Olive Tablets—a substitute for cod liver oil—were prepared by Dr. Edwards after 17 years of study. Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil. You will know them by their olive color.

To have a clear, pink skin, bright eyes, no pimples, a feeling of buoyancy like childhood days—you must get at the cause. Dr. Edwards' Olive Tablets act on the liver and bowels like cod liver oil—yet have no dangerous after effects.

They start the bile and overcome constipation. Millions of boxes are sold annually at 10c and 25c. Take one or two nightly and note the pleasing results.

come to protect them from marauding bands of Manchurian Chinese and other lawless bandits they soon lost their regard for the boys from Yankee land.

The "open house" or reception—whichever is the correct term—was in charge of T. R. Williams and his assistant, W. B. Gumb. The committee from the Ladies Auxiliary, which looked after refreshments, also had a large share in making the event the successful occasion that it was.

WILL TAKE OVER OLD BURYING GROUND

An old and practically abandoned burying ground between Varnum avenue and the boulevard will be taken over by the public cemetery trustees and put in proper shape just as soon as a written release of all claims to it can be secured from the town officer of Dracut. This was voted at a meeting of the trustees held yesterday afternoon after hearing the report of Chairman Higby relative to his fruitless efforts to have Dracut relinquish its rights in the Higbeth and Hamblett cemeteries.

While Dracut will not relinquish its rights to these two burying grounds, it does not lay claim to the one on Varnum avenue, which has received no care since 1872. In as much as the town does not wish to take care of it, Chairman Higby suggested that the trustees look after it. It is near the old Burke house in a section which was annexed to the city in 1872. There was buried there Rev. Thomas Parker, the first pastor of the Tawtucket church, who died in 1763. His body was later removed to what is now Woodbine cemetery. Col. Varnum also was buried there and Mr. Higby believes that undoubtedly many other old settlers are buried there.

The chairman reported that Supt. Thomas Duckworth has asked for an increase in salary. He now receives \$1500 a year. No action was taken. Suggestion was made that a general foreman be hired in addition to the superintendent, but the entire matter was held over to the November meeting.

GOT DOUBLE DEAM

An automobile owned and operated by Harry Briggs of Tewksbury crashed into a pole at the corner of Main and North streets in the Centre village Tuesday night, and as a result the machine was stalled on the electric car tracks. A few minutes later an electric car came along and crashed into the auto, causing more damage. No one was injured.

REFUSAL FROM MEXICO

Turns Down Request of "Executive Committee of League of Nations"

MEXICO CITY, Oct. 8.—(Correspondence of the Associated Press).—A request by the "Executive Committee of the League of Nations" that the Mexican government furnish it a complete collection of all the laws now in force, together with information concerning industrial development in the country, has not been granted, according to Mexican City newspapers.

Two reasons are assigned for the refusal: First, Mexico not being invited to become a member of the league, does not feel she is called upon to extend any favors to that body; second, the league is not in force.

AUTOS AND MOTOR CYCLES IN MIXUP

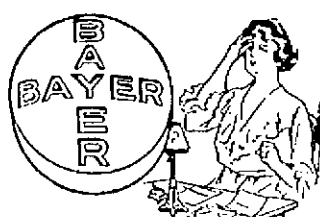

A young woman was slightly injured and two automobiles and a motorcycle were badly damaged in a mix-up which occurred in Merrimack street, near Worthen street, last evening. The injured is Lillian McDonald of 43 Lowell street, this city, who was slightly cut over the eye when thrown out of the motorcycle, her companion, Miss Agnes Descelles, who was in the sidecar with her escaped without injury.

One of the automobiles, a National touring car, is owned by Thomas Boulger of 71 Wentworth avenue and was being operated by Wilbur T. Boulger of the same address. The other auto, a Ford touring car, was being operated by Herbert D. Merrill of Manchester, N. H. The motorcycle, which is owned by N. J. Fontaine of 162 Manchester street, Manchester, N. H., was standing near the curbstone in Merrimack street near the corner of Worthen street.

As far as could be learned Merrill was proceeding up Merrimack street in his Ford closely followed by Boulger of Worthen st. was reached Merrill swung to the left and Boulger's machine crashed into the Ford, tearing off its left rear wheel, while the right rear tire of the National was also taken off. The National then semicircled to the left and crashed into the motorcycle near the curbstone. The two young women who were in the

ASPIRIN FOR HEADACHE

Name "Bayer" is on Genuine Aspirin—say Bayer

Directions for Colds, Pain, Headache, Neuralgia, Lumbago, and Rheumatism. Name "Bayer" means genuine Aspirin prescribed by physicians for nineteen years. Handy tin boxes of 12 tablets cost few cents. Aspirin is trade mark of Bayer Manufacture of Monacette, Germany.

sidecar of the cycle were thrown out and the cycle was thrown across the sidewalk, the wheel on the sidecar being demolished and the oil tank crushed in.

The Ford had its rear wheel, fender, shock absorber and other accessories demolished, while the National had a tire torn off, a broken fender and a bent axle. Officer Martin Crowe was soon on the scene of the accident and he escorted the three men to the police station, where each told his story.

EMBARGO ON FREIGHT FOR EUROPE NEAR

NEW YORK, Oct. 9.—An embargo on freight for transatlantic shipment loomed as a possibility today as the longshoremen's strike entered its third day, apparently spreading rapidly.

It was estimated that between 30,000 and 35,000 had quit work and that the number might grow to 60,000. One thousand freight checkers employed on the piers of the large steamship companies have also gone on strike.

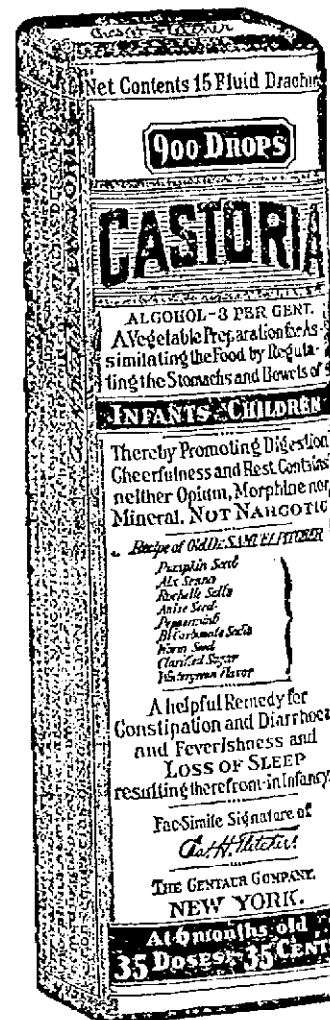

The strikers are demanding \$1 an hour and \$1.50 for overtime, having refused an award of the national adjustment commission of 70 cents an hour with \$1 for overtime.

"It is the news, the truth and fit to print." This is the standard The Sun follows in printing city, state and national news.

Save the Babies.

INFANT MORTALITY is something frightful. We can hardly realize that of all the children born in civilized countries, twenty-two per cent., or nearly one-quarter, die before they reach one year; thirty-seven per cent., or more than one-third, before they are five, and one-half before they are fifteen!

We do not hesitate to say that a timely use of Castoria would save many of these precious lives. Neither do we hesitate to say that many of these infantile deaths are occasioned by the use of narcotic preparations. Drops, tinctures and soothing syrups sold for children's complaints contain more or less opium or morphine. They are, in considerable quantities, deadly poisons. In any quantity, they stupefy, retard circulation and lead to congestions, sickness, death. There can be no danger in the use of Castoria if it bears the signature of Chas. H. Fletcher as it contains no opiates or narcotics of any kind.

Exact Copy of Wrapper.

Children Cry For Fletcher's CASTORIA

Let's Think It Over.

There is such a thing as saying too much on any subject, and the "grand-stand" talker sooner or later becomes a bore. The truth is always welcomed, and the truth reiterated and confirmed is more than welcome—it reaches your innermost soul.

Fletcher's Castoria is all its advertising has claimed for it. Scrutinized by the microscope of public opinion and used for over thirty years it stands without a peer in the hearts of thoughtful, cautious, discerning Mothers. And once used, mother love—there is no substitute for mother love—will scorn to try a "substitute" or a "just-as-good."

Masquerading under many names drugs that are injurious to the tender babe have found their way into some households, but the light of experience soon casts them out. Are they cast out before it is too late?

MOTHERS SHOULD READ THE BOOKLET THAT IS AROUND EVERY BOTTLE OF FLETCHER'S CASTORIA

GENUINE CASTORIA ALWAYS

Bears the Signature of

"It's the Bean"

A Secret Known Only to a Handful of Men

MANY of the most famous things of the world are made from formulas.

Steel is made from formulas. Gunpowder, automobile tires—even bread and those delicious cakes and pies for which New England is justly celebrated.

And the most talked about, most carefully guarded La Touraine formula is the reason for the complete coffee satisfaction that comes to you in every pound bag of La Touraine Coffee.

It is the hidden secret of La Touraine fragrance; its body, its changeless quality, its real coffee-goodness.

Behind this La Touraine formula is the selection of coffee beans from plantations that produce the choicest crops of the coffee world.

These coffee beans are carefully roasted and scientifically blended into La Touraine Coffee-goodness, so that every cup of La Touraine you drink is coffee at perfection.

OUTDOOR ADVERTISING HEARING THURSDAY

(Special to The Sun.)

STATE HOUSE, Boston, October 9.—Outdoor advertising, especially by the bill board and sign method, is to be the subject of a public hearing at the state house next Thursday morning.

The last legislature, heeding the many protests that have been made against bill boards, created a special commission to investigate the subject and to report to the next general court. This commission consists of Attorney General Henry A. Wyman, Chairman, William D. Solier of the Massachusetts highway commission, and Chief John H. Plunkett of the Massachusetts district police.

Several other states have regulated the use of bill boards, the main arguments against which may be summarized as follows:

They increase the fire risk, since they are usually constructed in whole or in part of wooden material. This danger is increased by the accumulation of paper and rubbish often found behind them.

Being often of flimsy construction, they are liable to be blown down by a heavy gale, endangering life and property. This is especially true of roof signs.

The space in the rear of a bill board serves as a dumping ground for the filth and rubbish of a neighborhood, and accordingly may serve as a breeding place for flies and mosquitoes.

They serve as a shelter for immoral practices and often accentuate the "corner nuisance," thus lowering the moral tone of a neighborhood.

Posters on bill boards, though much improved in design over those of former days, must still be large and startling in order to attract attention. They are for the most part brightly colored and are never designed to harmonize with adjoining buildings, which results in an unpleasant contrast of colors and paints. They are generally constructed in open places where they

cut off a desirable vista from public observation.

The unsightliness of bill boards almost invariably results in an impairment of the value of neighboring property, this being especially true in residential districts. Bill board encroachment into a locality of homes is always an offence to the surrounding community.

AMUSEMENT NOTES.

Below is what the press agents of the different theatres say of the current attractions and of others to come:

B. F. KEITH'S THEATRE.

"Shoes," a fantastic little play, is the leader on the bill at the B. F. Keith theatre, this week, with Bayonne Whipple and Walter Huston playing the leading parts in it. It is splendidly done and will meet with very general approval. Tall Charlie Sennott, who wears kilts part of the time, is present for laughing purposes, and J. Keirn Brennan and Bert Kule sing their own songs in an inimitable way. The Four Meynors sing and dance and contort, and prove wonderfully attractive while the Dunn Sisters are makers of melody and fun. Jonnaun, Baker & Johnson wind up the show by throwing hats about and contorting, and opens with a performance on the calabam.

OPERA HOUSE.

John Meehan, leading man with the Lowell Players at the Opera House, who is making such a pronounced hit in this week's presentation of the big American drama, "The Grass Is Greener," is branching out as a successful author as well as actor. You may not know it, but Mr. Meehan has written several plays, some of which have been accepted by New York concerns. Within the next few seasons he is expected to appear in one of his efforts to the extent that the New York producers bought it on option and is now holding it for the opportune time to present it to Broadway. He has another under way at the present time which may be presented for the first time by the Lowell company. Mr. Meehan's talent in emotional and dramatic effort was never better demonstrated than in this week's production. See it. Miss Blarquette Fields is also sharing in the honors of the week. Both carry the play through in a most successful and satisfying manner. Next week the big Belasco success, "Only With a Past" will be given. Order your tickets early. Better still have your names placed on the subscription list.

THE STRAND.

An entirely new photoplay program is to be given at The Strand today, in conjunction with the "Fur Revue." The latter, which is in charge of Miss Ross and Miss L. F. Atwood's Medicine, The showing of fur creations, including the \$400 sable wrap, and other matters in the most recent and popular Paris and New York styles. You can't afford to miss seeing this big triple bill, and the prices remain the same.

Theda Bara, screen vampire, appearing in the latest Theda Bara super-production, "La Belle Russe," will be one of the big film features. It's said to be the greatest of this star's film creations. In it she does a very wonderful feat. She steps out of herself and stands face to face with her own self. The great star plays a dual role in this thrilling picture of feminine intrigue—a film version of the great Belasco play. She is seen as a graceful ballerina, who braves dire poverty for her husband's sake. She also plays the part of the ballerina's twin sister—a magnificent but utterly wicked woman. The story is a thrilling one, the poor ballerina and her selfish sister confront each other, besides presenting a wonderful piece of acting. It also features advanced photography of a most artistic nature. "La Belle Russe" contains a story of mother-love and self-

WILL CLOSE AT NOON ON COLUMBUS DAY

All grocery stores and markets will close at noon on Columbus day, according to a vote taken at the regular meeting of the Grocers and Butchers association held last evening in its rooms in 223½ building. Among the speakers were Daniel Cosgrove, Alanson Gray, E. S. Fitzpatrick and J. I. Allard. A buffet lunch was served.

SERVICE STAR LEAGUE

National War Mothers Change Name

BALTIMORE, Oct. 9.—The national war mothers, in convention here have voted to change the name of the organization to Service Star Legion.

Over 30,000 Moravian peasants gathered for the festival at Ust Hradiste, in the Carpathians, the first held in five years.

Child's health

It is a fact which many mothers have been obliged to admit, that their children, otherwise perfectly healthy, are suffering from worms, which cause distressing symptoms familiar to parents. Your child is thin, nervous, restless at night, looks for worms, and if present, is likely to be the safe and proper remedy, "L. F. Atwood's Medicine." The following testimonials were unsolicited and have raised seven children to manhood and womanhood keeping them well and strong. "L. F. Atwood's Medicine." I find it a sure and excellent remedy for worms with which so many children are tormented.

Mrs. C. A. Treadwell, Naples, Mo. My little girl used to have worms and would sick three or four days at a time. I began the use of the true "L. F. Atwood's Medicine" and she was not sick again. I had a spell since. Mrs. Ida M. Nason, Clinton, Mo. I sent a bottle for 50 cents from your dealer for my little girl. I found it a most wonderful dose of medicine. "L. F. Atwood's Medicine Co." Portland, Me.

Cadmium Ointment for Skin Troubles

People who have itched and scratched for years get peaceful sleep and rest through the use of Cadmium Ointment. It stops the itching at once and is very soothing and healing wherever the skin is irritated or inflamed. Cadmium Ointment is good for eczema, pimples, blotches, itch, tetter, scaly skin, eruptions, chafings, piles, rash, sores, scabs, ringworm, cuts, etc.

[Cadmium Ointment is a French preparation made in America from the original formula]

SO. END CELEBRATION

Big Bonfire Tomorrow
Night—Hon. R. H. Long
and Col. Herbert to Speak

With the entire district in gala attire, the good people of the South End tomorrow will inaugurate the four day welcome-home celebration for their service men. The festivities will formally open with the touching off of a huge bonfire on the old fair grounds in upper Gorham street and a band concert.

Today the outstanding feature of the celebration is the elaborate system of decoration which has been followed out on practically all streets between Tower's corner and the fair grounds and extending on either side to include Lawrence street and Thordike. Nothing has been done on a retail plan. The celebration itself is the biggest thing of its kind ever planned in the city and every incidental feature by necessity had to be correspondingly pretentious.

Up Gorham street as far as the eye can see, on either side of the thoroughfare the fronts of stores, houses and buildings are riot of color. The national colors of red, white and blue predominate, with the flags of the allies intermingling in pleasing harmony. No expense has been spared to beautify the line of march, the parade of Monday will follow and it is safe to say that the marchers will pass through solid stretches of varied colored hunting, flags and flowers.

As the time for launching the event approaches the general committee and others who have assisted in the arrangements look back upon a set of plans which contain no flaw. Only good weather is needed to make the occurrence one of lasting memory, both to those who do honor and to those whose deeds of valor and sacrifice the celebration plans to glorify.

Following the bonfire and concert tomorrow evening, Saturday will be a day of sport and recreation. The children will join in races and games on the Chambers st. playground in the forenoon, while in the afternoon events for men will be held on the South common.

Societies and clubs included in the district will attend Sunday worship. In different churches in bodies and band concerts will be given on the South common Sunday afternoon and evening.

The banner event of the celebration, the parade, will occur on Monday morning, Columbus day. It will be participated in by hundreds of service men, social, civic and fraternal organizations and will be followed by many bands and adorned by scores of floats. Chief Marshal James E. Donnelly feels certain of a large turnout and one of the best exhibitions ever given in the city streets.

Bonfire Program
The opening event of the great welcome home reception to the fighting sons of the South End, the bonfire and concert on the fair grounds tomorrow night promises to be one of the most enjoyable features of the celebration.

This part of the program is in charge of the Manhattan Social club, and each and every member of the organization has worked untiringly, night and day, to make the event one of the most notable in the history of the city.

The huge pile of wood, etc., will be over 50 feet before the torch is applied and with a clear night it is expected that the entire district will be illuminated. John Baxter, secretary of the club, with the various committees says the surrounding program will be one of the best obtainable and already plans are being made to handle a tremendous crowd. Music will be furnished by a band and there will be singing by several talented artists.

Richard H. Long, democratic candidate for governor, and several other prominent speakers will be on the program. The acceptance of this invitation will prevent Mr. Long from appearing at the rally announced to be held in the down town district tomorrow night. Mr. Long is particularly interested in the service men and

to assist in any event honoring the world war heroes, who says, is more important than to speak at a rally. Consequently when he was asked to attend the opening event of the big celebration, he immediately notified his manager to call off the proposed rally. The exercises will open at 8 o'clock and will be as follows. Opening address, Charles Dillon, presiding officer, William H. Sullivan, Mayor Thompson, Col. John F. Herbert, of Worcester, Hon. Richard H. Long, John J. Gilbride, and Charles H. Burns, of Lynn.

Elder apples wanted at Boye Bros.

Flies 1123 Miles

Continued

Williamsport, Pa., yesterday, because of trouble with his compass, resumed his journey to Birmingham today.

Lieut. D. B. Gish, who with Capt. De Lavergne, air attaché of the French embassy was forced to descend at Canagale, N. Y., yesterday when his plane caught fire, arrived at Mincola today to re-enter the contest in another machine. Neither he nor his passenger was injured. Capt. De Lavergne was taken aboard a Martin bombing machine by Capt. Roy Francis, at Rochester, today. Lieut. Gish expected to overtake the bomber and transfer Capt. De Lavergne to his machine.

The mystery of airplane "No. 55," described as the "phantom ship" by officials of the American Flying club, was still unsolved. The machine suddenly descended from the sky yesterday, touched its wheels to the ground and continued without stopping or "checking out" at the official tent. Flying officials today communicated with all control stations east of Chicago in an effort to clear up the mystery.

The second accident on Roosevelt occurred this morning when a Newport machine piloted by Lieut. T. Hays, crashed to earth from a height of 160 feet while attempting to get away in the race. The plane was wrecked, but the pilot was uninjured.

Three Killed First Day

MINCOLA, N. Y., Oct. 9.—Three aviators had been killed; four of the 62 originally entered planes had been put definitely out of the running, and the status of several others remained unknown early today when the army's great transcontinental air race over a 5400 mile course between Mincola and San Francisco was resumed.

Undismayed by the fate that befell their comrades yesterday on the first day of the great speed, endurance and reliability test, pilots of planes scattered over the course from Mincola as far west as Chicago and from San Francisco east to Salt Lake City, were up today with the dawn, eager to start the second day's grueling test.

Given flying weather as good as that of yesterday, the leading planes from the east and those from the west should cross trails shortly after noon. Yesterday Lieut. B. W. Maynard, the "flying parson" who led throughout the first lap, covered the 840 miles that separate Mincola and Chicago at a two-mile a minute race. Eleven flyers from San Francisco covered the 617 miles from San Francisco to Salt Lake City. Thus, the leading flyers from east and west covered a total of 1594 miles and were separated this morning by only 1105 miles.

The Dead

The men killed yesterday were Major D. H. Christy and his observer, Sergeant Virgil Thomas, who met almost instant death in a crash at Salt Lake City, and Sergeant W. H. Nevitt, observer for Col. Gerald Brandt, whose plane crashed at Deposit, N. Y. Col. Brandt was slightly injured.

Two other planes put definitely out of the race were those driven by Air Commodore L. E. O. Charlton, British aviation attaché in the United States, and Lieut. D. B. Gish, Commodore Charlton's plane fell at Ovid, N. Y., while Lieut. Gish's crashed in flames at Canagale, N. Y.

One Airman Missing

Lieut. J. G. Williams, who left Mincola at 10:15 a. m. yesterday had not been heard from this morning.

Three contestants who were obliged to make forced landings yesterday hoped to get back in the race today. They are Lieut. Ross Kirkpatrick, who descended at Vernon, N. Y., Lieut.

A COAT SALE THAT WILL BE A HUMMER

A Remarkable Purchase From Two New York Makers

SALE COMMENCES FRIDAY MORNING

500 Women's and Misses' New
Fall and Winter Coats, Regular
\$35, \$40 and \$45 Values at

OSGOOD RESIDENCE SOLD

The old residence of Charles H. Osgood at 53 Mt. Hope street was recently purchased by John B. Boudreau, a former councilman, whose home is in Crawford street. The sale was made in a public auction conducted by Walter E. Guyette through the office of Thomas H. Elliott. The property consists of an eight-room up-to-date house with a large tract of land. Mr. Boudreau intends to occupy the premises within a short time.

Commonwealth of Massachusetts—

Probate Court.
To all persons interested in the lands of which Andrew Y. Rodger, late of Lowell, in said County, died seized in this Commonwealth.

Whereas, Ida M. Rodger, of Lowell, in said County, has presented to said Court a petition representing that she is the widow of said deceased, and claims to dower in his said lands, and praying that the same may be assigned to her by said Court, as provided by law.

You are hereby cited to appear at a Probate Court, to be held at Cambridge, in said County of Middlesex, on the twenty-fourth day of October A. D. 1919, at nine o'clock in the forenoon, to show cause, if any you have, why the same should not be granted.

And said petitioner is ordered to serve this citation by delivering a copy thereof to each person interested, fourteen days, at least, before said Court, by publishing the same once in each of three successive weeks, in week of the Lowell Sun, a newspaper published in Lowell, the last publication to be one day, at least, before said Court.

Witness, Charles J. McIntire, Esq., First Judge of said Court, this eighth day of October, in the year one thousand nine hundred and nineteen.

FURTHER IMPROVEMENT BY PRES. WILSON

WASHINGTON, Oct. 9.—President

Wilson had another good night and apparently showed further improvement today.

President Wilson continued to hold the slight improvement in his condition noted yesterday, said a bulletin issued by Rear Admirals Grayson and Still.

The bulletin follows:

"White House, Oct. 9, 11:50 a. m.

"While there is no material change in the president's condition, the slight improvement noted yesterday continues.

"GRAYSON,
"STILL."

Fire Prevention

Continued

urged adherence to the common precautions against fire, including accumulation of waste matter, carelessness with matches, etc.

In hundreds of homes housewives answered the proclamation by destroying all superfluous papers, rags and other refuse which is easy prey to fire once ignited. The outside of houses also were polished in many instances and yards which had become refuse dumps through neglect were given a thorough cleaning.

It is not the intent of Fire Prevention

PLAN NEW HIGHWAY

Plans for the construction of a state highway between Littleton and Groton are being prepared by the highway commissioners and it is expected the job will be started early in the spring. The new road, which will be a connecting link of the state highway between Boston and Keene, N. H., and which will be of great value to numerous residents of this city, will extend from the Littleton common to the Groton line, a distance of about 5½ miles and will cost approximately \$35,000 a mile.

POSTAL CLERK DISPELS DOUBT

"I Will be Glad to Aid Sufferers From Rheumatism," Says Cambridge Man

Henry C. Hackett is a postman of Cambridge, Mass. There is not a more active, mail deliverer in this college city. He is pointed out as a man who can give positive proof of how Var-Ne-Sis cures rheumatism. One would not suppose to look at Mr. Hackett that he had ever known a sick day in his life and yet his own case is proof of how Var-Ne-Sis conquers rheumatism.

"I was delivering mail," says Mr. Hackett, "when I was overcome with an attack of rheumatism so bad that I had to quit. My doctor told me that he could not cure me. I had heard from others who had been benefited by Var-Ne-Sis. The doctor of whom I purchased it said that it would not injure me in any way, because it was made from nature's own remedies of roots and herbs.

"At the time I began taking it, I was obliged to walk on the toe of my left foot on a corner of the pavement. I could not straighten the joint of my knees. It required only a few bottles of Var-Ne-Sis to relieve that trouble, so that I was able to parade with the band in the Liberty Loan parade. Today I am entirely well. I have not the slightest symptom of rheumatism, as you can see. And I will only be too glad to have anyone write to me, and I will give them my endorsement of Var-Ne-Sis."

Var-Ne-Sis is in liquid form or tablet form, at druggists, or you can get it direct from W. A. Varney, Lynn, Mass.—Adv.

tion day to confine all precaution against fire to this one stipulated day, but rather it has an aim of instituting a habit which will last and become instrumental in reducing the possibilities of fire to a minimum. The suggestions offered by Fire Chief Edward K. Saunders a day or two ago and published in the daily papers, if followed will bring excellent results in the decrease of the number of preventable fires.

The firemen delegated to speak at the various schools were as follows:

St. Michael's—J. O'Neill.

Bartlett—J. J. Wholey.

Washington—Lieut. G. S. Alcott.

Moody and Butler—H. W. Hilliard.

Parkview—R. W. Broadbent.

Reds Are World's Champions

Eller Pitches Cincinnati to Victory in Hard Hitting Game; Score 10 to 5

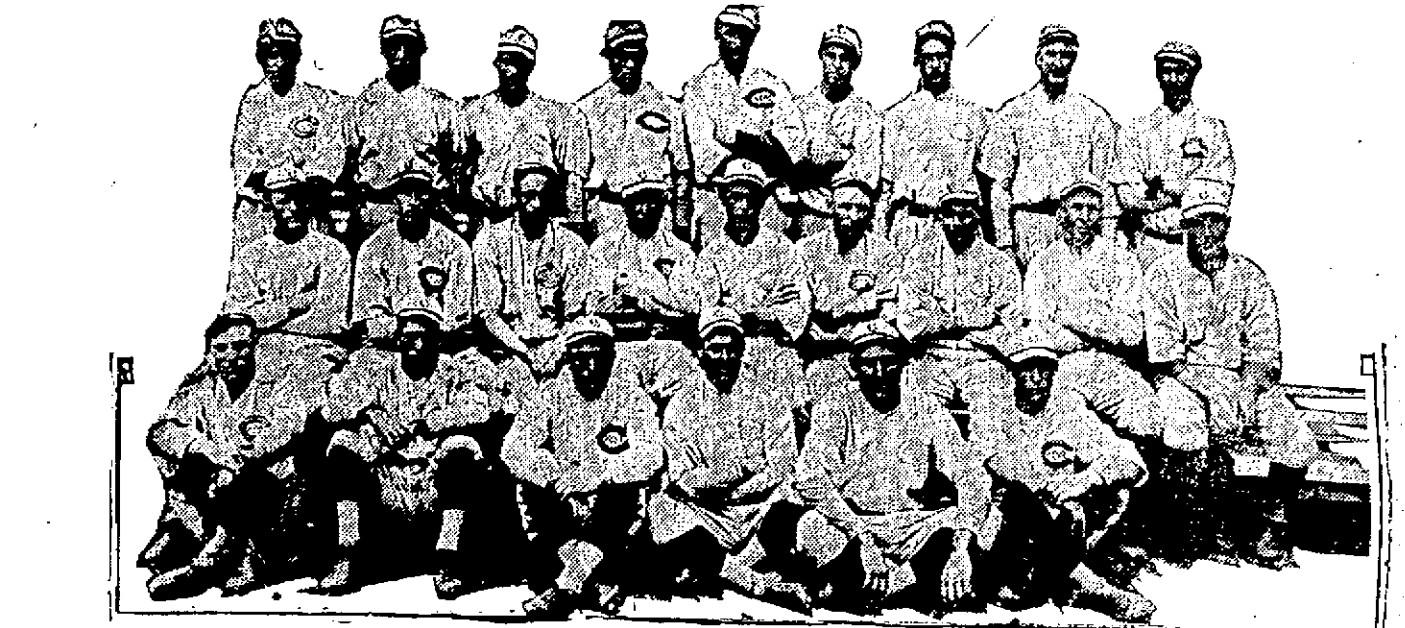

COMISKY FIELD, Chicago, Oct. 9.—The Cincinnati National league pennant winners today won the world's championship by defeating the Chicago Americans for the fifth time in the eight games played. Victory came as a result of terrific hitting on the part of the Reds right at the very start of the game. "Lefty" Williams, who had been twice beaten, tried to emulate his teammate, Eddie Cicotte, who came back yesterday after losing twice, but he was driven from the box in the opening inning. Bill James relieved him. "Red" Eller, who pitched the Reds to their fourth victory and gave one of the best twisting exhibitions ever seen in a world's series, hurled his team into the title today. The winners hit savagely and played with much dash, indicating their determination right from the start to win. By capturing the series, Manager Pat Moran has brought to Cincinnati its first world's championship and to the National league its first title since 1911 when the Boston Braves defeated the Athletics in four straight.

First Inning
First half: Rath up. The first ball pitched by Williams split the plate but Rath did not make a bid for it. Rath opened the contest with a pop fly that Risberg got in short left. Daubert singled to center. It was a line drive that Liebold made a great effort for, but could not quite reach before it touched the ground. Groh fouled the first one off. Groh fouled the third ball into the left field pavilion. Groh singled to right. It was a short hit that cleared over first base, and Daubert held second. Roush doubled past first base to the right field pavilion fence, scoring Daubert and putting Groh on third. James is warning to left field, scoring Groh and Roush. It was a line drive that went over Weaver's head and Jackson fielded in the extreme left field corner. This was enough for Williams and "Big Bill" James went into the box for Gleason's team. James could not locate the plate and walked Kopf. Duncan still on second. Neale fanned, the third ball being called on him. James almost made a wild pitch but Schalk recovered the ball before any damage could be done. Rariden lifted a Texas league hit over first base, scoring Duncan and putting Kopf on third. The crowd gave Eller a handclap ovation when he went into the batter's box. Rariden stole second. Eller ended the inning by flying out to Felsch. Four runs, five hits, no errors.

Second half: The Reds displayed the most consecutive hitting of the series in this inning. Their wallop off Williams were all clean hits. Liebold's first pitch was over the pan. Liebold started for the Sox with a clean single and Duncan fielded fast and prevented him from stretching it into a double. Ed Collins doubled to left, Liebold going to third. Roush was warming up for Cincinnati. Weaver fanned. Eller got his first victim when he slipped the third strike over on Weaver. Jackson lifted a puny fly that Kopf captured in back of third. Liebold holding third and Ed Collins second. Felsch tried to dodge the ball but it hit his bat, foul. Felsch fanned. The Sox hit Eller hard at the beginning of their batting but he tightened up on the third man and pitched himself out of a bad hole. No runs, two hits, no errors.

Second Inning
First half: Rath struck out. James got Rath in the three and two hole and slipped the third strike over on him. Daubert fied out to Jackson who got the ball after a short run. Groh called for the ball and examined it, but the umpire ruled it was O. K. Groh singled to Gandil. The latter got the ball back of first, but could not get up in time. Groh turned his ankle when he stepped on first base and was delayed for a few minutes, but he resumed and took his position on first base. Roush doubled to left field, scoring Groh on the hit, but Roush was caught between second and third when Liebold threw to Risberg and in the run down, Schalk and Weaver got assists, while E. Collins finally put the ball on him. One run, two hits, no errors.

Second half: Gandil fied to left. Daubert, Eller had trouble locating the plate and walked Risberg. Rariden dropped Schalk's high foul and was given an error. Schalk again wanted the umpire to examine the ball and he tossed it back to Eller. Schalk singled to left. Duncan came in fast but the ball hit the ground first, Risberg reaching second. James hit a high foul to Groh, and neither base runner advanced. Liebold struck out, taking a healthy swing at the last one

CINCINNATI REDS—WORLD'S CHAMPIONS

and caught. Wilkinson struck out. No runs, no hits, no errors.

Eighth Inning
First half: Roush was hit by the second ball pitched and walked to first. Wilkinson claimed he was not hit but the claim was disallowed. Duncan sacrificed, Wilkinson to Gandil. Kopf hoisted a foul to Weaver. Neale walked after getting Wilkinson in the three and two hole. Rariden singled to left and Roush scored. Neale reaching third and Rariden second on Jackson's throw to the plate. Risberg threw out Eller at first, making a pretty throw from deep short. One run, one hit, no errors.

Second half: Liebold sent a fly to Neale in deep right. Ed Collins singled through the pitcher's box, Roush retrieving it. Weaver doubled to the right field box seats, putting Ed Collins on third. Jackson doubled to right, scoring Ed Collins and Weaver. It was a hard line drive. Felsch popped an easy one to Daubert and Jackson held second. Gandil tripped to right field, Jackson scoring. Neale lost the ball in the sun. Roush fumbled Risberg's fly. Gandil trotting across the plate. Rath tossed out Schalk at first. Four runs, four hits, one error.

Ninth Inning
First half: Rath singled over second, Risberg managing to knock down his grounder, but could not get it to first in time. Daubert sacrificed, Wilkinson to Gandil, Rath taking second. Groh hoisted to Liebold. Rath holding second. Weaver threw out Roush. Gandil taking the throw. No runs, one hit, no errors.

Second half: Murphy batted for Wilkinson. Murphy was hit by the third pitched ball and walked to first. The crowd was in an uproar. Roush made a circus catch of Liebold's fly, barely getting to it and turning a somersault, but holding the ball. Murphy held first.

Ed Collins singled to center, Murphy going to second.
Neale grabbed Weaver's fly, but Murphy made third after the catch. Ed Collins held first.

Ed Collins stole second.
Rath threw out Jackson at first. No runs, one hit, no errors.

PROPOSALS MADE AT CONFERENCE

Representatives of Public and Labor Present Proposals at Washington

Call for Labor Truce for 3 Months and Immediate Arbitration of Steel Strike

WASHINGTON, Oct. 9.—An immediate industrial truce to continue three months, creation of an arbitration board by the president and congress and immediate arbitration of the nation-wide steel strike were among proposals made today to the industrial conference here. The first two were presented by representatives of the public and the last by the labor group.

ACTION TO FOLLOW THE TREATY RATIFICATION

PARIS, Oct. 9.—Ratification of the Versailles treaty by three allied powers and its consequent coming into effect will necessitate the appointment of a number of boundary and administrative commissions and various positive measures provided for in the treaty within a short time.

Germany must immediately surrender all German surface war vessels outside German ports and demolish warships now under construction, the evacuation of the parts of Schleswig, whose future ownership is to be determined by a plebiscite, must be carried out within 10 days after the completion of the treaty and the administration turned over to an international commission created by the allied and associated powers together with Norway and Sweden.

FIRE PREVENTION DAY IN THE SCHOOLS

In compliance with the proclamation of His Honor, Mayor Perry D. Thompson, today was observed in Lowell, as in all other cities throughout the country, as Fire Prevention day. Delegated members of the fire department spoke in all of the elementary schools of the city, public and parochial and fire drills in each building formed a part of the program. The firemen Continued to Last Page

ANOTHER STEEL PLANT REOPENS

YOUNGSTOWN, Ohio, Oct. 9.—The Trumbull Steel Co., of Warren, an independent plant, employing 5000 men, resumed operations today in part, having reached an agreement with its employees.

\$30,000 MORE APPROPRIATED

There is the \$30,000 which remained as the amount the city council might appropriate for any department during the balance of the year. It was wiped off the books this morning when the four commissioners and Mayor Thompson voted \$20,000 of it to Commissioner Murphy for street maintenance and \$10,000 to Commissioner Marchand of the public property department.

In addition to his \$20,000 for maintenance, Commissioner Murphy was voted \$10,000 through a loan for permanent paving. The loan order as previously presented on Tuesday and again today called for \$20,000, but was cut in half on motion of Mr. Marchand. According to Mr. Murphy part of this money will be used to finish the work at the new Pawtucket bridge and part to fix up Thorncliffe street near Button. The vote on the loan order this morning showed the four commissioners in favor and Mayor Thompson opposed.

The meeting of the council today ostensibly was for the purpose of approving monthly bills, but that routine process was completely overshadowed.

"FIGHT TO THE DEATH"

Turkish Nationalists Demand Application of Pres. Wilson's Principles

PARIS, Oct. 8.—A Turkish nationalist government has been constituted at Konter, Asia Minor, according to a despatch from Smyrna and has issued a proclamation demanding the application of President Wilson's principles to Turkey and declaring the supporters of the government will fight to the death to resist foreign intervention. The proclamation was signed "Patriotic committee."

25 STRIKING POLICEMEN RESTORED TO FORCE

BOSTON, Oct. 8.—Having renounced their affiliations with the Boston Police-men's union, 25 former members of the police department have been restored to duty. Charges of one kind or another have been made against these men and an effort is being made to adjust their cases as speedily as possible. Some have already been tried and others are going to trial daily.

The men restored to duty come under various classifications. Some were on vacations before the vacations were suspended on the morning of the day of the strike; others were on sick leave, but did not go on strike although members of the union, while more joined the union after working for a couple of days subsequent to the strike.

No list of names of the policemen returning to work has been given out by police officials, but it is admitted that a way is being found to restore a considerable number of the policemen to the force as fast as they renounce their union affiliation in strictly union form.

Among those reinstated thus far are Henry Myers of Station 19, West Roxbury, Edwin F. Briggs, Thomas J. Quinn, William B. Quinn, John J. Maguire, Charles M. Montgomery and John J. Gallagher of the Brighton station. These men surrendered their police property and quit their jobs as individuals the day following the strike, after having performed their work on the night of the strike.

Sullivan Resolution Rejected

By a vote of 6 to 1, the executive council refused yesterday to pass a resolution offered last week by Councilor Lewis R. Sullivan calling for a report from Police Commissioner Edwin U. Curtis on certain phases of the police strike. The resolution requested that Commissioner Curtis state whether his expenses for counsel have exceeded the amount fixed by statute; to tell why he desired changes in the civil service regulations relative to applicants for the police department and called for a conference between the civil service commission and the attorney general about the power of the police commissioner to take back the striking policemen.

City to Defend Policemen

Mayor Peters yesterday sent a letter to Messrs. Vahey and Feeney, counsel for the Policemen's union, informing them that he had directed the corporation counsel to defend Patrick J. Coyne, one of the striking policemen in a civil suit instituted while Coyne was a member of the department and also that such others as may arise will be defended. The letter follows:

"I have your letter of Oct. 6 in which you call my attention to the case of one Patrick J. Coyne, a former member of the police force.

"In response to your request I have directed the corporation counsel to defend Coyne's case and such others as may arise under similar circumstances."

Post Wants Men Reinstated

Resolutions calling for the reinstatement of the 1200 striking policemen have been adopted by Thomas J. Roberts Post, 216, American Legion, at its meeting at Colman square, Dorchester:

"Resolved, That we, veterans of the world war, express our disapproval of the action taken by the governor and the police commissioner and that we declare our resentment against the application of 'deserters' to our comrades and others who are still fighting to make secure the application of the principles for which they fought as soldiers of the nation, and furthermore be it

"Resolved, That we believe the best interests of our city can be served by immediately reinstating the 1200 striking policemen who for so long have efficiently protected our city while patiently bearing conditions that the public now know are a disgrace to our boasted superior culture."

Fresh Fruit Desserts—2c

Jiffy-Jell desserts, rich and fruity, cost but 2 cents per serving.

Each package contains a vial of fruit essence, made from condensed fruit juice.

Add boiling water, then this flavor, and you have a fresh-fruit dainty.

Compare Jiffy-Jell with the old-style quick gelatin desserts. You will find it five times better, yet it costs no more.

Millions now enjoy it.

If It's Hosiery You Want—the Kind You Want Is Here

SEN. WILLIAMS REPLIES
TO SEN. BORAH

WASHINGTON, Oct. 9.—Attacks on League to Enforce Peace were continued today in the senate. Senator Borah, republican, Idaho, charged that the league was sending out "doctored" propaganda designed to speed up ratification of the peace treaty, unamended.

Referring to a statement by Senator Borah that the League to Enforce Peace was calling for and getting large working funds, Senator Williams, democrat, Mississippi, said people who lived in glass houses should not throw stones, adding that somebody might come along and ask who was putting up the money for traveling expenses of certain gentlemen who are going about the country attacking the league.

Senator Borah said he wanted it understood that he paid his own way, his one regret being that he was not able to travel further and keep on speaking to the people about the treaty.

URGE RATIFICATION OF
TREATY AND LEAGUE

DETROIT, Oct. 9.—Resolutions appealing to the United States senate to ratify the peace treaty with Germany and the covenant of the League of Nations were introduced today in the house of deputies of the general convention of the Protestant Episcopal church and given a place on the calendar.

KING TO SIGN
TREATY TOMORROW

LONDON, Oct. 9.—The "king's copy" of the German peace treaty will probably be signed by King George tomorrow and forwarded to Paris. It is expected that the signing by the king will be followed by his peace proclamation. This will complete Great Britain's ratification of the treaty.

The vacuum process of condensing milk was originated in 1825.

Delivery of Freight Prohibited

NEW YORK, Oct. 9.—Delivery of all freight by lighter to steamers in New York port was prohibited today by W. N. Pollack, marine director for the United States railroad administration as a result of the longshoremen's strike.

C. B. COBURN CO.
PAINT

Scientists say that more houses have to be rebuilt or repaired because of rot and decay than because of loss by fire.

INSURE YOUR HOME WITH
GOOD PAINT

You insure your home against damage by fire, although fire is only a possibility. Be just as careful in insuring against decay, for decay of unpainted wood is a certainty. The best assurance of protection lies in using the paints sold by C. B. Coburn Co.

Queen Anne Paint, Regular Shades, Gal. \$3.45
Town & Country Paint, Regular Shades, Gal. \$4.75

They protect against exposure to heat and cold, wind and wet.

BEGINS FLIGHT FROM
NEWFOUNDLAND TO N.Y.

HALIFAX, N. S., Oct. 9.—Rear Admiral Mark Kerr's big Handley-Page bombing plane which was wrecked at Parrsboro, last summer on its flight from Newfoundland to New York, resumed its journey from Parrsboro at 11:55 o'clock this morning.

The machine, christened the "Atlantic" when it was entered for a trans-ocean flight last spring, climbed into the air and swung off across the Bay of Fundy for St. John, N. B. From that city it will lay its course down the New England coast over Portland and Boston in its journey to New York—525 miles in an air line from its starting point at Parrsboro.

Flight to ten hours are estimated as the length of the Atlantic's flight, which is to be non-stop.

DEAN OF EPISCOPAL
THEOLOGICAL SCHOOL

CAMBRIDGE, Oct. 9.—The election of Rev. Charles L. Slattery, rector of Grace church, New York, as dean of the Episcopal Theological school, was announced by the board of trustees today. The position was made vacant by the death last May of Dean George Hodges, who had held the office since 1894.

Rev. Mr. Slattery was graduated from the school in 1894. Subsequently he was master of Groton school, dean of the cathedral at Faribault, Minn., and rector of Christ church, Springfield. He has been rector of Grace church since 1910.

IRISH QUESTION
IS DISCUSSED

LONDON, Oct. 9.—The Irish question occupied the attention of the cabinet today. Premier Lloyd George presided and Sir Edward Carson was summoned to the meeting.

Before the meeting it was announced that the cabinet committee appointed to find a solution of the Irish problem would meet today and hold frequent sessions in order that its work might be completed before the conclusion of the peace treaty with Turkey, as otherwise the home rule act, suspended for the war, would then come into force.

RACES POSTPONED

LEXINGTON, Ky., Oct. 9.—Today's grand circuit races were postponed because of rain.

GETS ONE YEAR
FOR PERJURY

BOSTON, Oct. 9.—William J. O'Brien, president of the Boston Fish Market corporation who confessed to perjury during a federal suit against certain fish marketing firms and individuals last January, was sentenced today to serve one year in jail and pay a fine of \$500.

DISCUSS PEACE TREATY
PARIS, Oct. 9.—Discussion of the peace treaty with Germany began in the French senate this afternoon.

SUES UNIVERSITY
FOR \$115,000

NEW YORK, Oct. 9.—Prof. J. McKean Cattell, who was suspended as head of the department of psychology of Columbia university, Oct. 5, 1917, for alleged seditious remarks, today filed suit for \$115,000 against the university.

He denies the charges which were preferred by the trustees of the university and asks to be compensated for the "loss of his position and the deprivation for the remainder of his

life of the opportunity to earn a livelihood in his chosen calling," and for the "loss of social and professional prestige."

NONE STUCK IN MUD
ELMHURST, N. Y., Oct. 9.—The trans-continental plane of Capt. John Marquette was reported today down 15 miles from this city, near Waverly, with its nose stuck in the mud.

The young king of Siam speaks English, French and German, and has written books in all these languages, as well as in Siamese.

STRIKE UNAUTHORIZED

International Union Head Sees I. W. W. Behind N. Y. Longshoremen

NEW YORK, Oct. 9.—The unexpected strike of thousands of longshoremen, which threatens to tie up the port of New York, yesterday was attributed directly to I. W. W. agitation by T. V. O'Connor, president of the International Longshoremen's union, who declared that the walkout, unauthorized, would not receive the support of the international.

Between 15 and 20 I. W. W. organizers have been at work on the waterfront for weeks, declared Mr. O'Connor, who asked Police Commissioner Dwight for adequate police protection for the men who remained at work. John Reilly, president of the district council of longshoremen, was beaten by a man whom he tried to persuade to return to work.

Eight hundred longshoremen and 100 checkers employed on the Pennsylvania railroad's piers at Jersey City, struck yesterday in sympathy with the New York wharf workers and for the same terms, \$1 an hour for the longshoremen and \$7 a day for the checkers.

The Cunard liner Carmania was held up for five hours because of the strike, but finally sailed for Liverpool just before dark. The ship was obliged to leave behind about 500 tons of her 1700-ton cargo of freight and also gave up the plan to take aboard 1000 additional tons of bunker coal for the return trip. Clerks helped get baggage aboard and many second cabin and steerage passengers volunteered to bring their own trunks from the pier to the ship.

The White Star liner Baltic sailed on time for Liverpool with 1200 passengers despite the strike, but only because heads of departments, clerks and others from the company's Broad-

Women Made Young

Bright eyes, a clear skin and a body full of youth and health may be yours if you will keep your system in order by regularly taking

The world's standard remedy for kidney, liver, bladder and uric acid troubles, the enemies of life and looks. In use since 1695. All druggists, three sizes. Look for the name Gold Medal on every box and accept no imitation.

way offices "pitched in" and moved 1500 pieces of baggage. Representatives of 40 steamship lines formally endorsed the decision of the wage adjustment board at a meeting yesterday. The award announced Tuesday decreed that longshoremen were to receive a 5-cent and 10-cent an hour increase in wages for day and night work, respectively, effective October 1. The decision has been rendered void by the strike, according to an opinion expressed by Frederick Topping, vice president of the International Mercantile Marine.

Fifteen hundred steamship office clerks, members of a union affiliated with the longshoremen, struck yesterday for a minimum of \$10 and a maximum of \$50 a week.

Striking longshoremen declared last night that the tieup would be complete at Hoboken by Friday, when all of the men would be called out at the Scandinavian-American Line Piers and at the army base.

OBJECTIONS TO BRIDGE ARE OVERRULED

BOSTON, Oct. 9.—The objections of Holyoke, Chicopee, Westfield and certain towns in western Massachusetts to the construction of a bridge across the Connecticut river between Springfield and West Springfield, were overruled today by the supreme court, which approved the plans of a commission appointed by the court two years ago. The commission consisted of John L. Bates, former governor; Joseph H. O'Neill, former congressman; and Joseph P. Worcester, a civil engineer.

BIG HUN GUNS HIDDEN IN FORTRESSES

PARIS, Oct. 9.—(French wireless service) Where are the big guns with which the Germans bombarded Paris during the last few months of the war, is a question that is being frequently asked both in Germany and outside of it.

A recent issue of the Berlin Tageblatt shows that this question was propounded by one of its representatives to Major Trepper, formerly attached to the German war ministry, and a participant in the armistice parleys. He also was asked whether Germany had pledged herself to hand over these guns. He is quoted as replying that Germany had given no such pledge and as adding: "If the French newspapers want to know where these guns are they can be told that they are well hidden and guarded in our fortresses on the coast."

"It is the news, the truth and fit to print." This is the standard The Sun follows in printing city, state and national news.

SUPPLIES FOR 2 YEARS

Noted Non-Magnetic Ship Carnegie Ready for Big Ocean Trip

WASHINGTON, Oct. 9.—With enough provisions aboard to last two years, and outfitted for a voyage of 6500 miles, the noted non-magnetic ship Carnegie was ready today to leave Washington on a task of tracing through the long spaces of the South Atlantic and Pacific oceans the devious curves which the magnetic pole lays out for the compass needle to follow.

This is the fifth and probably the last trip of the Carnegie on this errand, which has already taken her through 200,000 miles of ocean during the last 10 years and has resulted in much information that is incorporated in the magnetic charts which sailors use. She was built by the Carnegie Institution especially for the work and has neither steel or iron in her hull or fittings.

MINERS VISIT PREMIER

Call on Lloyd George to Press for Complete Nationalization of Mines

LONDON, Oct. 9.—With the country not yet fully recovered from the railroad strike, a deputation of miners planned to call on Premier Lloyd George today to press for complete nationalization of mines. The deputation consisted of members of the parliamentary committee of the Trades union congress which met recently in Glasgow and members of the executive committee of the miners' federation.

If Lloyd George refuses to accept nationalization as it is assumed he will, a special trades union congress will be convened.

The Mail's labor correspondent writes: "Should the government prove obdurate, it is quite possible the nation will find itself in a few days in a position of even greater menace than it faced last week."

EPISCOPAL CHURCH CONVENTION DETROIT, Mich., Oct. 9.—Committee of the general convention of the Protestant Episcopal church today took under consideration the plan for revision of the Book of Prayer, an extensive Americanization program on which it is proposed to expend \$1,500,000, and the program for extension of the church's work to be financed by a nation-wide campaign.

Women of the church, at a thanksgiving service today, presented a uni-

ALTERATION SALE AT OSTROFF'S

Starts Friday Morning, Oct. 10

AT 9.30 A. M.

We have outgrown our present store and so we are adding about 2500 square feet of floor space. Part of our enormous stock must be reduced to make room for the builders. Therefore, it will be worth your while to attend this sale.

Newspaper space is so expensive, and it would easily take from two to three full pages to itemize every article and price. We will just mention what we have in this sale. With a guarantee that every article you buy at this sale will be first quality merchandise.

We don't carry any seconds nor do we buy any job lots. Most of our stock consists of national brand goods, and it must be from 25 to 75 per cent. cheaper than you can buy elsewhere or your money cheerfully refunded.

TWO SHOT IN STRIKE RIOT

Negro Workers and Foreign
Born Strikers Clash at
Donora

Other Steel Plants to Reopen
Following Break in Ranks
of Strikers

PITTSBURGH, Oct. 9.—A clash between negro workers and foreign born strikers at Donora, today, resulted in two men being shot and wounded and a number injured. The crowd was scattered by the state police.

While reports from company sources indicated that many strikers were returning to work union leaders announced today that the strikers were holding firm and were prepared for a long siege.

According to the Carnegie Steel Co. about 500 more men are reporting to its mills daily.

First Break in Ranks

YOUNGSTOWN, Ohio, Oct. 9.—Coupled with the announcement that differences between employees and the Trumbull Steel Co., at Warren had been adjusted, it was reported today that the Brier Hill Steel Co. and the Youngstown Sheet & Tube Co. were preparing to start departments.

The agreement with the Trumbull Co. is the first break in the ranks of the Mahoning valley strikers.

Running at 50 Per Cent.

CHICAGO, Oct. 9.—Steel mills at Gary, East Chicago and Indiana Harbor, Ind., and South Chicago, Ill., reported today that they were running on a 50 per cent. scale or were ready to resume immediately at a reduced capacity.

Military control continued at Gary as did martial law at East Chicago and Indiana Harbor.

JURY TO TRY GEORGE A. LONG COMPLETED

MONTEPELLIER, Vt., Oct. 9.—A jury to try George A. Long on the charge of murdering Mrs. Lucia C. Broadwell in Barre, the night of May 3, 1919, was completed in Washington county court today; the state presented an outline of its case, and the jury and court attaches went this afternoon to Barre to look over the locations to be mentioned in the testimony.

The jury is largely made up of farmers and all of the 12 are married except Juror Ira H. Edson, who is a widower. The jury is composed of the following: Maynard King, 32, Calais, a road patrolman; Ira H. Edson, 69, Montpelier, a janitor; Thomas J. Ferris, 60, Moretown, an undertaker; Frank W. Nichols, 31, Montpelier, an automobile liveryman; Raymond B. Campbell, 23, Fayston, a farmer; Charles W. Coddling, 31, East Montpelier, a farmer; John W. Alexander, 39, Middlesex, a farmer; John L. Baird, 63, Waltsfield, a retired farmer; M. C. Barber, 66, Waterbury, a farmer; A. J. Patterson, 62, Middlesex, a farmer; Walter D. Ordway, 51, Montpelier, a salesman; Edward E. Kellogg, 61, Montpelier, a property caretaker.

The drawing of the jury was completed just before noon. On the reopening of court this afternoon, the outline of the state's case was presented, after which the trip to Barre was taken to look over the scene alleged to be connected with the death of Mrs. Broadwell.

MATRIMONIAL

Mr. Edouard Proulx and Miss Agathe Montblau were married yesterday afternoon at Notre Dame de Lourdes rectory, the ceremony being performed by the pastor, Rev. Leon Lamotte, O. M. I. The witnesses were Messrs. Edouard Hubert and Albert Proulx.

Dubois-Ryan

The marriage of Mr. Antonio Dubois and Miss Marie Allen Ryan took place yesterday afternoon at Notre Dame de Lourdes rectory, the officiating clergyman being Rev. Leon Lamotte, O. M. I., pastor. The couple were attended by Messrs. Alfred Ryan and Napoleon Dubois, brother and father of the bride and bridegroom respectively.

Laporte-Benoit

Mr. Philippe Laporte and Miss Lea Benoit were married yesterday afternoon at 4 o'clock at St. Joseph's rectory, the officiating clergyman being Rev. Louis N. Richard, O. M. I. The bride wore a blue velvet travelling suit with hat to match and carried bridal roses. The bridesmaid, Miss Evelyn Benoit, a sister of the bride, was attired in a brown travelling suit with hat to match and carried chrysanthemums. The best man was Mr. Arthur Tremblay, a cousin of the bridegroom. At the close of the ceremony a wedding supper was served at the home of the bride, 85 Varney street and later Mr. and Mrs. Laporte, who were the recipients of numerous wedding gifts left on a honeymoon trip to New York and Niagara Falls, and upon their return they will make their home in this city.

Sayers-Dolan

Mr. John T. Sayers, a well known conductor on the electric cars and Miss Margaret C. Dolan were married yesterday afternoon at 5 o'clock, the ceremony being performed at St. Peter's rectory by Rev. Fr. Linahan. The bride wore white georgette with bridal veil and carried lilies of the valley. She was attended by her cousin, Miss Catherine E. Tivnan, who was attired in pink georgette and carried pink roses. The best man was Mr. John Dolan, a brother of the bride. At the close of the ceremony a reception was held at the home of the bride, 129 Summer street. Later in the evening the happy couple left on a wedding trip to New York and upon their return they will make their home at 129 Summer street.

\$30,000 More Appropriated

Continued

by the passage of the two orders and the allied discussions which attended each action.

The money voted to Commissioner Murphy this morning raises the total amount of money given to the department of streets and highways this year to \$461,000, of which \$216,000 is maintenance and \$245,000 loans. Mayor Thompson again voiced his disapproval of the voting of any more money through loans as the city stood only \$26,000 away from the borrowing limit and said that a loan given at this time actually impairs the city's credit. The \$10,000 voted brings the margin down to \$26,000.

Commissioner Morse fought for a slice of the \$30,000 appropriation for a time, but later withdrew in favor of Mr. Murphy, saying that he would try to get along somehow.

The council came to order at 9:20 o'clock.

A petition from Thomas B. Hafter and others for tar coating for Troy street and Putnam avenue was referred to the street department.

Frank C. Gilbert was given license to serve as a weigher of coal for the Thorndike Coal and Grain Co.

A hearing was set for October 25 on the petition of Lucy C. Gandette for the erection of a garage and the housing of gasoline at 1117 Middlesex street.

The council accepted the reports and voted for the orders to lay sidewalks and edgestones on the following petitions: Chas. T. Kilpatrick, that Westminster street be accepted and edgestones laid; St. John's hospital, that concrete and granite sidewalks be laid in portions of Stackpole, Fayette and Bartlett streets; M. A. Gage, that sidewalk be laid in front of the premises at 523 Pawtucket street; Louise P. Chippindale, that sidewalks be laid in portions of B and Chaucey streets; James F. Harley, that sidewalk be laid in front of the premises at 780-782-784 Moody street.

The council took up the approval of monthly bills at 9:30 o'clock.

Commissioner Murphy said he could not approve the bills of his department until he got some money from which to pay them. The bills amounted to \$3585.45.

Mayor Thompson said that it seemed that Commissioner Murphy found himself in a position to either hold up payment of bills or not meet his payroll and that before the discussion on approval ended some consideration should be given the amount of money available in order that the commissioner might have something to work on.

Morse and Murphy

Commissioner Morse asked Mr. Murphy if he could not withhold payment of the bill for a car of oats and the latter replied that he did not wish to hold up any bills.

"Well, something has got to be done," said Mr. Morse. "Are you working your men full time, Mr. Murphy?"

"No sir, I am not."

"When I had the street department I had to clip the force of sparrow men."

"Sparrow men have never been clipped at this time of year," said Mr. Murphy.

"They have been," said Commissioner Morse, "twice to my knowledge."

"Well, I have been informed that they never have been," retorted Mr. Murphy.

"You have been wrongly informed," said Mr. Morse.

"There is \$30,000 available," said the mayor, "and it comes down to the question of which department needs it most. At the present time, perhaps it seems that Mr. Murphy has the most urgent need."

"I ought to have at least \$10,000," said Mr. Marchand, "I have got to pay \$5000 to contractors for the installation of three boilers."

"You all know my situation," said Commissioner Morse. "I want more motor apparatus for the fire department. One piece of apparatus will cost \$3500. I can't borrow one cent from the water department and I haven't got any money to put on new men."

"There is no comparison between our department and mine," replied Mr. Murphy. "I have so much work which has to be done, while the fire department is more or less stabilized, the fire apparatus you have may be a little old-fashioned, but, nevertheless, it is sound."

"Did you say sound?" asked Commissioner Morse. "Go up and look at an engine at the Lawrence street house and see if you call that sound."

Next Tax Rate

Mr. Murphy continued: "During the last 40 weeks of this year, I have worked on an average of eight men on the work of street maintenance."

Mr. Morse employed during the same period in 1918. I say again there is something wrong with our rate. I pleaded at the outset for honest tax rate."

Honest tax rate: we have an honest tax rate," replied Mr. Morse. "I worked all those men last year, as I say, and I paid them all. I got some way or other."

That is all right," said Mr. Morse, "but you must not forget, Mr. Murphy, that I got only \$150,000 this year against an actual expenditure of \$205,000 and moreover, I left over bills to pay to the amount of \$11,000."

Well, Mr. Murphy, what was left me to face when I took the water department?" asked Mr. Morse. "Nothing except a legacy of \$57,500 to meet."

Mayor Thompson broke in and ended the discussion by saying it was getting late. "My department will not claim any part of the \$30,000."

"I can spend \$1000 right now for repairs," said Mr. Morse. "But I think I could be money thrown away, because in a year or two the fire department must be wholly motorized. If so, the money will do Mr. Murphy good. I'll withdraw claim to any of it and get along the best I can. Some more horses may die, but I have to take a chance."

Commissioner Murphy then estimated he would need \$3000 a week for oil maintenance for the remainder of the year.

Mr. Morse asked how much money he had left of his year's loans.

Mr. Tuttle said \$700 remains of paving loan; \$8000 of the macadam

loan and \$6000 of the sewer loan.

Mayor Thompson asked Commissioner Murphy if he couldn't charge up some men to the \$5000 left of the paving loan, and the latter replied that he could not as the men could not do that sort of work.

The discussion petered out at this point and the city auditor presented an order authorizing the transfer of \$2000 from the claims department to the item of general expense. It was tagged with an emergency clause.

The mayor explained the reason for the order as being the extensive entertainment of service men and other incidental expenditures.

The order passed unanimously.

Asked Paving Loan

Commissioner Murphy introduced the order to borrow \$20,000 for permanent paving, which was held over from the meeting on Tuesday. He said some of the money would be used to finish up the paving at Pawtucket bridge and

**LOOK****A Tire for \$1****A Tube for \$1**

Last Two Days We Will Sell Guaranteed Tires for \$1.00 Each and Guaranteed Tubes for \$1.00 Each

Here is without question the most extraordinary tire and tube offer ever made in this or any other section of the country. To every customer purchasing one tire and one tube at the regular list price during this sale we will give an extra tire for \$1.00 and an extra tube for \$1.00. In other words, you practically get two tires for the price of one and two tubes for the price of one.

BUT—you must buy one tire and one tube because this is a "Combination tire and tube offer."

This Sensational Offer Includes

Guaranteed Tires Only

KEYSTONE**BATAVIA****SPEEDWAY (ALL FIRSTS)****FIRESTONE****MAGRAW****FISK****AND MANY OTHERS (SECONDS)**

We believe this offer to be unprecedented and we are making it only because we want to begin the month of October with record sales.

REMEMBER! Friday and Saturday Only

Come by all means. There will be crowds, but it will pay you well, for you save almost the entire price of a tire and tube.

FOR EXAMPLE:

The regular retail price for a Keystone Tire, size 30x3, is \$17.68 and the regular retail price for a Victor tube, size 30x3, is \$3.48. If you buy one of each at these prices, we give you an additional tire for \$1.00 and an additional tube for \$1.00. The same applies to other makes and all sizes of any tire or tube we carry in stock.

No purchaser can buy more than two tires and two tubes under this combination offer

IN A SALE LIKE THIS IT IS BEST TO COME EARLY AND GET THE FIRST CHOICE

TIRE PRICES ARE GOING UP

It is reported that an increase of probably 15 per cent. will become effective in the very near future and therefore it is decidedly to your advantage to buy NOW. Buy liberally for future use.

CONGRUITY THE TEACHERS

Possibly it was mere foolishness on the part of the teachers to expect that the school board would take any further action on their petition for an increase of salary after having refused their petition for a public hearing. The matter was not mentioned at the meeting held on Wednesday night.

That refusal showed an unfair spirit on the part of the board, but still worse was the statement of Chairman Walsh that the teachers had voluntarily waived all claim to an increase this year, on condition that the number of years set for reaching the maximum salary should be changed from ten to seven.

In a letter from the salary committee of the Teachers' organization, this claim that any such waiver or agreement was made by anybody representing the teachers as a body or by anybody individually so far as they know, was emphatically denied. The teachers are very modest and polite in the terms used in branding the statement of Chairman Walsh as without foundation. They call it a "misunderstanding," but they say that had there been such an understanding as Mr. Walsh alleges, "the school board was not quite consistent in granting a hearing on the question of increased salaries in June last."

The salary committee represents the sentiment of the whole body of teachers when it says that it is unwilling to rest under the implication that it was a party to an understanding with the school board not again to seek a salary increase within the year.

Moreover, the teachers' salary committee contends that had there been such an agreement as alleged, "the unusual increases in all living expenses during the present year would have justified the teachers in asking the school board to consider a petition for salary increases." Thus the board has not only refused to grant the petition of the teachers for a public hearing but its chairman has given out a statement in which he endeavors to cast the blame on the teachers themselves by citing an alleged agreement, the existence of which they utterly deny.

Here then is a question of veracity between the teachers and the chairman of the school board, and as between both, the public will believe the teachers.

Chairman Walsh treats the question of an increase for the teachers this year as closed.

They have received the non possumus of the school board although no such answer has been given to any other class of municipal employees. They are told in effect that their claims will have no further consideration from the school board for the present year. People may talk against teachers joining labor unions, but is not this treatment calculated to drive the teachers to follow the example of those of other cities that have sought the aid of labor organizations in securing justice? There is another feature to this question which is not known to the public. It is alleged that any teacher who takes a prominent part in agitating for an increase of salary will be marked for discrimination when the shift comes in opening the junior high schools. When any class of city employees is thus held in subjection through fear, it is not at all strange that they have recourse to some organization with sufficient pull to aid them in getting fair play. We do not advise the teachers to join a labor union but we are free to say that if their claims were put forward by a branch of the American Federation of Labor, the school board would not refuse to grant them a public hearing.

While teachers elsewhere are receiving substantial increases which give them much higher salaries than are paid for like service in Lowell, we believe that the best policy for the Lowell school board is to grant the teachers a reasonable increase without undue delay, the necessary assumption being that the cart refusal of their salary even in state officers during petition by the school board is a shortsighted, unjust and indefensible expense authority a demand upon the ground alike of truth and of sound public policy.

The teachers should now present their case to the municipal council.

you can use it as you now use an automobile? You often wonder.

The answer is, yes, according to W. J. Beach, New York inventor of a vertically-rising airplane. Has the flying flivver finally been invented? Amazing as have been the spectacular stunts of flying men, it has been apparent that the airplane cannot come into common use as long as six acres are needed for the gliding along the ground incident to starting or alighting.

The Beach airplane does not require such space. By a system of propellers at the bottom of the machine, it rises directly into the air or lands by dropping like a cork into a bottle.

Beach's demonstration model works. Whether or not his finished product is a success, it emphasizes that the conquest of the air is going on faster than most of us realize.

Here is a Curtiss flier, Roland Rolfe. He makes a new altitude record of 34,610 feet above sea level. Ask grandpa what he would have thought, as a boy, of a man flying more than six miles overhead.

In London the Great Northern Aerial Syndicate is organized. It announces that it will begin next May the world's first international aerial passenger service. It will take you to New York, Liverpool, San Francisco, Buenos Aires, Cape Town, Peking.

One hundred and fifty passengers will be carried on one airship. Here is a flying Pullman. Will it be a reality before the flying flivver?

Roy U. Conger, a New York business man, daily makes the trip back and forth between home and office in his private airplane. He is the world's first "air commuter."

It is only 10 years since the United States government became the proud possessor of the world's first military airplane.

Now we celebrate the first anniversary of air mail service. It has carried 7,720,840 letters in one year. The cost of the service was \$137,909.06—less than two cents a letter.

How about the upkeep? In flying one death occurs for every 240,000 miles of travel, so the owner of a flying flivver will live long enough to be interested in costs.

Good airplanes can be purchased as low as \$2500. An air chauffeur can be hired for \$50 a week; his mechanic for \$35. In flying you get about 12 miles out of a gallon of gasoline. Practically no tire expense in flying. Costs are favorable to the popularizing of aerial flights.—N. E. A.

AS TO STATE RIGHTS

Once the war shall have been declared over, there will come a reassertion of state rights where during the war for the best of reasons, the federal government assumed control.

During the past few years, the intervention of federal authority in all the activities of life became so all-pervading that the people will wonder at the change, once the national government shall have withdrawn its directive authority where the states had previously exercised undivided control.

At the present time several states find it necessary to call in federal troops in order to suppress violence or prevent outbreaks of a serious character. That is an extraordinary proceeding, but it is necessary where the states fail to protect life and property or where they allow any interference with the transmission of the mails.

During the war, the national government managed the railroads, controlled the distribution of the food supply, regulated exports and imports, fixed prices and supervised the ordinary activities of life, in the near future this close supervision of state affairs by federal authority will cease and the states will once more assume the role of independent states.

At a recent convention of editors a delegate told about the first editor to be killed. "Right or wrong, he was always right. I recall on one occasion where the editor announced the death of William B. Jones, who, it turned out, was not dead. Accordingly, the next day the paper printed the following notice: 'Yesterday we were the first newspaper to announce the death of William B. Jones. Today we are the first to deny the report. The Morning Star is always in the lead.'—London Opinion.

Why They Grow
Mr. Ralston Brown, K. C., of the parliamentary bar, tells this one in his "Forty Years at the Bar." "There was a legend in existence at one time that whenever a life was told a cock crow. The derivation of the tradition is obvious. Upon one occasion this legend was being mentioned, and some one

information that proves quite conclusively that the L. W. W. leaders driven from other hands, have laid plans to stir up the negroes of the south to a state of mind in which they will engage in race riots under the belief that they are being persecuted.

The evidence of this plot is said to be unmistakable. It is another example of the persistent efforts of this organization to precipitate open revolt, revolution and anarchy. Congress is now in session and is cognizant that these things are going on. It is necessary without further delay to make the laws against such offenses more severe so that when the L. W. W. leaders are found to be spreading their revolutionary propaganda, they shall be either imprisoned or deported without any undue delay. There has been altogether too much leniency for the leaders of this band of marauders whose policy is to overturn organized government and bring about a reign of terror such as now afflicts Russia. The unsuspecting negroes naturally become an easy prey to this form of propaganda with the result that they get into trouble and are blamed for the entire disturbance, whereas, they are merely tools in the hands of the conspirators in the background.

The people of Weirton, West Virginia, have driven out a band of L. W. W. leaders found plotting treason and rebellion. They made them kiss the flag before passing out, but that will not make them loyal citizens nor punish them for what they have been doing. The supposed leaders against whom the evidence lies, will be tried and punished according to law. Many citizens would prefer to set them out in front of a firing squad to be riddled with bullets, but that would savor too much of the lawless methods favored by the L. W. W. organization.

Now that the secret of most of the race riots is out, it is the duty of the government to deal most rigorously with the plotters who have been inciting trouble by sowing the seeds of prejudice and hatred between the negroes and the whites. The L. W. W. must be stamped out.

So far as can be judged the managers of the South End Welcome Home celebration are determined to outdo anything yet attempted by any other part of the city. Already the decorations along the route of parade are quite elaborate and the people in general seem to be thoroughly interested in the success of the celebration as a whole and of each and every feature. The committee certainly has planned a great carnival of entertainment. Chairman Cosgrove and Commissioner Donnelly are the leading spirits of the movement.

The high honors being paid our Belgian guests, the heroic Cardinal Mercier and the beloved King Albert and the queen are well deserved. They were royally honored in Boston and not the least notable episode of their visit occurred at the state dinner in the Touraine when Bishop Hughes of the Methodist Episcopal church in the course of his speech said that Cardinal Mercier was "God's son in the war." For men who suffered so much during the terrible struggle, expressions like this from members of different religions belie and so far from their own land must indeed be a great source of delight.

SEEN AND HEARD

The shortage of booze doesn't seem to have any effect on the color of the old toper's nose.

Highland cars via Button street, but not a word about the Fletcher street car. Close, but not forgotten.

Here's hoping that Henry Ford makes good that threat of his to establish steamers to Ireland. Henry's prices are usually very reasonable and he might cut the fare so that we could all afford to take a trip across and set foot on the old soil. Henry is probably seeking a new field for his diversions and if enough of them get over there it will be the last time on the Emerald Isle the whole day long.

ALWAYS FIRST

At a recent convention of editors a delegate told about the first editor to be killed. "Right or wrong, he was always right. I recall on one occasion where the editor announced the death of William B. Jones, who, it turned out, was not dead. Accordingly, the next day the paper printed the following notice: 'Yesterday we were the first newspaper to announce the death of William B. Jones. Today we are the first to deny the report. The Morning Star is always in the lead.'—London Opinion.

Why They Grow

Mr. Ralston Brown, K. C., of the parliamentary bar, tells this one in his "Forty Years at the Bar." "There was a legend in existence at one time that whenever a life was told a cock crow. The derivation of the tradition is obvious. Upon one occasion this legend was being mentioned, and some one

said: 'If that is so, how do you account for the fact that cocks mostly crow about 3 or 4 o'clock in the morning?' 'That'—and the answer is ascribed to Mr. Chamberlain—is owing to the fact that at that hour the morning papers are being published.'—Scottish American.

Dodging Shop

They struck up a conversation in the hotel lobby and finally one man suggested a trip to the movies. The other politely declined.

"Don't you want to see Viola Vanpire?"

"Nope."

"Nor Yorick Haman in his latest comedy?"

"Nope."

"What's the matter, my friend? Aren't you interested in the various stars?"

"Not this evening. I'm an astronomer taking a night off."—Kansas City Journal.

Best Praise for Film Star

When Katherine MacDonald, the film star, had completed her first picture she invited the studio janitor to witness the review, and afterward asked him what he thought of the story.

"Gosh," he ejaculated, "I was so interested watching you that I forgot all about the plot."

"This heartfelt praise reminded her manager, Sam Rork, of a story.

Junior had not been in the best of health, and when he seemed well on the way to recovery, his mother took extra precaution to guard him against possibilities of an influenza attack.

One evening the anxious mother was startled, when she entered Junior's room, to find the little chap in bed, sniffling, with eyes red and watery.

"Goodness gracious!" she cried, "do you feel sick, dearie?"

"No, mamma," Junior replied.

"But you seem to have caught a dreadful cold."

"I haven't any cold."

"But your nose, and your eyes?"

"From under the covers Junior produced a book.

"It is 'Uncle Tom's Cabin,' mamma," he said, "and I have just been reading about poor little Eva."—Los Angeles Times.

Wills

(Copyright, 1919, N.E.A.)

Speaking of wills and legacies,

Of acute chills,

Do you ever lie awake at night

Facing the light

Of trying to condense your wills

Inside your wages?

See where they go!

A never-ending row

Of shoe bills,

Old bills, new bills,

And overdue bills,

Of ice bills,

Legal advice bills,

And higher price bills,

Of beef bills,

Of heat bills,

Of car bills,

And other cheat bills,

Of light bills,

Of gas bills,

And do-you-right bills,

Of war bills,

But no—no bar bills,

Of wear bills,

Repair bills,

And heated air bills,

Of fire bills,

Of tax bills,

quack's bills,

And breaking-back bills,

Of show bills,

sew bills,

And head-to-toe bills,

Of tooth bills,

And funeral-wreath bills,

Of bill bills,

And just plain bill bills.

Now, every psychologist,

bi-oguy,

olagist,

Other high

collegist,

Will tell you strong

It's all wrong

To fret yourself along

In such a way.

You do! You do!

Now, ain't it true?

Me, too!

—EDMUND VANCE COOKE.

MAN ABOUT TOWN

One of the particularly inspiring events just prior to each recurring Columbus Day is the communion of Bishop Delaney assembly, fourth degree. Knights of Columbus which takes place next Sunday at St. Michael's church at 8 o'clock mass. I am told that extraordinary plans are being made for the biggest attendance in years. Last year the communion was abandoned in view of the then raging influenza. I am told that every Sir Knight is planning to be in line on Sunday and a musical program of great excellence is now being arranged for the mass. At the breakfast which is to follow the mass Sir Knight William E. Wood and Sir Knight Peter A. Cline will speak on their experiences overseas. The former was in the thick of the fray at the Argonne and Sir Knight Cline served as K. C. secretary in and around the lines.

One of the most energetic members of the local Knights of Columbus that I know is Andrew Molloy, who was recently appointed head of the Fourth Degree assembly here. Mr. Molloy has been the leading spirit in many a praiseworthy undertaking in the annals of the local council, and previously served as its grand knight. He has shown himself vitally interested in every affair in which the council has had a share and has shouldered more than his share of the work and responsibility. His election as faithful navigator of Bishop Delaney assembly is an admirable tribute to his worth and his untiring zeal in the interests of the local council.

PUTNAM & SON CO.

166 CENTRAL STREET

saying he was going to remain but a minute, and that minute proved the longest I ever heard of. We talked baseball a while, then we shifted to the weather. Later we discussed the possibilities of fishing through the ice and then we talked about women's gowns. All the while I was watching the clock hands turn around. We shifted over to music and then we had quite an argument on the high cost of living. We also talked about the humane society and the part taken by Agent Gilmore in his endeavor to exterminate cats and finally we discussed the League of Nations, and still my neighbor was to remain but a minute. We talked about the possibilities of the ban being lifted, of the return of the five-cent fare, the excellent work performed by the vice squad during the war, the coming South End welcome home celebration, the financial condition of the city and the maulers strike which has been going on since last May. We also spoke about the work of the Lowell men who are doing police duty in Boston and commented on the quick and great work already accomplished by the auditorium commission. Finally, glancing at the clock I saw the hands registered 11:30. I wound my watch, set the clock ahead 15 minutes. I yawned and gave up smoking, but nothing had any effect on my visitor. Finally I requested my wife to retire, and then my visitor "waked" up and bade us goodnight. What a blessing to have such neighborly neighbors.

More and more is Lowell's traffic problem becoming a town of general and serious discussion. That it must undergo a thorough renovation and change within the next few years seems certain, as does the fact that new streets must be opened up for the accommodation of business. Business men and others who have informally interested themselves in the problem which faces the city have taken into consideration the peculiar arrangement of streets in Lowell's downtown section and realize that whatever transpires in the future in attempts to obviate traffic jams and congestion at certain crossings and intersections must be pushed through despite this barrier.

There is one alleviating step which might be taken and that is to make Prescott street a one-way thoroughfare. However, every time this measure has been mentioned it has been met with storms of protest from retailers doing business there, although persons who have advanced this idea have never been able to see how business could be seriously affected by the one-way rule. "We must open up new streets for retail trade in the near future," say

the men who have interested themselves in the problem and Paige street has been one of the streets generally mentioned. Several persons very recently have remarked as to the new area which would be opened up were Central street extended to cross Merrimack and continued toward the mills as far as French or even Canal street. It is understood that Mayor Thompson enthusiastically favors one or two mounted policemen for the downtown streets and it would not be surprising to see provisions made for such additions to the force next year. The marking of street crossings for pedestrians by white paint lines has been spoken of during the past few days. Many cities have done this, feeling that some markings must take the place of the new defunct flagstone crossing.

We're helping to feed Germany here in Lowell—at least, on a small scale. Since the removal of restrictions last July when parcel post packages were accepted at the postoffice on the same basis as preceding the restrictions of April, 1917, several packages have gone through the local postoffice each week. I am told, sent by Lowell folks to their relatives in Germany. Lard and bacon almost exclusively are what the Lowell people are sending to the old country, although rice and chocolate are sent in some instances. People sending these packages do so at their own risk, but this does not seem

to deter them as the parcel post line are now operated without restriction. The fatal accident on Bridge street at Merrimack square the other day is said to have been due in a measure to the cross-over track at that point. Dracut and other cars come to the end of Paige street on the right hand track and then switch to the left in a manner that often brings great danger of collision. The same condition is in front of the Y.M.C.A. building. Merrimack street where the Broadway and depot cars switch to the left to go on the Dutton street tracks. The cross-over tracks in the busy street are very dangerous and unless the most care is exercised by the conductors, accidents will result.

Cured His Rupture

I was badly ruptured while lifting a trunk several years ago. Doctors said my only hope of cure was an operation. Trusses did me no good. Finally I got hold of something that cured me and completely cured me. I have passed and the rupture has not returned, although I am doing hard work as a carpenter. There was no operation, no loss of time, no trouble. I have nothing to sell, but will give information about how you may get a complete cure without operation. You write to me, Eugene M. Polk, carpenter, 125F Marcellus avenue, Merrimack, N. H. Better cut out this notice and show it to any other person who is ruptured—you may save a life at least stop the misery of rupture and the worry and danger of an operation.—Adv.

SEES CHINA AS GREAT
MARKET FOR U. S.

BOSTON, Oct. 8.—That China is a great future market for American merchandise, that Japan is not unfriendly to the United States, and that the reported Korean atrocities had no foundation in fact, were among the statements made by Clarence E. Bosworth ex-United States trade commissioner to the far east, in an interesting address at a Boston Shoe Trade club luncheon yesterday.

Pres. Everitt B. Terhune presided. Mr. Bosworth said that during his recent visits he found that even the Fijians and the native Maoris of New Zealand are beginning to develop an interest in American footwear. The Maoris, 60,000 of whom volunteered during the war and rendered valuable service at the French front, are particularly fond of Yankee shoes.

Australia, whose tanneries made some very poor leather during the war, but are today producing very good side leather and fair quality kid leather in large quantities, and commencing to make patent leather, is not likely to develop in the near future as a market for American shoes, partly because it has such a large supply of materials and an increasing quantity of skilled labor in its shoe factories, and in part because of the general movement now in progress for a self-contained British empire.

Some Australian merchants even announced that they do not wish to have any American goods in their stores. This idea is likely to react on the Australians, the speaker said. It is traceable to the tremendous accumulation of wool and wheat in that country during the war.

Mr. Bosworth stated that the so-called Japanese atrocities in Korea hinged wholly on the missionary situation in that country. The trouble started, he said, at the time the Japanese government compelled the numerous mission schools in Korea to

LADY
DROGHEDA

FAIR AND TITLED LONDON STRIKEBREAKER

LONDON.—On the job at four in the morning driving a motor transport isn't just what one expects of a titled woman. But Drogheda, one of Britain's beauties, has been doing just that for the food administration. She's one of the many volunteer workers helping to relieve the congestion caused by the British rail strike.

Ukrainians and Russians in Fierce Battle

PARIS, Wednesday, Oct. 8.—Ukrainian troops have been surprised and attacked by a Russian volunteer army and violent fighting is in progress, according to the Ukrainian press bureau at Basle. It is believed that this encounter is the first to follow the reported declaration of war on General Denikin, anti-Bolshevik commander in South Russia, by General Simon Petliura, the Ukrainian military leader. A coalition ministry has been formed in Ukraine, with M. Mascepi as premier.

Court Martial von der Goltz's Officer

BERLIN, Oct. 9.—Gustav Noske, minister of defense, told the German national assembly yesterday that Major Bisehof, an officer under the command of General von der Goltz in the Baltic provinces, would be court martialed for urging his troops to remain there notwithstanding directions from Berlin that they return to Germany.

adopt the same curriculum as the Japanese schools in that country, including the prohibition of religious instruction. This was done by the Japanese in pursuance of their policy of introducing their own educational system into Korea, and was not with the intention of controlling the religion of the Koreans. The restrictions apply only to school hours. The speaker continued:

"This was the inception of the so-called revolution stimulated by an active printing press propaganda on the

Gray Hair Tells
Tales—Tint it!

TRIAL PACKAGE SENT FREE! Gray hair is a fact-of-life. Don't endure it until you are really old. If take the trouble to look young, then to look and feel young is to be young. It is just as easy to keep your hair young and beautiful as to retain your youthful interest in life and people. Tint the gray, faded, streaked strands with "Brownatone," as thousands of women have done.

"Brownatone is My Best Friend." This wonderful preparation does not rub, wash, or dry. If you want a delightful surprise, just brush or comb a little "Brownatone" through your gray, streaked, or bleached hair and see it change to rich brown, or black, or deep rich brown, or black—any shade desired—the exact color to set off your complexion.

Absolutely Harmless "Brownatone" is odorless, greaseless, and perfectly non-toxic. Guaranteed to contain no lead, sulphur, silver, mercury, zinc, aniline, or coal tar products. Used for switches as well as growing hair. Two colors, "Light to Medium Brown" and "Dark Brown to Black." Two sizes, 35c and \$1.15, at all leading druggists.

Special Free Trial Offer. Send only 11c with this coupon for Free trial package and helpful booklet on the care of the hair.

Mail This Coupon Now The Kenton Pharmacy Co., 482 Capin Blvd., Covington, Ky. Enclosed find 11c cents to cover postage, packing and war tax for Trial Package of Brownatone. Light to Medium Brown or Dark Brown to Black. Mark with shade wanted and mail with your full name and address.

four years, and that the missionaries have been swept into this current of hate.

In the opinion of the speaker the Japanese are not ambitious to control China, nor are they endeavoring to shut the American people out of the Chinese market.

"We will soon have to decide in this country," he said, "whether it is better for us to establish our own intricate system of marketing in China or to keep on doing it as at present in the simpler way through Japan. What we Americans should do is to regard China as a clearing house for our merchandise and look to China as a market for it."

Mr. Bosworth stated that there is now being erected in Shanghai, with Chinese and American capital, a modern shoe factory, equipped with American machinery, with a capacity of 20,000 pairs a day.

SERVICE MEN AND
STATE GRATUITY

An explanation of the reason why a large number of Lowell service men have not received their state gratuity of \$100 was made this morning by Rep. Thomas J. Corbett. According to Mr. Corbett, at the time the legislators were given bonus application blanks to distribute to their friends they were told that men who had already received their 1917 bonus money of \$10 a month from the state need not again send their discharge papers with the application to secure the \$100 bonus, as a record of their service already was on file.

Now, says Rep. Corbett, the treasurer is holding up the bonus money of these men until discharge papers are sent. How many local boys are affected by this misunderstanding is not known, but it is believed there are quite a few.

No such exception was made by Mayor Perry D. Thompson when he distributed the blanks from his office at city hall and every applicant who called there was told particularly that discharge papers must accompany the blanks.

The 1917 bonus money, spoken of above, was paid to every service man in the state on application, with the exception of commissioned men who were not included in the order. The bonus consisted of \$10 a month for every month served during 1917.

URGES HALF-FARE
FOR CHURCHGOERS

BOSTON, Oct. 9.—The permanent appointment by the Elevated trustees of Edward Dana to be general manager instead of acting manager, a statement by Mr. Dana as to what is being done to improve the South Boston service, and an announcement that a movement is on foot to petition the trustees for a 5-cent fare for churchgoers on Sundays are the chief items of news in regard to the Elevated.

General Manager Dana in his statement announces that careful attention is being given to the operation of the changes in the South Boston service, expresses the appreciation of the trustees "of the spirit of co-operation shown by South Boston patrons in adapting themselves to the new service" and states that in line with further improved service these changes will be made at the earliest possible date.

Before taking your train home from Boston, get The Sun at either newsstand in the North station.

N. H. GOVERNOR FREES
HAZEL MARSHALL

CONCORD, N. H., Oct. 9.—After an extended hearing favorable action was taken yesterday by the governor and council on a petition for the pardon of Hazel Marshall of Concord from the state industrial school. Unusual interest has been taken in the case because of charges that the 16-year-old girl was "railroaded" to the institution by J. Edwin Wright, ex-secretary of the New Hampshire Child Welfare association.

Col. Stephen S. Jewett of Laconia appeared as counsel for the petitioners, who included the three selectmen of the town of Meredith and a considerable number of the residents of the town, who took the position that the commitment of the girl was without justification and that she did not have a fair trial at the time her commitment was ordered.

WOMEN TEACHERS SEEK SAME PAY AS MEN

BOSTON, Oct. 9.—As a part of the campaign being waged by Boston school teachers for an increase in their salaries, a movement has been started by women high school teachers to secure for themselves equal salaries with the men teachers who are performing the same duties.

A group of high school women teachers stated last night that they feel that the positions, regardless of whether they are filled by men or women, should pay certain salaries, and that either a man or a woman who was capable of filling that position should receive that salary. They think that this should apply right up through all grades of teachers to the principals of

high schools.

At present, they stated, there are about an equal number of women and men teaching the same subjects in the high schools of Boston, yet there is a minimum difference of \$105 yearly and a difference of \$910 in the maximum pay of men and women teachers doing exactly the same work.

Inasmuch, they said, as the principle of equal pay for men and women who are doing the same work is being so widely recognized outside of Boston schools, they feel that it should be made to apply here. They point out, too, that more than 60 per cent. of the women teachers of Boston high schools have relatives dependent upon them for support, and also that it has got the women teachers, and especially the high school teachers, just as much to get the education necessary to occupy positions in the high schools as it did the men.

MINISTERS GET WAGE INCREASE

CHICAGO, Oct. 9.—More than 1000 Methodist ministers of the Rock River conference will not close their bibles and go on a strike. They had demanded increased wages, but appear satisfied with working conditions. They are well organized in a brotherhood.

The conference quickly granted the demands. Dr. Victor Thrall of the Chicago district led the victors. Hereafter no private in the ranks shall receive less than \$1500 a year. This is the minimum wage. Some ministers have been working for less than \$1000. It was pointed out that saving souls is the least profitable industry in the United States.

AMERICAN LEGION MEETING

An important meeting of the American Legion will be held at the state armory in Westford at this evening, the object of the meeting being to elect delegates to the state convention, which will be held at Worcester, Oct. 15 and 16. The nominations of delegates will be made from the floor between 8 and 9 o'clock and the voting will take place between 9 and 12. The legion has 965 members in this city and it is expected that this number will be increased to 1000 this evening in order to enable the local post to send 10 delegates to the convention.

146 Myrtle Street,
Manchester, N. H.

RED PILLS are for women only.

They are always sold in boxes of fifty pills, 50 cents a box, 6 boxes for \$2.50. See that the name of the "Franco American Chemical Company Limited" is on every box.

WORK OF THE SOCIAL SERVICE LEAGUE

Over two thousand Lowell families received help and assistance from the Social Service League during the past twelve months, according to a report made by Miss Harriet Coburn, clerk of the organization, at the annual meeting of the league held late yesterday. She also stated that 4636 inquiries were registered at the confidential exchange.

Plans for a money raising campaign, to help in defraying the expenses of the league for the ensuing year were thoroughly discussed, and it was decided to open the drive immediately. In this connection the report of the treasurer was read, showing the total receipts for the past year to be \$6663.55. The cash balance at the close of the fiscal year, August 31, was \$403.45.

Election of officers for the ensuing year resulted in the appointment of Harry G. Pollard, treasurer and Miss Harriet Coburn, clerk. The nine directors, elected to serve until 1922, are as follows: Rev. James W. Barrett, Mrs. Thomas B. Doe, Dr. G. Forrest Martin, John H. Murphy, Mrs. J. A. Olney, D. L. Page, Harry G. Pollard, Miss Emily F. Skilton, Mrs. Alvah Sturgeess.

The directors whose terms expire in 1920 are: Rev. Herbert E. Benton, Miss Harriet Coburn, Rev. Appleton Grannis, Rev. Alfred R. Huxsey, Otto Honkenmeyer, Miss Mary E. P. Lowrey, Robert F. Madden, A. T. Safford, Edward F. Slattery.

Directors whose terms expire in 1921: Donald M. Cameron, Hon. Frederic A. Fisher, Robert Friend, Mrs. John Gatsopoulos, Miss Winifred C. Haggerty, Charles H. Hobson, Mrs. J. A. Nesmith, Hon. John J. Rogers, George Stevens.

STATE ELECTION REGISTRATION

Ward 6 again led the voting districts of the city yesterday in the total number of new voters registered at the sessions of the board of registrars. By wards, the registrations follow: Ward 1, six; ward 2, four; ward 3, 13; ward 4, five; ward 5, one; ward 6, 25; ward 7, eight; ward 8, 10; ward 9, eight. Total, 83.

Following the session this afternoon the board will receive registrations tonight between 7 and 9 o'clock.

Puts new pleasure into washing

—“rested up” and comfortable all over
—face and hands refreshed
—skin glowing

—that's how you want to feel after you “wash up”. And to-day men of all professions and trades are getting this clean, stimulated feeling every time they wash, by using Lifebuoy Health Soap.

You're glad to roll up your sleeves and hear the water running when you wash with Lifebuoy. You know how “fine” your face and hands will feel in a few minutes.

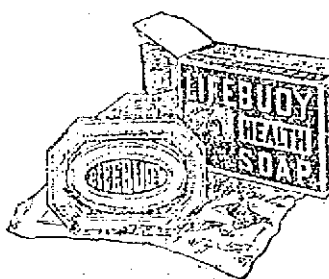

The big creamy lather of Lifebuoy Soap does more than cleanse rapidly. It carries down into the pores of your skin a mild, healthful antiseptic. It keeps your skin glowing with health. The clean, pure odor of Lifebuoy tells you instantly why it benefits your skin.

When you use Lifebuoy regularly you can see your skin growing clearer and fresher every day. Soon it will take on that healthy “out-door” look, so many Lifebuoy users have.

Start using Lifebuoy today for the face, hands and bath. Buy it at any grocery, drug or department store. Lever Brothers Company, Cambridge, Mass.

THE IRISH QUESTION

London Paper Says Home Rule Act Operative When Treaty is Signed

LONDON, Oct. 9.—The government's Irish policy is rapidly taking shape under the pressure of recently developed circumstances which surprised the cabinet, says the Daily Mail. The law officers of the crown, the Daily Mail states discovered, after careful examination of the “suspension act”—an act carried during the war to postpone the operation of the home rule act—that under its terms the home rule act becomes operative automatically on the day the peace treaty is signed by Turkey, the last belligerent to sign.

It has been generally assumed, the newspaper adds, that the suspension act would operate six months longer, when other measures, such as the defense of the realm act would terminate, but the ruling of the law officers upset this view.

The government, therefore, according to the newspaper, is under urgent necessity of formulating Irish proposals and the carrying of them as amendments to the home rule act unless the latter is to become operative as it stands on the books. The Daily Mail points out that for this purpose the government has only six weeks as it is expected that parliament will adjourn a fortnight hence, so there will be only one month of parliamentary time in which to carry what will be highly controversial proposals.

It has not been fixed definitely, but the ministers, the Mail says, have decided to offer nationalist Ireland what they describe as a very generous proposal indeed. It will undoubtedly take the form of a white measure of home rule. The pledges given to Ulster are held as binding and the exclusion of all counties where Ulster men predominate is contemplated.

Clemenceau Not to Seek Re-election

PARIS, Oct. 9.—Premier Clemenceau has informed a delegation of former soldiers that he will not be a candidate for re-election either for the senate or for the chamber of deputies, according to his newspaper l'Homme Libre.

One Shot, Stones Hurlled in Chicago Riot

CHICAGO, Oct. 9.—One man was shot and perhaps fatally wounded by the police yesterday in breaking up a riot at the stockyards where members of rival labor unions clashed and numerous shots were fired, stones thrown and blows exchanged.

Italian Regulars May Occupy Fiume

ROME, Wednesday, Oct. 8.—Occupation of Fiume by Italian regular troops is suggested by the Italian council of ministers, pending a decision by the peace conference as to the disposition of the city, according to the Epoca. The newspaper says that this solution of the problem is conditional on Italy being given a mandate to supervise the administration of Fiume under the League of Nations.

Pile Sufferers! Clever Ohio Chemist Says This Great Prescription Taken Internally Has Never Failed

Even chronic cases of 20 to 30 years' standing, with profuse bleeding, have been completely cured in from three to ten days.

No discovery of recent years in the field of medicine has caused such a stir amongst the medical profession as the recent discovery that piles can be successfully treated and cured at home by a wonderful prescription known to druggists as Miro Pile Remedy.

It has been proved that so called external remedies applied or inserted into the rectum cannot cure piles and at the best can only give temporary relief. This is also true of surgical operations which simply remove them after formation, but in no wise act on the source of the trouble.

This prescription, although taken internally, is not digested in the stomach, but is rapidly passed on unchanged to the intestines in a short time, reaching the exact place where by its soothing, healing action, it first stops all inflammation and then by direct contact with all ulcers and piles, causes them to heal and disappear forever.

It's positively marvelous how speedily it acts. Bleeding rectal often comes on two or three days after a severe cold or flu, and a cure is often effected in a matter of days. The cure is not a temporary one, but a permanent one. For this reason, the cure is not a temporary one, but a permanent one. For this reason, the cure is not a temporary one, but a permanent one.

IMPORTANT—What is known as itching piles are not piles in the true sense of the word, although this condition may accompany a true case of piles. For this reason, the cure is not a temporary one, but a permanent one.

If your druggist cannot supply you, we will gladly send either of the above mentioned prescriptions, in receipt of price. Internal Treatment \$1.50, War Tax 6 Cents. External \$1.00, War Tax 6 Cents. Guaranteed Remedies Co., Elgin, Ohio.

LARCENY CASE RESUMED

Trial of Railway Conductors
Charged With Larceny Not
Yet Completed

The cases against the three Lowell street car conductors, J. J. Kelley, Camille Chicoline and J. E. Wallace, accused of stealing fares from the Eastern Massachusetts Street Railway Co. on various dates in September, were resumed before Judge Knight this morning, and took up the greater part of the day. Indications were that the trial would not be taken up again until next Tuesday, when the defense will present its case, the case of the prosecution, represented by Attorney Wier, having been practically completed at the close of today's sessions.

All five "operators" of the Railway Auditing and Inspecting Co. of Philadelphia, who were employed by the local street car company to investigate alleged cases of fare stealing by its employees, testified today in the complaints against J. J. Kelley. Some were able to give their testimony without reference to their notes.

The prosecution at this morning's session took up the case against John J. Kelley, charged with stealing various amounts from the local street railway on various dates in September, the evidence in the cases of the other two conductors, Camille Chicoline and J. E. Wallace having been completed by Attorney Wier at yesterday's sessions.

The first complaint charged Kelley with holding out fares on a trip from Merrimack square to Billerica at 12.35 p. m. on Sept. 7.

Operator Harcus took the stand and said that he had made this trip on Conductor Kelley's car. A lady boarded the car at the square and gave Conductor Kelley a quarter. The lady received 15 cents in change and no fare was deposited in the fare box by Kelley.

At the postoffice, three men got on the car. One man gave Wallace half a dollar, paying for three. Wallace re-

turned 20 cents in change, but only one dime was dropped in the fare box, he declared.

At Davis square two men boarded the car. One gave Wallace a quarter, paying for two. Five cents change was returned, and one dime was deposited in the box, he said.

At North Billerica postoffice a man boarded the car and gave Kelley 10 cents. No deposit was made, he testified. Another man gave the conductor a dollar bill, ninety cents was returned by Kelley and one nickel only placed in the box.

Operator Harcus gave the entire testimony of this trip without referring to his notes.

Cross-Examination
"How many trips does this testimony
Continued to Page 14"

LT. MAYNARD
FLIES 1123 MILES

MINNEOLA, N. Y., Oct. 5.—Lieut. B. W. Maynard, the "flying parson," led all other aviators today in distance covered in the army's transcontinental race. He flew from Chicago to Rock Island, Ill., this morning and thence to Des Moines, Ia., 1123 miles from his starting place. His total elapsed time between Minneola and Des Moines was 25 hours and 33 minutes, allowing for the difference in time. Capt. H. C. Brayton left Bryan, Ohio, in the rain bound west, although poor weather held up virtually all other west-bound fliers at the control stations in Rochester, Buffalo, Bryan and Cleveland. Weather conditions around Chicago had sufficiently improved at noon to allow the west bound fliers to resume.

East bound fliers encountered better weather and three pilots were enabled to leave Salt Lake City, Utah, early today for Green River, Wyo., 137 miles distant and 755 miles from the starting point at San Francisco. Thirty of the 48 machines leaving here had arrived at Buffalo before noon today. A number of others were held up at Binghamton and Rochester. Capt. John Marquette, who landed near

Continued to Last Page

GOODBY, BARON!

PHILADELPHIA, Oct. 5.—The Baroness Beecklin von Becklinson presently will become Miss Gertrude Berwind once more. She has forsaken her husband, who was a captain in the Prussian guards, and after she obtains a divorce will recover her American citizenship and lay claim to her fortune, which was seized by the custodian of alien property when the United States entered the war.

KITREDGE TO BUY

McCARTY PROPERTY

Negotiations are under way for the sale of the McCarty property at the corner of Palmer and Middle streets to Harry C. Kittredge, the well known Central street business man. It is expected that the final papers will be signed within a few days and then it is understood Mr. Kittredge will make necessary changes in the building to adapt it for immediate occupancy.

The property is centrally located and consists of a four-story brick building with a floor area of about 3000 square feet, while the land area is close to 3000 square feet. It is assessed for over \$29,000.

WHIST AND ENTERTAINMENT

About 200 men and women attended the whist and entertainment at St. Louis' hall last evening. The event was the second in a series to be given by the church societies and was under the auspices of the Third Order of Francis. The receipts of the evening will be turned over to the church fund. In the early part of the evening whist was played under the direction of J. A. Gervais and later while the points were being counted by the judges, Mrs. Theodore Harpatis and Mrs. Henri Chaput, vocal and instrumental numbers were given by Wilfrid Lajeunesse, Miss Blanche Larue, George Hebert, Mr. Lambert and E. Coutu. The committee in charge consisted of the following: Napoleon Dinelle, Mrs. Carlisle Lequin and Mrs. Theodore Harpatis. The scores were Mrs. Servile Renaud, Mrs. Theodore Fortin, Mrs. George Dion, Mrs. Alex Gervais, Mrs. Benjamin Lajeunesse and Mrs. Thos. Savard.

The United States loaned \$187,000,000 to the Kerensky government, which has been overthrown.

SHIP APPEALS FOR AID

HALIFAX, N. S., Oct. 5.—An appeal for aid was received today in a wireless message from the United States shipping board steamer Yaklok, intercepted by the radio station at Barrington, N. S. The message said that the Yaklok was totally disabled and drifting helplessly in latitude 41.57 north; longitude 66.21 west. The steamer Anacortes reported that she was about 70 miles from the disabled ship and proceeding to her relief.

The position of the Yaklok as given in the wireless message was 300 miles east of New York. The steamer, 4641 tons, sailed from Norfolk on Oct. 2 for Naples.

ORANGE-CRUSH

GAVE BAND CONCERT

In order to stimulate interest among young men of this city to join the Coast Artillery corps, the band of this organization gave a concert on the lawn in front of city hall in Worthen street yesterday noon. Several selections were played just as the mill people were on their way home for dinner and all were thoroughly enjoyed.

The German mark is now worth only 3.3 cents.

POLICE CHARGE "RED"
MOB ON FIFTH AVE. N. Y.

NEW YORK, Oct. 5.—Heads broken on Fifth avenue yesterday when mounted police charged a mob of several thousand radicals who attempted to parade up the avenue without a permit. Banners, which bore a number of incendiary slogans, were confiscated by the police and half filled a patrol wagon. A number of arrests were made. The police said the parade was organized by a Russian newspaper published here entitled Novi Mir.

Devices on the banners read: "Bloody hounds of Russia"; "Report us all to the Soviets"; "You want to give us democracy, but keep it to yourselves"; and "Open the jails!"

The riot started after the procession had gone only two or three blocks. Refusing the request of a policeman to see their permit for the parade the officer was forced to call for aid, and before the melee ended, the services of a score of mounted policemen and 50 reserves were required. The mounted officers charged into the crowd and 100 or more of the paraders were injured.

Four men and a young woman, all of

them aliens, were taken to police headquarters from the headquarters of the Russian Soviet bureau by detectives from the "bomb squad." Considerable radical literature was said to have been found on them, but they were not placed under arrest. The police detained them pending an opinion from the district attorney's office as to whether they could be held for distributing Bolshevik literature. A fifth man, who gave his name as Anthony Topoleski, was arrested by detectives later as one of the ringleaders.

LAWRENCE CITY COUNCIL GRANTS
MILL GRADE CROSSING
RIGHTS

LAWRENCE, Oct. 5.—The city council yesterday granted local mills the privilege of maintaining a grade crossing along the southern bank of the North canal, where the approach to the new Central bridge crosses it, provided the mills will stand all the expenses of bringing the tracks to a grade. This will cost in the vicinity of \$20,000, it is estimated. The mills agreed to this proposition and also agreed to waive all pending suits for damages caused by the inconvenience and interruptions by the building of the bridge and its approaches.

Cider apples wanted at Boyle Bros.

MOLDERS STILL ON STRIKE.
An important meeting of the members of the Molders' union was held last evening with President John R. Wellman in the chair. The strike committee reported that the strike in this city, which was started last May is still on. It also reported that another shop in Worcester whose employees were out on the same issue as that of Lowell had come to terms and it was expected two more would line up next week. Routine business was transacted.

Superfluous Hair
DeMiracle

DeMiracle, the original sanitary liquid, operates on an entirely different principle from any other method. It robs hair of its vitality by attacking it under the skin. Only genuine DeMiracle has a money-back guarantee in each package. At toilet counters in 50¢, \$1 and \$2 sizes, or by mail from us in plain wrapper on receipt of price.

FREE book with testimonials of highest authorities explains what causes hair on neck, back and arms, why it increases and how DeMiracle destroys it. Enclosed in plain sealed envelope. In request, DeMiracle, Park Ave. and 120th St., New York.

How a Can of Brer Rabbit Molasses
Lessens Cooking Worries

If you have no recipes for molasses cakes, cookies and other desserts, write us at once for the wonderful book mentioned here. It is free.

If you have your own recipes, improve them by using GOLD LABEL BRER RABBIT instead of ordinary molasses.

This is the finest, purest and most delicious real New Orleans Molasses—the kind folks had to send South for years ago.

Your grocer sells the GOLD LABEL for table use and high-grade baking—the Green Label especially for baking. It costs less.

CONDITIONS IN SIBERIA

A. E. F. Member Speaks of Russians—Annual "Open House" at Y. M. C. A.

An address on conditions in Siberia, where he spent several months with the American Expeditionary Force was given by Christopher Seife, a former physical director at the Lowell Y and now connected with the Worcester organization, at the annual "open house" held by the local organization last evening. The event this year was in the form of a general reception to the public, and a large number of members, prospective members, and friends of the organization witnessed a splendid program of athletic and entertainment numbers, including exhibitions of "gym" work, training stunts and a field ball game by the seniors; calisthenics and games by the juniors; and a splendid musical program given by Cushman's orchestra and the Mendelssohn male quartet.

The Russian is a peace-loving, visionary sort of person," Mr. Seife said, "who has been inspired upon by the Japanese for a long time. At first they acclaimed the coming of the American soldiers but when they found that the Americans had not

come to protect them from marauding bands of Manchurian Chinese and other lawless bandits they soon lost their regard for the boys from Yankee land. The "open house" or reception, whichever is the correct term—was in charge of T. R. Williams and his assistant, W. R. Gumb. The committee from the Ladies Auxiliary, which looked after refreshments, also had a large share in making the event the successful occasion that it was.

WILL TAKE OVER OLD BURYING GROUND

An old and practically abandoned burying ground between Varum avenue and the boulevard will be taken over by the public cemetery trustees and put in proper shape just as soon as a written release of all claims to it can be secured from the town officers of Dracut. This was voted at a meeting of the trustees held yesterday afternoon after hearing the report of Chairman Rigby relative to his fruitless efforts to have Dracut relinquish its rights in the Hildreth and Hamblett cemeteries.

While Dracut will not relinquish its rights to these two burying grounds, it does not lay claim to the one in Varum avenue, which has received no care since 1872. In as much as the town does not wish to take care of it, Chairman Rigby suggested that the trustees look after it. It is near the old Barker house in a section which was annexed to the city in 1872. There was buried there Rev. Thomas Parker, the first pastor of the Pawtucket church, who died in 1765. His body was later removed to what is now Woodbine cemetery. Col. Varum also was buried there and Mr. Rigby believes that undoubtedly many other old settlers are buried there.

The chairman reported that Supt. Thomas Duckworth has asked for an increase in salary. He now receives \$1500 a year. No action was taken. Suggestion was made that a general foreman be hired in addition to the superintendent, but the entire matter was held over to the November meeting.

HAVE COLOR IN CHEEKS

Be Better Looking—Take Olive Tablets

If your skin is yellow—complexion pallid—tongue coated—appetite poor—you have a bad taste in your mouth—a lazy, no-good feeling—you should take Olive Tablets.

Dr. Edwards' Olive Tablets—a substitute for cod liver oil—were prepared by Dr. Edwards after 17 years of study. Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil. You will know them by their olive color.

To have clear, pink skin, bright eyes, no pimples, a feeling of buoyancy like childhood days you must get at the cause. Dr. Edwards' Olive Tablets act on the liver and bowels like cod liver oil—yet have no dangerous after effects.

They start the bile and overcome constipation. Millions of boxes are sold annually at 10c and 25c. Take one or two nightly and note the pleasing results.

REFUSAL FROM MEXICO

Turns Down Request of "Executive Committee of League of Nations"

MEXICO CITY, Oct. 2.—(Correspondence of the Associated Press).—A request by the executive committee of the League of Nations that the Mexican government furnish it a complete collection of all the laws now in force, together with information concerning industrial development in the country has not been granted, according to Mexican City newspapers.

Two reasons are assigned for the refusal: First, Mexico not being invited to become a member of the league, does not feel she is called upon to extend any favors to that body; second, the league is not in force.

AUTOS AND MOTOR CYCLES IN MIXUP

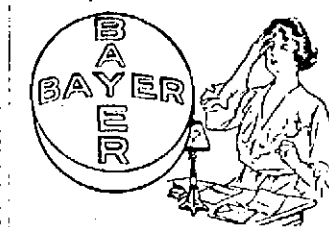

A young woman was slightly injured and two automobiles and a motorcycle were badly damaged in a mix-up which occurred in Merrimack street, near Worthen street, last evening. The injured is Lillian McDonald of 19 Lowell street, this city, who was slightly cut over the eye when thrown out of the motorcycle, her companion, Miss Agnes Descelles, who was in the sidecar with her escaped without injury.

One of the automobiles, a National touring car, is owned by Thomas Boulger of 74 Wentworth avenue and was being operated by Wilbur T. Boulger of the same address. The other auto, a Ford touring car, was being operated by Herbert D. Merrill of Manchester, N. H. The motorcycle, which is owned by N. J. Fontaine of 162 Manchester street, Manchester, N. H., was standing near the curbstone in Merrimack street near the corner of Worthen street.

As far as could be learned Merrill was proceeding up Merrimack street in his Ford closely followed by Boulger in his National. When the corner of Worthen street was reached Merrill swung to the left and Boulger's machine crashed into the Ford, tearing off its left rear wheel, while the right rear tire of the National was also taken off. The National then semicircular to the left and crashed into the motorcycle near the curb. The two young women who were in the

ASPIRIN FOR HEADACHE

Name "Bayer" is on Genuine Aspirin—say Bayer

er directions for Colds, Pain, Headache, Neuralgia, Lumbago, and Rheumatism. Name "Bayer" means genuine Aspirin prescribed by physicians for nineteen years. Handy tin boxes of 12 tablets cost few cents. Aspirin is trade mark of Bayer Manufacture of Monacette-Adelstein of Salzeitsee.

sidecar of the cycle were thrown out and the cycle was thrown across the sidewalk, the wheel on the sidecar being demolished and the oil tank crushed in.

EMBARGO ON FREIGHT FOR EUROPE NEAR

NEW YORK, Oct. 9.—An embargo on freight for transatlantic shipment loomed as a possibility today as the longshoremen's strike entered its third day, apparently spreading rapidly.

It was estimated that between 30,000 and 35,000 had quit work and that the number might grow to 60,000. One thousand freight checkers employed on the piers of the large steamship companies have also gone on strike.

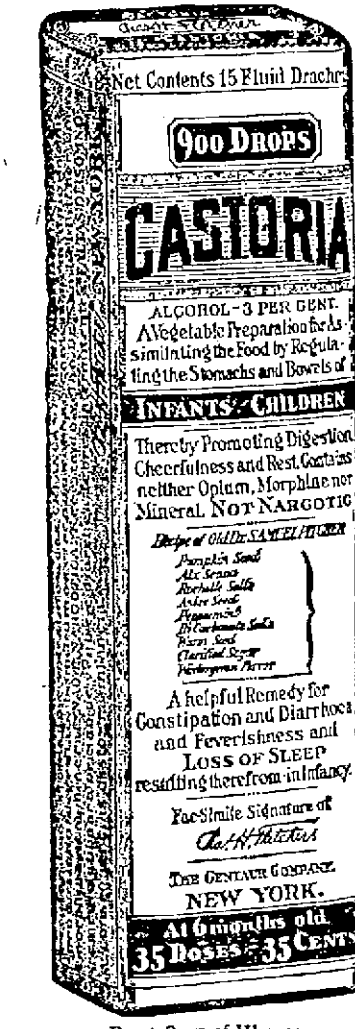

The strikers are demanding \$1 an hour and \$1.50 for overtime, having refused an award of the national adjustment commission of 70 cents an hour with \$1 for overtime.

"It is the news, the truth and all to print." This is the standard The Sun follows in printing city, state and national news.

Save the Babies.

INFANT MORTALITY is something frightful. We can hardly realize that of all the children born in civilized countries, twenty-two per cent., or nearly one-quarter, die before they reach one year; thirty-seven per cent., or more than one-third, before they are five, and one-half before they are fifteen!

We do not hesitate to say that a timely use of Castoria would save many of these precious lives. Neither do we hesitate to say that many of these infantile deaths are occasioned by the use of narcotic preparations. Drops, tinctures and soothing syrups sold for children's complaints contain more or less opium or morphine. They are, in considerable quantities, deadly poisons. In any quantity, they stupefy, retard circulation and lead to congestions, sickness, death. There can be no danger in the use of Castoria if it bears the signature of Chas. H. Fletcher as it contains no opiates or narcotics of any kind.

Children Cry For Fletcher's CASTORIA

Let's Think It Over.

There is such a thing as saying too much on any subject, and the "grand-stand" talker sooner or later becomes a bore. The truth is always welcomed, and the truth reiterated and confirmed is more than welcome—it reaches your innermost soul.

Fletcher's Castoria is all its advertising has claimed for it. Scrutinized by the microscope of public opinion and used for over thirty years it stands without a peer in the hearts of thoughtful, cautious, discerning Mothers. And once used, mother love—there is no substitute for mother love—will scorn to try a "substitute" or a "just-as-good".

Masquerading under many names drugs that are injurious to the tender babe have found their way into some households, but the light of experience soon casts them out. Are they cast out before it is too late? MOTHERS SHOULD READ THE BOOKLET THAT IS AROUND EVERY BOTTLE OF FLETCHER'S CASTORIA

GENUINE CASTORIA ALWAYS

Bears the Signature of

Chas. H. Fletcher.

THE CENTAUR COMPANY, NEW YORK CITY.

"It's the Bean"

A Secret Known Only to a Handful of Men

MANY of the most famous things of the world are made from formulas.

Steel is made from formulas. Gunpowder, automobile tires—even bread and those delicious cakes and pies for which New England is justly celebrated.

And the most talked about, most carefully guarded La Touraine formula is the reason for the complete coffee satisfaction that comes to you in every pound bag of La Touraine Coffee.

It is the hidden secret of La Touraine fragrance; its body, its changeless quality, its real coffee-goodness.

Behind this La Touraine formula is the selection of coffee beans from plantations that produce the choicest crops of the coffee world.

These coffee beans are carefully roasted and scientifically blended into La Touraine Coffee-goodness, so that every cup of La Touraine you drink is coffee at perfection.

La Touraine Tea is just as attractive to all lovers of quality. Ask your grocer

OUTDOOR ADVERTISING HEARING THURSDAY

(Special to The Sun.)

STATE HOUSE, Boston, October 9.—Outdoor advertising, especially by the bill board and sign method, is to be the subject of a public hearing at the state house next Thursday morning.

The last legislature, heeding the many protests that have been made against bill boards, created a special commission to investigate the subject and to report to the next general court. This commission consists of Attorney General Henry A. Wyman, Chairman, William D. Sohler of the Massachusetts highway commission, and Chief John H. Plunkett of the Massachusetts district police.

Several other states have regulated the use of bill boards, the main arguments against which may be summarized as follows:

They increase the fire risk, since they are usually constructed in whole or in part of wooden material. This danger is increased by the accumulation of paper and rubbish often found behind them.

Being often of flimsy construction, they are liable to be blown down by a heavy gale, endangering life and property. This is especially true of roof signs.

The space in the rear of a bill board serves as a dumping ground for the filth and rubbish of a neighborhood, and accordingly may serve as a breeding place for flies and mosquitoes.

They serve as a shelter for immoral practices and often accentuate the "corner nuisance," thus lowering the moral tone of a neighborhood.

Posters on bill boards, though much improved in design over those of former days, must still be large and startling in order to attract attention. They are for the most part brightly colored and are never designed to harmonize with adjoining boards, which results in an unpleasant contrast of colors and paints. They are generally constructed in open places where they

cut off a desirable vista from public observation.

The unsightliness of bill boards almost invariably results in an impairment of the value of neighboring property, this being especially true in residential districts. Bill board encroachment into a locality of homes is always an offence to the surrounding community.

HOYT.

AMUSEMENT NOTES.

Below is what the press agents of the different theatres say of the current attractions and of others to come:

D. F. KEITH'S THEATRE

"Shoes" a fantastic little play, is the leader on the bill at the D. F. Keith theatre, this week, with Bayonne Whipple and Walter Huston playing the leading parts in it. It is splendidly done and will meet with very general approval. Tall Charlie Simon, who wears kilts part of the time, is precious for laughing purposes, and J. Keith Brennan and Bert King sing their own songs in an inimitable way. "The Four Mayas" sing and dance and contort, and prove wonderfully attractive, while the Dunn Sisters are makers of melody and fun. Johnny Baker & Johnson wind up the show by throwing hats about, and Countess Verona opens with a performance on the zimbabomb.

OPERA HOUSE

John Mehan, leading man with the Lowell Players at the Opera House, who is making such a pronounced hit in this week's presentation of the big American drama, "The Great Divide," is branching out as a successful author as well as actor. You may not know it, but Mr. Mehan has written several plays, some of which have been accepted by New York concerns. Within the past few seasons he interested David Belasco in one of his efforts to the extent that the New York producer bought it on option and is now holding it for the opportune time to present it to Broadway. He has another under way at the present time which may be presented for the first time by the Lowell company. Mr. Mehan's talent in emotional and dramatic effort was never better demonstrated than in this week's production. See it. Miss Marguerite Fields is also sharing in the honors of the week. Both carry the play through in a most successful and satisfying manner. Next week the big Belasco success, "Tolly With a Past" will be given. Order your tickets early. Better still have your names placed on the subscription list.

THE STRAND

An entirely new photoplay program is to be given at The Strand today, in conjunction with the "Fur Revue." The latter, which is in charge of Miss Rose G. Caisse, will have a brand new showing of fur creations, including the latest fashions, and other models in the most recent and popular furs and New York styles. You can't afford to miss seeing this big triple bill, and the prices remain the same.

Theda Bara, screen vampire, appearing in the latest Theda Bara super-production, "La Belle Russe," will be one of the big film features. It is said to be the greatest of this star's film creations. In it she does a very weird, weird thing. She says out herself and stands face to face with her other self. The great star plays a dual role in this thrilling picture of feminine intrigue—a film version of the great Belasco play. She is seen as a graceful ballerina, who braves dire poverty for her husband's sake. She also plays the part of the ballerina's twin sister—a magnificent and utterly reckless woman. In one startling scene the poor ballerina and her selfish sister confront each other. Besides presenting a most beautiful piece of acting, it also reflects advanced and popular ideas and artistic nature. "La Belle Russe" contrasts a story of mother-love and self-

sacrifice with the story of a woman's heartless ambition.

"Heartsease," the new Goldwyn offering, featuring Tom Moore, is an uncommonly appealing play (inasmuch as it is a romantic love drama, as far removed from the ordinary run of photoplay dramas as the character of the hero is different from Tom Moore's usual delineations). A new comedy and weekly will also be shown.

Don't forget next week is Anniversary Week, and one of the big features will be Douglas Fairbanks in "His Majesty the American," his newest million dollar screen creation.

WILL CLOSE AT NOON ON COLUMBUS DAY

All grocery stores and markets will close at noon on Columbus day, according to a vote taken at the regular meeting of the Grocers and Butchers Association held last evening in its rooms in Elks' building. Among the speakers were Daniel Cosgrove, Alanson Gray, E. S. Fitzpatrick and J. J. Altard. A buffet lunch was served.

SERVICE STAR LEAGUE

National War Mothers Change Name

BALTIMORE, Oct. 9.—The national war mothers, in convention here have voted to change the name of the organization to Service Star Legion.

Over 30,000 Moravian peasants gathered for the festival at Uniradiste, in the Carpathians, the first held in five years.

Child's health

It is a fact which many mothers have been obliged to admit, that their children, otherwise perfectly healthy, are suffering from worms, which cause distressing symptoms familiar to parents. If your child is thin, nervous, restless at night, looks for worms, and if present, get rid of them by the safe and proper remedy, L. F. F. Atwood's Medicine. The following testimonials were unsolicited:

"I have raised seven children to manhood and womanhood keeping them well by using the True 'L. F. F.' Atwood's Medicine. I find it a sure and excellent remedy for worms with which so many children are tormented."

Mrs. C. A. Truwell, Naples, Mo.

"My little girl used to have worms, and would be sick three or four days at a time. I got the use of the true L. F. F. Medicine and she has not had a spell since."

Mrs. Ida M. Nason, Clinton, Mo.

Get a bottle for 50 cents from your druggist or by mail from L. F. F. Atwood's Medicine Co., Portland, Me.

100% SATISFACTION

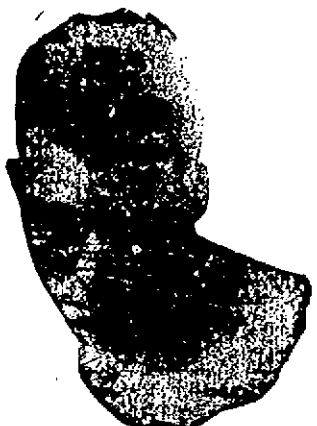

Sporting News and Newsy Sports

READY FOR FAST BOUT

Winner of Tonight's Battle

Promised Match With
Champion O'Dowd

Paul Reed of Boston and Paul Dixon of Brooklyn who will meet in the main bout of 12 rounds at the Crescent rink tonight, according to their managers are in perfect condition and ready for a hard battle. Reed's ability is well known here where he defeated George Rivat, the Canadian champion several months ago. He is considered one of the best middleweights in this section and possesses such class that few of the alleged top notches care for his game. Dixon, too, has the reputation of being a hard hitter and rugged battler. He has been promised to match with Champion Mike O'Dowd if successful here tonight. Consequently he is out to win. Reed, however, would like nothing better than a crack at the title holder and feels confident of winning tonight and getting the chance. There is much interest in tonight's semi-final between Young Leonard of Chelsea and Kid Thomas of Lawrence. The pair fought here a few weeks ago at the South End benefit performance and put up

PAUL DIXON

a great battle. Both have been in constant training ever since and they report that they are prepared for a fast mill. The preliminaries should furnish abundant action. Young Demas and Young Dimond, two local rivals, who have been hurling challenges at each other for months will clash in one of the main bouts. Dinky Welsh and Young Pameo will toe the scratch in the other. Matty Carney will "break them."

TEXTILE ELEVEN
PLAYS DEAN TODAY

The Lowell Textile school football team left for Franklin, Mass., this noon to play the Dean Academy and on in the second game on the local team's schedule. Since last Saturday's

game against Worcester Academy, the Lowell boys have come along very fast and Coach Hudson feels sure the eleven will atone for the unfortunate setback received in Worcester.

The probable lineup for today's game is: Left end, Captain Precourt; left tackle, Stevens; left guard, Gooseberry; center, Scott; right guard, Cockcroft; right tackle, Lombard; right end, Goulet; quarterback, Snyder; left halfback, Pierce; right halfback, Walker; fullback, Marcher. A cut of 24 men made the trip including Nef, who was injured in last week's game and who will act as linesman.

ALL SET FOR OPENING OF
POLO SEASON

The stage is all set for the opening of the 1919-20 season of the American Roller Polo league on next Saturday night. While no game will be played in Lowell on that night, other teams will make their start this week. The first home game in this city will be played next Tuesday night, with the Worcester club opposing the Blacking crew.

The league will open with but seven teams, owing to the inability of the officials to get the rink at Brockton, the other teams which will start Saturday besides Lowell are Lawrence, Worcester, New Bedford, Salem, Providence and Fall River.

But one new face will appear in the Lowell lineup in the person of Davies as first base. Capt. Watkins, Bob Griffiths, "Frenchie" Smith and Freddie, all members of last year's championship team will again wear Lowell uniforms.

The staff of umpires is considered a very good one, with Keaveney, Grattan, Burckett, Knowlton and Carroll, all well experienced men.

In the Worcester lineup on next Tuesday night will appear the famous "Jigger" Higgins, Lee Taylor, Pat Foley, world war veteran, "Red" Donnelly and "Thousand Legs" Mallory.

Lowell games will, as in former years, be played at the Crescent rink on Tuesday and Friday evenings.

There is much more interest in the pennant race this season than previously owing to the additional incentive of \$1000 in money prizes. The team winning the championship will be awarded \$500, the one finishing second \$300 and third \$200.

RICH CASTLETON PURSE
TO ROYAL MAC

LEXINGTON, Ky., Oct. 9.—The Castleton Trotters of the 2:02 class and the feature of the races yesterday, went to Royal Mac, after a gruelling contest, in which the favorite and Illinois, Kate, fought out to the finish with Murphy outdriving Dodge, the owner of the mare. The time of the race was slow, the weather being cold with a slight mist falling.

The first race, the first division of the 2:05 trot, was won by Tommy Direct, who took the first and second heats. The substance winning the third. The second division was a drawn-out affair, Harrod's Creek, the extreme outsider, winning the second and fourth heats in slow time, outlasting his field. Garones Edgewood won the 2:13 class for paces easily in slow time.

Before taking your train home from Boston, get The Sun at either newsstand in the North station.

BELMONT GOLFERS WIN
IN VESPER PLAY

J. W. Small and Miss A. A. Nilsson from the Belmont Country club swept the Vesper golf links yesterday in the open mixed foursome tournament, but because of the ruling which permitted only one prize to go to a pair, took back only the award for the best gross score. Mr. Small and Miss Nilsson shot an 82 which with their handicap of 7 gave them a net score of 75. Their gross of 82 was seven strokes better than the score of 89 made by R. A. Wood and Dr. Mary Dover of the home club, who were awarded first prize in the net.

The field was large and the day ideal for good golf. The scores follow:

Gross	Hdp.	Net
Miss A. A. Nilsson, J. W. Small, Belmont...	82	75
Dr. Mary Dover, R. A. Wood, Vesper...	90	78
Mrs. C. M. Forrest, C. M. Forrest, Vesper...	94	80

PRINCE ALBERT

Talk about smokes!

PRINCE Albert is geared to a joyhandout standard that just lavishes smokehappiness on every man game enough to make a bee line for a tidy red tin, and a jimmy pipe—old or new!

Get it straight that what you've hankered for in pipe or cigarette makin's smokes you'll find aplenty in P. A. I never yet fell short for any other man, and, it'll hand you such smokesatisfaction you'll think it's your birthday every

time you fire up! That's because P. A. has the quality!

You can't any more make Prince Albert bite your tongue or parch your throat than you can make a horse drink when he's off the water! Bite and parch are cut out by our exclusive patented process!

You just lay back like a regular fellow and puff to beat the cards and wonder why in samhill you didn't nail a section in the P. A. smokepasture longer than you care to remember back!

Buy Prince Albert everywhere tobacco is sold. Tappy red bugs, tidy red tins, handsome pound and half pound tin humidors—and that clever, practical pound crystal glass humidors with sponge moistener top that keeps the tobacco in such perfect condition.

R. J. Reynolds Tobacco Company, Winston-Salem, N. C.

THE SAGINAW CLUB
BOWLING LEAGUE

The Yankees and the Senators were the winners in the bowling tournament held by the Saginaw club bowling league on the Highland daylight singles Tuesday evening. The scores and standing to date are as follows:

FISH AND GAME CLUB
ENDORSE GRAHAM

At its regular meeting held Tuesday evening the Lowell Fish and Game club endorsed the name of George H. Graham of Springfield for the Massachusetts Fish and Game commission. The report of the outgoing committee was read and the committee was given a rising vote of thanks for the very capable manner in which the outgoing was arranged and carried out. It was spoken of as an event of which the association may well feel proud. In connection with the report of the outgoing a letter was read from Chairman Adams of the Fish and Game commission complimenting the association on the success of its outing.

The meeting voted favorably upon the names of several applicants for membership and discussed the proposed new Fish and Game law the text of which was published in The Sun yesterday.

REDS WIN TOSS
REDFIELD FIELD, Cincinnati, Oct. 9.—The ninth game of the world's series of 1919, if it becomes necessary, will be played at Redfield field here. This announcement was made by the National baseball commission at the end of yesterday's game, the statement reading that Cincinnati had won the toss and had chosen to play it here if Cincinnati wins at Chicago today. A ninth game will not be necessary.

TEACH THRIFT AT HOME ALMOST SAW SERIES

Langtry Says Thrift is Best
Weapon With Which to
Defeat Bolshevism

Asserting that thrift is the best weapon in demolishing the programs of the bolsheviks and ultra-radicals and that people now-a-days are more or less money crazy, Secretary of State Albert P. Langtry concluded a strenuous denunciation of all things bordering upon syndicalism in Memorial hall last evening. He came to Lowell at the solicitation of the historical society and spoke before its members and friends.

Mr. Langtry's subject was "Thrift" as announced by Alfred P. Sawyer, president of the society, who introduced him.

The speaker cited the cases of Abraham Lincoln, Jay Gould and Henry Ford, who began life's work with nothing and worked themselves up into places of great influence as instances of sovereignty of opportunity and the effort of the individual. He called Benjamin Franklin one of the wisest men that this country ever has known when he offered the sage declaration that "a penny saved is a penny earned."

"Thrift must be taught in the home," said the speaker. "Just as it is practiced in business. The socialist and bolshevik stand against thrift and there are ten times more of them in the country today than people allow themselves to believe. Even teachers are instilling the ethics of bolshevism into the minds of pupils in some instances and there have been college professors who openly lent their support to its plans and purposes."

"If you wage successful war against the bolshevik, go out and teach, preach and practice thrift. It is your best weapon and bolshevism's worst enemy. In Boston, conservative, sedate Boston, thousands of people gather every Sunday at private homes for conferences on bolshevism. One speaker went so far as to say that the first Fourth of July will be the festival day for the bolsheviks of America, the day when the president will be killed, the governors dispatched and a rule of bolshevism set up."

PRIEST WHO PLAYED WITH
REDS IN 1869 CONVERTS \$50
FOR GAMES TO CHURCH FUND

MARIETTA, Ohio, Oct. 9.—The Rev. F. M. Woosman, pastor of St. Mary's Catholic church here, who as a college student was utility outfielder for the Cincinnati Reds when the team won its first championship in 1869, vowed that he would never attend a World Series contest until the Reds were contenders.

When Cincinnati won the National league pennant this year, he set aside \$50 and eagerly anticipated seeing us

many of the World Series games as possible, but to date he has not witnessed a single contest. Just when he was ready to leave for the opening game, he decided that the church needed the \$50 more than he needed to see the ball games, and he converted the amount to the cemetery fund.

Members of the church then started to raise a fund by popular subscription, but the priest would not consent. "I'm just as well off and my conscience feels better," he said.

"I thought I wanted to see the games for the sake of olden times and the days when I was a baseball player, but it pricked my conscience to see the money so empty when the church needed it to help pay for the cemetery work now being done. All I can do now is to hope and pray the Reds will win."

SO. END CELEBRATION

Big Bonfire Tomorrow
Night—Hon. R. H. Lohg
and Col. Herber to Speak

With the entire district in gala attire, the good people of the South End tomorrow will inaugurate the four day welcome-home celebration for their service men. The festivities will formally open with the touching off of a huge bonfire on the old fair grounds in upper Gorham street and a band concert.

Today the outstanding feature of the celebration is the elaborate system of decoration which has been followed out on practically all streets between Tower's corner and the fair grounds and extending on either side to include Lawrence street and Thorndike. Nothing has been done on a retail plan. The celebration itself is the biggest thing of its kind ever planned in the city and every incidental feature by necessity had to be correspondingly pretentious.

Up Gorham street as far as the eye can see, on either side of the thoroughfare the fronts of stores, houses and buildings are riots of color. The national colors of red, white and blue predominate, with the flags of the allies interspersed in pleasing harmony. No expense has been spared to beautify the line of march the parade of Monday will follow and it is safe to say that the marchers will pass through solid stretches of varied colored hunting, flags and flowers.

As the time for launching the event approaches the general committee and others who have assisted in the arrangements look back upon a set of plans which contain no flaw. Only good weather is needed to make the occurrence one of lasting memory, both to those who do honor and to those whose deeds of valor and sacrifice the celebration plans to glorify.

Following the bonfire and concert tomorrow evening, Saturday will be a day of sport and recreation. The children will join in races and games on the Chambers st. playground in the forenoon, while in the afternoon events for men will be held on the South common.

Societies and clubs included in the district will attend Sunday worship. In different churches in bodies and band concerts will be given on the South common Sunday afternoon and evening.

The banner event of the celebration, the parade, will occur on Monday morning, Columbus day. It will be participated in by hundreds of service men, social, civic and fraternal organizations and will be enlivened by many bands and adorned by scores of floats. Chief Marshal James B. Donnelly feels certain of a large turnout and one of the best exhibitions ever given in the city streets.

Bonfire Program

The opening event of the great welcome home reception to the fighting sons of the South End, the bonfire and concert on the fair grounds tomorrow night promises to be one of the most enjoyable features of the celebration. This part of the program is in charge of the Manhattan Social club, and each and every member of the organization has worked untiringly, night and day, to make the event one of the most notable in the history of the city.

The huge pile of wood, etc., will be over 50 feet before the torch is applied and with a clear night it is expected that the entire district will be illuminated. John Baxter, secretary of the club, with the various committees says the surrounding program will be one of the best obtainable and already plans are being made to handle a tremendous crowd. Music will be furnished by a band and there will be singing by several talented artists.

Richard H. Long, democratic candidate for governor, and several other prominent speakers will be on the program. The acceptance of this invitation will prevent Mr. Long from appearing at the rally announced to be held in the downtown district tomorrow night. Mr. Long is particularly interested in the service men and

to assist in any event honoring the world war heroes, he says, is more important than to speak at a rally. Consequently when he was asked to attend the opening event of the big celebration, he immediately notified his manager to call off the proposed rally. The exercises will open at 8 o'clock and will be as follows. Opening address, Charles Dillon, presiding officer, William H. Sullivan, Mayor Thompson, Col. John F. Herbert, of Worcester, Hon. Richard H. Long, John J. Gilbride, and Charles H. Burns, of Lynn.

Cider apples wanted at Boyle Bros.

Flies 1123 Miles

Continued
Williamsport, Pa., yesterday, because of trouble with his compass, resumed his journey to Binghamton today.

Lieut. D. B. Gish, who with Capt. De Laverne, air attaché of the French embassy was forced to descend at Canaghton, N. Y., yesterday when his plane caught fire, arrived at Mincola today to re-enter the contest in another machine. Neither he nor his passenger was injured. Capt. De Laverne was taken aboard a Martin bombing machine by Capt. Roy Francis, at Rochester, today. Lieut. Gish expected to overtake the bomber and transfer Capt. De Laverne to his machine.

The mystery of airplane "No. 58," described as the "phantom ship" by officials of the American Flying club, was still unsolved. The machine suddenly descended from the sky yesterday, touched its wheels to the ground and continued without stopping or "checking out" at the official tent. Flying officials today communicated with all control stations east of Chicago in an effort to clear up the mystery.

The second accident on Roosevelt occurred this morning when a Newport machine piloted by Lieut. T. Hays crashed to earth from a height of 160 feet while attempting to get away in the race. The plane was wrecked, but the pilot was uninjured.

Three Killed First Day

MINCOLA, N. Y., Oct. 9.—Three aviators had been killed; four of the 22 originally entered planes had been put definitely out of the running, and the status of several others remained unknown early today when the army's great transcontinental air race over a 5400 mile course between Mincola and San Francisco was resumed.

Undismayed by the fate that befell their comrades yesterday on the first day of the great speed, endurance and reliability test, pilots of planes scattered out over the course from Mincola as far west as Chicago and from San Francisco east to Salt Lake City, were up today with the dawn, eager to start the second day's grueling test.

Given flying weather as good as that of yesterday, the leading planes from the east and those from the west should cross trails shortly after noon. Yesterday Lieut. R. W. Maynard, the "flying parson" who led throughout the first lap, covered the 840 miles that separate Mincola and Chicago at a two-mile a minute pace. Eleven flyers from San Francisco covered the 617 miles from San Francisco to Salt Lake City. Thus, the leading flyers from east and west covered a total of 1554 miles and were separated this morning by only 1105 miles.

The Dead

The men killed yesterday were Major D. R. Christy and his observer, Sergeant Virgil Thomas, who met almost instant death in a crash at Salt Lake City, and Sergeant W. H. Nevitt, observer for Col. Gerald Brandt, whose plane crashed at Deposit, N. Y. Col. Brandt was slightly injured.

Two other planes put definitely out of the race were those driven by Air Commodore L. E. O. Charlton, British aviation attaché in the United States, and Lieut. D. B. Gish, Commodore Charlton's plane fell at Ovid, N. Y., while Lieut. Gish's crashed in flames at Canadigo, N. Y.

One Airman Missing

Lieut. J. G. Williams, who left Mincola at 10.15 a. m. yesterday had not been heard from this morning.

Three contestants who were obliged to make forced landings yesterday hoped to get back in the race today. They are Lieut. Ross Kirkpatrick, who descended at Vernon, N. Y., Lieut.

A COAT SALE THAT WILL BE A HUMMER

A Remarkable Purchase From Two New York Makers

SALE COMMENCES FRIDAY MORNING

500 Women's and Misses' New Fall and Winter Coats, Regular \$35, \$40 and \$45 Values at

\$29.50

This is a most exceptional opportunity and one that we hope the ladies of Lowell and vicinity will take advantage of while these unusual coat values are on sale. Spot cash did the trick. We are unpacking the coats today. A dozen of the season's most fashionable models to select from.

The Materials—

SILVERTONE, KERSEY, POLO CLOTH and VELOUR. The seasons' most wanted fabrics for warmth and style without weight.

The Styles—

THEY ARE ALL in full width, loose and plaited backs, also belted models. Many styles plain, others large fur collars of Sea Lion. Some styles full lined, others one-half lined.

The Colors—

BROWN, OXFORD, REINDEER, NAVY, BLACK and HEATHER SHADES. Sizes, 16 to 44 bust.

Alterations Free

FURTHER IMPROVEMENT BY PRES. WILSON

WASHINGTON, Oct. 9.—President Wilson had another good night and apparently showed further improvement today.

President Wilson continued to hold the slight improvement in his condition noted yesterday, said a bulletin issued by Rear Admirals Grayson and Stitt.

The bulletin follows: "White House, Oct. 9, 11.39 a. m. "While there is no material change in the president's condition, the slight improvement noted yesterday continues."

"GRAYSON. "SMIT."

Fire Prevention

Continued

urgent adherence to the common precautions against fire, including accumulation of waste matter, carelessness with matches, etc.

In hundreds of homes housewives answered the proclamation by destroying all superfluous papers, rags and other refuse which is easy prey to fire once ignited. The outside of houses also were polished in many instances and yards which had become refuse dumps through neglect were given a thorough cleaning.

It is not the intent of Fire Prevention.

PLAN NEW HIGHWAY

Plans for the construction of a state highway between Littleton and Groton are being prepared by the highway commissioners and it is expected the job will be started early in the spring. The new road, which will be a connecting link of the state highway between Boston and Keene, N. H., and which will be of great value to numerous residents of this city, will extend from the Littleton common to the Groton line, a distance of about 3 1/2 miles and will cost approximately \$45,000 a mile.

POSTAL CLERK DISPELS DOUBT

"I Will be Glad to Aid Sufferers From Rheumatism," Says Cambridge Man

Henry C. Hackett is a postman of Cambridge, Mass. There is not a more active mail deliverer in this college city. He is pointed out as a man who can give positive proof of how Var-Ne-Sis conquers rheumatism. One would not suppose to look at Mr. Hackett that he had ever known a sick day in his life, and yet his own case is proof of how Var-Ne-Sis conquers rheumatism.

"I was delivering mail," says Mr. Hackett, "when I was overcome with an attack of rheumatism so bad that I had to quit. My doctor told me that he could not cure me. I had heard of Var-Ne-Sis. The druggist of whom I purchased it said that it would not injure me in any way, because it was made from nature's own remedies of roots and herbs.

"At the time I began taking it, I was obliged to walk on the toe of my left foot on account of the pain, and could not straighten the joints of my knees. It required only a few bottles of Var-Ne-Sis to relieve that trouble, so that I was able to parade with the band in the Liberty Loan parade. Today I am entirely well. I have not the slightest symptom of rheumatism, as you can see. And I will only be too glad to have anyone write to me and I will give them my endorsement of Var-Ne-Sis."

Var-Ne-Sis is in liquid form or tablet form, at druggists, or you can get it direct from W. A. Varney, Lynn, Mass.—Adv.

WILL DISTRIBUTE VICTORY BUTTONS

Capt. Angell of the main recruiting station in Boston will be at 117 Merrimack street, this city, from noon to 3 p. m. tomorrow for the purpose of issuing victory buttons to all ex-soldiers holding honorable discharge papers. Those who find it impossible to reach the office at the hour above stated may leave their discharge papers there and Capt. Angell will see to it that they get their buttons.

EVERY ELECTRIC SOCKET IS A Little Furnace

—ready to bring warmth and comfort to your home the instant you attach an Electric Heater to it.

Push-Button Warmth —is an every-day necessity in the Fall with its frosty mornings and chilly evenings.

The Electric Heater will not take the place of a stove or steam radiator but is excellent where a little additional warmth is required.

Laborer Murdered and Robbed

LINCOLN, N. H., Oct. 9.—County authorities today were investigating the death last night of John O'Brien, a laborer in a construction camp here, who was killed and robbed. The man's body, shot through the head and heart and with the head beaten, was found beside a road, an hour after O'Brien had been seen in company with two men. His watch was taken, but \$48 which he had placed in a bag around his neck was overlooked.

Airplane Falls Into Lake Erie

ASHTABULA, Ohio, Oct. 9.—Airplane No. 45 in the transcontinental aerial derby fell into Lake Erie three miles east of Ashtabula harbor this morning. The two occupants were rescued. An attempt will be made to salvage the plane.

John F. Stevens Awarded D. S. Cross

VLADIVOSTOK, Thursday, Sept. 25.—(By the Associated Press)—Major General William S. Graves, commander of American forces in Siberia, today decorated John F. Stevens, head of the American Railway commission to Russia, with the Distinguished Service Medal.
